Unitholders may also contact us using one of these methods to request a copy of the fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

This report may contain forward-looking statements. Forward-looking statements involve risks and uncertainties and are predictive in nature and actual results could differ materially from those contemplated by the forward-looking statements.

Management Discussion of Fund Performance

BlackRock Asset Management Canada Limited ("BlackRock Canada") is pleased to provide you with the Management Report of Fund Performance ("MRFP") for the iShares ESG Growth ETF Portfolio (the "Fund") for the year ended December 31, 2023. You and your financial advisor can use this information along with the annual and interim financial statements of the Fund to assess the Fund's performance and how your investment in the Fund aligns with your overall financial plan.

The Fund is an exchange-traded fund which trades on the Toronto Stock Exchange (the "Exchange"). Investors typically buy and sell units of the Fund through a brokerage account. The Fund's Exchange ticker symbol is GGRO.

References to "net assets" or "net assets per unit" in this MRFP are references to net assets attributable to holders of redeemable units determined in accordance with the International Financial Reporting Standards ("IFRS") as presented in the Fund's financial statements. All references to "net asset value" or "net asset value per unit" in this MRFP are references to net asset value determined in accordance with National Instrument 81-106 – *Investment Fund Continuous Disclosure* which is used for all purposes except for the financial statements, including for Fund pricing purposes in connection with subscriptions, exchanges and redemptions.

This report includes:

- Investment objective and strategies
- Risk
- Results of operations
- Recent developments
- Related party transactions
- Financial highlights
- Management fees
- Past performance
- Summary of investment portfolio

Investment Objective and Strategies

The investment objective of the Fund is to provide long-term capital growth by investing primarily in one or more exchange-traded funds managed by BlackRock Canada or an affiliate ("iShares ETFs") that provide exposure to equity and/or fixed income securities. The iShares ETFs in which the Fund invests generally employ environmental, social and governance ("ESG")-oriented investment strategies or primarily invest in government bonds. The Fund will be managed in accordance with a long term strategic asset allocation of approximately 80% equity exposure and approximately 20% fixed income exposure.

The Fund may employ a currency hedging strategy that seeks to hedge some or substantially all of its exposure to U.S. dollars or other foreign currencies back to the Canadian dollar, in the discretion of BlackRock Canada and/or its sub-advisor.

Risk

The risks of investing in the Fund are described in the prospectus. There have been no changes to the Fund over the financial period that materially affected the risk level of the Fund.

Results of Operations

The Fund's net asset value increased from \$46.3 million at December 31, 2022 to \$64.3 million at December 31, 2023. This change in net asset value represents an increase of \$9.5 million due to net subscriptions to the Fund and an increase of \$8.5 million due to investment operations less distributions paid.

For the year ended December 31, 2023, the Fund returned 18.95%.

The Fund was invested at all times during the year in the securities of iShares ETFs.

The Fund has a distribution policy that requires it to distribute sufficient net income and net realized capital gains so that it will not be liable to pay income tax under Part I of the *Income Tax Act* (Canada). Amounts included in the calculation of net income and net realized capital gains of the Fund for a taxation year, that must be distributed in accordance with the distribution policy, sometimes include amounts that have not actually been received by the Fund.

The Fund may borrow cash in accordance with the restrictions in National Instrument 81-102 – *Investment Funds*. For the year ended December 31, 2023, the Fund did not borrow any cash.

Recent Developments

Independent Review Committee ("IRC") Appointments & Resignations

Effective November 30, 2023 Paul Batho ceased to be a member of the IRC.

Effective December 1, 2023 Christine Allison was appointed as a member of the IRC.

Related Party Transactions

Trustee, Manager and Portfolio Advisor

BlackRock Canada, an indirect, wholly-owned subsidiary of BlackRock, Inc. ("BlackRock"), is the trustee, manager, and portfolio advisor of the Fund and is responsible for the day-to-day administration of the Fund. The Fund pays annual management fees to BlackRock Canada as consideration for its services. In addition, BlackRock Canada and/or an affiliate, as applicable, acts as trustee or manager of any iShares ETF in which the Fund invests.

The Fund is permitted to purchase, sell and hold securities of certain issuers that are directly or indirectly related to BlackRock Canada (currently including, but not limited to, BlackRock). With respect to investment in related issuers, BlackRock Canada has relied on the approval that it has received from the IRC. The approval requires BlackRock Canada to comply with its current policy and procedures regarding investments in related issuers and to report periodically to the IRC.

The Fund may execute inter-fund trades. Inter-fund trading is the buying and selling of portfolio securities between funds for which BlackRock Canada serves as trustee and manager and managed accounts to which BlackRock Canada serves as manager. With respect to inter-fund trades, BlackRock Canada has relied on the approval that it has received from the IRC. The approval requires BlackRock Canada to comply with its current policy and procedures regarding inter-fund trading and to report periodically to the IRC.

BlackRock Canada has agreed to be responsible for the fees and expenses of the Fund except the annual management fees, any fees and expenses related to the operation of the IRC under National Instrument 81-107 - *Independent Review Committee for Investment Funds*, brokerage expenses and commissions and other portfolio transaction costs, income tax, harmonized sales tax ("HST"), and withholding and other taxes. The Fund is also responsible for other fees and expenses in accordance with the terms of its trust document, such as extraordinary expenses or expenses incurred in connection with the recovery of amounts due to the Fund, as applicable.

Securities Lending Agents

The Fund has engaged BlackRock Institutional Trust Company, N.A. ("BTC") and BlackRock Advisors (UK) Limited ("BRAL"), affiliates of BlackRock Canada, as securities lending agents. To mitigate risks from securities lending, the Fund benefits from a borrower default indemnity provided by BlackRock, an affiliate of BlackRock Canada. BlackRock's indemnity allows for full replacement of securities lent in the event that the borrower defaults on its obligation to return the loaned securities and collateral received is insufficient to reconstitute the portfolio of loaned securities. BTC and/or BRAL bear all operational costs directly related to securities lending as well as the cost of borrower default indemnification. For the year ended December 31, 2023, the Fund earned \$12 from counterparties in securities lending income. BTC and BRAL are entitled to receive a portion of the total securities lending income earned from counterparties for their role as lending agents.

BlackRock Canada relies on a positive recommendation and standing instruction that it has received from the IRC with respect to the securities lending activities of the Fund, including the appointment of and payment to its affiliates as securities lending agents. The standing instruction requires BlackRock Canada to comply with its current policy and procedures regarding securities lending and to report periodically to the IRC.

Sub-Advisor

BlackRock Canada has appointed its affiliate, BTC, as the sub-advisor of the Fund. As compensation for its services as sub-advisor, BlackRock Canada pays BTC a portion of the management fees paid by the Fund to BlackRock Canada.

^(a) The Fund commenced operations on September 02, 2020.

^(b) This information is derived from the Fund's audited annual financial statements and is not a reconciliation of the beginning and ending net assets per unit. The net assets per unit presented in the financial statements is the same as the net asset value per unit calculated for Fund pricing purposes.

^(c) Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the period.

^(d) Rounds to less than \$0.01.

^(e) Distributions were paid in cash or automatically reinvested in additional units of the Fund, or both.

^(f) The tax characteristics of distributions are reported annually by the Fund to CDS Clearing and Depository Services Inc. ("CDS"). CDS makes this information available to brokers who provide it to unitholders through standard tax reporting.

^(g) This information is provided as at December 31 of the periods shown.

^(h) Management expense ratio ("MER") is based on total fees and expenses (excluding commissions and other portfolio transaction costs) for the stated period, including the Fund's proportionate share of the MER, if any, of any underlying fund in which the Fund has invested, and is expressed as an annualized percentage of average daily net asset value during the period.

⁽ⁱ⁾ The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs expressed as an annualized percentage of average daily net asset value during the stated period. Where the Fund invests in any underlying fund, the TER includes the Fund's proportionate share of the commissions of any underlying fund in which the Fund has invested.

^(j) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio adviser manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a fund's portfolio turnover rate in a period, the greater the trading costs payable by the fund in the period, and the greater the chance of an investor receiving taxable capital gains in the period. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

^(k) Closing market price on the last trading day of the period or year, as applicable, as reported on the Exchange.

Management Fees

The management fees are calculated based on 0.22% per annum of the average daily net asset value of the Fund. The fees are accrued daily and are paid monthly in arrears. In addition, BlackRock Canada and/or an affiliate, as applicable, is entitled to receive management fees for acting as trustee or manager of any iShares ETF held by the Fund (“underlying product fee”). As the underlying product fees are embedded in the market value of any iShares ETF in which the Fund invests, the underlying product fees are paid indirectly by the Fund.

For the year ended December 31, 2023, the Fund accrued, directly and indirectly, \$120,193 (excluding GST and HST in the amount of \$1,693) in total annual fees (management fees and underlying product fees of \$18,388 and \$101,805, respectively).

The total annual fees were received by BlackRock Canada and/or its affiliate, as applicable, for managing the Fund’s portfolio and the portfolio of any iShares ETF in which the Fund invests, maintaining portfolio systems used to manage the Fund and any iShares ETF, maintaining the www.blackrock.com/ca website, and providing all other services including marketing and promotion.

Past Performance

The following charts show past performance for the Fund. The indicated rates of return (i) are the historical total returns including changes in net asset value per unit, and (ii) assume reinvestment of all distributions during the year in additional units at the net asset value per unit at the time of the distribution. The reinvestment of distributions increases returns. These returns do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. These returns do not indicate how the Fund will perform in the future.

Year-by-Year Returns

The bar chart below shows the Fund's annual performance for each of the years shown and illustrate how its performance has changed from year to year. The chart shows, in percentage terms, how much an investment made in the Fund on the first day of each year would have grown or decreased by the last day of the year.

Fund commencement: September 02, 2020

Annual Compound Returns

The following table shows the Fund's annual compound total return for the years ended on December 31, 2023. The annual compound return is compared to the returns of the following securities market indices calculated on the same basis:

<i>Index Name</i>	<i>Description</i>
S&P/TSX Capped Composite Index	The S&P/TSX Capped Composite Index is comprised of the largest (by market capitalization) and most liquid securities listed on the TSX, selected by S&P using its industrial classifications and guidelines for evaluating issuer capitalization, liquidity and fundamentals.
FTSE Canada Universe Bond Index	The FTSE Canada Universe Bond Index is composed of investment grade, fixed coupon, government and corporate bonds, issued in Canada and denominated in Canadian dollars, with a remaining term to maturity of at least one year. The index is weighted by market capitalization.
MSCI ACWI ex Canada IMI	The MSCI ACWI ex Canada IMI captures large, mid- and small-capitalization representation across 22 of 23 Developed Markets countries (excluding Canada) and 26 Emerging Markets countries. The index covers approximately 99% of the global equity opportunity set outside Canada.

The indices are representative of the main asset classes in which the Fund invests. Performance figures for the indices shown below are provided for comparative purposes only and are calculated in Canadian dollars. Since the Fund's investment objective is not specifically to track the indices and the Fund is not managed relative to the composition of any of the indices, the performance of the Fund may not reflect that of the indices.

	<i>1 Year</i>	<i>3 Years</i>	<i>Since Inception</i>
