Publication of Prices and Notices to Shareholders

Notices are sent to registered shareholders and (when legally required) published in such newspapers as decided by the Directors and in the *Recueil des Sociétés et Associations du Mémorial Luxembourg*. The previous Dealing Day's prices for shares may be obtained during business hours from the local Investor Servicing team and are also available from the BlackRock website. They will also be published in such countries as required under applicable law and at the discretion of the Directors in a number of newspapers or electronic platforms worldwide. The Company cannot accept any responsibility for error or delay in the publication or non-publication of prices. Historic dealing prices for all shares are available from the Administrator or local Investor Servicing team.

Purchases and Sales

A detailed list of investments purchased and sold for the Funds during the year is available upon request, free of charge, from the Registered office as mentioned on page 3, or the offices of the Representatives as mentioned on page 4.

Disclosure Policy

Details of month end holdings and valuations for the BlackRock Global Funds will be made available upon request from the Investor Services Centre to any BlackRock Global Funds shareholder no earlier than 10 business days after a given month end. BlackRock Global Funds reserves the right to require shareholders to sign an appropriate non-disclosure document prior to providing such information.

For German investors

This annual report and audited financial statements (the "Report and Financial Statements") may be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Report and Financial Statements. To the extent that there is any inconsistency between the English language Report and Financial Statements and the Report and Financial Statements in another language, the English language Report and Financial Statements will prevail, except to the extent (and only to the extent) that it is required by law of any jurisdiction where the shares are sold, that in an action based upon disclosure in a Report and Financial Statements in a language other than English, the language of the Report and Financial Statements on which such action is based shall prevail. Any disputes as to the terms of the Report and Financial Statements, regardless of the language of the Report and Financial Statements, shall be governed by and construed in accordance with the laws of Luxembourg.

The prospectus, the PRIIPs KID and a full statement of portfolio changes are available free of charge, from the German Paying Agent.

Chairwoman's Letter to Shareholders

1 September 2023 to 31 August 2024

Dear Shareholder,

I am writing to update you on the activities of BlackRock Global Funds ("BGF") over the twelve months to 31 August 2024. The BGF range comprised 108 Funds (each a "Fund", together the "Funds") as at 31 August 2024.

The past twelve months have been characterised by consistent gains in global equity markets as inflation has come under control and central banks in Europe and North America have indicated their willingness to relax monetary policy. Despite high interest rates, economic growth around the world has remained relatively resilient, in particular in the US. The potential of artificial intelligence ("AI") to drive growth has also had a positive impact, although conflict in the Middle East and Ukraine continued to weigh on investor sentiment throughout the period.

While a number of European economies performed weakly in the second half of 2023, gross domestic product ("GDP") data for the early months of 2024 was more robust. The US economy grew faster than expected in the second quarter of 2024, and was supported by consumer spending and strength in the employment market. In the latest edition of its World Economic Outlook Update, published in July 2024, the International Monetary Fund ("IMF") forecast an expansion of the world economy of 3.2% in 2024: this reflected a slight upward revision from the 3.1% predicted by the organisation in January 2024. However, the IMF warned that high levels of inflation in services had the potential to create problems for policymakers later in the year.

The twelve month period began with weakness in equity markets as a result of rising energy costs and concerns that central banks may need to raise interest rates further to combat inflation. Losses in September were followed by further declines the following month after the start of conflict in the Middle East threatened significant disruption to global supply chains as well as upward pressure on commodity prices.

However, markets ended 2023 on a positive note with strong gains in November and December as geopolitical fears eased, and central banks indicated they could start cutting rates in the early months of 2024 following further declines in inflation. Equities began 2024 still on the front foot, with particularly strong gains in February. These were largely driven by positive corporate results from major US technology firms thanks to optimism around the potential impact of AI. However, commodity prices weakened due to lacklustre economic figures from China, where the government's efforts to stimulate demand following the country's post-COVID reopening have yet to have a meaningful impact.

There was turbulence in April due to concerns that the war in Gaza could escalate into a wider conflict in the Middle East, while inflation figures in the US remained stubbornly above the 2% target set by the Federal Reserve ("the Fed"). However, by the end of the twelve months, policymakers in the US appeared confident that inflation was under control and signalled their intent to follow the lead of the European Central Bank ("ECB") and Bank of England ("BoE"), with the two institutions having reduced interest rates in June and August, respectively.

After a period of positive performance, markets fell sharply at the start of August as weak US economic data raised fears of a potential downturn in the world's largest economy, with investors worried that the Fed may have been too slow to cut interest rates. However, share prices had recovered their losses by the end of the month.

There was continued volatility in fixed income assets during the year. The yield curve on US Treasuries remained inverted throughout: this means that short-term interest rates are higher than long-term rates. This is a relatively unusual phenomenon, and when it has occurred in the past, it has often been associated with an increased risk of recession. However, bond prices in general recovered as hope of cuts in interest rates rose (when yields fall, bond prices rise).

The assets under management ("AUM") in the BGF range fell 0.4% from USD 155.3 billion to USD 154.7 billion over the year.

Funds which have exposure to commodity prices saw significant outflows. The World Mining Fund declined 11.4% to close at USD 4.8 billion, while the assets in the World Energy Fund stood at USD 2.3 billion at the end of the 12 months, a fall of 24.7%. Meanwhile, the Sustainable Energy Fund fell 23.9% to close at USD 5.3 billion.

The largest inflows in percentage terms were seen in Funds that focus more broadly on sustainability. The Systematic Global Sustainable Income & Growth Fund increased in size by 362.9% over the 12 months, taking its assets to USD 101.8 million, while the Brown to Green Materials Fund rose 307.4% to end at USD 83.2 million. The Emerging Markets Sustainable Equity Fund ended at USD 261.0 million, a rise of 236.7%.

Other notable increases were recorded by the Japan Flexible Equity Fund, which rose 204.1% to JPY 106.5 billion, and the World Technology Fund, which ended the 12 months at USD 12.1 billion, an increase of 23.3%. The Global Corporate Bond Fund, meanwhile, more than doubled in size, rising 101.5% to end the period at USD 1.8 billion.

The information stated in this report is historical and not necessarily indicative of future performance.

Chairwoman's Letter to Shareholders

1 September 2023 to 31 August 2024 continued

During the year, there were a number of changes to the BGF range. The China Flexible Equity Fund was terminated on 7 November 2023, and several Funds were launched in the first half of 2024. These included the Global Listed Infrastructure Fund, which was launched on 6 February, and the Global Unconstrained Equity Fund, which was launched on 7 March. The Euro Investment Grade Fixed Maturity Bond Fund 2027 (1) and the Emerging Markets Ex-China Fund were launched on 4 April and 13 May, respectively.

On 1 March 2022, due to the significant investment exposure of the BGF Emerging Europe Fund (for the purposes of the remainder of this paragraph, the "Fund") to Russia, the Board of Directors took the decision to temporarily suspend subscriptions and redemptions and conversion of all share classes and the determination of net asset values, pursuant to the Fund's discretion under the prospectus. In March 2024, the directors notified the shareholders of the Fund of their decision to transfer the liquid and tradeable portion of the assets to a newly created sub-fund within the Company, namely the Emerging Europe II Fund, which was launched on 13 May 2024. Effective 17 June 2024, the Emerging Europe II Fund changed its investment objective, policy and name to the Emerging Markets Ex-China Fund.

Regulatory change continued throughout Europe and a number of these developments could have implications for investors. Key changes included:

- ▶ The European Union's Sustainable Finance Disclosure Regulation ("SFDR") came into effect in March 2021. It imposes new transparency and reporting obligations on investment management firms, both at a firm-wide level and at a product level. Certain parts of the framework were finalised in 2022 and adopted at the start of 2023. At the same time, the EU is working on an EU-wide classification system or 'framework'. This taxonomy is designed to provide businesses and investors with a common language to identify to what degree economic activities can be considered environmentally sustainable. There are also moves to improve reporting, with the Corporate Sustainability Reporting Directive ("CSRD") due to be implemented from 2024 onwards. Under the CSRD regulations, companies will be obliged to report on sustainability across their supply chains ("Scope 3"), and will also be required to incorporate double materiality into their reporting. Double materiality is the requirement to report not just on how sustainability-related issues affect the company, but how the company's activities affect the likes of the environment, climate change and social issues. The Luxembourg government has taken steps to encourage investment in environmentally sustainable funds, reducing the 'taxe d'abonnement' (subscription tax) for funds that meet certain environmental criteria.
- ▶ The UK Financial Conduct Authority's new Consumer Duty rules came into force in July 2023. These rules impact the content of the communications issued by investment funds – including those domiciled or marketed in the UK – to retail investors. The rules enforce a duty of care on financial services firms for their retail customers, committing them to deliver good outcomes for retail customers while also providing evidence of how they are doing so. The 'higher and clearer' standards of consumer protection now apply to new and existing products open to sale to UK retail investors.

Should you have any questions on any of this material, please contact us via our website: www.blackrockinternational.com or via email: investor.services@blackrock.com.

Yours faithfully,

Denise Voss
Chairwoman

September 2024

Investment Adviser's Report

Performance overview

1 September 2023 to 31 August 2024

Market Review

Despite occasional turbulence, global stock markets performed positively across the twelve months under review. The period began with widespread share price falls in September 2023 after major oil-producing nations agreed to cut their output levels, driving up the cost of energy. Investors worried that a consequent rise in inflationary pressures could force central banks to continue their programme of interest-rate hikes well into 2024. Until that point, steady falls in inflation in North America and Europe had raised expectations of an imminent loosening of monetary policy.

Further losses were recorded in October 2023 in the wake of the attack by Hamas on Israel. Fears of an escalation of the conflict across the Middle East led to more oil price rises and concerns about the potential impact on global supply chains. Indeed, attacks on commercial shipping in the vital Red Sea route increased in the weeks and months that followed, resulting in a degree of disruption in the European manufacturing sector in particular.

November and December of 2023 saw a sustained rebound as geopolitical fears eased and investors' focus shifted to the prospect of lower interest rates in 2024. Share prices were also buoyed by signs that tighter monetary policy had had less of a negative impact than feared on economic activity and labour markets in the US and other developed nations.

These gains were extended in the first two months of 2024 as inflation continued to fall and corporate earnings indicated some level of resilience in the face of tighter monetary policy. A number of indexes in US, Europe and Asia reached record highs in February in the wake of quarterly results issued by major American technology companies that reflected significant levels of optimism around the potentially transformative effect of AI on corporate profitability and wider economic growth.

Global markets fell back in April 2024 on renewed concerns about the spread of war in the Middle East as well as fading hopes of interest-rate cuts in the first half of 2024. However, comments from Fed officials the following month that indicated a possible easing of monetary policy later in the summer helped share prices to recover.

In June, news that the French president Emmanuel Macron had announced a snap parliamentary election led to heavy losses on the Paris stock exchange as well as other European stock exchanges. Investors in the UK broadly welcomed the Labour's landslide victory in July's general election. The party is expected to promote pro-growth policies and herald a period of greater political stability in Britain.

The prospect of imminent interest-rate cuts in the US and UK led to gains among smaller companies in July. After several months of strong performance, major technology stocks took a back seat during the month as investors started to question whether market enthusiasm surrounding the potential economic impact of AI was overblown. Steep share price falls were seen in early August after the publication of weaker than expected

manufacturing and employment data in the US raised fears of a recession. However, markets had largely recovered their losses by the end of the month.

The picture in China remained more subdued during the period, and the country's post-pandemic recovery continued to be particularly uneven. Sentiment among Chinese investors and businesses was dominated during the twelve months by concerns about stability in the real estate sector as well as regulatory developments. Rising levels of corporate debt allied with lacklustre consumer spending and weakness in China's stock markets prompted the Beijing government to make further attempts to provide fiscal stimulus.

Japan's stock market continued to perform strongly during the year. Significant levels of fund inflows into the country were the result of weakness in China, the loose monetary policy maintained by the Bank of Japan ("BoJ"), and strength among Japanese technology and manufacturing companies. Share prices in Tokyo reached all time highs in March 2024 before peaking again in July.

The growing likelihood of interest-rate cuts later in 2024 eventually helped global bond prices to rise and yields to fall back (bond yields move inversely to prices). The yield on 10-year US Treasuries stood at 3.9% at the end of August 2024, having hit a post-financial crisis high of almost 5% during October 2023.

Fund Performance

A table setting out the performance returns for the primary share class for each Fund versus any applicable benchmark may be found on pages 11 to 16. A brief summary of Fund performance follows.

Performance data stated is for the main (A) share class of the relevant Fund, stated in the base currency of the Fund, net of fees.

Equity Fund Performance

The Global Equity Income Fund gained 17.07%, underperforming its benchmark, the MSCI All Country World Index (Net), which rose 23.44%. The more growth-focused Sustainable Global Dynamic Equity Fund (renamed from the Global Dynamic Equity Fund) rose 19.50%, behind a gain of 23.80% in the benchmark (60% S&P 500 / 40% FTSE World Ex-US Index until 22 February 2024; since that date, the MSCI All Countries World Index).

Shares of small and medium-sized companies continued to advance as economies remained relatively resilient and interest rates started to fall. The Systematic Sustainable Global SmallCap Fund rose by 15.20%, slightly behind its benchmark, the MSCI ACWI Small Cap Index, which advanced 16.15%. Of the individual country funds, the Japan Small & MidCap Opportunities Fund rose 19.44%, ahead of the S&P Japan Mid Small Cap Index, which rose 11.67%. The Swiss Small & MidCap Opportunities Fund rose 7.70%, ahead of its benchmark, the SPI Extra Index, which gained 6.51%.

The information stated in this report is historical and not necessarily indicative of future performance.

Investment Adviser's Report

Performance overview

1 September 2023 to 31 August 2024 continued

The Continental European Flexible Fund rose 15.51%, but lagged its benchmark, the FTSE World Europe ex UK Index, which rose 17.75%. The European Fund rose 13.60% against the MSCI Europe Index, which gained 17.46%. The European Equity Income Fund increased in value by 17.00% against the same benchmark. The European Equity Transition Fund rose 13.63%, while the European Special Situations Fund rose by 12.79%. Both are also benchmarked to the MSCI Europe Index.

The US Growth Fund rose 30.47%, performing in line with the Russell 1000 Growth Index, which advanced by 30.75%. The US Basic Value Fund rose 17.95%, underperforming the Russell 1000 Value Index, which rose 21.15%. The Japan Flexible Equity Fund rose 23.70%, ahead of the MSCI Japan Index, which gained 19.71%.

Outside of Japan, performance across a number of Asian and emerging markets funds was less impressive. The Asian Growth Leaders Fund returned 7.91%, behind its benchmark, the MSCI All Country Asia ex Japan Index, which rose 15.73%. The Asian Dragon Fund rose 4.55%, behind the same benchmark.

The Emerging Markets Fund, which has a broader exposure across the emerging markets investment universe, gained 4.08% and ended the period behind its benchmark, the MSCI Emerging Markets Index, which rose by 15.07%. The Emerging Markets Equity Income Fund, which shares the same benchmark, rose 8.55%.

The Latin American Fund fell 7.26%, behind its benchmark, the MSCI EM Latin America 10/40 Index, which gained 0.10%. The India Fund rose 24.96%, but lagged its MSCI India TR Net 10/40 Index benchmark, which advanced 39.73%.

In natural resources, the World Energy Fund gained 5.70% but ended behind its benchmark, the MSCI World Energy 30% Buffer 10/40 Index, which rose 8.02% over the period. The World Mining Fund rose 3.25%. This was behind its benchmark, the MSCI ACWI Metals & Mining 30% Buffer 10/40 Index, which advanced 7.56%. The World Gold Fund rose 29.30% as gold prices surged to all-time highs, but the Fund lagged its benchmark, the FTSE Gold Mines Index, which rose by 39.17%.

The World Technology Fund rose 33.08%, in line with an increase of 33.23% in the MSCI AC World Information Technology 10/40 Index. Meanwhile, the Nutrition Fund fell 1.81% over the period, while the Future of Transport Fund lost 8.61% and the Fintech Fund gained 18.04%. None of these specialist funds have a benchmark.

Mixed Asset Fund Performance

The diversified Global Allocation Fund – which invests in a mixture of fixed income securities, equities and cash – rose 14.91%, behind its reference benchmark, which gained 16.72% (the benchmark comprises 36% S&P 500 Index, 24% FTSE World (ex-US) Index, 24% ICE BofAML Current 5 Yr US Treasury Index and 16% FTSE Non-USD World Government Bond Index).

The Global Multi-Asset Income Fund rose 12.33% over the period. The Fund combines the ability to allocate actively across a full range of asset classes and geographies at a top-down level with a focus on adding value through bottom-up security selection by specialist teams in each key asset class. It does not have a benchmark.

Fixed Income Fund Performance

The Global Government Bond Fund rose 6.38%, in line with its benchmark, the FTSE World Government Bond USD Hedged Index, which gained 6.32%. The Euro Bond Fund rose 5.53%, compared to a gain of 5.63% for its benchmark, Bloomberg Euro-Aggregate 500mm+ Bond Index. The Global Corporate Bond Fund rose 9.33%, compared to a gain of 9.42% for its benchmark, the Bloomberg Global Aggregate Corporate Bond USD Hedged Index.

The Euro Corporate Bond Fund rose by 7.36%, while its benchmark, the ICE BofAML Euro Corporate Index, gained 7.33%. The Euro Short Duration Bond Fund rose 4.25%, behind the Bloomberg Euro Aggregate 1-3 Years, 500 MM Minimum, which gained 4.44%.

The Global High Yield Bond Fund rose 12.23%, behind its benchmark, the BofA Merrill Lynch Global High Yield Constrained USD Hedged Index, which advanced 13.39%. The Sustainable Emerging Markets Local Currency Bond Fund rose 6.18% over the period. This was behind its benchmark, the JP Morgan ESG-Government Bond Index Emerging Markets Global Diversified Index, which gained 6.40%. The broader Sustainable Emerging Markets Bond Fund gained 14.06%, ahead of its benchmark, the JP Morgan ESG Emerging Markets Bond Index Global Diversified, which rose 12.68%.

The Asian Tiger Bond Fund rose 11.60% against a gain of 10.82% for its benchmark, the JP Morgan Asia Credit Index. The Fixed Income Global Opportunities Fund increased by 8.85%, while the Sustainable Fixed Income Global Opportunities Fund advanced 7.21%. Neither of the fixed income global funds has a benchmark.

Outlook

Equity and bond markets have continued to perform positively so far in 2024 as inflation concerns have eased and central banks have laid the groundwork for a pivot to looser monetary policy. Economic data has generally been better than expected for much of the period, and investors remained hopeful of a 'soft landing' following the period of high interest rates and wider economic turbulence.

Despite recent gains, however, there remain a number of potential headwinds for global markets. While inflation rates have maintained steady downward progress overall, the journey has not been entirely smooth. At the same time, tentative signs of weakness in the US economy in the summer of 2024 have led some investors to speculate that, by refusing to reduce interest rates in the first half of the year, the Fed may have been too cautious in its approach.

Investment Adviser's Report

Performance overview

1 September 2023 to 31 August 2024 continued

The geopolitical situation in the Middle East, meanwhile, remains highly unstable, while the prospect of the US presidential election in November potentially adds to the uncertainty facing investors. On the positive side, however, China's efforts to stimulate its economy and generate significant post-pandemic growth may finally be starting to have a positive effect, with data published in the first half of 2024 showing signs of improvement.

Despite the ongoing challenges in the macroeconomic environment, the corporate sector has remained reasonably robust to date, with particular strength in technology firms thanks to optimism around the potential impact of AI. However, investors have started to question AI's ability to drive significant earnings growth in the short- to medium-term.

Notwithstanding these challenges, there are companies in all areas of the global economy that have demonstrated their resilience through recent turbulence and which are set to benefit from looser monetary policy. While there will undoubtedly be challenges in the months ahead, so too will opportunities continue to emerge.

September 2024

Investment Adviser's Report

Performance overview

1 September 2023 to 31 August 2024 continued

Environmental, social and governance ("ESG") policy

The performance return table outlines the investment management approach adopted for each Fund. It also identifies which Funds promote environmental or social characteristics ("Article 8 Funds") or have sustainable investments as an objective ("Article 9 Funds"), under the EU Sustainable Finance Disclosure Regulation ("SFDR"). Further detail around how Article 8 and Article 9 Funds have achieved these characteristics and objectives is included in the Sustainability-related disclosures supplementary section to the Annual Report.

For any other Funds that do not meet the SFDR criteria for Article 8 or 9 Funds, the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities. The Investment Adviser has access to a range of data sources, including principal adverse indicator ("PAI") data, when making decisions on the selection of investments. However, whilst BlackRock considers ESG risks for all portfolios and these risks may coincide with environmental or social themes associated with the PAIs, unless stated otherwise in the prospectus, each Fund does not commit to considering PAIs in driving the selection of their investments.

Disclosed in the table below are the performance returns for the A Class Non-Distributing Share Class for each Fund, net of fees and expenses, which has been selected as a representative Share Class. Performance returns for any other Share Class can be made available on request.

Calculation methodology is based on industry standards.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of an investment and the income from it will vary and the initial investment amount cannot be guaranteed. The Fund invests in a large portion of assets which are denominated in currencies other than US dollar; hence changes in the relevant exchange rate will affect the value of the investment. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current Prospectus, of which the most recent annual report and audited financial statements and interim report and unaudited financial statements form an integral part, as well as Key Information Documents (PRIIPs KID). Copies are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or Distributors. The BGF range is only available for investment by non-US persons. It is not offered for sale or sold in the US, its territories or possessions.

The Funds are not registered for sale to the public in all jurisdictions. Further details on distribution of shares of the Funds are included in the Authorised Status on page 4.

Fund Performance & Benchmark Information

Unless otherwise stated, performance is shown on a NAV price basis with income reinvested. Fund performance figures are calculated net of annual fees, expenses and fee reimbursement. All Fund and index information is recorded in its base currency and is converted into the appropriate currency.

Changes in the composition or the name of a benchmark or a Fund prior to 1 January 2021 have not been disclosed.

Directors' Report

Corporate Governance Statement

Introduction

BlackRock Global Funds (the "Company") is a public limited company (société anonyme) established under the laws of the Grand Duchy of Luxembourg as an open-ended variable capital investment company (société d'investissement à capital variable). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010, as amended from time to time and is regulated pursuant to such law. The Company complies with the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2022 (the "Code") issued by ALFI in June 2022.

The Board of Directors of the Company (the "Board") is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes is appropriate for adherence to the principals of the Code given the nature of its structure as an Investment Company. The Board considers that the Company has been in compliance with the principles of the Code for the year ended 31 August 2024.

This statement summarises the corporate governance structure and processes in place for the Company for the period under review from 1 September 2023 to 31 August 2024.

Board Composition

The Board currently consists of 7 non-executive Directors, (including 2 independent Directors). The Board is committed to maintaining an appropriate balance of skills, experience, independence, and knowledge amongst its members.

The Directors' biographies, on pages 19 and 20 collectively demonstrate a breadth of investment knowledge and experience, business and financial skills and legal and regulatory familiarity which enables them to provide effective strategic leadership, oversight, and proper governance of the Company. BlackRock considers the current composition to be a suitable and appropriate balance for the Board.

Article 13 of the Company's Articles of Incorporation in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected. Any Director who resigns his/her position is obliged to confirm to the Board and the CSSF that the resignation is not connected with any issues with or claims against the Company.

The Board supports a planned and progressive renewal of the Board. BlackRock is committed to ensuring that Directors put forward for election by the shareholders possess the skills needed to maintain this balance. The Board is committed to carrying out an annual review of its performance and activities.

The Directors have a continuing obligation to ensure they have sufficient time to discharge their duties. The details of each Director's (including the Chairwoman), other appointments and commitments are made available to the Board and the BlackRock Group for inspection.

Before a new Director is proposed to the shareholders for appointment, he or she will receive a full induction incorporating relevant information regarding the Company and his or her duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of BlackRock so that the new Director will become familiar with the various processes which are considered necessary for the proper performance of his or her duties and responsibilities to the Company.

The Company's policy is to encourage Directors to keep up to date with developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by BlackRock entities. The Directors also receive regular briefings from, amongst others, the auditors, investment strategists, risk specialists, depositary and legal advisers regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board's Responsibilities

The Board meets at least quarterly and also on an ad hoc basis as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The Board is responsible for the long-term success of the Company and recognises its responsibility to provide leadership, direction, and control to the Company within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy, entering into any material contracts, any change in board membership, any change of external auditor, the prosecution defence or settlement of litigation which is material or significant to the Company and any significant change in accounting policies or practices. The Board also approves the prospectus and any addenda to it, circulars to shareholders, financial statements and other relevant legal documentation.

The Chairperson's main responsibility is to lead and manage the Board, encourage critical discussions and promote effective communication within the Board. In addition, they are responsible for promoting best practice corporate governance and effective communication with shareholders.

The Directors have access to the advice and services of external counsel and the resources of the BlackRock Group and BlackRock (Luxembourg) S.A. (the "Management Company") should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice. The Board has responsibility for ensuring that the Company keeps proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Company and which enable it to ensure that the financial statements comply with relevant accounting standards. It is the Board's responsibility to present a balanced and understandable assessment of the Company's financial position, which extends to interim financial statements and other

Directors' Report continued

reports made available to shareholders and the public. The Board is responsible for taking reasonable steps for safeguarding the assets of the Company and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

Insurance

The Company maintains appropriate Directors' and Officers' liability insurance cover.

Delegation of Responsibilities

As an open-ended variable capital investment company most of the Company's day-to-day management and administration is delegated to BlackRock Group companies such as the Management Company which employs dedicated compliance and risk professionals. The Management Company appoints the Investment Advisers and other third-party service providers. The Board has delegated the following areas of responsibility:

Management and Administration

The Board has delegated the investment management, administration, marketing & distribution of the Company and its Funds to the Management Company. The Company has appointed The Bank of New York Mellon SA / NV, Luxembourg Branch ("BNYM") as Depositary of its assets, which has responsibility for safe-keeping of such assets, pursuant to the regulations. The Depositary is a subsidiary of The Bank of New York Mellon Corporation.

The Management Company has delegated the management of the investment portfolio to the Investment Advisers. The Investment Advisers operate under guidelines determined by the Board and as detailed in the Company's prospectus relating to the Company's Funds. The relevant Investment Advisers have direct responsibility for the decisions relating to the day-to-day running of the Company's Funds and are accountable to the Management Company for the investment performance of the Funds. The Board has also delegated the exercise of voting rights attaching to the securities held in the portfolio to the respective Investment Advisers who may in turn delegate to BIM UK. Voting on behalf of shareholders is done in a manner which is believed to be in the best economic interest of shareholders as long-term investors.

The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to The Bank of New York Mellon SA / NV, Luxembourg Branch ("the Administrator"). The Administrator has responsibility for the administration of the Company's affairs including the calculation of the net asset value and preparation of the financial statements of the Company, subject to the overall supervision of the Management Company. The Administrator is a subsidiary of The Bank of New York Mellon Corporation. The Management Company has delegated transfer agent and share registration services to J.P. Morgan Bank Luxembourg S.A..

The Management Company has delegated distribution, promotion and marketing of the Shares and related ongoing administration and marketing to BIM UK as Principal Distributor. As Principal Distributor BIM UK have responsibility for the offer

for sale of, promotion and marketing of shares in any fund. BIM UK is accountable to the Management Company for the distribution and marketing of the Shares.

The Management company is accountable to the Board for all activities delegated to it or by it, including, but not limited to those detailed above.

The Management Company reports to the Board on a quarterly basis and by exception where necessary. Reporting is in place to ensure that the Board can effectively oversee the actions of its delegates.

The Management Company is responsible for the risk management and internal controls of the Company and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Management Company reviews the effectiveness of the internal control and risk management systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of that process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

The control processes over the risks identified, covering financial, operational, compliance and risk management, is embedded in the operations of the BlackRock Group and the Management Company. There is a monitoring and reporting process to review these controls, which has been in place throughout the period under review and up to the date of this report, carried out by BlackRock's corporate audit department.

BlackRock's internal audit and operational risk units report to the Board through the Management Company on a quarterly basis. The Management Company also receives a report from the Administrator and the Depositary on the internal controls of the administrative and custodial operations of the Company. The Board recognises that these control systems can only be designed to manage rather than eliminate the risk of failure to achieve fund objectives, and to provide reasonable, but not absolute, assurance against material misstatement or loss, and relies on the operating controls established by the service providers.

Financial Reporting

The Board is also responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives. The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Administrator to maintain the accounting records of the Company independently of the Investment Manager and the Custodian. The financial statements are prepared in accordance with applicable law and Generally Accepted Accounting Principles ("GAAP") and are approved by the Board of Directors

Directors' Report continued

of the Company. The accounting information given in the annual report is required to be audited and the Audit report, including any qualifications, is reproduced in full in the annual report of the Company.

Remuneration

The Company is an investment company and has no employees or executive Directors. No Director (past or present) has any entitlement to a pension from the Company, and the Company has not awarded any share options or long-term performance incentives. No element of Directors' remuneration is performance related. Those Directors who are also employees of the BlackRock Group are not entitled to receive a Director's fee. All other Directors are paid fees which are submitted for approval by the shareholders at the annual general meeting and are disclosed on page 1106. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the responsibility of the Director and their time commitment. The Board believe the fees to be fair and appropriate given the size, complexity and the range of funds under management. The maximum amount of remuneration payable to the Directors is approved by the Board.

Communication with Shareholders

The Board is responsible for convening the annual general meeting and all other general meetings of the Company. Shareholders are encouraged to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting. All substantive matters put before a general meeting are dealt with by way of separate resolution. Proxy voting figures are noted by the chairwoman of the general meeting.

The next Annual General Meeting of Shareholders will be held on or around 17 February 2025 and shareholders will be asked to consider the usual matters presented at such meeting including:

- ▶ Approval of the financial statements & the payment of dividends
- ▶ The approval of Directors fees
- ▶ The election or re-election of Directors
- ▶ The election or re-election of the auditor
- ▶ The discharge of Directors duties – this resolution is required under Luxembourg law and the discharge is only valid where the financial statements contain no omission or false information concealing the real financial situation of the Company. The discharge is granted based on the facts disclosed and the information at the disposal of the shareholders at the time of the Annual General Meeting.

The proceedings of general meetings are governed by the Articles of Incorporation of the Company.

BIM UK as Principal Distributor is tasked with managing the relationship between the Company and its shareholders and the Board has controls in place such that it is advised of shareholder complaints.

Directors' Biographies

Denise Voss (Chairwoman) (American, Luxembourg resident): Ms Voss is a Non-Executive Director of financial services companies and is based in Luxembourg. She serves as a Director on the Boards of flagship funds of major fund promoters, including BlackRock Global Funds and BlackRock Strategic Funds. Ms. Voss previously worked for Franklin Templeton in Luxembourg for over 25 years as a Conducting Officer and Director of the firm's UCITS and alternative investment fund management business. Prior to joining Franklin Templeton, she worked for 10 years at Coopers & Lybrand in Boston, USA and in Luxembourg. She holds a Massachusetts CPA license and earned an undergraduate degree from Tufts University, as well as a masters degree in accountancy from Bentley University. Ms. Voss is Chairwoman of LuxFLAG, an independent agency based in Luxembourg that awards recognised sustainable finance labels to eligible investment vehicles. She was Chairwoman of the Association of the Luxembourg Fund Industry (ALFI) from 2015-2019, and a member of the ALFI Board of Directors from 2007-2019.

Bettina Mazzocchi (British/French/Italian): Ms Mazzocchi is a Managing Director of BlackRock and is based in Paris. She is head of iShares and Wealth for France, Belgium, Luxembourg and Monaco. Before joining BlackRock in 2018, she had been at PIMCO since 2008 where she most recently was Country Head for France. Previous roles held by Ms. Mazzocchi were with Morgan Stanley, Bank of America and Credit Suisse First Boston, where she had focused on Credit Derivatives, Structured Credit and Debt Capital markets respectively. Ms. Mazzocchi serves on the Board of Trustees of YATI (Young Actors Theatre Islington), a not-for-profit, community theatre company for children and young people in London, UK. Ms. Mazzocchi is a graduate of the Institut d'Etudes Politiques de Paris ("Sciences Po") and Paris III Sorbonne Nouvelle.

Benjamin Gregson (Australian, Luxembourg resident): Mr. Gregson is a Managing Director and Head of the BlackRock Luxembourg office and Regulatory Governance. Mr. Gregson's primary responsibility is the oversight of BlackRock's Luxembourg Fund platform and Leadership of the BlackRock offices in Luxembourg. This includes partnering with functional teams to support growth, manage risk, promote operational efficiency, and respond to market and regulatory change. Mr. Gregson is Chair of the Dirigeant Committee and a Director of BlackRock (Luxembourg) S.A., a Director of BlackRock Funds Management Company S.A. (combined AUM of \$180B as of January 2024 and a member of the EMEA Product Development Committee. In addition to his BlackRock positions Mr Gregson is a Board Member of the Association of the Luxembourg Fund Industry (ALFI) since 2023. Mr. Gregson has 25+ years industry experience (18 at BlackRock) gained through senior positions in Australia, Asia Pacific & Luxembourg. Prior to relocating to Luxembourg, Mr Gregson was Head of Asia-Pacific Fund Administration based in Hong Kong.

Directors' Report continued

Geoffrey Radcliffe (British & Luxembourg dual nationality, Luxembourg resident): Director since 1999, Mr Radcliffe is a Non-Executive Director with over 40 years' experience in the investment management industry. He was, until February 2024, a Managing Director in BlackRock's Technology & Operations, Global Accounting and Product Services team, heading Product Oversight and Governance International for BlackRock EMEA & Asia Pacific and heading the BlackRock Luxembourg office. Mr. Radcliffe currently serves as a director on the boards of a number of investment funds domiciled in Luxembourg. Mr. Radcliffe is a Fellow of The Institute of Chartered Accountants in England and Wales and an Associate of The Chartered Institute of Bankers. He was a Member of the Board of Directors of ALFI (Luxembourg Fund Industry Association) for 10 years to June 2023, chair and member of many key ALFI fund industry working groups and committees, and continues to be engaged with ALFI.

Davina Saint (British, Irish resident): Based in Dublin, Ms Saint is a Non-Executive Director of financial services companies and a Director of the Irish National Assets Management Agency, sitting on the Board, Credit and Planning Committees and Chairing the Remuneration Committee. Ms Saint worked with the BNP Paribas Group for over 20 years as the General Counsel for its Irish Corporate and Institutional banking business and latterly as the Head of Branch for BNP Paribas' Irish Securities Services business. Prior to joining BNP Paribas, she worked in the City of London with ABN Amro after qualifying as a Solicitor in the field of shipping litigation. She holds an Honours degree in Law from the London School of Economics. She is also a Chartered Director (CDir) and a Certified Bank Director.

Keith Saldanha (British): Mr. Saldanha is a Managing Director of BlackRock and is Head of the Wealth Product Group for Europe, Middle East and Africa. He is responsible for defining and executing the alpha and alternatives product agenda for the BlackRock EMEA Wealth business. In addition, Mr Saldanha leads the Fund Selection and Manager Research segment for the EMEA iShares & Wealth sales organisation. Mr Saldanha is a member of the EMEA Wealth Executive Committee, EMEA Product Development Committee and EMEA Capacity Management Committee. He joined BlackRock in 2015 from Man Group where he was Global Head of Investment Marketing, responsible for a number of product specialist, business development and client service teams across Man's investment management businesses. Prior to this, he spent a number of years focused on the origination and execution of Man's hedge fund M&A activity and jointly leading corporate strategy for the hedge fund business. Mr Saldanha started his career in strategy consulting. He is a Chartered Alternative Investment analyst and holds a BSc (Hons) Economics degree from the University of Warwick.

Vasiliki Pachatouridi (British & Greek Dual nationality): Ms Pachatouridi is a Managing Director, is the Head of iShares Fixed Income Product Strategy EMEA within BlackRock's Indexed Fixed Income Portfolio Management Group (PMG). She is responsible for driving the adoption of iShares Fixed Income ETFs and other indexed fixed income strategies across both institutional and wealth channels. Ms Pachatouridi also represents the firm in front of clients, regulators, industry bodies and the media, advocating for the need to modernize bond

markets, particularly around trading, liquidity and the evolution of indices. Ms Pachatouridi's service with the firm dates back to 2007, including her years with Barclays Global Investors (BGI), which merged with BlackRock in 2009. Previously, she was a member of the iShares EMEA Investment Strategies & Insights team, where she provided analysis on ETF products as well as investment trade ideas and market insights to a variety of clients. At BGI, she started her career within the Transition Management team. Ms Pachatouridi earned MSc degree, with a first class honours, in Investment Management from Cass Business School in 2007 and a BSc degree in Business Administration from University of Bath in 2006.

Report on Remuneration (Unaudited)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock (Luxembourg) S.A. (the "ManCo"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive, and to UK entities within the BlackRock group authorised by the FCA as a manager of a UK UCITS fund.

The ManCo has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and (b) the ManCo's board of directors (the "ManCo's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies which includes reviewing the remuneration policy on a regular basis and being responsible for its implementation.

The implementation of the remuneration policy is annually subject to central and independent review for compliance with policies and procedures for remuneration adopted by the MDCC and by the ManCo's Board. The most recent review found no fundamental issues. The remuneration disclosure is produced and owned by MDCC and the Manager's Board.

No material changes were made to the remuneration policy in 2023.

(a) MDCC

The MDCC's purposes include:

- ▶ providing oversight of:
 - ▶ BlackRock's executive compensation programmes;
 - ▶ BlackRock's employee benefit plans; and
 - ▶ such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- ▶ reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- ▶ reviewing, assessing, and making reports and recommendations to the BlackRock, Inc. Board of Directors (the "Blackrock Inc. Board") as appropriate on BlackRock's

talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and

- ▶ supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulations.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 7 meetings during 2023. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

(b) The ManCo's Board

The ManCo's Board in its supervisory function has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the ManCo and its Identified Staff (as defined below).

The responsibilities of the supervisory function include:

- ▶ approve, maintain and oversee the implementation of the UCITS Remuneration Policy;
- ▶ determine and oversee the remuneration of the members of the management body, provided that insofar the relevant ManCo does not have a separate supervisory function, the remuneration of the member of the management body is determined by the MDCC;
- ▶ approve any subsequent material exemptions or changes to the UCITS Remuneration Policy and carefully consider and monitor their effects;
- ▶ take into account the inputs provided by all competent corporate functions (i.e., risk management, compliance, human resources, strategic planning, etc.) in the design and oversight of the UCITS Remuneration Policy.

Report on Remuneration (Unaudited) continued

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of pre-incentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, Finance, Human Resources and Internal Audit) has its own organisational structure which is independent of the business units and therefore staff members in control functions are remunerated independently of the businesses they oversee. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the ManCo.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well-defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- ▶ appropriately balance BlackRock's financial results between shareholders and employees;
- ▶ attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- ▶ align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- ▶ control fixed costs by ensuring that compensation expense varies with profitability;
- ▶ link a significant portion of an employee's total compensation to the financial and operational performance of the business;
- ▶ promote sound and effective risk management across all risk categories, including sustainability risk;
- ▶ discourage excessive risk-taking (sustainability related or otherwise); and
- ▶ ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

Report on Remuneration (Unaudited) continued

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- ▶ the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- ▶ factors relevant to an employee individually (e.g., relevant working arrangements (including part-time status if applicable); relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business;
- ▶ the management of risk within the risk profiles appropriate for BlackRock's clients;
- ▶ strategic business needs, including intentions regarding retention;
- ▶ market intelligence;
- ▶ criticality to business; and
- ▶ supporting the firm's approaches to environmental, social and governance factors and diversity, equity and inclusion.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading "Link between pay and performance") may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.'s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual's role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the "BlackRock Performance Incentive Plan" ("BPIP"). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin⁽¹⁾ and Organic Revenue Growth⁽²⁾. Determination of pay-out will be made based on the firm's achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm's financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have "skin in the game" through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the ManCo, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the ManCo or of the funds it manages.

⁽¹⁾As Adjusted Operating Margin: As reported in BlackRock's external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

⁽²⁾Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in US dollars).

Report on Remuneration (Unaudited) continued

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- ▶ organisational changes;
- ▶ new business initiatives;
- ▶ changes in significant influence function lists;
- ▶ changes in role responsibilities; and
- ▶ revised regulatory direction.

BlackRock applies the proportionality principle in respect of staff identified as "Identified Staff". BlackRock bases its proportionality approach on a combination of factors that it is entitled to take into account based on relevant guidelines. The application of proportionality has been assessed based on the criteria set down in the ESMA Guidelines - i.e., criteria in terms of size, internal organisation and nature, scope and complexity of the activities; group of persons, who have only collectively a material impact on the risk profile of the ManCo; and structure of the remuneration of identified staff.

Quantitative Remuneration Disclosure

The ManCo is required under the Directive to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Remuneration information at an individual Fund level is not readily available. Disclosures are provided in relation to (a) the staff of the ManCo; (b) staff who are senior management; (c) staff who have the ability to materially affect the risk profile of the Fund; and (d) staff of companies to which portfolio management and risk management has been formally delegated.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the ManCo is included in the aggregate figures disclosed.

Members of staff and senior management of the ManCo typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the ManCo and across the broader BlackRock group. Conversely, members of staff and senior management of the broader BlackRock group may provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the broader BlackRock group and of the ManCo. Therefore, the figures disclosed are a sum of individual's portion of remuneration attributable to the ManCo according to an objective apportionment methodology which acknowledges the multiple-service nature of the ManCo and the broader BlackRock group. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded to the ManCo's staff in respect of the ManCo's financial year ending 31 December 2023 is USD 166.47 million. This figure is comprised of fixed remuneration of USD 88.3 million and variable remuneration of USD 78.17 million. There were a total of 10,936 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the ManCo in respect of the ManCo's financial year ending 31 December 2023, to its senior management was USD 5.9 million, and to other members of its staff whose actions potentially have a material impact on the risk profile of the ManCo or its funds was USD 4.16 million.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund. * Dilution adjustment included, see Note 2(g), for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

⁽²⁾ Fund launched during the year, see Note 1, for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

The notes on pages 1099 to 1114 form an integral part of these financial statements.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

* Dilution adjustment included, see Note 2(g), for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

X Class distributing (T) share	USD	13.59	10.95	9.95
X Class non-distributing share	USD	34.77	25.68	21.76

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP as at 31 August 2022. Current year end and 31 August 2023 prices are quoted in the base currency of the relevant Fund.

Net assets at the end of the year		154,723,851,769	732,074,105	475,258,616	1,441,331,006

* The combined figures have been calculated using the average exchange rates throughout the year. The resulting Foreign exchange adjustment of USD 704,093,650 represents the movement in exchange rates between 31 August 2023 and 31 August 2024. This is a notional amount, which has no impact on the Net Assets of the individual Funds.

The notes on pages 1099 to 1114 to form an integral part of these financial statements.
