TER describes the sum of all periodic costs and commissions that are charged to the sub-fund's assets. It is expressed retroactively as a percentage of average sub-fund assets and has been calculated in accordance with the Asset Management Association Switzerland ("AMAS") guidelines on the calculation and disclosure of the TER of collective investment schemes. Any reimbursements/commissions for client unit holdings from target funds have been credited to the sub-fund and thus reduce the TER.

GENERAL INFORMATION (continued)

Tracking error and tracking difference

Realised tracking error is the annualised standard deviation of the difference in monthly returns between a sub-fund and its benchmark index. Tracking error shows the consistency of the returns relative to the benchmark index over a defined period of time. The realised tracking error is annualised and calculated using data from the preceding 36 month observation period.

Tracking difference is defined as the difference in returns between a Fund and its benchmark index.

The table and the relevant footnotes also indicate the primary drivers impacting tracking difference gross of the TER. Primary drivers impacting tracking difference include securities lending, investment techniques and transaction costs from rebalancing. Investment techniques include cash management, currency hedging, futures held and sampling techniques. Net income difference and tax may also impact tracking difference and tracking error due to withholding tax suffered by the Fund on any income received from its investments. The level and quantum of tracking difference arising due to withholding taxes depends on various factors such as any reclaims filed on behalf of the Fund with various tax authorities, any benefits obtained by the Fund under a tax treaty or any securities lending activities carried out by the Fund. Importantly, these impacts can be either positive or negative depending on the underlying circumstances.

Report of the audit company

SHORT-FORM REPORT BY THE STATUTORY AUDITOR OF THE COLLECTIVE INVESTMENT SCHEME

For the attention of the Board of Directors of the Fund Management Company regarding the financial statements of:

iShares ETF (CH), Zurich

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the investment fund iShares ETF (CH), umbrella fund, with the sub-funds:

- iShares SLI® ETF (CH)
- iShares SMI® ETF (CH)
- iShares SMIM® ETF (CH)
- iShares Swiss Dividend ETF (CH)
- iShares Core SPI® ETF (CH)
- iShares Swiss Domestic Government Bond 0-3 ETF (CH)
- iShares Swiss Domestic Government Bond 3-7 ETF (CH)
- iShares Swiss Domestic Government Bond 7-15 ETF (CH)
- iShares Core CHF Corporate Bond ETF (CH)

which comprise the statement of net assets as at 31 May 2024, the profit and loss account for the year then ended, information regarding the appropriation of net income and the disclosure of costs as well as additional information pursuant to Art. 89 para. 1 lit. b-h of the Swiss Collective Investment Schemes Act (CISA).

In our opinion, the accompanying financial statements comply with the Swiss Collective Investment Schemes Act, the relevant ordinances as well as the fund contract and the prospectus.

Basis for Opinion

We conducted our audit in accordance with Swiss law and Swiss Standards on Auditing (SA-CH). Our responsibilities under those provisions and standards are further described in the "Responsibility of the Auditor of the Collective Investment Scheme for the Auditing of the Financial Statements" section of our report. We are independent of the investment fund as well as of the Fund Management Company in accordance with the provisions of Swiss law and the requirements of the Swiss audit profession, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors of the Fund Management Company is responsible for the other information. The other information comprises the information included in the annual report but does

not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Board of Directors of the Fund Management Company for the Financial Statements

The Board of Directors of the Fund Management Company is responsible for the preparation of the financial statements in accordance with the Swiss Collective Investment Schemes Act, the corresponding ordinances and the prospectus, and for such internal control as the Board of Directors of the Fund Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibility of the Auditor of the Collective Investment Scheme for the Auditing of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Swiss law and SA-CH will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Swiss law and SA-CH, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the investment fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made.

We communicate with the Board of Directors of the Fund Management Company and/or its relevant committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE ANNUAL REPORT

For the financial year ended 31 May 2024 and 31 May 2023

1. SALES RESTRICTIONS UNITED STATES OF AMERICA (“USA”)

Units of the sub-funds may not be offered, sold or delivered within the United States (“US”). Units of this collective investment scheme may not be offered, sold or delivered to citizens and/or residents of the USA and/or persons or entities whose income and/or revenue, irrespective of source, is subject to US income tax, including those deemed to be US persons under Regulation S of the US Securities Act of 1933 and/or the US Commodity Exchange Act, as amended.

2. INFORMATION RELATING TO THE AMAS TRANSPARENCY PROVISIONS

The Fund Management Company and its agents do not pay any retrocessions to third parties mandated to promote the sale of their collective investment schemes. In respect of the sale of collective investment schemes, the Fund Management Company and its agents do not pay any rebates to reduce the fees or costs incurred by the investor and charged to the sub-fund.

3. SOFT COMMISSIONS

The Fund Management Company has not concluded any commission sharing agreements or agreements in respect of “soft commissions”.

4. VALUATION OF THE FUND’S ASSETS AND ITS UNITS

a) The NAV of each sub-fund is calculated in Swiss francs at the market value as of the end of the financial period and for each day on which units are issued or redeemed. The sub-fund’s assets will not be calculated on days when the stock exchanges/markets in the main investment countries of the sub-fund concerned are closed (e.g. bank and stock exchange holidays).

b) Securities traded on a stock exchange or another regulated market open to the public shall be valued at the closing prices of the main market on the order day. Other investments or investments for which no current market value is available shall be valued at the price which would probably be obtained in a diligent sale at the time of the valuation. In such cases, the Fund Management Company shall use appropriate and recognised valuation models and principles to determine the market value.

c) The NAV of a unit of a sub-fund is determined by the market value of that sub-fund’s assets, minus all that sub-fund’s liabilities, divided by the number of units of that sub-fund in issue. It will be rounded to four places after the decimal point of the unit of account.

NOTES TO THE ANNUAL REPORT (continued)

For the financial year ended 31 May 2024 and 31 May 2023

5. VALUATION OF INVESTMENTS (continued)

In accordance with Article 84 paragraph 2 Ordinance of the Swiss Financial Market Supervisory Authority ("FINMA") on Collective Investment Schemes, the investments of the sub-funds are to be summarised in a table according to the following three valuation categories:

Level 1 – trading of investments listed in a stock exchange or in another regulated market open to the public and valued according to the prices in the primary market;

Level 2 – investments that are not priced according to level 1 whose value is based on market-observed parameters;

Level 3 – investments whose value cannot be based on market-observed parameters and are valued with suitable valuation models taking account of the current market circumstances.

The determination of what constitutes market-observed parameters requires significant judgement by the Fund Management Company taking into consideration factors specific to the asset or liability.

The Fund Management Company considers prices in the primary market to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

6. OFF-BALANCE-SHEET BUSINESS

a) Securities Lending

The security lending agent appointed pursuant to the securities lending agreement is BlackRock Advisors (UK) Limited. The sub-funds benefit from a borrower default indemnity provided by BlackRock, Inc. The indemnity allows for full replacement of securities loaned. BlackRock, Inc. bears all operational costs directly related to securities loan transactions as well as the cost of indemnification against borrower default. During the year the sub-funds engaged in securities lending. The sub-fund receives either cash collateral or securities as collateral, as determined, for a value in excess of the market value of the securities loaned.

Securities lending income is split between the sub-fund and the securities lending agent in a ratio of 62.5:37.5 in favor of the sub-fund, with all operational costs borne out of the securities lending agents share.

The securities lending borrowers that received securities on loan during the year included: Barclays Capital Securities Limited, BNP Paribas Arbitrage, Citigroup Global Markets Limited, Credit Suisse International, Goldman Sachs International, HSBC Bank plc, JP Morgan Securities plc, Macquarie Bank Limited, Morgan Stanley & Co. International plc, Société Générale Paris Branch and UBS AG. The collateral administrators are Bank of New York Europe and JP Morgan Chase Bank.

6. OFF-BALANCE-SHEET BUSINESS (continued)

a) Securities Lending (continued)

The following table details the value of securities on loan as the percentage of lendable assets, as the percentage of the NAV, and the income from securities lending for the period ended 31 May 2024. The total value of the lendable assets is equal to the aggregate value of the securities eligible for the securities lending program. This excludes any assets held by the sub-funds that are not considered lendable due to any market, regulatory, investment or other restrictions.

12. REGULATION UNDER THE ALTERNATIVE INVESTMENT FUND MANAGERS DIRECTIVE (“AIFMD”)

The AIFMD imposes detailed and prescriptive obligations on fund managers established in the European Union (the “EU”). These do not currently apply to managers established outside of the EU, such as BlackRock Asset Management Schweiz AG (the “Company”). However, the Company is only required to comply with certain disclosure, reporting and transparency obligations of the AIFMD because it has registered the iShares ETF (CH) (the “Fund”) to be marketed to investors in Liechtenstein.

13. REPORT ON REMUNERATION (UNAUDITED)

BlackRock has a clear and well-defined pay-for-performance philosophy, and compensation programs which support that philosophy.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme. Although all employees are eligible to receive a discretionary bonus, there is no contractual obligation to make a discretionary bonus award to any employees. For senior management and staff who have the ability to materially affect the risk profile of the Fund, a significant percentage of variable remuneration is deferred over time. All employees are subject to a clawback policy.

Remuneration decisions for employees are made once annually in January following the end of the performance year, based on BlackRock’s full-year financial results and other non-financial goals and objectives. Alongside financial performance, individual total compensation is also based on strategic and operating results and other considerations such as management and leadership capabilities. No set formulas are established and no fixed benchmarks are used in determining annual incentive awards.

Annual incentive awards are paid from a bonus pool which is reviewed throughout the year by BlackRock’s independent compensation committee, taking into account both actual and projected financial information together with information provided by the Enterprise Risk and Regulatory Compliance departments in relation to any activities, incidents or events that warrant consideration in making compensation decisions. Individuals are not involved in setting their own remuneration.

NOTES TO THE ANNUAL REPORT (continued)

For the financial year ended 31 May 2024 and 31 May 2023

13. REPORT ON REMUNERATION (UNAUDITED) (continued)

Each of the control functions (Enterprise Risk, Legal & Compliance, Finance, Human Resources and Internal Audit) each have their own organizational structures which are independent of the business units and therefore staff members in control functions are remunerated independently of the businesses they oversee. Functional bonus pools for those control functions are determined with reference to the performance of each individual function and the remuneration of the senior members of control functions is directly overseen by BlackRock's independent remuneration committee.

The Company is required under the AIFMD to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Remuneration information at an individual AIF level is not readily available. Disclosures are provided in relation to (a) the staff of the Company; (b) staff who are senior management; (c) staff who have the ability to materially affect the risk profile of the Fund; and (d) staff of companies to which portfolio management and risk management has been formally delegated.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the Fund is included in the aggregate figures disclosed.

Members of staff and senior management of the Company typically provide both AIFMD and non-AIFMD related services in respect of multiple funds, clients and functions of the Company and across the broader BlackRock group. Conversely, members of staff and senior management of the broader BlackRock group may provide both AIFMD and non-AIFMD related services in respect of multiple funds, clients and functions of the broader BlackRock group and of the Company. Therefore, the figures disclosed are a sum of individuals' portion of remuneration attributable to the Company according to an objective apportionment methodology which acknowledges the multiple-service nature of the Company and the broader BlackRock group. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded to the Company's staff in respect of the Company's financial year ending December 31, 2023 was USD 37.36m. This figure is comprised of fixed remuneration of USD 23.06m and variable remuneration of USD 14.3m. There was a total of 176 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Company in respect of the Company's financial year ending December 31, 2023, to its senior management was USD 0.29m, and to other members of its staff whose actions potentially have a material impact on the risk profile of the Company or its funds was USD 0.15m.

14. ENVIRONMENTAL, SOCIAL AND GOVERNANCE ("ESG") POLICY (UNAUDITED)

The sub-funds do not meet the criteria for Article 8 or 9 products under the EU Sustainable Finance Disclosure Regulation ("SFDR") and the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities. Portfolio managers have access to a range of data sources, including principal adverse indicator ("PAI") data, when making decisions on the selection of investments. However, whilst BlackRock considers ESG risks for all portfolios and these risks may coincide with environmental or social themes associated with the PAIs, unless stated otherwise in the prospectus, the sub-funds do not commit to considering PAIs in driving the selection of their investments.
