March 2024

Performance, Portfolio Breakdowns and Characteristics, and Net Assets as at 31-Mar-2024.

IMPORTANT:

- The Fund's income-generating investment strategy may reduce the potential for capital growth and future income of the Fund. The Fund may invest in debt securities that are subject to actual or perceived ratings downgrade. The Fund may invest in assets denominated in various currencies. Changes in exchange rates and currency controls may affect the value of the Fund's assets. The Fund invests in certain emerging markets and may be subject to political, tax, economic, social and foreign exchange risks. An increase in interest rates may adversely affect the value of the bonds held by the Fund. The Fund may invest in non-investment grade and unrated bonds that may be subject to higher default, volatility and liquidity risks. The Fund invests in bonds issued or guaranteed by governments or authorities, which may involve political, economic, default or other risks.
- The Fund is subject to foreign investments restrictions risk, securities lending counterparty risk, risks associated with investments in asset/ mortgage backed securities, currency conversion risk including Renminbi denominated Classes, liquidity risk and contingent convertible bonds risk.
- **Class 3(G), Class 4(G) and Class 5(G) Shares** pay dividends gross of expenses. **Class 6 Shares** pay dividends gross of expenses and/or from capital at the Directors' discretion. **Class 8 Shares** pay dividends gross of expenses and/or from capital at the Directors' discretion and include interest rate differentials arising from share class currency hedging. Negative interest rate differentials may decrease the dividends paid. Paying dividends gross of expenses may result in more income being available for distribution; however these shares may effectively pay dividends from capital – may amount to a partial return or withdrawal of an investor's original investment or capital gains. All declared dividends result in an immediate reduction in the NAV price of the share class on the ex-dividend date.
- The Fund may use derivatives for hedging and for investment purposes. However, usage for investment purposes will not be extensive. The Fund may suffer losses from its derivatives usage.
- The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.
- Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors.

INVESTMENT OBJECTIVE

The Global Multi-Asset Income Fund follows a flexible asset allocation policy that seeks an above average income without sacrificing long term capital growth. The Fund invests globally in the full spectrum of permitted investments including equities, equity-related securities, fixed income transferable securities (which may include some high yield fixed income transferable securities), units of undertakings for collective investment, cash, deposits and money market instruments. This Fund distributes income gross of expenses. Currency exposure is flexibly managed.
