Important: Investment involves risk, including the loss of principal. Please refer to the Prospectus and Key Facts Statement for details including the risk factors. Investors should not base their investment decision on this marketing material alone. Investors should note:

The Fund invests in equity securities, which may subject it to risks arising from political, economic, other market and issuer-specific factors. The Fund is subject to passive investment risks, tracking error risks, index-related risks and currency risk.

INVESTMENT OBJECTIVE

iShares World Equity Index Fund seeks to provide investment results that, before fees and expenses, closely track the performance of the FTSE MPF All-World Index (HKD unhedged total return).

GROWTH OF 10,000 SINCE LAUNCH

Past performance is not a reliable indicator of current or future performance and should not be the sole factor of consideration when selecting a product or strategy. Investors may not get back the full amount invested. Performance is shown on a Net Asset Value (NAV) basis with gross income reinvested, net of fees. Performance is calculated in the relevant share class currency, including ongoing charges and taxes and excluding subscription and redemption fees, if applicable. Benchmark performance displayed in denominated currency and for comparative purpose only.

IMPORTANT INFORMATION:

Unless otherwise specified, all information as of 09-Jun-2024.

Sources: BlackRock and Morningstar. Performance is in share class currency on a NAV to NAV price basis with income reinvested. Fund performance figures are calculated net of fees. The above Fund data is for information only. Investment involves risk. Past performance is not necessarily a guide to future performance. The value of investments and the income from them can fluctuate and is not guaranteed. The investment returns are denominated in share class dealing currency, which may be a foreign currency. If so, US/HK dollar-based investors are therefore exposed to fluctuations in the US/HK dollar/foreign currency exchange rate. Rates of exchange may cause the value of investments to go up or down. Investors may not get back the amount they invest. Individual stock prices/performance do not represent the return of the Fund.
