Introduction to BlackRock Premier Funds and the Sub-Fund

Introduction

BlackRock Premier Funds (the "**Trust**") is an umbrella unit trust established under the laws of Hong Kong, by a trust deed dated 19 July 2013 between BlackRock Asset Management North Asia Limited (the "**Manager**") as manager and Cititrust Limited (the "**Trustee**") as trustee, as amended and restated pursuant to an amended and restated trust deed dated 16 December 2019, and may be amended and/or supplemented from time to time.

The Trust may issue different Classes of Units and the Trustee shall establish a separate pool of assets within the Trust for each sub-fund of the Trust. The assets of a sub-fund of the Trust will be invested and administered separately from the other assets of the Trust. This prospectus (the "**Prospectus**") has been prepared in connection with the offer of Units in Systematic Islamic ESG World Equity Fund (the "**Sub-Fund**"), a sub-fund of the Trust. For information in relation to other sub-funds of the Trust as listed in the table headed "**Choice of Sub-funds of the Trust**" below, please refer to the prospectus(es) of the relevant sub-fund(s). Copies of the prospectus(es) relating to the other sub-fund(s) of the Trust will be available on the Manager's website (www.blackrock.com/hk). Please note that this website has not been reviewed by the SFC.

No money should be paid to any intermediary in Hong Kong who is not licensed or registered to carry out Type 1 regulated activity under Part V of the Securities and Futures Ordinance (the "**SFO**"). The Manager reserves the right to establish other sub-funds and to issue further Classes of Units in the future.

The Manager accepts full responsibility for the accuracy of the information contained in this Prospectus and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement in the Prospectus misleading. However, neither the delivery of the Prospectus nor the offer or issue of units of the Trust shall under any circumstances constitute a representation that the information contained in the Prospectus is correct as of any time subsequent to its date of publication. The Prospectus may from time to time be updated.

Any information given or representation made by any dealer, salesman or other person and (in either case) not contained herein should be regarded as unauthorised and, accordingly, should not be relied upon. Neither the delivery of this Prospectus nor the offer, issue or sale of Units shall, under any circumstances, constitute a representation that the information contained in this Prospectus is correct as of any time subsequent to the date hereof.

The Trust and the Sub-Fund have been authorised by the Securities and Futures Commission (the "**SFC**") pursuant to section 104 of the SFO. SFC authorisation is not a recommendation or endorsement of the Trust or the Sub-Fund, nor does it guarantee the commercial merits of the Trust and the Sub-Fund or their performance. It does not mean the Trust or the Sub-Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

Applicants for Units should consult their financial adviser, tax advisers and take legal advice as appropriate as to whether any governmental or other consents are required, or other formalities need to be observed, to enable them to acquire Units as to whether any taxation effects, foreign exchange restrictions or exchange control requirements are applicable and to determine any investment in the Sub-Fund is appropriate for them.

Management

The Trust is managed by the Manager. The Manager is part of the BlackRock group of companies, the ultimate holding company of which is BlackRock, Inc., which provides investment management services globally for institutional, retail and private clients.

The Manager was incorporated in Hong Kong with limited liability on 10 August 1998 and is licensed by the SFC to conduct type 1 (dealing in securities), type 2 (dealing in futures contracts), type 4 (advising on securities), type 6 (advising on corporate finance) and type 9 (asset management) regulated activities under the SFO.

Choice of Sub-funds of the Trust

As of the date of this Prospectus, the following sub-funds of the Trust have been authorised by the SFC:-

Sub-fund	Base currency	Asset class	Type
Systematic Islamic ESG World Equity Fund (i.e. the Sub-Fund in connection with which this Prospectus is prepared)	USD	Equity	Direct investment fund
China US Dollar Bond Fund	USD	Bond	Direct investment fund
Global Megatrend Allocation Fund	USD	Mixed assets	Direct investment fund
iShares Asia ex-Japan Equity Index Fund	HKD	Equity	Index fund
iShares Hong Kong Equity Index Fund	HKD	Equity	Index fund
iShares World Equity Index Fund	HKD	Equity	Index fund
iShares World Government Bond Index Fund	HKD	Bond	Index fund
Dynamic High Income Fund	USD	Mixed assets	Feeder fund
Systematic Global Equity High Income Fund	USD	Equity	Feeder fund

As of the date of this Prospectus, among the sub-funds of the Trust which have been authorised by the SFC above, only the Systematic Islamic ESG World Equity Fund is Shariah compliant as determined by the Shariah Compliance Adviser.

IMPORTANT NOTICE

If you are in any doubt about the contents of this Prospectus, you should seek independent professional financial advice. Nothing in this Prospectus should be taken as legal, tax, regulatory, financial, accounting or investment advice.

Distribution of this Prospectus must be accompanied by a copy of the KFS of the Sub-Fund and the latest available annual report and accounts of the Trust (if any) and any subsequent interim report and an application / decision to subscribe for Units should be made on the basis of the information contained in such documents which are also available at the registered office of the Manager.

This Prospectus, and the KFS for the Sub-Fund, should each be read in their entirety before making an application for Units.

Statements made in this Prospectus are based on laws and practices in force at the date hereof and are subject to changes therein.

Any Unitholder will only be able to fully exercise its unitholder rights directly against the Trust, and in particular the right to participate in general meetings of Unitholders, where such Unitholder is registered in its own name in the register of unitholders for the Trust. In cases where an investor invests into the Trust through an intermediary investing in its own name but on behalf of the investor, it may not always be possible for such investor to exercise certain of its unitholder rights in the Trust. Investors are therefore advised to take legal advice in respect of the exercise of their unitholder rights in the Trust.

Distribution

No action has been taken to permit an offering of Units or the distribution of the Prospectus in any jurisdiction other than Hong Kong and, accordingly, this Prospectus does not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. Prospective investors should inform themselves as to the legal requirements of applying for Units and of applicable exchange control regulations and taxes in the countries of their respective citizenship, residence or domicile. US Persons are not permitted to subscribe for Units. In some countries investors may be able to subscribe for Units through regular savings plans.

The distribution of this Prospectus and the offering of Units in certain jurisdictions may be restricted. Accordingly, persons into whose possession this Prospectus comes are required to inform themselves about and observe any restrictions as to the offer or sale of Units and the distribution of this Prospectus under the laws and regulations of the relevant jurisdiction in connection with any applications for Units in the Trust, including obtaining any requisite governmental or other consent and observing any other formality prescribed in such jurisdiction.

In certain jurisdictions no action has been taken or will be taken by the Manager that would permit a public offering of Units where action for that purpose is required, nor has any such action been taken with respect to the possession or distribution of this Prospectus other than in any jurisdiction where action for that purpose is required.

USA

The Units will not be registered under the US Securities Act of 1933, as amended (the "**Securities Act**") and may not be directly or indirectly offered or sold in the USA or any of its territories or possessions or areas subject to its jurisdiction or to or for the benefit of a US Person. The Trust will not be registered under the US Investment Trust Act of 1940. US Persons are not permitted to own Units. Attention is drawn to the section "Redemption of Units" which specifies certain compulsory redemption powers.

Generally

The distribution of this Prospectus and the offering of the Units may be authorised or restricted in certain other jurisdictions. The above information is for general guidance only and it is the responsibility of any persons in possession of this Prospectus and of any persons wishing to make application for Units to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdictions.

Enquiries and Complaints Handling

Investors may contact the Manager for any enquiries or complaints regarding the Trust or any sub-fund of the Trust. Such enquiries or complaints should be in writing and sent to the Manager at 16th Floor Champion Tower, 3 Garden Road, Central, Hong Kong or at +852 3903 2688 or via email to clientservice.asiapac@blackrock.com. Upon receipt of such enquiries or complaints, a preliminary response will be provided within 5 Business Days.

Glossary

Administrator

means Citibank N.A., Hong Kong Branch, in its capacity as the administrator of the Trust and the Sub-Fund.

Auditor

means PricewaterhouseCoopers.

Base Currency

means USD.

BlackRock Group

means the BlackRock group of companies, the ultimate holding company of which is BlackRock, Inc.

Business Day

means a day (excluding Saturday and Sunday) on which banks in Hong Kong are open for, or available to provide banking services (including on days where such services can be supported via electronic channels only), or such other day or days as the Manager and the Trustee may determine from time to time.

Class, Classes, Unit Class or Unit Classes

means any Class of Units attributable to the Sub-Fund, as the Manager may from time to time designate, as further described in the section "**Classes and Form of Units**".

Code

means the Overarching Principles Section and Section II - Code on Unit Trusts and Mutual Funds of the SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products or any handbook, guideline and code issued by the SFC, as may be amended from time to time.

Connected Person

as the meaning as set out in the Code which at the date of the Prospectus means in relation to a company:

- (a) any person or company beneficially owning, directly or indirectly, 20% or more of the ordinary share capital of that company or able to exercise directly or indirectly, 20% or more of the total votes in that company; or
- (b) any person or company controlled by a person who or which meets one or both of the descriptions given in (a); or
- (c) any member of the group of which that company forms part; or
- (d) any director or officer of that company or of any of its connected persons as defined in (a), (b) or (c).

Conversion Deadline

means, in respect of a Dealing Day, the deadline by which instructions for the conversion of Units shall be received. Please refer to the sub-section "**Instructions to Convert**" below.

Custodian

means Citibank N.A., Hong Kong Branch, in its capacity as the custodian of the Trust and the Sub-Fund.

Dealing Currency

means the currency or currencies in which applicants may currently subscribe for the Units (or a particular Class or Classes of Units) of the Sub-Fund. Dealing Currencies may be introduced at the Manager's discretion. Confirmation of the Dealing Currencies and the date of their availability can be obtained from the registered office of the Manager and from the local Investor Servicing team.

Dealing Day

means, either generally or for a particular Class or Classes of Units, any of such Business Days as determined by the Manager (with the approval of the Trustee) and published on the Manager's website at www.blackrock.com/hk.

Dealing Deadline

means, in respect of any subscription or redemption orders, 6.00 p.m. (Hong Kong time) on the relevant Dealing Day

as determined by the Manager (with the approval of the Trustee).

Distributing Units

means Units on which dividends may be declared at the Manager's discretion.

ESG

means "environmental, social and governance" criteria, which are three central factors used in measuring the sustainability and ethical impact of an investment in securities of an issuer. By way of example, "environmental" may cover themes such as climate risks and natural resources scarcity, "social" may include labour issues and product liability risks such as data security and "governance" may encompass items such as business ethics and executive pay. These are only examples and do not necessarily determine the policy of the Sub-Fund. Investors should refer to the investment policy of the Sub-Fund, including any website referred to in such investment policy, for more detailed information.

ESG Provider

means a provider of ESG research, reports, screening, ratings and/or analysis including, without limitation, third party index providers, ESG consultancies or members of the BlackRock Group.

Excessive Conversion

means practices including the case of individuals or groups of individuals whose securities transactions seem to follow a timing pattern or are characterised by excessively frequent or large conversions which may adversely affect the interests of all Unitholders.

Excessive Trading

means practices including the case of individuals or groups of individuals whose securities transactions seem to follow a timing pattern or are characterised by excessively frequent or large trades which may adversely affect the interests of all Unitholders.

Fatwa

means a Shariah certification issued in respect of the relevant Shariah structure, investment documents or Islamic funding agreements by the Shariah Compliance Adviser.

Government and other public securities

means any investment issued by, or the payment of principal and profit/return on which is guaranteed by, a government or any fixed-income investment issued by its public or local authorities or other multilateral agencies.

HKD or HK\$

means the lawful currency of Hong Kong.

Hong Kong

means Hong Kong Special Administrative Region of the PRC.

Investment Adviser

means BlackRock Investment Management, LLC.

Investor Servicing

means the dealing provisions and other investor servicing functions by local BlackRock Group companies or branches or their administrators.

Issue Price

means, the price at which Units of a particular Class or Classes in the Sub-Fund may be issued. Please refer to the sub-section "**Anti-Dilution Pricing Adjustment Mechanism**" below.

KFS

means the product key facts statement issued in respect of the Sub-Fund.

Manager

means BlackRock Asset Management North Asia Limited.

Net Asset Value

means in relation to the Sub-Fund, a sub-fund of the Trust or a Unit Class, the net asset value amount determined in accordance with the Trust Deed.

PRC

means the People's Republic of China.

Prospectus

means this offering memorandum, as amended, modified or supplemented from time to time.

Qualified Exchange Traded Funds

means exchange traded funds that are:

- (a) authorised by the SFC under 8.6 or 8.10 of the Code; or
- (b) listed and regularly traded on internationally recognised stock exchanges open to the public (nominal listing not accepted) and (i) the principal objective of which is to track, replicate or correspond to a financial index or benchmark, which complies with the applicable requirements under 8.6 of the Code; or (ii) the investment objective, policy, underlying investments and product features of which are substantially in line with or comparable with those set out under 8.10 of the Code,

and which are Shariah compliant as determined by the Shariah Compliance Adviser.

Redemption Gate

means, in relation to redemption of Units, the limitation on redemption indicated in the section "**Redemption of Units**".

Redemption Value

means, in respect of a Unit of a particular Class, the price per Unit at which such Unit is redeemed. Please refer to the sub-section "**Anti-Dilution Pricing Adjustment Mechanism**" below.

Registrar

means Citicorp Financial Services Limited.

reverse repurchase transactions

means transactions whereby the Sub-Fund purchases securities from a counterparty of sale and repurchase transactions and agrees to sell such securities back at an agreed price in the future.

sale and repurchase transactions

means transactions whereby the Sub-Fund sells its securities to a counterparty of reverse repurchase transactions and agrees to buy such securities back at an agreed price with a financing cost in the future.

securities financing transactions

means collectively securities lending transactions, sale and repurchase transactions and reverse repurchase transactions.

securities lending transactions

means transactions whereby the Sub-Fund lends its securities to a security-borrowing counterparty for an agreed fee.

SFC

means the Securities and Futures Commission of Hong Kong or its successors.

SFO

means the Securities and Futures Ordinance, Chapter 571 of Hong Kong.

Shariah

means Divine Islamic "law" as interpreted by the Shariah Compliance Adviser.

Shariah Compliance Adviser

in relation to the Sub-Fund, means such adviser or advisers appointed by the Manager to provide the Sub-Fund with advice on Shariah compliance matters, as more particularly described in the sub-section "**Shariah Compliance Adviser**" below.

Shariah Compliant Investment Strategy

has the meaning as defined in the sub-section "**Investment Objective**" below.

Sub-Fund

means Systematic Islamic ESG World Equity Fund, a sub-fund of the Trust.

substantial financial institution

means an authorised institution as defined in section 2(1) of the Banking Ordinance (Chapter 155 of the Laws of Hong Kong) or a financial institution which is on an ongoing basis subject to prudential regulation and supervision, with a minimum net asset value of HK\$2 billion or its equivalent in foreign currency.

Sukuk

means Islamic fixed income securities that comply with Shariah principles and where the holder owns an undivided

exposure over an underlying asset.

Trust

means BlackRock Premier Funds, an umbrella unit trust constituted by the Trust Deed.

Trust Deed

means the trust deed dated 19 July 2013 between the Manager and the Trustee as amended and restated pursuant to an amended and restated trust deed dated 16 December 2019, and may be amended and/or supplemented from time to time.

Trustee

means Cititrust Limited.

UCITS

means an undertaking for collective investment in transferable securities.

Unit

where there is only one Class of Units in issue, means one undivided share in the Sub-Fund. Where more than one Class of Units is in issue, means one undivided share of a particular Class of Units of the Sub-Fund.

Unitholder

means a person entered on the register of holders as the holder of Units including, where the context so admits, persons jointly registered.

US or USA

means the United States of America.

USD or US\$

means the lawful currency of the United States of America.

US Person

means a person who is so defined by Regulation S of the US Securities Act of 1933, as amended from time to time.

Valuation Day

subject to the Trust Deed, means the day on which the Valuation Point is referenced or such day as the Manager may from time to time determine.

Valuation Point

means the close of business in the last relevant market in which the Sub-Fund's investments are traded to close or such other time on each Valuation Day or Business Day as the Manager with the approval of the Trustee may from time to time determine either generally or in respect of a particular Class of Units provided that where there is more than one Class of Units in issue relating to the Sub-Fund, the Valuation Point in respect of each such Class shall be the same.

Management of the Trust and the Sub-Fund

Manager

The Manager is BlackRock Asset Management North Asia Limited. The Manager is part of the BlackRock group of companies, the ultimate holding company of which is BlackRock, Inc., which provides investment management services globally for institutional, retail and private clients. The Manager was incorporated in Hong Kong with limited liability on 10 August 1998 and is licensed by the SFC to conduct type 1 (dealing in securities), type 2 (dealing in futures contracts), type 4 (advising on securities), type 6 (advising on corporate finance) and type 9 (asset management) regulated activities under the SFO.

Under the Trust Deed, the monies forming part of the Sub-Fund are invested, at the direction of the Manager, in accordance with the Trust Deed. The Manager is responsible for placing purchase and sale orders and providing continuous supervision of the investment portfolio of the Sub-Fund.

Without limiting the other powers mentioned in this Prospectus, the Manager may purchase and sell investments for the account of the Sub-Fund and subject to the provisions of the Trust Deed and enter into such contracts including sale and purchase agreements, financings and broker and trading agreements in accordance with the Trust Deed, as it deems appropriate in the performance of its role as Manager.

The Directors of the Manager

Susan Wai-lan Chan, Senior Managing Director, of 16/F Champion Tower, 3 Garden Road Central, Hong Kong, is the Head of Asia Pacific at BlackRock. Ms. Chan serves on BlackRock's Global Executive Committee, as well as the firm's Asia Pacific Executive and Steering Committees. Ms. Chan is responsible for leading the Asia Pacific region and overseeing the full range of business, client, investment and operational platforms serving wealth and institutional investors via BlackRock's active, index, ETFs, alternatives and technology offerings. Ms. Chan was previously Deputy Head of Asia Pacific, Head of Greater China, and Head of Trading, Liquidity & Lending for Asia Pacific. She also oversaw the Sustainable & Transition Investing group in Asia Pacific. She joined the firm in Hong Kong in 2013 as Head of iShares Capital Markets and Products for Asia Pacific, before becoming Head of ETFs and Index Investing, a role she held until 2021. Prior to joining BlackRock, she was a Managing Director at Deutsche Bank AG, Hong Kong where she was Head of Equity Structuring, Strategic Equity Transactions and DBx Asia Pacific. Before Deutsche Bank, she was Managing Director at Barclays Capital Asia Limited where she held various leadership positions in equity derivatives with the most recent being Head of Equity and Funds Structured, Asia Pacific. Ms. Chan received the Lifetime Achievement Award from Women in Finance in 2023. She also serves as a member of the Financial Infrastructure and Market Development Sub-Committee, under the Exchange Fund Advisory Committee of the Hong Kong Monetary Authority. Ms. Chan is a graduate of Boston University, Boston, Mass.

Hiro Shimizu, Managing Director, is Deputy Head of APAC, Head of APAC Institutional and Regional Head of North Asia (Japan, Korea, Taiwan). He is a member of the Global Operating Committee, Managing Director Promotion Committee, APAC Steering Committee, and APAC Executive Committee. Prior to joining BlackRock, he was at Morgan Stanley Investment Management, serving as the Global Head of Alternatives Distribution, as well as managing the Japan and Korea businesses. He has had various leadership roles at KKR and Goldman Sachs, managing capital markets, private markets distribution, structured credit sales, and derivative sales.

Andrew Landman, CPA, Managing Director, the Deputy Head of Asia Pacific, Head of Asia Pacific Wealth, and Head of Southeast Asia and Oceania, BlackRock. He also sits in the firm's Asia Pacific Executive and Steering Committees. Mr Landman is responsible for leading the firm in the Southeast Asia and Oceania region and oversees all facets of BlackRock's wealth business in the broader Asia Pacific region. More recently, Mr Landman was Head of Australasia and has also served as the Asia Pacific Head of Client Business, responsible for the distribution and management of all retail and institutional client relationships in the region, as well as Asia Pacific Head of BlackRock's Alternatives Specialist Group. He began his tenure at BlackRock as Head of Client Business in Australia. Prior to joining BlackRock, Mr. Landman was Chief Executive Officer of Ascalon Capital Managers, a subsidiary of BT Financial Group. Under Mr. Landman's leadership, Ascalon successfully built a portfolio of nine single strategy hedge and high conviction funds in Australia and across Asia Pacific with AUD\$4.2bn in assets under management. Additionally, Mr. Landman was Head of Investment Strategy at BT Financial Group and was the Chief Financial Officer of Challenger Investment Management. He started his career at Bankers Trust where he worked extensively across the operations side of funds management. Mr. Landman earned a Bachelor of Commerce degree from the University of Newcastle. He studied leadership at the University of Chicago in 2003.

Tomoko Ueda, Managing Director, is the Chief Operating Officer for the Asia Pacific region, overseeing business management, Finance and Corporate Strategy & Development teams. Ms. Ueda drives regional growth priorities and key development projects, such as the APAC 2030 strategy. Ms. Ueda and her team partners with business leaders regionally and globally to deliver growth, drive connectivity, promote operational efficiency and oversee risk & controls in the Asia Pacific region. Prior to BlackRock, Ms. Ueda was Senior Corporate Officer and Global Head of Strategic Planning & Management Information at Nikko Asset Management, where she oversaw M&A, joint-ventures and partnerships for 9 years. Prior to that, she was Managing Director, Equity Capital Markets at Merrill Lynch Japan

Securities, after serving Morgan Stanley as Head of Equity Capital Markets. Ms. Ueda holds MBA from Stanford University Graduate School of Business and BA/MA from University of Pennsylvania.

Investment Adviser

The Manager may from time to time delegate all or part of its investment management functions of the Sub-Fund to BlackRock Investment Management, LLC ("**BIML**"). The Manager shall continue to have ongoing supervision and regular monitoring of the competence of BIML to ensure that its accountability to investors is not diminished. Although the investment management functions of the Manager may be delegated to BIML, its responsibilities and obligations may not be delegated.

BIML is domiciled in the United States and regulated by the Securities and Exchange Commission. BIML has been managing collective investment schemes or discretionary funds since 1995 and 1999 respectively.

BIML is an indirect operating subsidiary of BlackRock, Inc., the ultimate holding company of the BlackRock Group.

All fees paid to the Investment Adviser (if any) will be borne by the Manager and paid out of the management fee.

Shariah Compliance Adviser

The Manager (for and on behalf of the Sub-Fund) has appointed Amanie Advisors Ltd. as the Shariah Compliance Adviser of the Sub-Fund. The Shariah Compliance Adviser will liaise with and act upon the advice of the Amanie International Shariah Supervisory Board (the "**SSB**") with regards to the investments of the Sub-Fund and ensure their respective compliance with Shariah precepts.

The Shariah Compliance Adviser communicates regularly with the SSB (at least three times per calendar year for formal meetings) and with the Manager upon request. The Shariah Compliance Adviser under the advice and guidance of the SSB will:-

- (i) review the structure, legal documentation (including but not limited to the 1) Trust Deed; 2) Prospectus of the Sub-Fund and 3) KFS of the Sub-Fund) and material contracts of the Sub-Fund to ensure the continuity of its Shariah compliant status;
- (ii) assist the Manager in developing a Shariah investment guideline for the Sub-Fund and assess the Sub-Fund's existing investment criteria and provide suitable criteria for the selection of Shariah compliant stocks to ensure that the Sub-Fund adheres to the strict Shariah rules and guidelines;
- (iii) advise the Manager with respect of the use of instruments and techniques for hedging purposes for the Sub-Fund to ensure compliance with the Shariah principles;
- (iv) establish principles for calculating and/or approving a percentage of non-compliant dividend income derived from assets in which the Sub-Fund has invested and approving proposals for the nomination of suitable charities to which an amount so determined shall be donated; and
- (v) conduct an annual Shariah audit on the activities of the Sub-Fund and issue an annual audit report to certify compliance with the Shariah Compliant Investment Strategy and highlight any issues therein (if any) for improvement/rectification purposes to obtain a new revised Fatwa from the SSB.

In respect of the Sub-Fund, if it is no longer considered by the Shariah Compliance Adviser as Shariah compliant, the Manager will notify the Unitholders concerned as soon as practicable.

The Shariah Compliance Adviser will review the Sub-Fund's portfolio of securities at least quarterly or as otherwise determined to be necessary as a result of extraordinary events (e.g. delisting, bankruptcy, merger, take-over) to ensure continued compliance with the Shariah Compliant Investment Strategy. The Manager has agreed to provide the Shariah Compliance Adviser with all necessary information, be responsible for the accuracy and the validity of data and/or information (save and except data and/or information provided by third party to the Manager and disclosed as such) provided and inform any material events or changes with regards to the Sub-Fund within a reasonable time period.

Investors should note that Shariah compliance of the Sub-Fund is not a regulatory requirement in Hong Kong and the Manager has appointed the Shariah Compliance Adviser to advise on and oversee the investments of the Sub-Fund and both the Shariah Compliance Adviser and the Manager shall ensure they are Shariah compliant. For the avoidance of doubt, the Shariah Compliance Adviser does not have discretionary investment management power in respect of the Sub-Fund.

Trustee

The Trustee of the Trust is Cititrust Limited, which is a registered trust company in Hong Kong. Cititrust Limited is a wholly-owned subsidiary of Citigroup Inc. ("**Citigroup**"). As a global financial services group, Citigroup and its

subsidiaries provide a broad range of financial products and services, including consumer banking, corporate and investment banking, securities brokerage and wealth management to consumers, corporations, governments and institutions.

Under the Trust Deed, the Trustee shall take into custody or under its control all the property forming part of the assets of the Sub-Fund and hold them in trust for the Unitholders of the Sub-Fund in accordance with the provisions of the Trust Deed and, to the extent permitted by law, shall register cash and registrable assets in the name of or to the order of the Trustee and such property of the Sub-Fund shall be dealt with as the Trustee may think proper for the purpose of providing for the safe keeping thereof. The Trustee may from time to time appoint any person or persons as it thinks fit (including, without limitation, itself or any Connected Person) to hold, as custodian, co-custodian, delegate, nominee or agent, all or any of the assets of the Trust and may empower any such person to appoint, with no objection in writing by the Trustee, sub-custodians, nominees, agents and/or delegates.

The Trustee shall (A) exercise reasonable skill, care and diligence in the selection, appointment and ongoing monitoring of any such agent, nominee, custodian, co-custodian or sub-custodian which are appointed for the custody and/or safekeeping of any of the property of the Sub-Fund (each a **"Correspondent"**), and, (B) be responsible during the term of appointment of each Correspondent for satisfying itself that such persons retained remain suitably qualified and competent on an ongoing basis to provide services to the Trust, having regard to the market or markets for which such Correspondent is appointed. Provided that the Trustee has discharged its obligations set out in (A) and (B) the Trustee shall not be liable for any act or omission of any Correspondent who is not a Connected Person of the Trustee. The Trustee will remain liable for the acts or omissions of any Correspondent that is a Connected Person of the Trustee as if such acts or omissions were those of the Trustee. The Trustee shall use reasonable endeavours to recover any loss of securities and investments arising from any default of a Correspondent.

The Trustee shall not be liable for any act or omission of any central securities depository or clearing system (i.e. Euroclear Bank S.A./N.V., Clearstream Banking, S.A. or any other such central depository or clearing system).

Subject as provided in the Trust Deed, the Trustee is entitled to be indemnified from the assets of the Trust and/or the Sub-Fund from and against any action, costs, claims, damages, expenses or demands (except for liability to the Unitholders imposed under Hong Kong law or the proper law of the Trust Deed (if different) or breaches of trust through fraud or negligence), which may have been made or arose out of or relate to the Trust and/or the Sub-Fund.

Subject to applicable law and the provisions of the Trust Deed, the Trustee shall not, in the absence of any liability to Unitholders imposed under Hong Kong law or the proper law of the Trust Deed (if different) or breaches of trust through fraud or negligence by it or any agent, sub-custodian or delegate appointed by the Trustee, be liable for any losses, costs or damage to the Trust, the Sub-Fund or any Unitholder.

The Trustee in no way acts as guarantor or offeror of the Units or any underlying investment. The Trustee has no responsibility or authority to make investment decisions, or render investment advice with respect to the Trust or the Sub-Fund, which is the sole responsibility of the Manager.

The appointment of the Trustee may be terminated in the circumstances set out in the Trust Deed.

The Trustee is entitled to the fees set out below under the section on **"Fees, Charges and Expenses"** and to be reimbursed for all costs and expenses in accordance with the provisions of the Trust Deed.

The Manager has sole responsibility for making investment decisions in relation to the Trust and/or the Sub-Fund and the Trustee (including its delegate) is not responsible and has no liability for any investment decision made by the Manager. Except as expressly stated in this Prospectus and/or required by the Code, neither the Trustee nor any of its employees, service providers or agents are or will be involved in the business affairs, organisation, sponsorship or investment management of the Trust or the Sub-Fund, and they are not responsible for the preparation or issue of this Prospectus other than the description under the section on **"Trustee"**.

Registrar

The Registrar of the Trust is Citicorp Financial Services Limited. The Registrar is entitled to the fees set out below under the section on **"Fees, Charges and Expenses"** in respect of the establishment and maintenance of the Register of the Unitholders of the Trust.

The register can be inspected at 9/F, Citi Tower, One Bay East, 83 Hoi Bun Road, Kwun Tong, Kowloon, Hong Kong during normal business hours.

Indemnities of the Trustee and the Manager

The Trustee and the Manager benefit from various indemnities in the Trust Deed. Except as provided under the Trust Deed, the Trustee and the Manager shall be entitled to be indemnified out of, and have recourse to, the Sub-Fund or the Trust generally, in respect of any action, costs, claims, damages, expenses or demands to which it may be put as

the Trustee or the Manager. Nothing in any of the provisions of the Trust Deed shall exempt either the Trustee or the Manager (as the case may be) from any liability to Unitholders imposed under Hong Kong law or the proper law of the Trust Deed (if different) or breaches of trust through fraud or negligence, nor may they be indemnified against such liability by Unitholders or at Unitholders' expense.

Custodian

Under the Trust Deed, the Trustee is responsible for the safekeeping of the assets of the Trust and the Sub-Fund. The Trustee may, however, appoint any person or persons to be custodian of such assets and the Trustee has appointed Citibank N.A., Hong Kong Branch to act as the Custodian of the Trust and the Sub-Fund.

Administrator

Citibank N.A., Hong Kong Branch also acts as the Administrator of the Trust and the Sub-Fund.

Auditor

The Manager has appointed PricewaterhouseCoopers to act as the Auditor of the Trust and the Sub-Fund. The Auditor is independent of the Manager and the Trustee.

Investment Stewardship

BlackRock seeks to advance the financial interests of investors through its investment stewardship efforts, consistent with the investment strategy in which they are invested. It does this by engaging with public companies, proxy voting on the Sub-Fund's behalf, contributing to industry dialogue on stewardship, and reporting on its stewardship activities.

Certain funds that apply, or which track indexes that apply, decarbonisation or climate-related criteria have adopted additional climate and decarbonisation stewardship guidelines (the "**Guidelines**"). The Guidelines will apply to the Sub-Fund. The Guidelines are focused on matters related to climate risks and the transition to a low-carbon economy at companies that are held by the Sub-Fund. In respect of these matters, BlackRock will apply Guidelines, and for all other matters, BlackRock's core stewardship approach will continue to apply. The Guidelines differ from the core stewardship approach in that they consider, in addition to financial considerations and consistent with the investment objective of the Sub-Fund, the alignment of companies' business models and strategies with the financial opportunities presented by the transition to a low carbon economy and the more ambitious goal of the Paris Agreement, namely, to limit average temperature rise to 1.5°C above pre-industrial levels.

More information on BlackRock's investment stewardship guidelines, including its global principles on corporate governance, priorities in engagement, proxy voting as well as the Guidelines can be found on the Manager's website (www.blackrock.com/hk). Please note that this website has not been reviewed by the SFC.

Risk Considerations

All investments risk the loss of capital. An investment in the Units involves considerations and risk factors which investors should consider before subscribing. In addition, there will be occasions when the BlackRock Group may encounter potential conflicts of interest in connection with the Trust. See section "Conflicts of Interest and Relationships within the BlackRock Group".

Investors should review this Prospectus carefully and in its entirety and are invited to consult with their professional advisers before making an application for Units. Investors should carefully consider whether an investment in the Units is suitable for them in light of their circumstances and financial resources and must be able to bear the loss of its entire investment. In addition, investors should consult their own tax advisers regarding the potential tax consequences of the activities and investments of the Trust and the Sub-Fund.

Investment Risks

The performance of the Sub-Fund will depend on the performance of its underlying investments. No guarantee or representation is made that the Sub-Fund or any investment will achieve its investment objective. Past results are not necessarily indicative of future results. The value of the Units may fall due to any of the risk factors below as well as rise and an investor may not recoup its investment. Income from the Units may fluctuate in money terms. Changes in exchange rates may, among other factors, cause the value of Units to increase or decrease. The levels and bases of, and reliefs from, taxation may change. There can be no assurance that the collective performance of the Sub-Fund's underlying investments will be profitable. Also, there is no guarantee of the repayment of principal.

Equity Risks

The values of equities fluctuate daily and the Sub-Fund's investment in equities is subject to general market risks which could incur significant losses. The price of equities can be influenced by many factors at the individual company level such as company restructuring and change in the management of a company, as well as by changes in investment sentiment and broader economic and political developments, including trends in economic growth, inflation and interest rates, corporate earnings reports, demographic trends and catastrophic events. Some of the markets in which the Sub-Fund invests may be less liquid and more volatile than the world's developed stock markets and this may result in the fluctuation in the price of securities traded on such markets.

ESG Investment Policy Risks

The Sub-Fund will use certain ESG criteria in their investment strategies, as determined by the data provided by its ESG Providers and as set out in its investment policy. The use of ESG criteria may affect the Sub-Fund's investment performance and, as such, the Sub-Fund may perform differently compared to similar funds that do not use such criteria. ESG-based exclusionary criteria used in the Sub-Fund's investment policy may result in the Sub-Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities due to their ESG characteristics when it might be disadvantageous to do so.

In the event the ESG characteristics of a security held by the Sub-Fund change, resulting in the Manager (and, where applicable, the Investment Adviser) having to sell the security, neither the Sub-Fund, the Trust nor the Manager (and, where applicable, the Investment Adviser) accept liability in relation to such change.

Furthermore, investors should note that relevant exclusions might not correspond directly with investors' own subjective ethical views.

The Sub-Fund will vote proxies in a manner that is consistent with the relevant ESG exclusionary criteria, which may not always be consistent with maximising the short-term performance of the relevant issuer as the Sub-Fund may be required to vote against business activities which may generate short-term profits for the relevant issuer but are contrary to the relevant ESG exclusionary criteria.

Investors should note there is a lack of a standardised taxonomy on ESG criteria. The evaluation methodology adopted by different investment managers may vary. The use of ESG criteria by the Sub-Fund may also result in the Sub-Fund being concentrated in companies with ESG focus and its value may be more volatile than that of fund having a more diverse portfolio of investments.

In evaluating a security or issuer based on ESG criteria, the Manager (and, where applicable, the Investment Adviser) is dependent upon information and data from third party ESG Providers, which may be incomplete, inaccurate, inconsistent or unavailable. As a result, there is a risk that the Manager (and, where applicable, the Investment Adviser) may incorrectly assess a security or issuer. Investment selection of the Sub-Fund involves subjective judgement of the Manager (and, where applicable, the Investment Adviser). Hence, there is also a risk that the Manager (and, where applicable, the Investment Adviser) may not apply the relevant ESG criteria correctly or that the Sub-Fund may gain limited exposure (through, including but not limited to, derivatives, cash and near cash instruments, shares or units of collective investment schemes and Sukuk issued by governments and agencies worldwide) to issuers which may not be consistent with the relevant ESG criteria used by the Sub-Fund. These securities will nevertheless be Shariah-compliant. Neither the Sub-Fund, the Trust nor the Manager (and, where applicable, the Investment Adviser) make any

representation or warranty, express or implied, with respect to the fairness, correctness, accuracy, reasonableness or completeness of such ESG assessment.

Islamic Investment Risks

Purification of income risk

For the Sub-Fund to remain Shariah compliant, it may be required to "purify" its portfolio of income that is considered "impure" by Shariah principles (i.e. any amount that may have been derived from activities not in accordance with Shariah principles) and donate such amount to charitable organisations as approved by the Shariah Compliance Adviser. This may lower the performance of the Sub-Fund. For details, please refer to the sub-section "**Income Purification**" below.

Risks associated with the Shariah Compliant Investment Strategy

"Shariah" shall mean Divine Islamic "law" as interpreted by the Shariah Compliance Adviser. It is possible that the Shariah Compliant Investment Strategy adopted by the Sub-Fund may result in the Sub-Fund's portfolio performing less well than portfolios with similar investment objectives that are not subject to the Shariah Compliant Investment Strategy.

Though the Sub-Fund will be managed in accordance with the Shariah Compliant Investment Strategy, for reasons uncontrollable by or not reasonably foreseeable to the Manager (and, where applicable, the Investment Adviser), the Sub-Fund may deviate temporarily from the Shariah Compliant Investment Strategy. In that case, the Manager (and, where applicable, the Investment Adviser) will endeavour to align the Sub-Fund with such principles as soon as practicable. Such temporary deviation might arise during rebalancing of, merger and acquisition concerning assets held in the Sub-Fund, and most, if not all, of the time such deviation happens out of the control of the Manager (and, where applicable, the Investment Adviser) and is not predictable.

Investors should be aware that the Shariah is not a codified legal system. While there are issues on which all the Shariah scholars would agree, they may disagree on certain other issues. Their disagreement is based on the interpretation of evidence available from the Islamic sources. Investors should note that the interpretation of the Shariah Compliant Investment Strategy by the Shariah Compliance Adviser and adopted by the Sub-Fund may not be consistent with the interpretation of certain Islamic professionals in other parts of the world.

*Reclassification of Shariah status risk (i.e. Passive Breach as defined in the sub-section "**Further details on the Shariah Compliant Investment Strategy**" below)*

This risk refers to the risk that the currently held Shariah-compliant equities and equity-related securities in the Sub-Fund may be reclassified to Shariah non-compliant in the periodic review of the equities by the Shariah Compliance Adviser. If this occurs, the Manager (and, where applicable, the Investment Adviser) will take the necessary steps to dispose of such equities.

A security which is reclassified as Shariah non-compliant by the Shariah Compliance Adviser will be disposed as soon as is practicable, i.e. in the event that on the announcement date or on an effective review date determined by the Shariah Compliance Adviser (i.e. the date on which the Shariah Compliance Adviser announces or determines a security as Shariah non-compliant), the market price of the securities exceed or is equal to the investment cost. On the other hand, the Sub-Fund is allowed to hold its investment in these Shariah non-compliant securities if on the announcement date or on an effective review date determined by the Shariah Compliance Adviser, the market price is below the investment cost. These securities must be disposed once the total amount of dividends received and the market value of that security is equal to the original investment costs.

Any capital gains arising from the disposal of the Shariah non-compliant security made at the time of the announcement can be kept by the Sub-Fund. However, any excess capital gains derived from the disposal after the announcement date or the effective review date at a market price that is higher than the closing price on the announcement date or on the effective review date is to be channeled to any charitable bodies as advised by the Shariah Compliance Adviser.

Concentration Risk

The Sub-Fund invests primarily in developed markets. The value of the Sub-Fund may be more volatile than that of a fund having a more diverse portfolio of investments. The value of the Sub-Fund may be more susceptible to adverse economic, political, policy, foreign exchange, liquidity, tax, legal or regulatory event affecting the developed markets.

Emerging Markets

The Sub-Fund may have exposure to emerging markets which may involve increased risks and special considerations not typically associated with investment in more developed markets, such as liquidity risks, currency risks/control, political and economic uncertainties, legal and taxation risks, settlement risks, custody risk and the likelihood of a high degree of volatility. These risks may have adverse impact on the Net Asset Value of the Sub-Fund.

Eurozone Risk

In light of ongoing concerns on the sovereign debt risk of certain countries within the Eurozone, the Sub-Fund's investments in the region may be subject to higher volatility, liquidity, currency and default risks. Any adverse events, such as credit downgrade of a sovereign or exit of EU members from the Eurozone, may have a negative impact on the value of the Sub-Fund.

Model Risk

The Sub-Fund seeks to pursue its investment objective by using proprietary models that incorporate quantitative analysis. Investments selected using these models may perform differently than as forecasted due to the factors incorporated into the models and the weighting of each factor, changes from historical trends, and issues in the construction and implementation of the models (including, but not limited to, software issues and other technological issues). There is no guarantee that the Manager's (and, where applicable, the Investment Adviser's) use of these models will result in effective investment decisions for the Sub-Fund. The information and data used in the models may be supplied by third parties. Inaccurate or incomplete data may limit the effectiveness of the models. In addition, some of the data that the Manager (and, where applicable, the Investment Adviser) use may be historical data, which may not accurately predict future market movement. There is a risk that the models will not be successful in selecting investments or in determining the weighting of investment positions that will enable the Sub-Fund to achieve its investment objective.

Risks of Investing in Other Collective Investment Schemes

The underlying collective investment schemes in which the Sub-Fund may invest may not be regulated by the SFC. There may be additional costs involved when investing into these underlying collective investment schemes. There is also no guarantee that the underlying collective investment schemes will always have sufficient liquidity to meet the Sub-Fund's redemption requests as and when made.

Debt Securities Risks

Issuer risk

The Sub-Fund is exposed to the credit/insolvency risk of the issuer of the fixed income securities that the Sub-Fund may invest in.

Interest rate risk

Because the Sub-Fund invests in Sukuk, the Sub-Fund is subject to interest rate risk. Interest rate risk is the risk that the value of the Sub-Fund's portfolio will decline because of rising interest rates. Interest rate risk is generally lower for shorter-term investments and higher for longer-term investments.

Liquidity risk

If the Sub-Fund invests in illiquid securities (including Sukuk which are close to maturity) or the current market becomes illiquid, it may reduce the returns of the Sub-Fund because the Sub-Fund cannot sell the illiquid securities at an advantageous time or price. The bid and offer spread of the price of Sukuks may be large, so the Sub-Fund may incur significant trading and realisation costs and may suffer losses accordingly.

Credit rating downgrading risk

Investment grade securities which the Sub-Fund may invest in may be subject to the risk of being downgraded. In the event of downgrading in the credit ratings of a security or an issuer relating to a security, the Sub-Fund's investment value in such security may be adversely affected.

Below investment grade or unrated securities risk

Sukuk which are below investment grade or which are unrated would generally be subject to lower liquidity, higher volatility and greater risk of loss of principal and profit/return than high-rated Sukuk.

Sovereign debt risk

The Sub-Fund's investment in sovereign Sukuk involves special risks. The governmental entity (including the government or any public or local authority) that controls the payment of sovereign debt may not be able or willing to pay the principal and/or profit/return when due in accordance with the terms of such debt or may request the Sub-Fund to participate in restructuring such debts. The payment of debts by a government is subject to various factors including the economic and political factors and the Sub-Fund's recourse against a defaulting sovereign is limited. The Sub-Fund may therefore suffer a significant or even total loss in the event of default of the sovereign issuer.

Valuation risk

Valuation of the Sub-Fund's investments may involve uncertainties and judgmental determinations as there is a possibility that independent pricing information may at times be unavailable. If such valuations should prove to be incorrect, the Net Asset Value of the Sub-Fund may be adversely affected.

Credit rating risk

Credit ratings assigned by rating agencies are subject to limitations and do not guarantee the creditworthiness of the security and/or issuer at all times.

Counterparty Risk to the Custodian

The Trustee may not keep all the assets of the Trust itself but may use a network of custodians and sub-custodians which are not always part of the same group of companies as the Trustee. The Sub-Fund will be exposed to the credit risk of any custodian (and sub-custodian) or any depository used by the custodian where cash is held by the custodian (and sub-custodian) or other depositories. Where the Sub-Fund invests in markets where custodial and/or settlement systems are not fully developed, the assets of the Sub-Fund may be exposed to custodial risk. In the event of the liquidation, bankruptcy or insolvency of the custodian (and sub-custodian) or other depositories, the Sub-Fund may take a longer time to recover its assets. In extreme circumstances such as the retroactive application of legislation and fraud or improper registration of title, the Sub-Fund may even be unable to recover all of its assets. The costs borne by the Sub-Fund in investing and holding investments in such markets will be generally higher than in organised securities markets. Further, in the event of the insolvency of the custodian (and sub-custodian) or other depositories, the Sub-Fund will be treated as a general creditor of the custodian (and sub-custodian) or other depositories in relation to cash holdings of the Sub-Fund. The Sub-Fund's securities are however maintained by the custodian (and sub-custodian) or other depositories in segregated accounts and should be protected in the event of insolvency of the custodian (and sub-custodian) or other depositories.

Counterparty Risk to the Executing Broker

Institutions, such as brokerage firms, banks, and broker-dealers, may enter into transactions with the Manager in relation to the sale and purchase of assets or securities for the Sub-Fund. Bankruptcy, fraud, regulatory sanction or a refusal to complete a transaction at one of these institutions could significantly impair the operational capabilities or the capital position of the Trust or the Sub-Fund. The Trust intends to attempt to limit its investment transactions to well-capitalised and established banks and brokerage firms in an effort to mitigate such risks. There can be no guarantee that transactions between such counterparties will always be completed in the manner contemplated by, and favourable to, the Trust.

Tax Considerations

The Sub-Fund may be subject to withholding or other taxes on income and/or gains arising from its investment portfolio. Where the Sub-Fund invests in securities that are not subject to withholding or other taxes at the time of acquisition, there can be no assurance that tax may not be imposed in the future as a result of any change in applicable laws, treaties, rules or regulations or the interpretation thereof. The Sub-Fund may not be able to recover such tax and so any such change could have an adverse effect on the Net Asset Value per Unit.

The tax information provided in the "**Taxation**" section is based, to the best knowledge of the Manager, upon tax law and practice as at the date of this Prospectus. Tax legislation, the tax status of the Sub-Fund, the taxation of Unitholders and any tax reliefs, and the consequences of such tax status and tax reliefs, may change from time to time. Any change in the taxation legislation in any jurisdiction where the Sub-Fund is registered, marketed or invested could affect the tax status of the Sub-Fund, affect the value of the Sub-Fund's investments in the affected jurisdiction and affect the Sub-Fund's ability to achieve its investment objective and/or alter the post-tax returns to Unitholders. Where the Sub-Fund invests in Shariah compliant derivatives, the preceding sentence may also extend to the jurisdiction of the governing law of the derivative contract and/or the derivative counterparty and/or to the market(s) comprising the underlying exposure(s) of the derivative.

The availability and value of any tax reliefs available to Unitholders depend on the individual circumstances of Unitholders. The information in the "**Taxation**" section is not exhaustive and does not constitute legal or tax advice. Investors are urged to consult their tax advisers with respect to their particular tax situations and the tax effects of an investment in the Sub-Fund.

Where the Sub-Fund invests in a jurisdiction where the tax regime is not fully developed or is not sufficiently certain, the Sub-Fund, the Manager and the Trustee shall not be liable to account to any Unitholder for any payment made or suffered by the Sub-Fund in good faith to a fiscal authority for taxes or other charges of the Sub-Fund notwithstanding that it is later found that such payments need not or ought not have been made or suffered. Conversely, where through fundamental uncertainty as to the tax liability, adherence to best or common market practice that is subsequently challenged or the lack of a developed mechanism for practical and timely payment of taxes, the Sub-Fund pays taxes relating to previous years, any related interest or late filing penalties will likewise be chargeable to the Sub-Fund, not to the Manager nor to the Trustee. Such late paid taxes will normally be debited to the Sub-Fund at the point the decision to accrue the liability in the Sub-Fund accounts is made.

Currency Risk – Base Currency

The Sub-Fund may invest in assets denominated in a currency other than the Base Currency of the Sub-Fund. Changes in exchange rates between the Base Currency and the currency in which the assets are denominated, as well as changes in exchange rate controls, may cause the value of the asset expressed in the Base Currency to fall or rise, and thus the Net Asset Value of the Sub-Fund may be unfavourably affected. The Sub-Fund may utilise techniques and instruments including Shariah compliant derivatives for hedging purposes to control currency risk. However it may not be possible or practical to completely mitigate currency risk in respect of the Sub-Fund's portfolio or specific assets

within the portfolio. Furthermore, the Manager is not obliged to seek to reduce currency risk within the Sub-Fund.

Risk relating to Substantial Redemptions

Substantial redemptions of Units (which are more likely to occur in adverse economic or market conditions) could require the Manager to liquidate investments of the Sub-Fund more rapidly than otherwise desirable in order to raise the necessary cash to fund the redemptions and to achieve a position appropriately reflecting the smaller equity base. This could adversely affect the Net Asset Value per Unit of both Units being redeemed and of remaining Units.

Risk relating to Suspension of Dealings

The Manager is entitled under certain circumstances specified in the Trust Deed to suspend dealings in the Units. In this event, valuation of the Net Asset Value will be suspended, and any affected redemption applications and payment of redemption proceeds will be deferred. The risk of decline in the Net Asset Value per Unit during the period up to the redemption of the Units is borne by the redeeming Unitholders.

Shariah Compliant Derivatives

Subject to the investment limits and restrictions set out in Appendix A and the prior written approval of the Shariah Compliance Adviser, the Sub-Fund may use Shariah compliant derivatives for hedging and/or liquidity management. In adverse situations, the Sub-Fund's use of Shariah compliant derivatives may be ineffective in hedging and/or liquidity management purposes and the Sub-Fund may suffer significant losses.

The use of Shariah compliant derivatives may expose the Sub-Fund to a higher degree of risk. Derivatives may give rise to leverage and the risk of loss may be greater than the amount invested in the derivative and may expose the Sub-Fund to significant losses.

Derivative contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on derivatives than on standard bonds or equities. Leveraged derivative positions can therefore increase the Sub-Fund's volatility.

The use of Shariah compliant derivatives may involve additional risks, for example, counterparty default risk (risk that the counterparty does not make timely profit/return or principal payments as contracted) or insolvency risk (risk that the counterparty may not have sufficient funds and files for bankruptcy), risk involved with effective management of derivative strategies (risk that the underlying investments in the derivatives-based investment strategy do not perform as expected), risk of mispricing or improper valuation of derivatives (operational risk that the derivative is not priced properly), risk of higher volatility, risk of illiquidity in the market for certain derivative strategies.

Shariah compliant derivatives are less common and may be subject to higher volatility and lower liquidity compared to their conventional counterparts.

Limited Operating History

Newly formed sub-funds of the Trust have little or no operating history upon which investors can evaluate the anticipated performance. Past investment performance should not be construed as an indication of the future results of an investment in the Sub-Fund. The investment programme of the Sub-Fund should be evaluated on the basis that there can be no assurance that the Manager's (and, where applicable, the Investment Adviser's) assessments of the short-term or long-term prospects of investments, will prove accurate or that the Sub-Fund will achieve its investment objective.

Global Financial Market Crisis and Governmental Intervention

Triggered by the financial crisis in 2008, global financial markets have undergone pervasive and fundamental disruptions and significant instability which has led to governmental intervention. Regulators in certain jurisdictions have implemented or proposed a number of emergency regulatory measures. Government and regulatory interventions have sometimes been unclear in scope and application, resulting in confusion and uncertainty which in themselves have been detrimental to the efficient functioning of financial markets. It is impossible to predict what additional interim or permanent governmental restrictions may be imposed on the markets and/or the effect of such restrictions on the Manager's ability to implement the Sub-Fund's investment objective.

Whether current undertakings by governing bodies of various jurisdictions or any future undertakings will help stabilise the financial markets is unknown. The Manager cannot predict with certainty how long the financial markets will continue to be affected by these events and cannot predict the effects of these – or similar events in the future – on the Sub-Fund, the global economy and the global securities markets. The Manager is monitoring the situation.

Financial Markets, Counterparties and Service Providers

The Sub-Fund may be exposed to finance sector companies which act as a service provider or as a counterparty for financial contracts. In times of extreme market volatility, such companies may be adversely affected, with a consequent adverse effect on the activities of the Sub-Fund.

Regulatory Risk

Regulators and self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The effect of any future regulatory action on the Trust could be substantial and adverse.

Risk of Indemnity

Under the Trust Deed, the Trustee and the Manager have the right to be indemnified for any liability or expense incurred by them in performing their respective duties except for any liability or obligation to the Unitholders imposed on the Trustee or the Manager under Hong Kong law or breaches of trust through fraud or negligence. Any reliance by the Trustee or the Manager on the right of indemnity would reduce the assets of the affected Sub-Fund or the Trust and the value of the Units.

Operating Cost

There is no assurance that the performance of the Sub-Fund will achieve its investment objective. The level of fees and expenses payable by the Sub-Fund will fluctuate in relation to the Net Asset Value. Although the amounts of certain ordinary expenses of the Sub-Fund can be estimated, the growth rate of the Sub-Fund, and hence its Net Asset Value, cannot be anticipated. Accordingly, no assurance can be given as to the performance of the Sub-Fund or the actual level of its expenses.

Other Risks with respect to the Sub-Fund

The Sub-Fund may be exposed to risks that are outside of its control – for example legal risks from investments in countries with unclear and changing laws or the lack of established or effective avenues for legal redress; the risk of terrorist actions; the risk that economic and diplomatic sanctions may be in place or imposed on certain states and military action may be commenced. The impact of such events is unclear, but could have a material effect on general economic conditions and market liquidity.

Risk of Withdrawal of SFC Authorisation

The Sub-Fund has been authorised as a collective investment scheme by the SFC pursuant to section 104 of the SFO. Authorisation by the SFC is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of a product or its performance. It does not mean the Sub-Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors. The SFC reserves the right to withdraw the authorisation of the Sub-Fund or impose such conditions as it considers appropriate. In addition, any authorisation granted by the SFC may be subject to certain waivers which may be withdrawn or varied by the SFC. If as a result of such withdrawal or variation of waivers it becomes illegal, impracticable or inadvisable to continue the Sub-Fund, it will be terminated.

Early Liquidation Risk

As may be determined by the Manager and the Trustee, the Sub-Fund may be liquidated under certain circumstances set out under “**Termination of the Trust**” in the Prospectus. In the event of the liquidation of the Sub-Fund, the Sub-Fund would have to distribute to Unitholders their pro rata interest in the assets of the Sub-Fund. It is possible that at the time of such sale or distribution, certain investments held by the Sub-Fund might be worth less than the initial cost of such investments, resulting in a loss to Unitholders.

Depository Receipts

Investment into a given country may be made via direct investments into that market or by depository receipts traded on other international exchanges in order to benefit from increased liquidity in a particular security and other advantages. A depository receipt admitted to the official listing on a stock exchange in an eligible state or traded on a regulated market may be deemed an eligible transferable security regardless of the eligibility of the market in which the security to which it relates normally trades.

Risk Associated with Small-Capitalisation / Mid-Capitalisation Companies

The stocks of small-capitalisation / mid-capitalisation companies may have lower liquidity and their prices are more volatile and susceptible to adverse economic developments than those of larger capitalisation companies in general.

Compulsory Redemption of Units

The Manager or the Trustee may require a Unitholder to transfer the Unitholder's Units or may redeem such Units in accordance with the Trust Deed if it shall come to the notice of the Manager or the Trustee that Units of any Class are owned directly, indirectly or beneficially by any person in contravention of any laws or requirements of any country, any governmental authority or any stock exchange on which such Units are listed or in circumstances which in their opinion might result in the Sub-Fund in relation to such Class of Units, the Trust, the Trustee and/or the Manager incurring any liability to taxation or suffering any other pecuniary disadvantage which the Sub-Fund, the Trust, the Trustee and/or the Manager might not otherwise have incurred or suffered or been subject to, the Manager or the Trustee (in consultation with the Manager) may, acting in good faith and in compliance with any applicable laws and regulations, give notice to such person requiring him to transfer such Units to a person who would not thereby be in contravention of any such restrictions as aforesaid or may give a request in writing for the redemption of such Units. If any person upon whom such a notice is served does not within thirty days after such notice transfer such Units as aforesaid or establish to the

satisfaction of the Manager (whose judgment shall be final and binding) that such Units are not held in contravention of any such restrictions he shall be deemed upon the expiration of thirty days to have given a request in writing for the redemption of all such Units.

Risk relating to Foreign Account Tax Compliance Act (“FATCA”)

Although the Manager will attempt to satisfy any obligations imposed on it and to avoid the imposition of any FATCA withholding, no assurance can be given that the Sub-Fund will be able to achieve this and/or satisfy such FATCA obligations. If the Sub-Fund becomes subject to a 30% FATCA penalty withholding on most types of income from US investments (further described under the sub-section headed “**FATCA**” in the section headed “**Taxation**”) as a result of the FATCA regime, the value of the Units held by Unitholders in the Sub-Fund may suffer material loss.

Reliance on the Investment Adviser Risk

With the delegation of all or part of its investment management functions of the Sub-Fund to the Investment Adviser, the Manager will rely on the Investment Adviser’s expertise and systems for the Sub-Fund’s investments. Any disruption in the communication with or assistance from the Investment Adviser or a loss of service of the Investment Adviser or any of its key personnel may adversely affect the operations of the Sub-Fund.

Investment Objective and Policy

General

Investors must read the “**Risk Considerations**” section in this Prospectus before investing in the Sub-Fund. There can be no assurance that the objective of the Sub-Fund will be achieved.

The Sub-Fund is a direct investment fund, and it is managed in accordance with the investment and financing restrictions specified under Appendix A.

The Manager may create new sub-funds of the Trust or issue further Unit Classes. Separate prospectuses or supplements will be prepared to refer to these new sub-funds of the Trust or Classes.

Subject to prior approval of the SFC, the Manager will provide you with prior written notification of not less than one month and update this Prospectus should it intend to have significant amendments in the Sub-Fund's investment policy and/or powers beyond the investment restrictions stated herein.

Investment Objective

The Sub-Fund seeks to maximise total return in a manner consistent with the principles of Shariah compliant investing (“**Shariah Compliant Investment Strategy**”) and environmental, social and governance (“**ESG**”) focused investing (“**ESG Investment Strategy**”).

Investment Policy

The Sub-Fund will seek to achieve its investment objective by investing at least 80% of its Net Asset Value directly through equities and equity-related securities (including Shariah compliant derivatives as set out in the sub-section “Other Investments” below) of, or giving exposure to, companies domiciled in or exercising the predominant part of their economic activity in developed markets. The Sub-Fund invests with no prescribed industry/sector or market capitalisation limits. In seeking to achieve its investment objective the Sub-Fund may also invest up to 20% of its Net Asset Value in cash and near-cash instruments when deemed appropriate.

The Sub-Fund's total assets will be invested in accordance with the Shariah compliant investment principles as interpreted and laid down by the Shariah Compliance Adviser and the ESG investment guidelines as described below. All the proposed investments for the Sub-Fund will first be assessed to confirm compliance with the Shariah compliant investment principles, after which such Shariah-compliant investments will be assessed against the ESG investment guidelines.

Shariah Compliant Investment Strategy

Business Activity Screening

Shariah investment principles do not allow investment in companies which are directly active in, or derive more than 5% of their revenue (cumulatively)¹ from such business activities (“**prohibited activities**”):

- Alcohol: distillers, vintners and producers of alcoholic beverages, including producers of beer and malt liquors, owners and operators of bars and pubs.
- Tobacco: cigarettes and other tobacco products manufacturers and retailers; this also includes manufacture and retail of cannabis or cannabis related products except those used for medical or pharmaceutical purpose.
- Pork-related Products: companies involved in the manufacture and retail of pork products.
- Conventional Financial Services: commercial banks involved in retail banking, corporate lending, investment banking; companies involved in mortgage and mortgage related services; providers of financial services, including insurance, capital markets and specialized finance; credit agencies; stock exchanges; specialty boutiques; consumer finance services, including personal credit, credit cards, lease financing, travel-related money services and pawn shops; financial institutions primarily engaged in investment management, related custody and securities fee-based services; companies operating mutual funds, closed-end funds and unit investment trusts; financial institutions primarily engaged in investment banking and brokerage services, including equity and debt underwriting, mergers and acquisitions; securities lending and advisory services institutions; and insurance and reinsurance brokerage firms, including companies providing property, casualty, life disability, indemnity or supplemental health insurance.
- Defense / Weapons: manufacturers of military aerospace and defense equipment, parts or products, including defense electronics and space equipment.
- Gambling / Casino: owners and operators of casinos and gaming facilities, including companies providing lottery and betting services.
- Music: producers and distributors of music, owners and operators of radio broadcasting systems.
- Hotels: owners and operators of hotels².

¹ Calculated as follows: (revenue from prohibited activities including interest income) / (total income defined as total earnings including sales and interest income). Interest income includes both operating and non-operating income.

² Excluding revenue from hotel premises operating in Saudi Arabia.

- Cinema: companies engaged in the production, distribution and screening of movies and television shows, owners and operators of television broadcasting systems and providers of cable or satellite television services.
- Adult Entertainment: owners and operators of adult entertainment products and activities; this also includes companies that offer online dating services through the ownership and operation of websites or mobile applications that facilitate profile-based matchmaking with the goal of developing romantic or sexual relationships while matrimonial services are not considered.

Financial Screening

Shariah investment principles do not allow investment in companies deriving significant income from interest or companies that have excessive leverage. The Manager (and, where applicable, the Investment Adviser) use three financial ratios to screen for such companies: 1) total debt over average market capitalisation³; 2) the sum of a company's cash and interest-bearing securities over average market capitalisation³; and 3) the sum of a company's accounts receivables and cash over average market capitalisation³. The first two ratios must not exceed 33.33% while the upper limit for the third ratio is 49%.

Income Purification

If the Sub-Fund derives part of its total income from (1) interest income and/or (2) income generated from prohibited activities, Shariah investment principles state that this proportion must be deducted from the assets of the Sub-Fund and donated to charitable organisations as approved by the Shariah Compliance Adviser. Please refer to the sub-section "**Income Purification**" below for details.

Islamic financial institutions⁴ will not be subject to the Business Activity Screening and the Financial Screening as described above.

Securities for which sufficient financial information is not available to determine the business activity information and financial ratios described above are considered non-compliant with the Shariah investment principles.

ESG Investment Strategy

The Sub-Fund will seek to deliver a weighted average ESG score higher than the ESG score of the MSCI World Islamic M-Series Index (the "**Index**", as a fair representation of the Sub-Fund's investment universe) after eliminating at least 20% of the lowest ESG rated securities from the Index, and a weighted average carbon emissions intensity score that is 20% lower than the Index. Such ESG score will be calculated as the total of each issuer's ESG score (where applicable), weighted by the market value of the securities issued by the relevant issuer in the Sub-Fund's portfolio or the Index (as the case may be), with reference to third party ESG score. The calculation with respect to both the Sub-Fund and the Index will exclude any issuer without ESG score and be rebased accordingly. Further details on the ESG score calculation methodology will be available at www.blackrock.com/hk. Please note that this website has not been reviewed by the SFC.

In order to achieve its investment objective and policy, the Sub-Fund will use quantitative (i.e. mathematical or statistical) models designed and built by the Manager (and, where applicable, the Investment Adviser) in order to achieve a systematic (i.e. rule based) approach to stock selection subject to the ESG policy described below.

The Sub-Fund's total assets will be invested in accordance with the ESG policy described below.

The Sub-Fund will apply exclusionary screens, which means that the Manager (and, where applicable, the Investment Adviser) will seek to limit and/or exclude direct investment (as applicable) in issuers which, in the opinion of the Manager (and, where applicable, the Investment Adviser), have exposure to, or ties with, certain sectors (in some cases subject to specific revenue thresholds) including but not limited to:

- (i) the production of controversial weapons;
- (ii) the distribution or production of firearms or small arms ammunition intended for retail civilians;
- (iii) the extraction of certain types of fossil fuel and/or the generation of power from them;

³ The average market capitalisation is calculated as the average of month-end market capitalisation of the last 36 months prior to the screening. For example, data from May 2011 to April 2014 will be used to determine average market capitalisation for the May 2014 screening. In the cases where there are fewer than 36 months of available data, the calculation includes the months where the data is available.

⁴ A company will be considered an Islamic financial institution if it meets all the following criteria: (i) the company has a GICS code of 4010 (Banks), or 4020 (Diversified Financials), or 4030 (Insurance); (ii) the company is a separate legal entity that is established only to deal in transactions that are Shariah-compliant; (iii) the company has an appointed Shariah supervisory board that provides oversight and sign-off on all of its activities, provides on-going guidance on all Shariah related matters and issues pronouncements/Fatwas with respect to the foregoing, where such pronouncements/Fatwas are legally binding on the company; and (iv) the above is documented in the company's formation documents and in the company's audited financial statements.

- (iv) the production of tobacco products or certain activities in relation to tobacco-related products; and
- (v) companies involved in severe controversies or who are deemed to have breached accepted global norms relating to their business practices and conduct, such as the United Nations Global Compact Principles which cover human rights, labour standards, the environment and anti-corruption.

The assessment of the level of involvement in each activity may be based on percentage of revenue, a defined total revenue threshold, or any connection to a restricted activity regardless of the amount of revenue received.

The quantitative models will then evaluate, select and allocate to equity securities of the remaining companies (i.e. those companies which have not yet been excluded from investment by the exclusionary screens) based on their ESG attributes and on forecasts of returns (including ESG return drivers), risk and transaction costs, subject to the investment constraints which optimise the portfolio by adjusting the weighting of the securities holding so that:

- (i) the weighted average ESG score and carbon emissions intensity score targets as described above are achieved; and
- (ii) the Sub-Fund invests at least 20% of its Net Asset Value in sustainable investments as defined by the Manager (and, where applicable, the Investment Adviser) having regard to comparable law and regulation (such as the European Union's Sustainable Finance Disclosure Regulation) ("**Sustainable Investments**") and which are assessed as doing no significant harm.

To undertake the above evaluation, the Manager (and, where applicable, the Investment Adviser) may use data provided by external ESG Providers, proprietary models and local intelligence and may undertake site visits.

The Sub-Fund may gain limited indirect exposure (which is expected to be up to 20% of the Sub-Fund's Net Asset Value) to securities for which the exclusionary screens described above may not be applicable, or to issuers with exposures that do not meet the criteria of the exclusionary screens through, including but not limited to, derivatives, cash and near cash instruments, shares or units of collective investment schemes and Sukuk issued by governments and agencies worldwide. These securities will nevertheless be Shariah-compliant. Where applicable, these investments would be subject to assessment on the associated ESG risks and opportunities.

Other Investments

Subject to the Sub-Fund's investment objective and strategy and the applicable investment restrictions as well as prior written approval of the Shariah Compliance Adviser, the Sub-Fund may utilise Shariah compliant derivatives⁵ for hedging and/or liquidity management purposes.

The Sub-Fund will not enter into any securities financing transactions. Prior approval from the SFC will be sought and at least one month's prior notice will be given to Unitholders in the event the Manager (and, where applicable, the Investment Adviser) intend to engage in such activities.

The Sub-Fund is denominated in USD.

In addition to the investment and financing powers and restrictions set out in Appendix A,

- any financing made in respect of the Sub-Fund shall be Shariah-compliant and not exceed a period of one month; and
- the Sub-Fund is not expected to invest more than 20% of its Net Asset Value in units or shares in other collective investment schemes.

Use of Shariah Compliant Derivatives / Investment in Shariah Compliant Derivatives

The Sub-Fund's net derivative exposure through the use of Shariah compliant derivatives may be up to 50% of the Sub-Fund's latest Net Asset Value.

Exclusionary screens

The Manager (and, where applicable, the Investment Adviser) will seek to limit and/or exclude direct investment (as applicable) in corporate issuers which, at the time of purchase, in the opinion of the Manager (and, where applicable, the Investment Adviser), have exposure to, or ties with, certain sectors (in some cases subject to specific revenue thresholds) including but not limited to:

- i. the production of controversial weapons;
- ii. the distribution or production of firearms or small arms ammunition intended for retail civilians;

⁵ "Shariah compliant derivatives" means derivatives whose underlying investments comply with the Shariah investment principles as interpreted and laid down by the Shariah Compliance Adviser as set out in the sub-section "Shariah Compliant Investment Strategy" above, namely futures on Shariah compliant equity indices.

- iii. the extraction of certain types of fossil fuel and/or the generation of power from them;
- iv. the production of tobacco products or certain activities in relation to tobacco-related products; and
- v. companies involved in severe controversies or who are deemed to have breached accepted global norms, relating to their business practices and conduct.

To undertake its analysis of ESG criteria, the Manager (and, where applicable, the Investment Adviser) may use data generated internally by the Manager, Investment Adviser and/or their affiliates or provided by one or more third party ESG Providers.

Should existing holdings, compliant at the time of investment subsequently become ineligible, they will be divested within a reasonable period of time.

An ESG Fund may gain limited exposure (through, including but not limited to, derivatives, cash and near cash instruments, shares or units of collective investment schemes and Sukuk issued by governments and agencies worldwide) to issuers with do not meet the ESG criteria described above. These securities will nevertheless be Shariah-compliant.

A full list of the limits and/or exclusions being applied by the Manager (and, where applicable, the Investment Adviser) at any time (including any specific threshold criteria) is available at www.blackrock.com/hk. Please note that this website has not been reviewed by the SFC.

It is the Manager's (and, where applicable, the Investment Adviser's) intention that the exclusionary screens will evolve over time as improved data and more research on this subject becomes available. The full list may be amended from time to time at the Manager's (and where applicable, the Investment Adviser's) discretion and (unless it alters the description in this section) may be implemented without notification to the Unitholders.

Further details on the Shariah Compliant Investment Strategy

Active Breach

An active breach occurs if the Sub-Fund invests in a company that had not been approved by the Shariah Compliance Adviser for investment because it did not satisfy the "prohibited activities" and "financial screening" above at the time of the Sub-Fund's investment. If an active breach occurs, the Manager shall inform the Shariah Compliance Adviser as soon as reasonably practicable upon becoming aware of the breach and the Manager shall work with the Shariah Compliance Adviser to implement any commercially reasonable recommendation of the SSB in respect of such active breach, and either to hold on to the Shariah non-compliant company for a period of time, seek to divest the Sub-Fund's holding in such Shariah non-compliant company, or follow any commercially reasonable recommendation of the SSB. The Manager must compensate the Sub-Fund for any loss that the Sub-Fund incurs as a direct result of any sale of the relevant Shariah non-compliant company following that breach.

Passive Breach

If a company (which was previously approved by the SSB) is ruled to have ceased to be Shariah-compliant in the opinion of the SSB, then the Manager or the SSB shall promptly notify the other party upon becoming aware of such breach. Such notification shall identify the company that has become non-compliant and the date thereof. The circumstances and procedure described above i.e. "Reclassification of Shariah status risk" in the section "**Risk Considerations**" shall be deemed to be a "passive breach" for the purposes of this Prospectus. No party shall have any liability to the Sub-Fund for a passive breach.

Income Purification

To remain Shariah compliant, the Sub-Fund may be required to purify its portfolio of amounts that are considered "impure" by Islamic investment standards. Such amounts, if any, are likely to result from interest income earned by the Sub-Fund on the cash portion of its portfolio or from dividend that comes from business activities prohibited under Shariah. The Manager will deduct at least annually from the Sub-Fund, amounts under principles established, determined, or evaluated by the Shariah Compliance Adviser that may have derived from activities not in accordance with the Shariah Compliant Investment Strategy. Any such amounts will be deducted only upon their actual determination and no accrual on the projected amount shall be made. Such moneys will be donated to charitable organisations as approved by the Shariah Compliance Adviser. The amounts purified in these ways and the charitable organisations to which such amounts are donated will be disclosed in the Sub-Fund's financial reports.

The Shariah Compliance Adviser will review the Sub-Fund's portfolio of securities at least quarterly or as otherwise determined to be necessary as a result of extraordinary events (e.g. delisting, bankruptcy, merger, take-over) to ensure continued compliance with the Shariah Compliant Investment Strategy.

Further details on the ESG Investment Strategy

Wherever consistent with the Sub-Fund's investment policy, the Manager (and, where applicable, the Investment Adviser)

will endeavour to take necessary and timely remedial measures (such as divestment) if investments deviate from the ESG Investment Strategy.

BlackRock has developed a set of criteria across all Sustainable Investments to assess whether an issuer or investment does significant harm to any environment or social sustainable investment objective. Investments considered to be causing significant harm do not qualify as Sustainable Investments. Further information can be found at www.blackrock.com/hk. Please note that this website has not been reviewed by the SFC.

Classes and Form of Units

Units offered in the Sub-Fund shall be divided into different Classes as follows: Class A, Class D and Class X, representing different charging structures. All Classes of Units shall be issued in registered form or global certificate form and no temporary documents of title or share certificates will be issued. Unless otherwise requested, all Units will be issued as registered Units. Unit Classes shall be sub-divided into Distributing Unit Classes with different dividend distribution structures and non-Distributing Unit Classes which do not pay any dividends. The Manager does not currently intend to offer any Distributing Unit Classes. In the event that the Manager decides to offer Distributing Unit Classes, subject to any applicable regulatory requirement, this Prospectus and the KFS of the Sub-Fund will be updated accordingly.

Non-Distributing Units of any class are referred to using the number 2 e.g. Class A2.

The following classes of non-Distributing Units will be offered by the Sub-Fund:

- (i) Class A2 non-Distributing Units are offered for subscription to all investors.
- (ii) Class D2 non-Distributing Units are, subject to the discretion of the Manager (taking into account local regulations), intended for providers of independent advisory services or discretionary investment management, or other distributors who: (i) provide investment services and activities; and (ii) have separate fee arrangements with their clients in relation to those services and activities provided; and (iii) do not receive any other fee, rebate or payment from the relevant Sub-Fund in relation to those services and activities.
- (iii) Classes X2 non-Distributing Units are not available to the Hong Kong public, and are reserved for subscription to investors who satisfy the eligibility and suitability requirements of institutional investors (as determined by the Manager's discretion). These Units are only available at the Manager's discretion.

General

Investors purchasing any Unit Class through a distributor will be subject to the distributor's normal account opening requirements. Title to Units is evidenced by entries in the Trust's Unit register. Unitholders will receive confirmation notes of their transactions. Registered certificates are not issued.

Classes of Units Currently Available to the Hong Kong Public

Classes of Units currently available to the Hong Kong public are:

Available Classes	Dealing Currencies (Unhedged)
A2	USD
D2	USD

Dividends

Non-Distributing Unit Classes

For Non-Distributing Unit Classes the current policy is to retain and reinvest all net income. In this regard the income is retained in the Net Asset Value and reflected in the Net Asset Value per Unit of the relevant Class. Non-Distributing Units of any class are referred to using the number 2, e.g. Class A2.

Classes of Units and Features

Classes of Units	Distribution Type	Distribution Frequency	Gross/Net Distribution
A2	Non-Distributing	—	—
D2	Non-Distributing	—	—
X2	Non-Distributing	—	—

Dealing in Units

Dealing

Orders for subscription, redemption and conversion of Units should be received by the Trustee before the relevant Dealing Deadline. Subscription orders shall be processed only upon the confirmation of the receipt of subscription settlement funds before the Dealing Deadline. Subscription, redemption and conversion of Units will normally be effected daily on the Dealing Day. The prices applied will be those calculated as at the close of the relevant markets of such Dealing Day. Any dealing orders received by the Trustee after the Dealing Deadline will be dealt with on the next Dealing Day. At the discretion of the Manager on behalf of the Trust, dealing orders transmitted by a paying agent, a correspondent bank or other entity aggregating deals on behalf of its underlying clients before the Dealing Deadline but only received by the Trustee after the Dealing Deadline but, before the close of the first relevant market, may be treated

as if they had been received before the Dealing Deadline. Further details and exceptions are described under the sections "**Application for Units**", "**Redemption of Units**" and "**Conversion of Units**". Once given, applications to subscribe and instructions to redeem or convert are irrevocable.

Orders placed through distributors rather than directly with the Trustee may be subject to different procedures which may delay receipt by the Trustee. Investors should consult their distributor before placing orders in the Sub-Fund.

Where Unitholders subscribe for or redeem Units having a specific value, the number of Units dealt in as a result of dividing the specific value by the applicable Net Asset Value per Unit is rounded to two decimal places. Such rounding may result in a benefit to the Sub-Fund or the Unitholder.

Subscription, redemption and conversion of Units may be suspended or deferred as described in the section "**Suspension of the Determination of Net Asset Value**". Redemption of Units is also subject to the Redemption Gate.

Dealing Deadlines and Dealing Days

On certain dates, the stock exchanges in certain jurisdictions will be closed to trading. If the Dealing Deadline and/or the Dealing Day occurs when the stock exchanges in the relevant jurisdictions are already closed to trading, the Sub-Fund will be unable to take appropriate actions in the underlying markets to reflect investments in or divestments out of Units made on that day until such stock exchanges re-open. Dealing Days for the Sub-Fund will be available on the Manager's website at www.blackrock.com/hk.

General

Confirmation notes and other documents sent by post, email or fax will be at the risk of the investor.

Minimum Dealing and Holding Sizes

The Trust may refuse to comply with redemption, conversion or transfer instructions if they are given in respect of part of a holding in Class A Units and Class D Units which has a value of less than, or if to do so would result in such a holding of less than, USD1,000 (or the approximate equivalent in the relevant Dealing Currency). There is no minimum holding requirement for Class X Units. These minima may be varied for any particular case or distributor or generally. Details of any variations to the current minima shown above are available from the local Investor Servicing team.

Prices of Units

Prices of Units pertaining to subscription, redemption and conversion are determined on the Dealing Day. Prices are quoted in the Dealing Currency(ies) of the Sub-Fund.

The latest available Net Asset Value per Unit of the Sub-Fund is available on the Manager's website at www.blackrock.com/hk on each Dealing Day or published in such publications as the Manager may decide from time to time. Historic dealing prices for all Units are available from the Manager upon request.

The first issue of Units of the Sub-Fund is made at the initial subscription price as follows:

	Class A2	Class D2
Dealing Currency	USD	USD
Initial subscription price	USD10 per Unit, excluding initial charge	USD10 per Unit, excluding initial charge
Minimum initial subscription amounts	USD5,000	USD5,000
Minimum subsequent subscription amounts	USD1,000	USD1,000

The Manager may, at its absolute discretion, modify or waive these minimum limits and investors will be notified accordingly. Investors may also need to satisfy any such minimum limits as imposed by distributors (if applicable).

After the first issue of Units, each Unit may be acquired at its Issue Price at the Valuation Point on the Valuation Day in relation to the relevant Dealing Day (subject to the pricing adjustment mechanism described below). The price will be subject to any relevant charges (see section "**Fees, Charges and Expenses**").

The Units may be redeemed at their Redemption Value at the Valuation Point on the Valuation Day in relation to the relevant Dealing Day (subject to the pricing adjustment mechanism described below). The price will be subject to any relevant charges (see section "**Fees, Charges and Expenses**").

The Net Asset Value per Unit is determined on each Dealing Day at the Valuation Point on the Valuation Day unless the determination of the Net Asset Value per Unit is suspended (see section "**Suspension of the Determination of**

Net Asset Value”).

Anti-Dilution Pricing Adjustment Mechanism

In order to reduce the effect of “dilution” on the Sub-Fund, the Manager will (in accordance with the Trust Deed), adjust the Net Asset Value of a Unit of any Class in determining the Issue Price and Redemption Value. Dilution occurs when the actual cost of purchasing or selling the underlying assets of the Sub-Fund, deviates from the carrying value of these assets in the Sub-Fund’s valuation due to dealing charges, taxes and any spread between the buying and selling prices of the underlying assets. Dilution may have an adverse effect on the value of the Sub-Fund and therefore impact the Unitholders. By adjusting the Net Asset Value per Unit, this effect can be reduced or prevented and Unitholders can be protected from the impact of dilution.

Under normal market conditions, the Manager expects that the anti-dilution pricing adjustment will not exceed 1.5% of the Net Asset Value per Unit on the relevant Dealing Day. However, the percentage may be higher in special circumstances, for example, when a tax or levy is imposed on a large portion of the assets of the Sub-Fund by a regulator or tax authority or where market spreads widen due to a financial crisis.

In determining the Issue Price (with the exception of Units of any Class which are issued during the initial offer period for such Class of Units) and Redemption Value of a Unit of any Class on each relevant Dealing Day, the Net Asset Value per Unit shall be increased by the aforesaid adjustment where the net subscription on the relevant Dealing Day exceeds a pre-determined threshold, or decreased by the aforesaid adjustment where the net redemption on the relevant Dealing Day exceeds a pre-determined threshold. Such pre-determined threshold will be determined and reviewed on a periodic basis by the Manager.

Application for Units

Applications to Subscribe

Applications for Units in respect of any Dealing Day must be made to the Trustee on the application form on or before the relevant Dealing Deadline. Certain distributors or the local Investor Servicing team may allow underlying investors to submit applications through them for onward transmission to the Trustee. For initial applications for Units by fax, applicants will be sent an application form that must be completed and returned by mail to the Trustee to confirm the application. Failure to provide the original application form will delay the completion of the transaction and consequently the ability to effect subsequent dealings in the Units concerned. Subsequent applications for Units may be made in writing or by fax. The Manager and the Trustee may in their discretion accept applications (including initial and subsequent applications) sent via other electronic means.

Applications for Units should be made for Units having a specified value and fractions of Units will be issued where appropriate.

The Manager reserves the right to reject any application for Units or to accept any application in part only. In addition, issues of Units may be deferred until the next Dealing Day or suspended, where the aggregate value of orders for all Unit Classes of the Sub-Fund exceeds a particular value (currently fixed by the Manager at 10% by approximate Net Asset Value of the Sub-Fund) and the Manager considers that to give effect to such orders on the relevant Dealing Day would adversely affect the interests of existing Unitholders. This may result in some Unitholders having subscription orders deferred on a particular Dealing Day, whilst others do not. Applications for Units so deferred will be dealt with in priority to later requests.

If an application for Units is not accepted or rejected by the Manager (in whole or in part only), subscription monies will normally be returned to the applicant within four Business Days without interest provided that all necessary information is available. Subscription monies will be returned to the applicant by cheque through the post or by telegraphic transfer to the bank account from which the monies originated at the risk and expense of the applicants or in such other manner as the Manager and/or the Trustee may from time to time determine.

Settlement

For all subscription of Units, settlement in cleared funds net of bank charges must be received by the Manager within three Business Days after the relevant Dealing Day unless otherwise specified in the contract note in cases where the standard settlement date is a public holiday for the currency of settlement. If timely settlement is not made (or a completed application form is not received for an initial subscription), the application may not be accepted, and relevant allotment of Units may be cancelled and an applicant may be required to compensate the relevant distributor and/or the Trust.

Payment instructions are summarised in Appendix C. Payments made by cash or cheque will not be accepted.

Settlement should normally be made in the Dealing Currency for the relevant Unit Class. An investor may, by prior arrangement with the Trustee and the Manager, provide the Trustee with any major freely convertible currency and the Trustee and the Manager, in its discretion, may arrange the necessary currency exchange transaction. Any such

currency exchange will be effected at the investor's risk and cost.

The Manager may, at its discretion and with the prior consent of the relevant Unitholders, accept subscriptions for Units in specie, or partly in cash and in specie, subject always to the minimum initial subscription amounts and the additional subscription amounts and the provisions in the Trust Deed, and provided further that the value of such subscription in specie (after deduction of any relevant charges and expenses) equals the subscription price of the Units. Such securities will be valued in accordance with the same valuation procedure in determining the Net Asset Value of the Sub-Fund on the relevant Dealing Day and, in accordance with applicable law.

Minimum Subscription

The minimum initial subscription amounts are as follows (or the approximate equivalents in the relevant Dealing Currency):-

Class A Units:

	Class A2 USD
Minimum initial subscription amounts	USD5,000

Class D Units:

	Class D2 USD
Minimum initial subscription amounts	USD5,000

Class X Units: USD25 million

The minimum subsequent subscription amount for each Class of Units is USD1,000 (or the approximate equivalents in the relevant Dealing Currency).

The Manager may, at its absolute discretion, modify or waive these minimum limits for any particular case or distributor or generally. Investors may also need to satisfy any such minimum limits as imposed by distributors (if applicable).

Compliance with Applicable Laws and Regulations

Investors who wish to subscribe for Units must provide the Trustee and/or the Manager and/or Custodian with all necessary information which they may reasonably require to verify the identity of the investor in accordance with applicable Hong Kong regulations on the prevention of money laundering and terrorist financing. Failure to do so may result in the Manager rejecting a subscription order.

Furthermore, as a result of any other applicable laws and regulations, including but not limited to, other relevant anti-money laundering legislation, tax laws and regulatory requirements, investors may be required, in certain circumstances, to provide additional documentation to confirm their identity or provide other relevant information pursuant to such laws and regulations, as may be required from time to time, even if an existing investor. Any information provided by investors will be used only for the purposes of compliance with these requirements and all documentation will be duly returned to the relevant investor. Until the Trustee and/or the Manager and/or the Custodian receives the requested documentation or additional information, there may be a delay in processing any subsequent redemption requests and the Manager reserves the right in all cases to withhold redemption proceeds until such a time as the required documentation or additional information is received.

Pursuant to the provisions of the Personal Data (Privacy) Ordinance ("PDPO", Chapter 486 of the Laws of Hong Kong), the Trustee, the Manager, the Custodian, or any of their respective delegates (each a "Data User") may collect, hold, use personal data of individual investors in the Sub-Fund only for the purposes for which such data was collected and shall comply with personal data protection principles and requirements as set out in the PDPO and all other applicable regulations and rules governing personal data use in Hong Kong from time to time. Accordingly, each Data User shall take all practicable steps to ensure that personal data collected, held and processed by them are protected against unauthorised or accidental access, processing, erasure or other use.

Redemption of Units

Applications to Redeem

Instructions for the redemption of Units in respect of any Dealing Day should normally be given by fax or in writing to the Trustee on or before the relevant Dealing Deadline (or via other electronic means as agreed by the Manager and the Trustee in their discretion). Certain distributors or the local Investor Servicing team may allow underlying investors to submit instructions for redemptions through them for onward transmission to the Trustee. They may also be given to the Trustee in writing, or by fax followed in each case by confirmation in writing sent by mail to the Trustee unless a coverall renunciation and fax indemnity including instructions to pay the redemption proceeds to a specified bank account has been agreed. Failure to provide written confirmations may delay settlement of the transaction. Written redemption requests (or written confirmations of such requests) must include the full name(s), account number and

address of the holders, the name of the Sub-Fund, the Class, the value or number of Units to be redeemed and full settlement instructions and must be signed by all holders. If a redemption order is made for a cash amount or for a number of Units to a higher value than that of the applicant's account then this order will be automatically treated as an order to redeem all of the Units on the applicant's account.

Settlement

Subject to suspension or deferral of redemptions as described in section "**Suspension of the Determination of Net Asset Value**", redemption payments will normally be despatched in the relevant Dealing Currency for that Unit Class on the third Business Day after the relevant Dealing Day, provided that the relevant documents (as described above and any applicable money laundering prevention information) have been received, and at most within one calendar month upon receipt the relevant documents, unless the market(s) in which a substantial portion of investments is made is subject to legal or regulatory requirements (such as foreign currency controls) thus rendering the payment of the redemption money within the aforesaid time period not practicable. In such case, the extended time frame for the payment of the redemption money shall reflect the additional time needed in light of the specific circumstances in the relevant market(s) and payment of the redemption money will be made to Unitholders as soon as practicable, and, under normal circumstances, within three Business Days after receipt of the relevant sum by the Trustee.

On written request to the Trustee and the Manager, payment may be made in such other currency as may be freely purchased by the Trustee with the relevant Dealing Currency and such currency exchange will be effected at the Unitholder's cost.

The Manager may, subject to the prior consent of a Unitholder and to the minimum dealing and holding amounts and the provisions in the Trust Deed, effect a payment of redemption proceeds in specie. Such redemption in specie will be valued on the relevant Dealing Day.

Suspension on Redemption

Redemptions shall be subject to suspension or deferral of redemptions as described in the section "**Suspension of the Determination of Net Asset Value**".

The Manager shall, subject to and in accordance with the terms of the Trust Deed, redeem Units in respect of redemption request of any Unitholder which it has received in respect of any Dealing Day before such a suspension.

Any Unitholder who submits a redemption request after a suspension has been declared and before termination of such suspension may withdraw any request for the redemption of Units of such class by notice in writing to the Manager (or via other electronic means as agreed by the Manager in its discretion). If no such notice withdrawing any such request has been received by the Manager before termination of such suspension, the Manager shall, subject to and in accordance with the terms of the Trust Deed, redeem Units in respect of which it has received applications for redemption as at the Dealing Day next following the termination of such suspension.

Compulsory Redemption

If it shall come to the notice of the Manager or the Trustee (who shall inform the Manager as soon as practicable thereafter) that Units of any Class are owned directly, indirectly or beneficially by any person in contravention of any laws or requirements of any country, any governmental authority or any stock exchange on which such Units are listed or in circumstances (whether directly or indirectly affecting such person and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Manager to be relevant) which in their opinion might result in the Sub-Fund in relation to such Class of Units, the Trust, the Trustee and/or the Manager incurring any liability to taxation or suffering any other pecuniary disadvantage which the Sub-Fund, the Trust, the Trustee and/or the Manager might not otherwise have incurred or suffered or have been subject to, the Manager or the Trustee (in consultation with the Manager) may, acting in good faith and in compliance with any applicable laws and regulations, give notice to such person requiring him to transfer such Units to a person who would not thereby be in contravention of any such restrictions as aforesaid or may give a request in writing for the redemption of such Units. If any person upon whom such a notice is served does not within thirty days after such notice transfer such Units as aforesaid or establish to the satisfaction of the Manager (whose judgment shall be final and binding) that such Units are not held in contravention of any such restrictions he shall be deemed upon the expiration of thirty days to have given a request in writing for the redemption of all such Units.

Limitation on Redemption

With a view to protecting the interests of all Unitholders the Manager shall be entitled with the approval of the Trustee to limit the total number of Units relating to the Sub-Fund which the Unitholders are entitled to redeem on any Dealing Day to 10% (or such higher percentage as the Manager may from time to time determine) of the total Net Asset Value of the Sub-Fund (the "**Redemption Gate**"), such limitation to be applied pro rata to all Unitholders of Units of the Sub-Fund who have validly requested redemption to be effected on such Dealing Day so that the proportion redeemed of each holding so requested to be redeemed is the same for all such Unitholders. Any Units which, by virtue of the powers conferred on the Manager are not redeemed, shall be redeemed (subject to any further application of this limitation) on the next succeeding Dealing Day pro rata to all Unitholders whose requested redemption to be effected on the previous

Dealing Day has been deferred pursuant to the preceding sentence in priority to subsequent redemption requests. If requests for redemption are carried forward as aforesaid, the Manager will, as soon as practicable, and under normal circumstances, before the next Dealing Day, give notice to the Unitholders of Units affected thereby that such Units have not been redeemed and that (subject as aforesaid) they shall be redeemed on the next succeeding Dealing Day.

Conversion of Units

Switching Between Sub-Funds and Unit Classes

Unitholders may request conversion from one Unit Class in the Sub-Fund to another Unit Class of the Sub-Fund or a different sub-fund of the Trust available for conversion or between Distributing and Non-Distributing Units of the same Class (where available) or between hedged and unhedged Units of the same Class (where available).

Unitholders should note that a conversion between Units held in different sub-funds of the Trust may give rise to an immediate taxable event.

As tax laws differ widely from country to country, investors should consult their tax advisers as to the tax implications of such a conversion in their individual circumstances.

Unitholders may request conversions of the whole or part of their holding provided that the Unitholder satisfies the conditions applicable to investment in the Unit Class being converted into (see "**Classes and Form of Units**" above). Such conditions include but are not limited to:

- satisfying any minimum investment requirement;
- demonstrating that they qualify as eligible investors for the purposes of investing in a particular Unit Class;
- the suitability of the charging structure of the Unit Class being converted into; and
- satisfying any conversion charges that may apply.

Provided that the Manager may, at its discretion, elect to waive any of these requirements where it deems such action reasonable and appropriate under the circumstances.

The conversion of Units will be calculated by dividing (a) the value of the number of Units to be converted, calculated by reference to the Net Asset Value per Unit (including any anti-dilution adjustment as described in the sub-section "**Anti-Dilution Pricing Adjustment Mechanism**" and currency conversion adjustment, but without such anti-dilution adjustment in the case of conversion between Unit Classes of the same Sub-Fund) by (b) the Net Asset Value per Unit (including any anti-dilution adjustment as described in the sub-section "**Anti-Dilution Pricing Adjustment Mechanism**" and currency conversion adjustment, but without such anti-dilution adjustment in the case of conversion between Unit Classes of the same Sub-Fund) of the new Class. This calculation will be adjusted where appropriate by the inclusion of a conversion charge. For holders of all Unit Classes, there is normally no conversion charge levied by the Manager. However, Excessive Trading charges may apply in some circumstances – see section "**Fees, Charges and Expenses**".

Conversion and investment into and out of certain Unit Classes is at the discretion of the Manager.

The Manager may, at its discretion, refuse conversions in order to ensure that the Units are not held by or on behalf of any person who does not meet the conditions applicable to investment in that Unit Class, or who would then hold the Units in circumstances which could give rise to a breach of law, or requirements of any country, government or regulatory authority on the part of that person or the Trust or give rise to adverse tax or other pecuniary consequences for the Trust, including a requirement to register under any securities or investment or similar laws or requirements of any country or authority.

Instructions to Convert

Instructions for the conversion of Units in respect of any Dealing Day should normally be given by instructing the Trustee in writing or by fax (in a format acceptable to the Trust) (or via other electronic means as agreed by the Manager and the Trustee in their discretion) on or before the Conversion Deadline, which is the earlier of: (a) the Dealing Deadline for redemptions from the existing Class out of which Units are to be converted and (b) the relevant dealing deadline for subscriptions in the new class of the Sub-Fund or a different sub-fund of the Trust being converted into (the "**New Class**"). Conversion instructions received by the Conversion Deadline in respect of a Dealing Day will be dealt with (a) on the relevant Dealing Day, if such Dealing Day is also a dealing day of the New Class, or (b) if the relevant Dealing Day is not a dealing day of the New Class, on the immediate next Dealing Day which is also a dealing day of the New Class. Conversion instructions received after Conversion Deadline will be dealt with on the following Dealing Day which is also a dealing day of the New Class. Certain distributors or the local Investor Servicing team may allow underlying investors to submit instructions for conversions through them for onward transmission to the Trustee. Instructions may also be given by fax or in writing to the Trustee. Written conversion requests (or written confirmations of such requests) must include the full name(s), account number and address of the holder(s), the name of the Sub-Fund, the Class and the value or number of Units to be converted and the sub-fund of the Trust to be converted into (and the choice of Dealing

Currency of the sub-fund of the Trust to be converted into where more than one is available).

Where the sub-funds to which a conversion relates have different Dealing Currencies, currency will be converted at the relevant rate of exchange on the Dealing Day on which the conversion is effected.

Transfer of Units

Unitholders holding Units of any Class through a distributor or other intermediary may request that their existing holdings be transferred to another distributor or intermediary.

Any transfer of Units is subject to the Manager's consent. The Registrar may charge a fee (for the benefit and use of the transfer) for the registration of the relevant transfer.

Fees, Charges and Expenses

Fees, Charges and Expenses Payable by the Sub-Fund

Management fees

The Trust will pay a management fee to the Manager for its management services at a rate up to 2% per annum based on the Net Asset Value of the Sub-Fund. The current level of management fee chargeable to each Class of Units is shown as follows:-

Class	Management fees (% of the Net Asset Value of the relevant Class)
Class A	1.00% per annum
Class D	0.50% per annum
Class X	N/A; holders of Class X Units are subject to a separate management fee payable to the Manager or its affiliate under the relevant investment management agreement between such holder and the Manager or its affiliate.

These fees accrue daily and are paid monthly.

Investment Adviser fee

All fees paid to the Investment Adviser (if any) will be borne by the Manager and paid out of the management fee.

Shariah Compliance Adviser fee

All fees paid to the Shariah Compliance Adviser (if any) will be borne by the Manager and paid out of the management fee. All fees and expenses of the SSB (if any) will be borne and paid by the Shariah Compliance Adviser.

Administration fee

The Trust will pay an administration fee to the Manager for its administration services at a rate up to 0.25% per annum based on the Net Asset Value of the Sub-Fund. The current level of administration fee chargeable to the Sub-Fund is shown in Appendix B. These fees accrue daily and are paid monthly.

The Manager sets the level of the administration fee at a rate which aims to ensure that the total expense ratio of the Sub-Fund remains competitive when compared across a broad market of similar investment products available to investors in the Sub-Fund, taking into account a number of criteria such as the market sector of the Sub-Fund and the Sub-Fund's performance relative to its peer group.

The administration fee is used by the Manager to meet all fixed and variable operating and administrative costs and expenses incurred by the Trust as well as registrar fee, with the exception of the management fee, plus any taxes thereon and any taxes at an investment or Trust level.

These operating and administrative expenses include all third party expenses and other recoverable costs incurred by or on behalf of the Trust from time to time, including but not limited to, Trustee's fees, Custodian's fees, fund accounting fees, transfer agency fees (including sub-transfer agency and associated platform dealing charges), all professional costs, such as consultancy, legal, tax advisory and audit fees, travel expenses, reasonable out-of-pocket expenses, printing, publication, translation and all other costs relating to Unitholder reporting, regulatory filing and licence fees, correspondent and other banking charges, software support and maintenance, operational costs and expenses attributed to the Investor Servicing teams and other global administration services provided by various BlackRock Group companies.

The Manager bears the risk of ensuring that the Sub-Fund's total expense ratio remains competitive. Accordingly the Manager is entitled to retain any amount of the administration fee paid to it which is in excess of the actual expenses incurred by the Trust during any period whereas any costs and expenses incurred by the Trust in any period which exceed the amount of administration fee that is paid to the Manager, shall be borne by the Manager or another BlackRock

Group company.

Trustee fee

The Manager will pay a trustee fee to the Trustee for its trust services out of the administration fee receivable by the Manager.

Custodian fee

The Manager will pay a custodian fee to the Custodian for its custody services out of the administration fee receivable by the Manager.

Registrar fee

The Manager will pay a registrar fee to the Registrar for maintaining the register out of the administration fee receivable by the Manager.

Transaction costs

The Trust will pay transactions costs which may include all stamp and other duties, taxes, governmental charges, brokerage commissions, exchange costs and commissions, bank charges, transfer fees and expenses, registration fees and expenses, transaction fees of the Trustee, and any other costs, charges or expenses payable in respect of the acquisition, holding and realisation of any investment.

Establishment expenses

The preliminary establishment expenses of the Trust and the Sub-Fund are covered by the Manager.

Fees, Charges and Expenses Payable by the Unitholders

Initial charge

On application for Units an initial charge, payable to the Manager (for its own absolute use and benefit), of up to 5% of the Issue Price of Units subscribed for may be added. The Manager is entitled, at its sole discretion and without recourse or cost to the Trust, to waive any initial charge, in whole or in part. The Manager may pay fees and charges to distributors out of the initial charge.

The current level of initial charge payable for the subscription of Units in respect of each Class is shown as follows:-

Class	Initial Charge (% of subscription price)
Class A	Up to 3.00%
Class D	Up to 3.00%
Class X	Nil

Conversion charge

Conversions of Units are normally free of charge, however selected distributors may impose a charge on each conversion of Units acquired through it, which will be deducted at the time of conversion and paid to the relevant distributor.

Redemption charge

In respect of redemptions of Units, a redemption charge, payable to the Manager (for its own absolute use and benefit), of up to 2% may be deducted from the Redemption Value of Units of the Sub-Fund. Currently no redemption charge is payable to the Manager (for its own absolute use and benefit) on redemption of Units.

The Manager is entitled, at its sole discretion and without recourse or cost to the Trust, to waive any redemption charge, in whole or in part at any time.

Excessive Trading or Excessive Conversion charges

In addition to the conversion charge (if any) and redemption charge (if any) as set out above, the Manager may, at its discretion, impose an Excessive Conversion or Excessive Trading charge of up to 2% of (i) the Net Asset Value of Units to be converted or (ii) the Redemption Value of Units on redemption, in the event of Excessive Conversion or Excessive Trading. This charge will be made for the benefit of the Sub-Fund, and affected Unitholders will be notified in their contract notes if such a fee has been charged.

Change in Fees

The current annual rate of fees, charges and expenses as set out above may be increased up to the specified permitted maximum level as set out in this Prospectus by giving not less than one month's prior notice to the affected Unitholders. Any increase of any fees above the specified permitted maximum level as set out in this Prospectus would require prior approval of the SFC, and not less than one month's prior notice to the affected Unitholders.

General

Over time, the different charging structures summarised above may result in different Unit Classes of the Sub-Fund,

which were bought at the same time, producing different investment returns. In this context investors may also wish to consider the services provided by their distributor in relation to their Units.

No commission to sales agent arising out of any dealing in Units of the Sub-Fund and expenses arising out of any advertising or promotional activities in connection with the Sub-Fund will be paid from the Sub-Fund's properties.

Liquidity Risk Management

Liquidity risk is the risk that a particular position cannot be easily unwound or offset due to insufficient market depth or market disruption; or that the Sub-Fund's financial obligations (such as investor redemptions) cannot be met. An inability to sell a particular investment or portion of the Sub-Fund's assets may have a negative impact to the value of the Sub-Fund and to the Sub-Fund's ability to meet its investment objectives. Additionally, an inability to sell Sub-Fund assets may have negative implications for investors being able to redeem in a timely fashion, and also to investors who remain invested in the Sub-Fund.

The Manager has established a Liquidity Risk Management Policy which enables it to identify, monitor and manage the liquidity risks of the Sub-Fund. Such policy, combined with the liquidity management tools available, seeks to achieve fair treatment of Unitholders and safeguard the interests of remaining Unitholders against the redemption behaviour of other investors and mitigate against systemic risk.

The Manager's Liquidity Risk Management Policy is appropriate for the Sub-Fund's specific characteristics and takes into account the Sub-Fund's liquidity terms, asset class liquidity, liquidity tools and regulatory requirements.

Tools to manage liquidity risk

Under the Liquidity Risk Management Policy, tools available to manage liquidity risk include the following:

- The Manager may adjust the Net Asset Value of a Unit of any Class in determining the Issue Price and Redemption Value.
- The Sub-Fund may obtain financing for up to 10% of its latest available Net Asset Value.
- The Manager shall be entitled with the approval of the Trustee to limit the total number of Units relating to the Sub-Fund which the Unitholders are entitled to redeem on any Dealing Day to 10% of the total Net Asset Value of the Sub-Fund.
- The Manager may, in consultation with the Trustee, adjust the value of any property of the Sub-Fund or permit some other method of valuation to be used, if it determines that such adjustment is required to reflect more fairly the value thereof and where the interests of the Unitholders or the Sub-Fund so justify.
- The Management Company may suspend the determination of the Net Asset Value of any Class of the Sub-Fund in certain circumstances.

Liquidity risk management policy and framework

The Manager relies on the independent risk management team to implement the Liquidity Risk Management Policy. The risk management team uses a liquidity risk management framework to monitor and manage liquidity risk of the Sub-Fund. Under this framework the Manager and risk management team consider liquidity of holdings; market liquidity and cost to transact in various market conditions; and ability to meet redemptions and respond to outsized flows. Portfolio liquidity and redemption risk are regularly assessed using different qualitative and quantitative indicators. Key metrics that may be used to measure and monitor liquidity risk include liquidity tiers, projected fund flows and redemption forecasting models. The need for and availability of potential backup liquidity sources are evaluated and operational feasibility of processes to execute extraordinary measures to meet redemptions is considered. Any significantly adverse results are reported to senior management of the Manager.

This framework enables the risk management team to assess, review and decide, in conjunction with the Manager, any necessary course of action at short notice to deal with large redemptions or structurally stressed market conditions, via employing one or more of the tools outlined above. Investors should note that there is a risk that the tools may be ineffective to manage liquidity and redemption risk.

Taxation

The following summary of Hong Kong taxation is of a general nature, for information purposes only, and is not intended to be an exhaustive list of all of the tax considerations that may be relevant to a decision to purchase, own, redeem, convert or otherwise dispose of Units. This summary does not constitute legal or tax advice and does not purport to deal with the tax consequences applicable to all categories of investors. Prospective investors should consult their own professional advisers as to the implications of their subscribing for, purchasing, holding, redeeming or disposing of Units both under the laws and practice of Hong Kong and their respective jurisdictions. The information below is based on the law and practice in force in Hong Kong at the date of this Prospectus. The relevant laws, rules and practice relating to tax are subject to change and amendment (and such changes may be made on a retrospective basis). As such, there

can be no guarantee that the summary provided below will continue to be applicable after the date of this Prospectus.

Hong Kong

The Sub-Fund

Profits Tax

As the Sub-Fund has been authorised as a collective investment scheme by the SFC pursuant to section 104 of the SFO, profits of the Sub-Fund arising from the sale or disposal of securities, net investment income received by or accruing to the Sub-Fund and other profits of the Sub-Fund in respect of such specified investment scheme are exempt from Hong Kong profits tax under section 26A(1A)(a) of the Inland Revenue Ordinance.

Other Taxes

Notwithstanding that profits or income of the Sub-Fund are exempt from Hong Kong profits tax, the Sub-Fund may be subject to tax in certain jurisdictions where investments are made on income or capital gains derived from such investments.

Stamp Duty

No Hong Kong stamp duty is payable by the Sub-Fund on an issue or redemption of Units.

The sale and purchase of Hong Kong stocks by the Sub-Fund will be subject to stamp duty in Hong Kong at the current rate of 0.10% of the stated consideration or the fair market value, whichever is higher, of the shares being sold and purchased respectively (i.e. 0.20% in total). The Sub-Fund will be liable to one half of such Hong Kong stamp duty.

The Unitholders

Profits Tax

Hong Kong profits tax will not be payable by the Unitholder (other than Unitholders carrying on a trade, profession or business of investing in securities in Hong Kong) on any gains or profits made on the sale, redemption or other disposal of the Units and on any distributions made by the Sub-Fund. In accordance with the practice of the Inland Revenue Department of Hong Kong (as at the date of this Prospectus) tax should not be payable in Hong Kong in respect of dividends payable to Unitholders.

Stamp Duty

No stamp duty is payable by an investor in respect of an issue of Units. However, the sale and purchase of Units between investors will be subject to stamp duty at the current rate of total 0.20% of the stated consideration or the fair market value, whichever is higher, of the Units being sold or purchased with half of such stamp duty to be payable by the buyer or seller of the Units, respectively. On redemption or transfer of Units, no Hong Kong stamp duty should be payable if it is effected by cancellation of the Units.

Other Jurisdictional Taxes

Dividends and interest (if any) as well as profit from Sukuk received by the Sub-Fund on its investments may be subject to other taxes, including withholding taxes in the countries of origin which are generally irrecoverable.

FATCA

(a) General information

The Foreign Account Tax Compliance Act ("**FATCA**") is a US tax law enacted in March 2010 with the withholding requirements for new accounts which became effective on 1 July 2014. FATCA attempts to minimise tax avoidance by US persons investing in foreign assets both through their own accounts and through their investments in foreign entities. Unless an intergovernmental agreement (an "**IGA**") is in place, FATCA requires foreign financial institutions ("**FFIs**") to provide information to the US tax authority, the Internal Revenue Service (the "**IRS**"), regarding their US account holders including substantial US owners of certain non-financial foreign entities ("**NFFEs**"). FFIs who fail to commit to meeting certain due diligence, withholding and reporting requirements and certain NFFEs who fail to provide required information on their substantial US owners will be subject to 30% FATCA withholding on most types of income from US investments (as further described below).

Payments of U.S. source fixed, determinable, annual, or periodic income ("**FDAP**"), such as dividends and interest (if any) as well as profit from Sukuk, are subject to withholding beginning on 1 July 2014 when paid to non-participating FFIs ("**NPFFIs**"), non-compliant NFFEs, recalcitrant account holders at participating FFIs ("**PFFIs**"), and electing PFFIs. Payments made in the ordinary course of business for non-financial services are excluded from withholding.

U.S. tax law has detailed rules for determining the source of income. Different rules apply for each type of income. Interest (if any) as well as profit from Sukuk and dividends, two of the most important types of income for investors, are generally sourced by reference to the residence of the obligor. Specifically, dividends are generally treated as U.S. source income when paid by a U.S. corporation with respect to its stock, and interest (if any) as well as profit from Sukuk is generally treated as U.S. source income when paid by a U.S. borrower

of money.

If an IGA is in place between the US and the country where the FFI is domiciled, then the terms of the IGA replace FATCA, meaning that all FFIs in the IGA country will generally be able to apply simpler, less burdensome due diligence and tax information sharing requirements, with generally no FATCA tax withholding. On 13 November 2014, the US and Hong Kong executed an US-Hong Kong IGA.

(b) *FATCA registration status*

The Manager will cause the Trust and/or the Sub-Fund to register as "Sponsored FFIs" within the time prescribed by FATCA in conjunction with the BlackRock Group overall registration process. The Manager has been registered as a Sponsoring FFI for the Trust and/or the Sub-Fund and has obtained its global intermediary identification number.

(c) *Impact to the Sub-Fund and Unitholders*

In the event that the Sub-Fund holds US securities and is not FATCA compliant, the Sub-Fund may become subject to a 30% FATCA withholding as a result of the FATCA regime, and the value of the Units held by Unitholders in the Sub-Fund may suffer material losses.

The Manager does not support US tax evasion or any request to help investors avoid detection under FATCA. The Manager is not able to provide tax advice and cannot determine the impact or compliance obligations of FATCA or an applicable IGA for investors' business activities. The Manager strongly encourages Unitholders to seek the advice of an experienced tax adviser to determine what actions Unitholders may need to take.

Automatic Exchange of Financial Account Information

The Inland Revenue (Amendment) (No.3) Ordinance (the "**Ordinance**") came into force on 30 June 2016. This is the legislative framework for the implementation in Hong Kong of the Standard for Automatic Exchange of Financial Account Information ("**AEOI**"). The AEOI requires financial institutions ("**FIs**") in Hong Kong to collect certain required information relating to non-Hong Kong tax residents holding financial accounts with the FIs, and report such information to the Hong Kong Inland Revenue Department ("**IRD**") for the purpose of AEOI exchange. Generally, the information will be reported and automatically exchanged in respect of account holders that are tax residents in an AEOI partner jurisdiction(s) with which Hong Kong has a Competent Authority Agreement ("**CAA**") in force; however, the Trust and/or its agents may further collect information relating to residents of other jurisdictions.

The Trust and the Sub-Fund are required to comply with the requirements of the Ordinance as implemented by Hong Kong, which means that the Trust, the Sub-Fund and/or its agents shall collect and provide to the IRD the required information relating to Unitholders and prospective investors.

The Ordinance as implemented by Hong Kong requires the Trust to, amongst other things: (i) register the Trust's status as a "Reporting Financial Institution" with the IRD (where the Trust maintains "Reportable Accounts"); (ii) conduct due diligence on its accounts (i.e., Unitholders) to identify whether any such accounts are considered "Reportable Accounts" under the Ordinance; and (iii) report to the IRD the required information on such Reportable Accounts. The IRD is expected on an annual basis to transmit the required information reported to it to the government authorities of the jurisdictions with which Hong Kong has a CAA in force. Broadly, AEOI contemplates that Hong Kong FIs should report on: (i) individuals or entities that are tax residents in a jurisdiction with which Hong Kong has a CAA in force; and (ii) certain entities controlled by individuals who are tax residents in such jurisdictions. Under the Ordinance, details of Unitholders, including but not limited to their name, place of birth, address, tax residence, tax identification number (if any), account number, account balance/value, and income or sale or redemption proceeds, may be reported to the IRD and subsequently exchanged with government authorities in the relevant jurisdictions.

By investing in the Trust and the Sub-Fund and/or continuing to invest in the Trust and the Sub-Fund, Unitholders acknowledge that they may be required to provide additional information to the Trust, the Sub-Fund, the Manager and/or agents of the Trust and the Sub-Fund in order for the Trust and the Sub-Fund to comply with the Ordinance. The Unitholder's information (and information controlling persons including on beneficial owners, beneficiaries, direct or indirect shareholders or other persons associated with such Unitholders that are passive non-financial entities), may be transmitted by the IRD to authorities in other jurisdictions.

Each Unitholder and prospective investor should consult its own professional advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Trust and the Sub-Fund.

Certification for Compliance with FATCA or Other Applicable Laws

Each investor (i) shall be required to, upon demand by the Trustee or the Manager, provide any form, certification or other information reasonably requested by and acceptable to the Trustee or the Manager that is necessary for the Trust or the Sub-Fund (A) to prevent withholding (including, without limitation, any withholding taxes required under FATCA) or qualify for a reduced rate of withholding or backup withholding in any jurisdiction from or through which the Trust or

the Sub-Fund receives payments and/or (B) to satisfy reporting or other obligations under the IRS Code and the United States Treasury Regulations promulgated under the IRS Code, or to satisfy any obligations relating to any applicable law, regulation or any agreement with any tax or fiscal authority in any jurisdiction, (ii) will update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer accurate, and (iii) will otherwise comply with any reporting obligations imposed by the United States, Hong Kong or any other jurisdiction (including any law, rule and requirement relating to AEOI) and reporting obligations that may be imposed by future legislation.

Power to Disclose Information to Authorities

Subject to applicable laws and regulations in Hong Kong, the Manager, the Trustee or any of their authorised person (as permissible under applicable law or regulation) may be required to report or disclose to any government agency, regulatory authority or tax or fiscal authority in any jurisdictions (including but not limited to the IRS and the IRD), certain information in relation to a Unitholder, including but not limited to the Unitholder's name, address, jurisdiction of birth, tax residence, tax identification number (if any), social security number (if any) and certain information relating to the Unitholder's holdings, account balance/value, and income or sale or redemption proceeds, to enable the Sub-Fund to comply with any applicable law or regulation or any agreement with a tax authority (including, but not limited to, any law, rule, requirement, regulation or agreement relating to AEOI and FATCA).

Meetings, Financial Reports and Documents

Meetings

General meetings of Unitholders will be held at such times and places as are indicated in the notices of such meetings. Notices are sent to registered Unitholders and (when legally required) published in such newspapers as decided by the Manager.

Financial Reports

Financial periods of the Trust end on 30 September each year. The first financial period of the Sub-Fund will end on 30 September 2025. The audited annual report of the Trust (to be prepared according to International Financial Reporting Standards) and of the Sub-Fund in respect of the preceding financial period is available within four months of the relevant year-end. An unaudited interim report is available within two months of the end of March of the relevant year. The first unaudited interim report of the Sub-Fund will be for the period ending on 31 March 2025.

The annual reports and unaudited interim report will be published in English only and will be available from the Manager's website at www.blackrock.com/hk within the above stated period. Hard copies of these financial reports may also be obtained from the Manager at the registered office of the Trust and from the local Investor Servicing teams free of charge.

Unitholders will be given at least one month's prior notice of any change to the mode of delivery of these financial reports.

Documents

Copies in English of the Trust Deed and material contracts entered into between the Manager and/or the Trustee (with respect to the Trust) and its relevant distributors (as varied or substituted from time to time) are available for inspection free of charge during usual business hours on any weekday (Saturdays and Public Holidays excepted) at the Manager's office of 16th Floor Champion Tower, 3 Garden Road, Central, Hong Kong. English and Chinese copies of the Prospectus are available, without charge, from the Manager. In addition, copies of the Prospectus, in English and Chinese, notices to Unitholders, annual reports and unaudited interim reports of the Trust and the latest available Net Asset Value of the Sub-Fund will be available on the Manager's website (www.blackrock.com/hk). Please note that this website has not been reviewed by the SFC.

Termination of the Trust

1. The Trust may be terminated by the Trustee if any of the following events shall occur, namely:-
 - (a) the Manager shall go into liquidation (except a voluntary liquidation for the purpose of reconstruction or amalgamation upon terms previously approved in writing by the Trustee) or a receiver shall be appointed over any of its assets and shall not be discharged within 60 days; or
 - (b) the Trustee shall form the opinion for good and sufficient reason and shall so state in writing to the Manager that the Manager is incapable of performing its duties under the Trust Deed satisfactorily; or
 - (c) the Manager shall do any other thing which in the opinion of the Trustee is calculated to bring the Trust into disrepute or to be harmful to the interests of the Unitholders; or
 - (d) any law shall be passed or amended or regulatory directive or order is imposed which renders it illegal

or in the opinion of the Trustee impracticable or inadvisable to continue the Trust; or

- (e) either the Trustee shall be unable to find a person acceptable to the Trustee to act as the new Manager within 30 days after the removal of the Manager for the time being pursuant to the Trust Deed or the person nominated by the Trustee shall fail to be approved by an extraordinary resolution of Unitholders; or
- (f) the Trustee shall have decided to retire but within 30 days of the Trustee giving notice to the Manager of its desire to retire the Manager shall be unable to find a suitable person who is willing to act as trustee.

2. The Trust (or in the case of (c), the Sub-Fund) may be terminated by the Manager in its absolute discretion by notice in writing to the Trustee:-

- (a) on 30 September or any other date falling after a period of three years from the date of the Trust Deed if on such date the aggregate Net Asset Value of all the Units in each sub-fund of the Trust outstanding shall be less than one hundred and fifty million Hong Kong Dollars (HK\$150,000,000); or
- (b) if any law shall be passed or amended or regulatory directive or order is imposed which renders it illegal or in the opinion of the Manager impracticable or inadvisable to continue the Trust; or
- (c) if any law or regulation shall be passed or amended or any regulatory directive or order is imposed that affects the Sub-Fund and which renders the Sub-Fund illegal or in the good faith opinion of the Manager makes it impracticable or inadvisable to continue the Sub-Fund; or
- (d) if within a reasonable time and using commercially reasonable endeavours, the Manager shall be unable to find a person acceptable to the Manager to act as the new Trustee after deciding to remove the Trustee for the time being pursuant to the Trust Deed.

3. The Manager may, in its absolute discretion, by notice in writing to the Trustee:-

- (a) in respect of any sub-fund of the Trust created prior to 26 April 2019, terminate such sub-fund on any date falling after a period of three years from the date of its creation; or
- (b) in respect of any sub-fund of the Trust created on or after 26 April 2019 (i.e. the case of the Sub-Fund), terminate such sub-fund on any date falling after a period of one year from the date of its creation,

if on such date the Net Asset Value of such sub-fund shall be less than one hundred and fifty million Hong Kong Dollars (HK\$150,000,000).

4. The Manager may, in its absolute discretion, by notice in writing to the Trustee, terminate the Sub-Fund if the position of the Shariah Compliance Adviser has been vacant for more than one month.

5. Notice of termination of the Sub-Fund will be given to Unitholders after the SFC has approved release of the notice. Not less than three months' prior notice will be given to Unitholders in respect of termination of the Sub-Fund. The notice will contain the reasons for the termination, the consequences to Unitholders of terminating the Sub-Fund and the alternatives available to them, and any other information required by the SFC.

6. Any unclaimed proceeds or other monies held by the Trustee upon termination of the Trust or the Sub-Fund, as the case may be, may at the expiration of twelve months from the date upon which the same became payable be paid into court subject to the right of the Trustee to deduct therefrom any expenses it may incur in making such payment.

Valuation Rules

The Net Asset Value of the Units and the Sub-Fund shall be calculated by valuing the relevant assets and deducting the liabilities in accordance with the Trust Deed. The Trust Deed provides (inter alia) that:

1. Except when the determination of the Net Asset Value per Unit of the relevant Class or Classes of the Sub-Fund has been suspended, the Manager or the Trustee (as they may decide between themselves) shall determine the Net Asset Value per Unit of such Class or Classes of the Sub-Fund as at the close of business in the last relevant market in which the Sub-Fund's investments are traded to close or such other time on each Business Day as the Manager with the approval of the Trustee may from time to time determine either generally or

in respect of a particular Class of Units.

2. The Net Asset Value of the Sub-Fund shall be calculated by valuing the assets of the Sub-Fund and deducting the liabilities of the Sub-Fund in accordance with the key terms of the Trust Deed which is summarised below.
3. The Net Asset Value per Unit of a Class as at a Dealing Day shall be the Net Asset Value of the Sub-Fund calculated as at that Dealing Day before the deduction of any liabilities or the addition of any assets attributable specifically to the Class in question; such amount shall be apportioned between each Class of Units relating to the Sub-Fund by reference to by the Sub-Fund's size represented by all Units of each Class relating to the Sub-Fund in issue; the liabilities and assets specifically attributable to the Class of Units in question shall be deducted from or added to such apportioned amount; and the resulting sum shall be divided by the number of Units of the relevant Class in issue as at the Valuation Point on the relevant Dealing Day.

How value of assets in Sub-Fund shall be calculated

4. The Value of the assets comprised in the Sub-Fund shall be calculated on the following basis:-

- (a) in case the Sub-Fund of the Trust is a fund of funds, securities that are quoted, listed, traded or dealt in on any market (other than interest in listed mutual fund corporation or unit trust) shall unless the Manager (in consultation with the Trustee) determines that some other method is more appropriate, be valued by reference to the price appearing to the Manager to be the official closing price, or if unavailable, the last traded price on the market as the Manager may consider in the circumstances to provide fair criterion; or

in case the Sub-Fund is not a fund of funds, securities that are quoted, listed, traded or dealt in on any market shall unless the Manager (in consultation with the Trustee) determines that some other method is more appropriate, be valued by reference to the price appearing to the Manager to be the official closing price, or if unavailable, the last traded price on the market as the Manager may consider in the circumstances to provide fair criterion,

provided that:

- (i) if a security is quoted or listed on more than one market, the Manager shall adopt the price quoted on the market which in its opinion provides the principal market for such security;
 - (ii) if prices on that market are not available at the relevant time, the value of the securities shall be certified by such firm or institution making a market in such investment as may be appointed for such purpose by the Manager or, if the Trustee so requires, by the Manager after consultation with the Trustee;
 - (iii) profit/return accrued on any fixed income securities shall be taken into account, unless such profit/return is included in the quoted or listed price; and
 - (iv) the Manager and the Trustee shall be entitled to use and rely on electronic price feeds from such source or sources as they may from time to time determine, notwithstanding that the prices so used are not the official closing prices or last traded prices as the case may be;
- (b) except as provided for in paragraph (d), the value of any investment which is not listed or quoted shall be the initial value thereof equal to the amount expended on behalf of the Sub-Fund in the acquisition of such investment (including, in each case the amount of stamp duties, commissions and other acquisition expenses) provided that the Manager may with the approval of the Trustee and shall at the request of the Trustee cause a revaluation to be made by a professional person approved by the Trustee as qualified to value such investments (which may, if the Trustee agrees, be the Manager);
 - (c) the value of any futures contract shall be calculated based on the formulae set out in the Trust Deed;
 - (d) in case the Sub-Fund is a fund of funds, the value of each interest in any unlisted mutual fund corporation or unit trust shall be the latest available net asset value per share or unit in such mutual fund corporation or unit trust in respect of the relevant Valuation Day or if not available or appropriate, the average of the latest available bid and offer prices for the share or unit, unless the Manager considers the latest available bid price is more appropriate; or

in case the Sub-Fund is **not** a fund of funds, the value of each interest in any unlisted mutual fund corporation or unit trust shall be the latest available net asset value per share or unit in such mutual fund corporation or unit trust or if not available or appropriate, the average of the latest available bid

and offer prices for the share or unit, unless the Manager considers the latest available bid price is more appropriate;

- (e) in case the Sub-Fund is a fund of funds, the value of each interest in any listed mutual fund corporation or unit trust shall be the official closing price per share/unit (or if unavailable, the last traded price per share/unit on the market), or the latest available net asset value per share/unit as at the relevant Valuation Point as the Manager may consider in the circumstances to provide fair criterion;
 - (f) cash, deposits and similar property shall be valued at their face value (together with accrued profit/return) unless, in the opinion of the Manager, any adjustment should be made to reflect the value thereof; and
 - (g) notwithstanding the above, the Manager may, in consultation with the Trustee, adjust the value of any security, commodity, futures contract or other property or permit some other method of valuation to be used if, having regard to currency, applicable rate of profit/return, maturity, marketability or any other considerations it considers relevant, it determines that such adjustment is required to reflect more fairly the value thereof and where the interests of the Unitholders or the Sub-Fund so justify. Any such adjustment shall be made with due skill, care and diligence and in good faith and will be applied consistently to all Classes of Units of the Sub-Fund, to the extent where it is applicable.
5. The Manager will perform any currency conversion at prevailing rates it determines appropriate.
6. The liabilities of the Sub-Fund shall be all liabilities of whatsoever nature attributable to the Sub-Fund and shall include (without limitation):-
- (a) an amount in respect of the management fee in respect of the Sub-Fund accrued to the date as at which the valuation is made but remaining unpaid;
 - (b) the amount of tax (if any) accrued up to the end of the last accounting period remaining unpaid;
 - (c) any other costs or expenses payable but not paid which are expressly authorised by the terms of the Trust Deed to be payable out of the Sub-Fund;
 - (d) an appropriate allowance for any contingent liabilities;
 - (e) the aggregate amount for the time being outstanding on any financing effected pursuant to the Trust Deed and the amount of any profit/return and expenses incurred in relation thereto remaining unpaid; and
 - (f) an amount equal to the value of any futures contract which is a negative amount.
7. Liabilities shall (where appropriate) be treated as accruing from day to day.
8. Where a third party is engaged in the valuation of the assets of the Sub-Fund, the Manager shall exercise reasonable care, skill and diligence in the selection, appointment and ongoing monitoring of such third party in ensuring such entity possesses the appropriate level of knowledge, experience and resources that commensurate with the valuation policies and procedures for the Sub-Fund. The valuation activities of such third party should be subject to ongoing supervision and periodic review by the Manager.

The above summary contains the key terms of how the various assets of the Sub-Fund are valued. Investors are encouraged to review the specific provisions of the Trust Deed in relation to valuation of assets.

Suspension of the Determination of Net Asset Value

The Manager may suspend the determination of the Net Asset Value, and thus suspend the issue or conversion of Units and/or the right of each Unitholder to require redemption of Units on any Dealing Day and/or delay payment of any redemption proceeds of the Units of any Class or Classes of the Sub-Fund in accordance with the Trust Deed. The Trust Deed provides, inter alia, that:

- 1. The Manager may, after consultation with the Trustee, having regard to the best interests of Unitholders, declare a suspension of the determination of the Net Asset Value, and thus suspend the issue or conversion of Units and/or the right of each Unitholder to require redemption of Units on any Dealing Day and/or delay payment of any redemption proceeds of the Units of any Class or Classes of the Sub-Fund for the whole or any part of any

period during which:-

- (a) there is a closure of or the restriction or suspension of trading on any market on which a substantial part of the securities of the Sub-Fund is normally traded or a breakdown in any of the means normally employed by the Manager or the Trustee (as the case may be) in ascertaining the prices of securities or determining the Net Asset Value of the Sub-Fund or the Net Asset Value per Unit of the relevant Class; or
 - (b) any period when clearing or settlement of a substantial portion of the securities of the Sub-Fund in the relevant clearing or settlement system is disrupted; or
 - (c) when the issue, conversion and/or redemption by the Manager or transfer of Units would result in the violation of any applicable law; or
 - (d) any period when the business operations of the Manager or the Trustee in relation to the operation of the Trust are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
 - (e) there is in existence any state of affairs prohibiting the normal disposal of a substantial portion of the investments of the Sub-Fund; or
 - (f) there is a breakdown in any of the means normally employed in determining the Net Asset Value of the Sub-Fund or the Net Asset Value per Unit of the relevant Class or when for any other reason the value of any substantial portion of the securities or other property for the time being comprised in the Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained; or
 - (g) circumstances exist as a result of which, in the opinion of the Manager, it is not reasonably practicable to realise a substantial portion of the securities held or contracted for the account of the Sub-Fund or it is not possible to do so without seriously prejudicing the interest of Unitholders of Units of the relevant Class; or
 - (h) the remittance or repatriation of funds which will or may be involved in the realisation of, or in the payment for, a substantial portion of the securities of the Sub-Fund or the subscription, conversion or redemption of Units of the relevant Class is delayed or cannot, in the opinion of the Manager, be carried out promptly or at normal rates of exchange.
2. Any suspension shall take effect upon the declaration thereof and thereafter there shall be no determination of the Net Asset Value of the Sub-Fund until the suspension is terminated on the earlier of (a) the Manager declaring the suspension at an end and (b) the first Dealing Day on which (i) the condition giving rise to the suspension shall have ceased to exist and (ii) no other condition under which suspension is authorised exists.

The Manager shall notify the SFC and publish a notice of suspension following the suspension, and at least once a month during the suspension, on its website at www.blackrock.com/hk or in such publication as it decides, and/or cause a notice to be given to Unitholders and to all those (whether Unitholders or not) whose applications to subscribe for, convert or redeem Units shall have been affected by such suspension stating that such declaration has been made, or by posting prominent message(s) on its website at www.blackrock.com/hk with a hyperlink to the published notice of suspension.

3. No Units will be issued, converted or redeemed during any period of suspension of the Net Asset Value.

Conflicts of Interest and Relationships within the BlackRock Group

The Manager and other BlackRock Group companies undertake business for other clients. BlackRock Group companies, their employees and their other clients face conflicts with the interests of the Manager and its clients.

BlackRock maintains a Conflicts of Interest Policy. It is not always possible for the risk of detriment to a client's interests to be entirely mitigated such that, on every transaction when acting for clients, a risk of detriment to their interests does not remain.

The types of conflict scenario giving rise to risks which BlackRock considers it cannot with reasonable confidence mitigate are disclosed below. This document, and the disclosable conflict scenarios, may be updated from time to time.

Conflicts of interest from relationships within the BlackRock Group

Personal accounts dealing

BlackRock Group employees may be exposed to clients' investment information while also being able to trade through

personal accounts. There is a risk that, if an employee could place a trade of sufficient size, this would affect the value of a client's transaction. BlackRock Group has implemented a Personal Trading Policy designed to ensure that employee trading is pre-approved.

Employee relationships

BlackRock Group employees may have relationships with the employees of BlackRock's clients or with other individuals whose interests conflict with those of a client. Such an employee's relationship could influence the employee's decision-making at the expense of clients' interests. BlackRock Group has a Conflicts of Interest Policy under which employees must declare all potential conflicts.

Conflicts of interest of the Manager

Provider Aladdin

BlackRock Group uses Aladdin software as a single technology platform across its investment management business. Custodial and fund administration service providers may use Provider Aladdin, a form of Aladdin software, to access data used by the Manager. Each service provider remunerates BlackRock Group for the use of Provider Aladdin. A potential conflict arises whereby an agreement by a service provider to use Provider Aladdin incentivises the Manager to appoint or renew appointment of such service provider. To mitigate the risk, such contracts are entered on an 'arm's length' basis.

Distribution relationships

The Manager may pay third parties for distribution and related services. Such payments could incentivise third parties to promote the Trust and the Sub-Fund to investors against that client's best interests. BlackRock Group companies comply with all legal and regulatory requirements in the jurisdictions in which such payments are made.

Dealing costs

Dealing costs are created when investors deal into and out of the Sub-Fund. There is a risk that other clients of the Sub-Fund bear the costs of those joining and leaving. BlackRock Group has policies and procedures in place to protect investors from the actions of others including anti-dilution controls.

Timing of competing orders

When handling multiple orders for the same security in the same direction raised at or about the same time, the Manager seeks to achieve the best overall result for each order equitably on a consistent basis taking into account the characteristics of the orders, regulatory constraints or prevailing market conditions. Typically, this is achieved through the aggregation of competing orders. Conflicts of interest may appear if a trader does not aggregate competing orders that meet eligibility requirements, or does aggregate orders that do not meet eligibility requirements; it may appear as if one order received preferential execution over another. For a specific trade instruction of the Sub-Fund, there may be a risk that better execution terms will be achieved for a different client. For example, if the order was not included in an aggregation. BlackRock Group has Order Handling Procedures and an Investment Allocation Policy which govern sequencing and the aggregation of orders.

Commissions and research

With respect to the Sub-Fund (or portion of the Sub-Fund) for which they provide investment management and advice, companies within the BlackRock Group may select brokers (including, without limitation, brokers who are affiliated with the BlackRock Group) that furnish the BlackRock Group, directly or through third-party or correspondent relationships, with research or execution services which provide, in BlackRock Group's view, lawful and appropriate assistance to each applicable BlackRock Group company in the investment decision-making or trade execution processes and the nature of which is that their provision can reasonably be expected to benefit the Sub-Fund as a whole and may contribute to an improvement in the Sub-Fund's performance. Such research or execution services may include, without limitation and to the extent permitted by applicable law: research reports on companies, industries and securities; economic and financial information and analysis; and quantitative analytical software. Research or execution services obtained in this manner may be used in servicing not only the account from which commissions were used to pay for the services, but also other BlackRock Group client accounts. For the avoidance of doubt, such goods and services do not include travel, accommodation, entertainment, general administrative goods and services, general office equipment, computer hardware or premises, membership fees, employee salaries or direct money payments. To the extent that BlackRock uses its clients' commission dollars to obtain research or execution services, BlackRock Group companies will not have to pay for those products and services themselves. BlackRock Group companies may receive research or execution services that are bundled with the trade execution, clearing and/or settlement services provided by a particular broker-dealer. To the extent that each BlackRock Group company receives research or execution services on this basis, many of the same potential conflicts related to receipt of these services through third party arrangements exist. For example, the research effectively will be paid by client commissions that also will be used to pay for the execution, clearing and settlement services provided by the broker-dealer and will not be paid by that BlackRock Group company.

Each BlackRock Group company may endeavour, subject to best execution, to execute trades through brokers who, pursuant to such arrangements, provide research or execution services in order to ensure the continued receipt of research or execution services that BlackRock Group company believes are useful in their investment decision-making

or trade execution process. Each BlackRock Group company may pay, or be deemed to have paid, commission rates higher than it could have otherwise paid in order to obtain research or execution services if that BlackRock Group company determines in good faith that the commission paid is reasonable in relation to the value of the research or execution services provided. BlackRock Group believes that using commission dollars to obtain the research or execution services enhances its investment research and trading processes, thereby increasing the prospect for higher investment returns.

BlackRock Group may from time to time choose to alter or choose not to engage in the above described arrangements to varying degrees, without notice to BlackRock Group clients, to the extent permitted by applicable law.

Concurrent long and short positions

The Manager may establish, hold or unwind opposite positions (i.e. long and short) in the same security at the same time for different clients. This may prejudice the interests of the Manager's clients on one side or the other. Additionally, investment management teams across the BlackRock Group may have long only mandates and long-short mandates; they may short a security in some portfolios that are held long in other portfolios. Investment decisions to take short positions in one account may also impact the price, liquidity or valuation of long positions in another client account, or vice versa. BlackRock Group operates a Long Short (side by side) Policy with a view to treating accounts fairly.

MNPI

BlackRock Group companies receive Material Non-Public Information ("**MNPI**") in relation to listed securities in which BlackRock Group companies invest on behalf of clients. To prevent wrongful trading, BlackRock Group erects information barriers and restricts trading by one or more investment team(s) concerned in the security concerned. Such restrictions may negatively impact the investment performance of client accounts. BlackRock has implemented a Material Non-Public Information Barrier Policy.

BlackRock's investment constraints or limitations and its related parties

The Trust may be restricted in its investment activities due to ownership threshold limits and reporting obligations in certain jurisdictions applying in aggregate to the accounts of clients of the BlackRock Group. Such restrictions may adversely impact clients through missed investment opportunities. BlackRock Group manages the conflict by following an Investment and Trading Allocation Policy, designed to allocate limited investment opportunities among affected accounts fairly and equitably over time.

Investment in related party products

While providing investment management services for a client, the Manager may invest in products serviced by BlackRock Group companies on behalf of other clients. BlackRock may also recommend services provided by BlackRock or its affiliates. Such activities could increase BlackRock's revenue. In managing this conflict, BlackRock seeks to follow investment guidelines and has a Code of Business Conduct and Ethics.

For investments in the units/shares of other collective investment schemes that are managed, directly or by delegation, by the Manager itself or by any other Connected Persons, no management, subscription or redemption fees may be charged to the Sub-Fund on its investment in the units/shares of such other collective investment schemes.

Brokers and dealers

Neither the Manager, the Investment Adviser nor any of their Connected Persons may retain cash or other rebates from a broker or dealer in consideration of directing transactions of the Trust to such broker or dealer save that goods and services may be retained if:

- (a) the goods or services are of demonstrable benefit to the Unitholders;
- (b) transaction execution is consistent with best execution standards and brokerage rates are not in excess of customary institutional full-service brokerage rates;
- (c) periodic disclosure is made in the Trust's annual report in the form of a statement describing the soft dollar policies and practices of the Manager or the Investment Adviser, including a description of the goods and services received by them; and
- (d) the availability of soft dollar arrangements is not the sole or primary purpose to perform or arrange transaction with such broker or dealer.

Goods and services falling within paragraph (a) above may include: research and advisory services; economic and political analysis; portfolio analysis, including valuation and performance measurement; market analysis, data and quotation services; computer hardware and software incidental to the above goods and services; clearing and custodian services and investment-related publications. Such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee

salaries, or direct money payments.

Notwithstanding the above, in transacting with brokers or dealers connected to the Manager, the Investment Adviser, the Trustee or any of their Connected Persons, the Manager will ensure that:

- (a) such transactions should be on arm's length terms;
- (b) it will use due care in the selection of brokers or dealers and ensure that they are suitably qualified in the circumstances;
- (c) transaction execution will be consistent with applicable best execution standards;
- (d) the fee or commission paid to any such broker or dealer in respect of a transaction will not be greater than that which is payable at the prevailing market rate for a transaction of that size and nature;
- (e) the Manager will monitor such transactions to ensure compliance with its obligations; and
- (f) the nature of such transactions and the total commissions and other quantifiable benefits received by such broker or dealer will be disclosed in the Trust's annual report.

Cross-trades

Cross-trades between sub-funds of the Trust and/or other funds managed by the Manager or its affiliates may be undertaken where the Manager considers that, as part of its portfolio management, cross-trades between such sub-funds or funds would be in the best interests of the Unitholders to achieve the investment objective and policy of the Sub-Fund. By conducting cross-trades, the Manager may achieve trading efficiencies and savings for the benefit of the Unitholders.

In conducting transactions, the Manager will ensure that the trades are executed on arm's length terms at current market value and the reason for such trades shall be documented prior to execution, in accordance with the SFC's Fund Manager Code of Conduct.

Investment allocation and order priority

When executing a transaction in a security on behalf of a client, it can be aggregated and the aggregated transaction fulfilled with multiple trades. Trades executed with other client orders result in the need to allocate those trades. The ease with which the Manager can allocate trades to a certain client's account can be limited by the sizes and prices of those trades relative to the sizes of the clients' instructed transactions. A process of allocation can result in a client not receiving the whole benefit of the best priced trade. The Manager manages this conflict by following an Investment and Trading Allocation Policy, which is designed to ensure the fair treatment of all clients' accounts over time.

Fund look through

BlackRock Group companies may have an informational advantage when investing in proprietary BlackRock funds on behalf of client portfolios. Such an informational advantage may lead a BlackRock Group company to invest on behalf of its client earlier than the Manager invests for the Sub-Fund. The risk of detriment is mitigated through BlackRock Group's pricing of units and anti-dilution mechanisms.

Side-by-side management: performance fee

The Manager manages multiple client accounts with differing fee structures. There is a risk that such differences lead to inconsistent performances levels across client accounts with similar mandates by incentivising employees to favour accounts delivering performance fees over flat or non-fee accounts. BlackRock Group companies manage this risk through a commitment to a Code of Business Conduct and Ethics Policy.

Appendix A – Investment and Financing Powers and Restrictions

If any of the restrictions or limitations set out in this Appendix A is breached, the Manager will make it a priority objective to take all necessary steps within a reasonable period to remedy such breach, taking due account of the interests of the Unitholders.

Both the Trustee and the Manager will take reasonable care to ensure compliance with the investment and financing limitations set out in the constitutive documents and the conditions under which the scheme was authorised.

Any investment and financing transaction (including contracts entered into in relation thereto) made by the Manager (and, where applicable, the Investment Adviser) or the Trustee for the Sub-Fund shall be Shariah compliant and the Shariah Compliance Adviser shall be consulted by the Manager (and, where applicable, the Investment Adviser) with the details of such transaction to obtain Shariah Compliance Adviser's concurrence and approval before such transaction takes place and every such Shariah contract thereunder is executed.

The investment restrictions applicable to the Sub-Fund are set out below:

1. Investment limitations applicable to the Sub-Fund

No holding of any security may be acquired for or added to the Sub-Fund which would be inconsistent with achieving the investment objective of the sub-fund or which would result in, or no cash deposits may be made which would result in:-

- (A) the aggregate value of the Sub-Fund's investments in, or exposure to, any single entity (other than Government and other public securities) through the following exceeding 10% of the latest available Net Asset Value of the Sub-Fund:
- (i) investments in securities issued by that entity;
 - (ii) exposure to that entity through underlying assets of financial derivative instruments; and
 - (iii) net counterparty exposure to that entity arising from transactions of over-the-counter financial derivative instruments.

For the avoidance of doubt, restrictions and limitations on counterparty as set out in sub-paragraphs 1(A), 1(B) and 3.4(C) of this Appendix A will not apply to financial derivative instruments that are:

- (a) transacted on an exchange where the clearing house performs a central counterparty role; and
 - (b) marked-to-market daily in the valuation of their financial derivative instrument positions and subject to margining requirements at least on a daily basis.
- (B) subject to sub-paragraphs 1(A) and 3.4(C) of this Appendix A, the aggregate value of the Sub-Fund's investments in, or exposure to, entities within the same group through the following exceeding 20% of the latest available Net Asset Value of the Sub-Fund:
- (i) investments in securities issued by those entities;
 - (ii) exposure to those entities through underlying assets of financial derivative instruments; and
 - (iii) net counterparty exposure to those entities arising from transactions of over-the-counter financial derivative instruments.

For the purposes of sub-paragraphs 1(B) and 1(C) of this Appendix A, "entities within the same group" means entities which are included in the same group for the purposes of consolidated financial statements prepared in accordance with internationally recognised accounting standards.

- (C) the value of the Sub-Fund's cash deposits made with the same entity or entities within the same group exceeding 20% of the latest available Net Asset Value of the Sub-Fund provided that the 20% limit may be exceeded in the following circumstances:
- (i) cash held before the launch of the Sub-Fund and for a reasonable period thereafter prior to the initial subscription proceeds being fully invested; or
 - (ii) cash proceeds from liquidation of investments prior to the merger or termination of the Sub-

Fund, whereby the placing of cash deposits with various financial institutions would not, in the opinion of the Manager, be in the best interests of investors; or

- (iii) cash proceeds received from subscriptions pending investments and cash held for the settlement of redemption and other payment obligations, whereby the placing of cash deposits with various financial institutions, in the opinion of the Manager, would be unduly burdensome and the cash deposits arrangement would not compromise investors' interests.

For the purposes of this sub-paragraph 1(C), "cash deposits" generally refer to those that are payable on demand or have the right to be withdrawn by the Sub-Fund and not referable to provision of property or services.

- (D) the Sub-Fund's holding of any ordinary shares (when aggregated with all other sub-funds' holdings of such ordinary shares) exceeding 10% of any ordinary shares issued by any single entity.
- (E) the value of the Sub-Fund's investment in securities and other financial products or instruments that are neither listed, quoted nor dealt in on a stock exchange, over-the-counter market or other organized securities market that is open to the international public and on which such securities are regularly traded (each a "Market"), exceeding 15% of the latest available Net Asset Value of the Sub-Fund.
- (F) the value of the Sub-Fund's total holding of Government and other public securities of the same issue exceeding 30% of the latest available Net Asset Value of the Sub-Fund (subject to the foregoing, the Sub-Fund may invest all of its assets in Government and other public securities in at least six different issues). For the avoidance of doubt, Government and other public securities will be regarded as being of a different issue if, even though they are issued by the same person, they are issued on different terms whether as to payment dates, rates of profit/return, the identity of the guarantor, or otherwise.
- (G) (i) the value of the Sub-Fund's investment in units or shares in other collective investment schemes (namely "underlying schemes") which are non-eligible schemes (the list of "eligible schemes" is as specified by the SFC from time to time) and not authorised by the SFC in aggregate exceeding 10% of its latest available Net Asset Value; and

(ii) the value of the Sub-Fund's investment in units or shares in each underlying scheme which is either an eligible scheme (the list of "eligible schemes" is as specified by the SFC from time to time) or a scheme authorised by the SFC exceeding 30% of its latest available Net Asset Value unless the underlying scheme is authorised by the SFC, and the name and key investment information of the underlying scheme are disclosed in the Prospectus of the Sub-Fund,

provided that:

- (a) no investment may be made in any underlying scheme the investment objective of which is to invest primarily in any investment prohibited by Chapter 7 of the Code;
- (b) where an underlying scheme's objective is to invest primarily in investments restricted by Chapter 7 of the Code, such investments may not be in contravention of the relevant limitation. For the avoidance of doubt, the Sub-Fund may invest in underlying scheme(s) authorised by the SFC under Chapter 8 of the Code (except for hedge funds under 8.7 of the Code), eligible scheme(s) of which the net derivative exposure does not exceed 100% of its total net asset value, and Qualified Exchange Traded Funds in compliance with sub-paragraphs 1(G)(i) and (ii) of this Appendix A;
- (c) the underlying scheme's objective may not be to invest primarily in other collective investment scheme(s);
- (d) all initial charges and redemption charges on the underlying scheme(s) must be waived if the underlying scheme is managed by the Manager or its Connected Persons; and
- (e) the Manager or any person acting on behalf of the Sub-Fund or the Manager may not obtain a rebate on any fees or charges levied by an underlying scheme or its management company, or any quantifiable monetary benefits in connection with investments in any underlying scheme.

For the avoidance of doubt:

- (aa) unless otherwise provided under the Code, the spread requirements under sub-paragraphs 1(A), (B), (D) and (E) of this Appendix A do not apply to investments in other collective investment schemes by the Sub-Fund;
- (bb) unless otherwise disclosed in the Prospectus of the Sub-Fund, the investment by the Sub-Fund in a Qualified Exchange Traded Fund will be considered and treated by the Manager, in its discretion, as listed securities for the purposes of and subject to the requirements in sub-paragraphs 1(A), (B) and (D) of this Appendix A. Notwithstanding the aforesaid, the investments by the Sub-Fund in Qualified Exchange Traded Funds shall be subject to sub-paragraph 1(E) of this Appendix A and the relevant investment limits in Qualified Exchange Traded Funds by the Sub-Fund shall be consistently applied;
- (cc) where investments are made in listed real estate investment trusts, the requirements under sub-paragraphs 1(A), (B) and (D) of this Appendix A apply and where investments are made in unlisted real estate investment trusts, which are either companies or collective investment schemes, then the requirements under sub-paragraphs 1(E) and (G)(i) of this Appendix A apply respectively; and
- (dd) where the Sub-Fund invests in index-based financial derivative instruments, the underlying assets of such financial derivative instruments are not required to be aggregated for the purposes of the investment restrictions or limitations set out in sub-paragraphs 1(A), (B), (C) and (F) of this Appendix A provided that the index is in compliance with the requirements under 8.6(e) of the Code.

2. Investment prohibitions applicable to the Sub-Fund

The Manager shall not, unless otherwise specifically provided for in the Code, on behalf of the Sub-Fund:-

- (A) invest in physical commodities unless otherwise approved by the SFC on a case-by-case basis taking into account the liquidity of the physical commodities concerned and availability of sufficient and appropriate additional safeguards where necessary;
- (B) invest in any type of real estate (including buildings) or interests in real estate (including any options or rights but excluding shares in real estate companies and interests in real estate investment trusts);
- (C) make short sales unless (i) the liability of the Sub-Fund to deliver securities does not exceed 10% of its latest available Net Asset Value;(ii) the security which is to be sold short is actively traded on a Market where short selling activity is permitted; and (iii) the short sales are carried out in accordance with all applicable laws and regulations;
- (D) carry out any naked or uncovered short sale of securities;
- (E) subject to sub-paragraph 1(E) of this Appendix A, provide financing, assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person;
- (F) acquire any asset or engage in any transaction which involves the assumption of any liability by the Sub-Fund which is unlimited. For the avoidance of doubt, the liability of Unitholders of the Sub-Fund is limited to their investments in the Sub-Fund;
- (G) invest in any security of any class in any company or body if any director or officer of the Manager individually owns more than 0.5%, or collectively they own more than 5%, of the total nominal amount of all the issued securities of that class;
- (H) invest in any security where a call is to be made for any sum unpaid on that security, unless the call could be met in full out of cash or near cash from the Sub-Fund's portfolio whereby such amount of cash or near cash has not been segregated to cover a future or contingent commitment arising from transaction in financial derivative instruments for the purposes of sub-paragraphs 3.5 and 3.6 of this Appendix A.

3. Use of financial derivative instruments

3.1 The Sub-Fund may acquire financial derivative instruments for hedging purposes. For the purposes of this sub-paragraph 3.1, financial derivative instruments are generally considered as being acquired for hedging purposes if they meet all the following criteria:

- (A) they are not aimed at generating any investment return;
- (B) they are solely intended for the purpose of limiting, offsetting or eliminating the probability of loss or risks arising from the investments being hedged;
- (C) although they may not necessarily reference to the same underlying assets, they should relate to the same asset class with high correlation in terms of risks and return, and involve taking opposite positions, in respect of the investments being hedged; and
- (D) they exhibit price movements with high negative correlation with the investments being hedged under normal market conditions.

The Manager, where it deems necessary, shall cause hedging arrangement to be adjusted or re-positioned, with due consideration on the fees, expenses and costs, to enable the Sub-Fund to meet its hedging objective in stressed or extreme market conditions.

- 3.2 The Sub-Fund may also acquire financial derivative instruments for non-hedging purposes (“investment purposes”) subject to the limit that the Sub-Fund’s net exposure relating to these financial derivative instruments (“net derivative exposure”) does not exceed 50% of its latest available Net Asset Value provided that such limit may be exceeded in such circumstances as permitted under the Code, handbook, code and/or guideline issued by the SFC from time to time or permitted by the SFC from time to time. For the avoidance of doubt, financial derivative instruments acquired for hedging purposes under sub-paragraph 3.1 of this Appendix A will not be counted towards the 50% limit referred to in this sub-paragraph 3.2 so long as there is no residual derivative exposure arising from such hedging arrangement. Net derivative exposure shall be calculated in accordance with the Code and the requirements and guidance issued by the SFC which may be updated from time to time.
- 3.3 Subject to sub-paragraphs 3.2 and 3.4 of this Appendix A, the Sub-Fund may invest in financial derivative instruments provided that the exposure to the underlying assets of the financial derivative instruments, together with the other investments of the Sub-Fund, may not in aggregate exceed the corresponding investment restrictions or limitations applicable to such underlying assets and investments as set out in sub-paragraphs 1(A), (B), (C), (F), (G)(i) and (ii), proviso (a) to (c) to sub-paragraph 1(G) and sub-paragraph 2(B) of this Appendix A.
- 3.4 The financial derivative instruments invested by the Sub-Fund shall be either listed/quoted on a stock exchange or dealt in over-the-counter market and comply with the following provisions:
- (A) the underlying assets consist solely of shares in companies, Sukuk securities, money market instruments, units/shares of collective investment schemes, deposits with substantial financial institutions, Government and other public securities, highly-liquid physical commodities (including platinum and crude oil), financial indices, foreign exchange rates, currencies, or other asset classes acceptable to the SFC, in which the Sub-Fund may invest according to its investment objectives and policies;
 - (B) the counterparties to transactions of over-the-counter financial derivative instruments or their guarantors are substantial financial institutions or such other entity acceptable to the SFC;
 - (C) subject to sub-paragraphs 1(A) and (B) of this Appendix A, the Sub-Fund’s net counterparty exposure to a single entity arising from transactions of over-the-counter financial derivative instruments may not exceed 10% of its latest available Net Asset Value provided that the exposure of the Sub-Fund to a counterparty of over-the-counter financial derivative instruments may be lowered by the collateral received (if applicable) by the Sub-Fund and shall be calculated with reference to the value of collateral and positive mark to market value of the over-the-counter financial derivative instruments with that counterparty, if applicable; and
 - (D) the valuation of the financial derivative instruments is marked-to-market daily, subject to regular, reliable and verifiable valuation conducted by the Manager or the Trustee or their nominee(s), agent(s) or delegate(s) independent of the issuer of the financial derivative instruments through measures established by the Manager such as the establishment of a valuation committee or engagement of third party services. The financial derivative instruments can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Sub-Fund’s initiative. Further, the Manager or the Trustee or their nominees, agents or delegates should be adequately equipped with the necessary resources to conduct independent marked-to-market valuation and to verify the valuation of the financial derivative instruments on a regular basis.
- 3.5 The Sub-Fund shall at all times be capable of meeting all its payment and delivery obligations incurred under

transactions in financial derivative instruments (whether for hedging or for investment purposes). The Manager shall, as part of its risk management process, monitor to ensure that the transactions in financial derivative instruments in respect of the Sub-Fund are adequately covered on an ongoing basis. For the purposes of this sub-paragraph 3.5, assets that are used to cover the Sub-Fund's payment and delivery obligations incurred under transactions in financial derivative instruments shall be free from any liens and encumbrances, exclude any cash or near cash for the purpose of meeting a call on any sum unpaid on a security, and cannot be applied for any other purposes.

- 3.6 Subject to sub-paragraph 3.5 of this Appendix A, a transaction in financial derivative instruments which gives rise to a future commitment or contingent commitment of the Sub-Fund shall be covered as follows:
- (A) in the case of financial derivative instruments transactions which will, or may at the Sub-Fund's discretion, be cash settled, the Sub-Fund shall at all times hold sufficient assets that can be liquidated within a short timeframe to meet the payment obligation; and
 - (B) in the case of financial derivative instruments transactions which will, or may at the counterparty's discretion, require physical delivery of the underlying assets, the Sub-Fund shall hold the underlying assets in sufficient quantity at all times to meet the delivery obligation. If the Manager considers the underlying assets to be liquid and tradable, the Sub-Fund may hold other alternative assets in sufficient quantity as cover, provided that such assets may be readily converted into the underlying assets at any time to meet the delivery obligation provided further that the Sub-Fund shall apply safeguard measures such as to apply haircut where appropriate to ensure that such alternative assets held are sufficient to meet its future obligations.
- 3.7 The requirements under sub-paragraphs 3.1 to 3.6 of this Appendix A shall apply to embedded financial derivative. For the purposes of this Prospectus, an "embedded financial derivative" is a financial derivative instrument that is embedded in another security.

4. Securities financing transactions

The Sub-Fund is subject to the investment restrictions applicable to securities financing transactions included in the Trust Deed. However, the Sub-Fund will not enter into any securities financing transactions. Prior approval from the SFC will be sought and at least one month's prior notice will be given to Unitholders, and the relevant investment restrictions will be set out in this Prospectus, in the event the Manager (and, where applicable, the Investment Adviser) intend to engage in such activities.

5. Collateral

The Sub-Fund is subject to the investment restrictions applicable to collateral included in the Trust Deed. However, the Sub-Fund does not intend to receive collateral from any counterparty. The relevant investment restrictions will be set out in this Prospectus, in the event the Manager (and, where applicable, the Investment Adviser) intend to receive collateral from any counterparty in respect of the Sub-Fund.

6. Financing and Leverage

The expected maximum level of leverage of the Sub-Fund is as follows:

Cash financing

- 6.1 No financing shall be made in respect of the Sub-Fund which would result in the principal amount for the time being of all financings made pursuant to the Trust Deed for the account of the Sub-Fund exceeding an amount equal to 10% of the latest available Net Asset Value of the Sub-Fund provided always that back-to-back financings do not count as financing.
- 6.2 The Trustee may at the request of the Manager obtain financing for the account of the Sub-Fund any currency, and charge or pledge assets of the Sub-Fund, for the following purposes:
- (A) facilitating the creation or redemption of units or defraying operating expenses;
 - (B) enabling the Manager to acquire securities for the account of the Sub-Fund; or
 - (C) for any other proper purpose as may be agreed by the Manager and the Trustee.

Leverage from the use of financial derivative instruments

- 6.3 The Sub-Fund may also be leveraged through the use of financial derivative instruments and its expected maximum level of leverage through the use of financial derivative instruments (i.e. expected maximum net derivative exposure) is set out in this Prospectus.

- 6.4 In calculating the net derivative exposure, derivatives acquired for investment purposes that would generate incremental leverage at the portfolio level of the Sub-Fund are converted into their equivalent positions in their underlying assets. The net derivative exposure is calculated in accordance with the requirements and guidance by the SFC which may be updated from time to time.
- 6.5 The actual level of leverage may be higher than such expected level in exceptional circumstances, for example when there are sudden movements in markets and/or investment prices.

7. Name of sub-fund

- 7.1 If the name of the Sub-Fund indicates a particular objective, investment strategy, geographic region or market, the Sub-Fund must, under normal market circumstances, invest at least 70% of its latest available Net Asset Value in securities and other investments to reflect the particular objective, investment strategy or geographic region or market which the Sub-Fund represents.

Appendix B – Summary of Charges and Expenses

For all Unit Classes, the administration fee may be charged at a rate of up to 0.25% of the Net Asset Value of the Sub-Fund per annum and the management fee may be charged at a rate of up to 2% of the Net Asset Value of the Sub-Fund per annum. The current rate of management fee and administration fee charged may be increased up to the specified permitted maximum level by giving not less than one month's prior notice to the affected Unitholders.

In addition to the conversion charge (if any) and redemption charge (if any), the Manager may, at its discretion, impose an Excessive Conversion or Excessive Trading charge of up to 2%.

Unit Class	Systematic Islamic ESG World Equity Fund				
	Charges and Expenses Payable by the Sub-Fund		Charges and Expenses Payable by Unitholders		
	Management Fee	Administration Fee	Initial Charge	Conversion Charge	Redemption Charge
Class A	1.00%	Up to 0.25%	Up to 3%	Nil	Nil
Class D	0.50%	Up to 0.25%	Up to 3%	Nil	Nil
Class X	N/A*	Up to 0.25%	Nil	Nil	Nil

Note:

* Unitholders of Class X Units are subject to a separate management fee payable to the Manager or its affiliate under the relevant investment management agreement between such holder and the Manager or its affiliate.

Any increase of any fees above the specified permitted maximum level as set out in this Prospectus would require prior approval of the SFC.

Appendix C - Summary of Subscription Procedure and Payment Instructions in respect of the Sub-Fund

1. **Application Form**

For initial subscriptions for Units you must complete the application form which may be obtained from the Trustee or the local Investor Servicing teams and the form must be signed by all joint applicants. Subsequent subscriptions may be made in writing or by fax stating your account details and the amount to be invested. Completed application forms must be sent to the Trustee or through the local Investor Servicing teams (if applicable). The Manager and the Trustee may in their discretion accept applications (including initial and subsequent applications) sent via other electronic means.

2. **Money Laundering Prevention**

Please read the notes on the application form regarding the identification documents required and ensure that you provide these to the Trustee or through the local Investor Servicing teams (if applicable) together with your application form.

3. **Payment**

A copy of your bank account's telegraphic transfer instructions should be supplied with your application (see sections 4 and 5 below).

4. **Payment by Telegraphic Transfer**

Payment by SWIFT/bank transfer in the relevant currency should be made to one of the accounts below.

An applicant's obligation to pay for Units is fulfilled once the amount due has been paid in cleared funds into this account.

Bank Details:

USD:

Correspondent Bank: Citibank, N.A. New York

Correspondent Bank SWIFT: CITIUS33

Beneficiary Bank: Citibank N.A., Hong Kong Branch

*For RTGS payment in HK (i.e. non cross-border transfer), CHATS code 006 and Branch code 391.

Beneficiary Bank SWIFT: CITIHKHX

Beneficiary Bank Account Number: 10990845

For the account of: CITITRUST ATO BRPF-BLKISEW-COLL

Account Number: 1508769039

Quoting Reference: Please quote the applicant's account number and the Dealing Day

5. **Foreign Exchange**

If you wish to make payment in a currency other than that in the Dealing Currency (or one of the Dealing Currencies) of the Sub-Fund, this must be made clear at the time of application.
