Current Prospectus

The Company's Prospectus and the relevant KIID along with copies of the Application Form may be obtained from the Investor Service Centre, the Management Company or any of the Representatives or Distributors. Copies of the Company's Articles of Incorporation, the Annual report and audited financial statements and Interim report and unaudited financial statements may also be obtained free of charge from any of these offices and from the Paying Agents. All these documents are also available from www.blackrockinternational.com.

Representatives

The representative in Denmark is BlackRock Copenhagen Branch, subsidiary of BlackRock Investment Management (UK) Limited, United Kingdom, Harbour House, Sundkrogsgade 21, Copenhagen, DK 2100, Denmark.

The representative in Israel is Altshuler Shaham Group, 19A Habarzel St, Ramat Hahayal, Tel Aviv, Israel.

The representative in Poland is Dubinski Fabrycki Jelenski, ul. Zielna 37, 00-108 Warsaw, Poland.

The representative in Switzerland is BlackRock Asset Management Switzerland Limited, Bahnhofstrasse 39, 8001 Zurich, Switzerland.

Portfolio of Investments

Equities are primarily classified by the country of incorporation of the entity in which the Funds (each a "Fund", together the "Funds") holds shares.

Corporate and government fixed and variable income securities are primarily classified by the country of incorporation of the issuer.

Liquidity instruments are primarily classified by the country of incorporation of the issuer.

Collective Investment Schemes ("CIS") and Exchange Traded Funds ("ETF") are primarily classified by the country of domicile of the CIS or ETF.

Purchases and Sales

A detailed list of investments purchased and sold for any Fund during the year is available upon request, free of charge, from the Registered Office, or the offices of the Representatives as mentioned above.

Authorised Status

The Company is an undertaking for collective investment in transferable securities ("UCITS") under the Part I of the Luxembourg Law of 17 December 2010 ("the 2010 Law") relating to undertakings for collective investment in transferable securities, as amended ("the 2010 Law"). Regulatory consents have been obtained or appropriate notifications have been made for the distribution of shares of the Company's Funds in the following countries: Austria, Belgium, Chile, China, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Singapore, Slovakia Republic, South Korea, Spain, Sweden, Switzerland, Taiwan, United Arab Emirates and the United Kingdom.

Shares of certain of the Company's Funds may also be offered in Singapore by private placement.

The Company is duly registered with the Comisión Nacional de Mercado de Valores in Spain under number 626.

Chairman's Letter to Shareholders

May 2020

Dear Shareholder,

I am writing to update you on the activities of BlackRock Strategic Funds (the "Company" or "BSF") over the year to 31 May 2020. The Company offered shares in 35 funds (each a "Fund" and together the "Funds") at 31 May 2020.

The period was dominated by an outbreak of an infectious respiratory illness caused by a novel coronavirus known as COVID-19, which was first detected in China in December 2019 and has now developed into a global pandemic.

This coronavirus has resulted in travel restrictions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, prolonged quarantines, cancellations, supply chain disruptions, and lower consumer demand, as well as general concern and uncertainty. The impact of COVID-19 has adversely affected the economies of many nations across the entire global economy, individual issuers and capital markets, and could continue to extents that cannot necessarily be foreseen.

In addition, the impact of infectious illnesses in emerging market countries may be greater due to generally less established healthcare systems. Public health crises caused by the COVID-19 outbreak may exacerbate other pre-existing political, social and economic risks in certain countries or globally. The duration of the COVID-19 outbreak and its full impact cannot be determined with certainty.

This pandemic has seen a near-decade long bull market come to an abrupt halt, with markets sinking around 30% over just a few days in mid-March, as it became clear that the virus was spreading beyond Asia. Governments enforced lockdown creating an immediate and seismic hit to individual economies. Unemployment numbers were already hitting new highs by the end of March 2020. Subsequently, the economic consequence has been grisly. Gross domestic product ("GDP") levels of the United States of America ("US") contracting 5% in the first quarter was an early sign of the impact, but more recent statistics have been far worse. The United Kingdom ("UK"), for example, saw GDP drop 20.4% in April; while the European Central Bank ("ECB") expects the Eurozone GDP to contract by 8.7% in 2020.

Governments and central banks were galvanised into drastic action to support jobs and prop up ailing companies, particularly in hard-hit sectors such as travel, leisure or hospitality. Central banks across the globe dropped rates to new lows. The Federal Reserve lowered its rate to near zero; the Bank of England followed suit. The ECB chose not to lower its already negative interest rate but announced another round of quantitative easing.

Governments launched sophisticated support schemes, designed to pay people's wages in the short term and discourage companies from making redundancies. The Senate passed a USD 2 trillion coronavirus aid bill, the largest economic stimulus in US history. After some debate, the European Union ("EU") also announced a EUR 750 billion economic stimulus plan designed to lessen the economic shock from the coronavirus pandemic and pave the way for sustainable growth.

Markets sold off rapidly in response. At the start of 2020, many asset allocators had been broadly positive and valuations were relatively high. The initial slump was rapid and universal. However, some growth stocks started to bounce back as investors started to reappraise their prospects. Investors saw that there would be key beneficiaries from the outbreak – video-conferencing, e-commerce and digital services providers. As the stock market recovery matured, some economically sensitive companies also started to participate in the rally.

Initially, there was a surge in demand for 'safe haven' bonds, and US 10-year treasury yields dipped as low as 0.5%. However, investors have subsequently had to weigh up central bank easing policies against an expected surge in borrowing. This has created some volatility in government bond markets. Corporate bonds saw a significant widening of spreads in the early part of the crisis but recovered significantly in the subsequent months.

By the end of May 2020, markets had recovered somewhat even if economies had not. The MSCI World index was down 8.2% for the 2020 year to date. The US and Asian markets have generally held up well, once again largely driven by their dominant technology stocks. European markets, the UK and emerging markets have been far weaker.

The performance of the Funds is covered in more detail in the Investment Advisers' Report, which also sets out some views regarding the investment outlook. Overall, the Company's assets under management ("AUM") fell 9.7% from USD 26.4 billion to USD 23.9 billion, with particular strength in the Funds' managed index portfolios, and weaknesses in emerging market bonds and some absolute return funds.

The strongest percentage growth was seen in BlackRock Global Real Asset Securities Fund, which climbed 1,627.1% to USD 96.0 million. BlackRock UK Emerging Companies Absolute Return Fund also saw strong growth, rising 232.3% to GBP 633.3 million. At a time when UK assets were generally out of favour, BlackRock UK Equity Absolute Return Fund saw assets rise 114.2% to GBP 153.7 million. BlackRock Global Event Driven Fund also found favour, rising 50.6% to USD 3.3 billion.

Chairman's Letter to Shareholders

May 2020 continued

The collective BlackRock Managed Index Portfolio funds also saw assets rise. The 'Defensive' portfolio saw the strongest rise, up 45.8% to EUR 203.0 million. The 'Growth' portfolio rose 31.7% to EUR 278.5 million; the 'Moderate' portfolio rose 26.3% to EUR 695.7 million; and the 'Conservative' portfolio was also up 11.7% to EUR 155.7 million.

The weak spots included BlackRock Macro Opportunities Fund, which lost 76.1% of its assets, falling to USD 38.1 million. Assets in BlackRock Global Absolute Return Bond fell 68.2% to USD 135.1 million, while BlackRock Emerging Markets Flexi Dynamic Bond Fund was also weak, dropping 43.9% to USD 1.6 billion. BlackRock European Diversified Equity Absolute Return Fund fell 91.6% to EUR 3.7 million, largely due to wind-down activities as the Fund terminated immediately following the financial year end.

Regulatory change continued throughout Europe which could have implications for investors. Key developments during the period included:

- ▶ New legislation surrounding Packaged Retail Investment and Insurance-based Investment Products ("PRIIPs"), which governs the marketing and distribution of financial products, was introduced in 2017 and came into effect for all funds in 2018 - with the exception of UCITS funds. A European-level review of the legislation to judge initial experiences and gather feedback was initially scheduled by 31 December 2018. However, this has now been delayed until potentially the end of 2020. The European Supervisory Authorities (ESAs) published a consultation paper in October 2019 on the content of PRIIPs Key Information Documents (KIDs). The paper focuses on performance scenarios and costs. The Company will benefit from the transitional period available for a UCITS, and the legislation will not be applicable to the Company until 31 December 2021.
- ▶ The European Commission has launched a consultation on the renewed sustainable finance strategy. This will provide a roadmap to increase private investment in sustainable projects and activities to support the different actions set out in the European Green Deal and to manage and integrate climate and environmental risks into the financial system.
- ▶ In June 2020, the European Securities and Markets Authority (ESMA) issued a supervisory briefing aimed at local regulators, looking at the supervision of costs and charges applicable to Undertakings for the Collective Investment in Transferable Securities (UCITS) funds and Alternative Investment Funds (AIFs). Costs can have a significant impact on final returns for investors and, with this issuance, ESMA looks to ensure that charges on retail investment products is fair and transparent, with an emphasis on prevention of undue costs.

Should you have any questions on any of this letter, please contact us via our website: www.blackrockinternational.com.

Yours faithfully,

Paul Freeman

May 2020

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020

Market Review

Markets were strong in the first half of the year under review as the US and China appeared to make progress on trade talks and the global economy hit its stride. However, these early gains were overshadowed by the devastating impact of the COVID-19 outbreak. This hit Asian markets from December onwards and prompted a devastating slide in US and European markets from March 2020. However, investors soon realised that the problems were not evenly spread. While the social lockdowns used to contain the virus dealt a devastating blow to areas such as travel and tourism, they accelerated a number of structural shifts and there were many companies that benefited.

As such, online retailers benefited at the expense of high street retailers; energy transition stocks benefited at the expense of the oil majors; while technology stocks benefited from an abrupt and urgent need for digital solutions. The effect, in aggregate, was a swift recovery in markets, but there were still many companies who saw devastating falls in their share prices. There were already some early casualties: Hertz filed for bankruptcy protection, along with a number of retail chains.

The 'growth' flavour benefited certain countries. The S&P 500 was only a little short of its peak by the end of the year. However, stock markets such as Brazil, where the currency was hit hard as well, observed markets selling off precipitously. Having been at the vanguard of the outbreak, China appeared to recover more quickly, as seen by the region's earlier easing of lockdown. By the end of the year under review, manufacturing data was bouncing back. China's stock market also followed suit.

Government bond yields, which move inversely to prices, initially benefited from a flight to quality; but then proved volatile. On the one hand, this year is likely to see vast issuance of government bonds, which should depress prices, on the other, central banks remain poised to mop up any excess, which provides a support to prices. Having seen the gap between yields on corporate bonds and government bonds widen considerably, corporate bonds saw a strong recovery in April and May 2020.

Fund Performance

Equity Fund Performance

The absolute return funds provided mixed performance. BlackRock European Diversified Equity Absolute Return Fund fell 8.3% over the period, behind its benchmark, 3 Month LIBOR (EUR), which fell 0.4%. BlackRock Emerging Markets Absolute Return Fund fell 21.5% over the period, well behind its benchmark, 3 Month LIBOR Index (USD), which was up 2.3%. Certain absolute return funds proved stronger during the period, albeit trailing their respective benchmarks: BlackRock UK Equity Absolute Return Fund rose 0.6% against a benchmark return of 0.7%; and BlackRock Asia Pacific Diversified Equity Absolute Return Fund rose 1.9% over the period, behind its benchmark, which was up 2.3%. For the outperformers, BlackRock European Absolute Return Strategies Fund rose 4.4% (EUR) – outperforming its benchmark, which fell 0.4%; BlackRock Asia Pacific Absolute Return Fund rose 2.4%, against a rise in the

benchmark of 2.3%; and BlackRock Americas Diversified Equity Absolute Return Fund rose 2.8% (USD), just ahead of the 3 Month LIBOR Index (USD), which was up by 2.3%.

BlackRock Emerging Markets Equity Strategies Fund fell 18.3%, some way behind its benchmark, the MSCI Emerging Markets Index (USD), which was down 4.4%. BlackRock Asia Extension Fund fell 6.9%, performing behind its benchmark, the MSCI All Country Asia ex Japan (USD), which returned 0.2%. BlackRock Global Long/Short Equity Fund was down 3.3% (USD), behind its benchmark, the BofA Merrill Lynch 3 Month US Treasury Bill (USD), which was up 1.8%.

BlackRock European Opportunities Extension Fund rose 4.7% (EUR) outperforming its benchmark, the S&P Europe BMI Index (Developed Markets Only) (EUR), which dropped 3.4%. BlackRock European Select Strategies Fund rose 0.8%, just behind its benchmark. BlackRock Global Event Driven Fund rose 4.1%, compared to a rise of 1.8% in its benchmark. BlackRock Systematic ESG World Equity Fund rose 7.1%, ahead of its benchmark, which rose 6.8%. BlackRock Style Advantage Fund fell 19.0%, against a benchmark return of 2.3%; while BlackRock Style Advantage Screened Fund fell 10.7% against the same benchmark. BlackRock Systematic Global Equity Fund rose 3.1%, behind its benchmark, which rose 5.4%. BlackRock Global Real Assets Securities Fund dropped 1.6%, against a fall in its benchmark of 12.2%.

Bond Fund Performance

BlackRock Emerging Markets Flexi Dynamic Bond Fund, which does not measure its performance relative to a benchmark, rose by 2.4% (USD) over the period. BlackRock Fixed Income Strategies Fund rose 0.1% over the period, ahead of its benchmark (in EUR terms), the Euro Overnight Index Average, which was down 0.4%. BlackRock Global Absolute Return Bond Fund dropped 1.1% (EUR), behind its benchmark, the 3 Month Euribor Index, which was down 0.4%.

BlackRock ESG Euro Bond Fund rose 2.6%, just slightly behind its benchmark, the Bloomberg Barclays MSCI Euro Corporate Sustainable SRI Index (EUR). Meanwhile BlackRock ESG Euro Corporate Bond Fund fell 1.6% during the period from launch (21 June 2019) to 31 May 2020, also trailing the same benchmark, which fell 1.5% during this period.

From 11 June 2019 (date of commencement of operations) to 31 May 2020, BlackRock Fixed Income Credit Strategies Fund fell by 1.37%, performing behind its benchmark, which fell 0.4%.

Mixed Fund Performance

BlackRock Dynamic Diversified Growth Fund rose 2.3% (EUR) over the year, outperforming its benchmark, the Euro Overnight Index Average (EUR), which fell by 0.4%.

Fund of Funds Performance

BlackRock Managed Index Portfolios – Conservative, Defensive, Growth and Moderate - were up 0.7%, 1.3%, 4.4% and 1.4% respectively. The Fund of Funds portfolios do not measure their performance relative to a benchmark.

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020 continued

Outlook

Economic activity has ground to a near-halt in the wake of the COVID-19 pandemic, and it is not yet clear when it will revive. Hopes for a V-shaped recovery have been dashed, but the more optimistic economists are still hoping for a U-shape. Recent stimulus has resulted in an easing of financial conditions but neither governments nor central banks have significant firepower left. The nature of the economic rebound will hinge on the path of the outbreak, effective delivery of the policy response, and potential changes to consumer and corporate behaviours.

The deliberate freezing of economic activity via stringent lockdown measures to combat the coronavirus pandemic has led to a sharp growth shock. While markets have largely recovered, there is likely to be a lot of bad news to come, which may create a lot of volatility. There will be notable winners and losers from the 'new normal' and selectivity will be vitally important. Over a longer horizon, several sectors may face profound levels of long-term disruption including air travel, fossil energy, healthcare, retail, and government regulations.

Our latest analysis shows the near-term impact on growth to be far greater than that of the Global Financial Crisis ("GFC") – and the largest contraction since the Great Depression. But the cumulative impact over time may only be a fraction of the GFC, provided policy makers are successful in preventing the shock from morphing into more systemic financial pressures. In particular, the financial system is in much better shape than in 2007. With that said, much will depend on the length of the

shutdown and the emergence of 'second waves'. This may expose hidden financial vulnerabilities that could lead to more permanent damage.

The virus shock and the oil price slump pose particular challenges for emerging markets. The outbreak threatens to overburden weak public health systems in many emerging markets economies, which could, in turn, cause prolonged economic damage. There are also signs of potentially damaging social unrest.

This pandemic adds to the trade tensions in compelling companies to rethink their global manufacturing footprints. This combination of supply shocks could weigh on growth, increase production costs, pressure profit margins and drive up inflation. It is a difficult backdrop, undoubtedly, but valuations are much more compelling.

At the same time, our recent report 'Sustainable investing: Resilience amid uncertainty' demonstrated the outperformance of companies with sustainability characteristics. Many of the BSF Funds seek to incorporate environmental, social and governance characteristics into their selection process and we believe this period of market turbulence and economic uncertainty has further reinforced our conviction that companies that score well on these metrics are likely to be more resilient in the longer-term.

May 2020

Investment Advisers' Report Performance Overview

1 June 2019 to 31 May 2020 continued

Disclosed in the table below are the performance returns for the primary share class for each Fund, which has been selected as a representative share class. In accordance with the respective investment objective detailed in the prospectus, the Funds do not aim to track the performance of a specific benchmark index. The benchmark index returns included in the below table are provided for reference only for the purpose of this Annual report and audited financial statements. The primary share class for the BlackRock Asia Pacific Absolute Return Fund, BlackRock Emerging Markets Absolute Return Fund and BlackRock UK Emerging Companies Absolute Return Fund is the D class non-distributing share, for the BlackRock European Credit Strategies Fund is the H class non-distributing share, for the BlackRock Managed Index Portfolios – Defensive, BlackRock Managed Index Portfolios – Growth and BlackRock Managed Index Portfolios – Moderate is the D class distributing share. For all other Funds the primary share class is the A class non-distributing share. Performance returns for any other share class can be made available on request.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The Funds invest a large portion of assets which are denominated in multiple currencies; hence changes in the relevant exchange rate will affect the value of the investment. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions can only be made on the basis of the current Prospectus, the Key Investor Information Document ("KIID"), supplemented by the most recent Annual report and audited financial statements and Interim report and unaudited financial statements, if published after such Annual report and audited financial statements. Copies are available from the Local Investor Servicing team*, the Transfer Agent, the Management Company or any of the Representatives or Distributors and at the registered office of the Company. BSF is only available for investment by non-US citizens who are not residents of the US. The Funds are not offered for sale or sold in the US, its territories or possessions.

Directors' Report

Corporate Governance Statement

Introduction

BlackRock Strategic Funds (the "Company") is a public limited company (société anonyme) established under the laws of the Grand Duchy of Luxembourg as an open-ended variable capital investment company (société d'investissement à capital variable). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010, as amended from time to time and is regulated pursuant to such law. The Company complies with the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2013 (the "Code") issued by ALFI in June 2013.

The Board of Directors of the Company (the "Board") is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes is appropriate for adherence to the principals of the Code given the nature of its structure as an Investment Company. This statement summarises the corporate governance structure and processes in place for the Company for the period under review from 1 June 2019 to 31 May 2020.

Board Composition

The Board currently consists of six non-executive Directors, (including one independent Director). The Board is committed to maintaining an appropriate balance of skills, experience, independence and knowledge amongst its members.

The Directors' biographies, on pages 13 and 14, collectively demonstrate a breadth of investment knowledge and experience, business and financial skills and legal and regulatory familiarity which enables them to provide effective strategic leadership, oversight and proper governance of the Company. BlackRock considers the current composition to be a suitable and appropriate balance for the Board.

Article 13 of the Company's Articles of Incorporation in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected. Any Director who resigns his/her position is obliged to confirm to the Board and the CSSF that the resignation is not connected with any issues with or claims against the Company.

The Board supports a planned and progressive renewal of the Board. BlackRock is committed to ensuring that Directors put forward for election by the shareholders possess the skills needed to maintain this balance. The Board is committed to carrying out an annual review of its performance and activities.

The Directors have a continuing obligation to ensure they have sufficient time to discharge their duties. The details of each Director's (including the Chairman) other appointments and commitments are made available to the Board and BlackRock Investment Management (U.K.) Limited ("BIM UK") for inspection. All new appointments or significant commitments require the prior approval of BIM UK.

Before a new Director is proposed to the shareholders for appointment, he or she will receive a full induction incorporating relevant information regarding the Company and his or her duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of BIM UK so that the new Director will become familiar with the various processes which are considered necessary for the proper performance of his or her duties and responsibilities to the Company.

The Company's policy is to encourage Directors to keep up to date with developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by BIM UK and affiliated entities in the US and elsewhere. The Directors also receive regular briefings from, amongst others, the auditors, investment strategists, risk specialists, depositary and legal advisers regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board's Responsibilities

The Board meets at least quarterly and also on an ad hoc basis as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The Board is responsible for the long-term success of the Company and recognises its responsibility to provide leadership, direction and control to the Company within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy and entering into any material contracts. The Board also approves the prospectus and any addenda to it, circulars to shareholders, financial statements and other relevant legal documentation.

The Chairman's main responsibility is to lead and manage the Board, encourage critical discussions and promote effective communication within the Board. In addition, he is responsible for promoting best practice corporate governance and effective communication with shareholders.

The Directors have access to the advice and services of external counsel and the resources of BIM UK and BlackRock (Luxembourg) S.A. (the "Management Company") should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice. The Board has responsibility for ensuring that the Company keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and which enable it to ensure that the financial statements comply with relevant accounting standards. It is the Board's responsibility to present a balanced and

Directors' Report continued

understandable assessment of the Company's financial position, which extends to interim financial statements and other reports made available to shareholders and the public. The Board is responsible for taking reasonable steps for safeguarding the assets of the Company and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

Insurance

The Company maintains appropriate Directors' and Officers' liability insurance cover.

Delegation of Responsibilities

As an open ended variable capital investment company most of the Company's day-to-day management and administration is delegated to BlackRock group companies such as the Management Company which employs dedicated compliance and risk professionals, the Investment Advisers and other third party service providers. The Board has delegated the following areas of responsibility:

Management and Administration

The Board has delegated the investment management, distribution and administration of the Company and its Funds to the Management Company. The Management Company has delegated the management of the investment portfolio to the Investment Advisers. The Investment Advisers operate under guidelines determined by the Board and as detailed in the Company's prospectus relating to the Company's Funds. The relevant Investment Advisers have direct responsibility for the decisions relating to the day-to-day running of the Company's Funds and are accountable to both the Management Company and the Company for the investment performance of the Funds. The Board has also delegated the exercise of voting rights attaching to the securities held in the portfolio to the respective Investment Advisers who may in turn delegate to BIM UK.

Voting on behalf of shareholders is done in a manner which is believed to be in the best economic interest of shareholders as long-term investors. The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to:

The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to State Street International GmbH ("the Administrator"). The Administrator has responsibility for the administration of the Company's affairs including the calculation of the net asset value and preparation of the financial statements of the Company, subject to the overall supervision of the Directors and the Management Company. The Administrator is a subsidiary of State Street Bank & Trust Co. The Company has appointed State Street International GmbH as Depositary of its assets, which has responsibility for safe-keeping of such assets, pursuant to the regulations. The Depositary is a subsidiary of State Street Bank & Trust Co. The Management Company has delegated transfer agent and share registration services to J.P. Morgan Bank Luxembourg S.A. The Management Company

reports to the Board on a quarterly basis and by exception where necessary. Reporting is in place to ensure that the Board can effectively oversee the actions of its delegates.

The Management Company is responsible for the risk management and internal controls of the Company and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Management Company reviews the effectiveness of the internal control and risk management systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of that process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

The Board is also responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives. The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Administrator to maintain the accounting records of the Company independently of the Investment Manager and the Custodian. The financial statements are prepared in accordance with applicable law and Generally Accepted Accounting Principles ("GAAP") and are approved by the Board of Directors of the Company. The accounting information given in the annual report is required to be audited and the Audit report, including any qualifications, is reproduced in full in the annual report of the Company.

The control processes over the risks identified, covering financial, operational, compliance and risk management, is embedded in the operations of the Management Company, BIM UK and other parties including the Administrator and the Depositary. There is a monitoring and reporting process to review these controls, which has been in place throughout the period under review and up to the date of this report, carried out by BIM UK's corporate audit department.

BIM UK's internal audit and operational risk units report to the Board through the Management Company on a quarterly basis. The Management Company also receives a report from the Administrator and the Depositary on the internal controls of the administrative and custodial operations of the Company. The Board recognises that these control systems can only be designed to manage rather than eliminate the risk of failure to achieve fund objectives, and to provide reasonable, but not absolute, assurance against material misstatement or loss, and relies on the operating controls established by the service providers.

Directors' Report continued

Financial Reporting

The Company prepares its financial statements under Luxembourg GAAP and on a going concern basis.

Remuneration

The Company is an investment company and has no employees or executive Directors. No Director (past or present) has any entitlement to a pension from the Company, and the Company has not awarded any share options or long-term performance incentives. No element of Directors' remuneration is performance related. Those Directors who are also employees of the BlackRock group are not entitled to receive a Director's fee. All other Directors are paid fees which are submitted for approval by the shareholders at the annual general meeting and are disclosed on page 697. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the time commitment and responsibilities of their roles. The maximum amount of remuneration payable to the Directors is approved by the Board.

Communication with Shareholders

The Board is responsible for convening the annual general meeting and all other general meetings of the Company. Shareholders are encouraged to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting. All substantive matters put before a general meeting are dealt with by way of separate resolution. Proxy voting figures are noted by the chairman of the general meeting.

The proceedings of general meetings are governed by the Articles of Incorporation of the Company.

The Board has reporting procedures in place such that client communication with BIM UK is reported to the Board, including shareholder complaints. In addition to this BIM UK has been appointed as Principal Distributor and is tasked with actively managing the relationship between the Company and its shareholders.

Directors' Biographies

Paul Freeman (Chairman) (British): Mr Freeman currently serves as a director on the boards of a number of BlackRock Group companies and investment funds. He was until December 2015 a Managing Director of BlackRock, which he had joined in August 2005 (which then was Merrill Lynch Investment Managers). Up until July 2011 Mr Freeman was the Head of Product Development and Range Management for the EMEA region with responsibility for the development and ongoing product management of all funds domiciled in EMEA and distributed on a cross-border basis by BlackRock. Between July 2011 and December 2015 Mr Freeman worked closely with BlackRock's Government affairs team and served on various internal governance committees and on the boards of a number of group subsidiaries and managed funds. Mr Freeman has worked in the financial services industry for over 35 years and,

prior to BlackRock, has held senior management positions at Schroders, Rothschild Asset Management, Henderson Investors and GT Management (now part of Invesco). Mr Freeman is a Chartered Accountant.

Michael Gruener (German): Mr Gruener is a Managing Director of BlackRock and is Head of Europe, Middle East and Africa Retail business. He is a member of BlackRock's European Executive Committee and the BlackRock European Steering Committee. Mr Gruener joined BlackRock in January 2012 as the Head of BlackRock's German, Austria and Eastern Europe iShares sales team and became Head of the iShares Wealth and Retail client segment in EMEA in January 2014. In 2015 he became the Co-Head of the EMEA Sales for iShares. Michael began his current role in July 2017. Mr Gruener has more than 20 years of experience in the financial services industry. Prior to joining BlackRock, Michael worked for 10 years at Goldman Sachs Asset Management in multiple distribution roles in Chicago, London and Frankfurt. Mr Gruener holds a German Banker qualification and a BA honors degree from the Cambridge Polytechnic University in Finance and Controlling. He also holds a degree from the Berlin School of Economics in Business Administration and Finance.

Robert Hayes (British): Mr Hayes is a Managing Director, is Investment Director for our UK Charity and Endowments business and CEO of BlackRock Fund Managers Limited. He was previously Head of Investment Oversight for the BlackRock EMEA business within Global Product Management, responsible for establishing and reviewing investment expectations for all BlackRock's Retail Funds in the EMEA region. He also serves as a Director of BlackRock Life Limited, BlackRock Global Funds SICAV and BlackRock Strategic Funds SICAV. Mr Hayes' service with the firm dates back to 2001, including his years with Merrill Lynch Investment Managers (MLIM), which merged with BlackRock in 2006. At MLIM he was Head of Strategic Advice and was subsequently Head of Client Strategy in our Client Solutions business. Prior to joining the firm, Mr Hayes was a Partner with Watson Wyatt Partners, as an investment consultant for large pension funds and institutional investors. Earlier in his career, Mr Hayes was a UK Equity Investment Manager at ICI Pension Fund and Head of Institutional Investment at M&G Investment Management. Mr Hayes earned a BSc degree in Mathematics from Southampton University in 1983.

Barry O'Dwyer (Irish): Mr O'Dwyer is a Managing Director at BlackRock. He is the Head of Fund Governance for BlackRock's European open-ended fund ranges and was previously the Chief Operating Officer for BlackRock's Irish business. He serves as a director on the boards of a number of BlackRock corporate, fund, and management companies domiciled in Ireland, Luxembourg, Switzerland and Germany and on the board of BlackRock's UK Life company. He was the chairman of the Irish Funds Industry Association 2014-2015, is a board director of Financial Services Ireland and is a member of An Taoiseach's Financial Services Industry Advisory Committee. He joined BlackRock Advisors (UK) Limited in 1999 as head of risk management and moved to his present role in 2006. Prior to joining BlackRock Advisors (UK) Limited,

Directors' Report^{continued}

Mr O'Dwyer worked as risk manager at Gartmore Investment Management and at HypoVereinsbank and National Westminster Bank. Mr O'Dwyer graduated from Trinity College Dublin with a degree in Business Studies and Economics in 1991. He holds a Chartered Association of Certified Accountants qualification and an MBA from London City University Business School.

Geoffrey D. Radcliffe (British & Luxembourgish dual nationality, Luxembourg resident): Mr Radcliffe is a Managing Director of BlackRock and is based in Luxembourg. He is a member of the BlackRock Business Operations & Technology, Global Accounting and Product Services team and heads Product Oversight and Governance International and Alternatives International for BlackRock EMEA & Asia Pacific. Mr Radcliffe is a Fellow of The Institute of Chartered Accountants in England and Wales and an Associate of The Chartered Institute of Bankers. He has 30+ years of mutual fund, accounting and banking experience in Luxembourg, Bermuda, London and the Isle of Man. Mr Radcliffe joined the BlackRock Group in 1998. He serves as a Director on the Boards of BlackRock Luxembourg S.A. and BlackRock Fund Management Company S.A. and also on the Boards of a

number of BlackRock investment funds. He has been a Member of the Board of Directors of ALFI (Luxembourg Fund Industry Association) since 2013.

Denise Voss (American): Ms Voss is a Non-Executive Director of financial services companies and is based in Luxembourg. She serves as a Director on the Boards of flagship funds of major fund promoters, including BlackRock Global Funds and BlackRock Strategic Funds. Ms. Voss previously worked for Franklin Templeton in Luxembourg for over 25 years as a Conducting Officer and Director of the firm's UCITS and alternative investment fund management business. Prior to joining Franklin Templeton, she worked for 10 years at Coopers & Lybrand in Boston, USA and in Luxembourg. She holds a Massachusetts CPA license and earned an undergraduate degree from Tufts University, as well as a masters degree in accountancy from Bentley University. Ms. Voss is Chairwoman of LuxFLAG, an independent agency based in Luxembourg that awards recognised sustainable finance labels to eligible investment vehicles. She was Chairman of the Association of the Luxembourg Fund Industry (ALFI) from 2015-2019, and a member of the ALFI Board of Directors from 2007-2019.

Report on Remuneration (Unaudited)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock (Luxembourg) SA (the "Manager"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the Council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive and will ensure compliance with the requirements of Article 14b of the Directive.

The Manager has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and all of its subsidiaries, including the Manager); and (b) the Manager's board of directors (the "Manager's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies.

(a) MDCC

The MDCC's purposes include:

providing oversight of:

- ▶ BlackRock's executive compensation programmes;
 - ▶ BlackRock's employee benefit plans; and
 - ▶ such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- ▶ reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- ▶ reviewing, assessing and making reports and recommendations to the BlackRock, Inc. board of directors (the "BlackRock, Inc. Board") as appropriate on BlackRock's talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- ▶ supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulation.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no

relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 8 meetings during 2019. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

(b) The Manager's Board

The Manager's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

The Manager's Board (through independent review by the relevant control functions) remains satisfied with the implementation of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established, and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial

Report on Remuneration (Unaudited) continued

performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of preincentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the Manager.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well-defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- ▶ appropriately balance BlackRock's financial results between shareholders and employees;
- ▶ attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- ▶ align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- ▶ control fixed costs by ensuring that compensation expense varies with profitability;

- ▶ link a significant portion of an employee's total compensation to the financial and operational performance of the business as well as its common stock performance;
- ▶ discourage excessive risk-taking; and
- ▶ ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- ▶ the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- ▶ factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business);
- ▶ the management of risk within the risk profiles appropriate for BlackRocks clients;
- ▶ strategic business needs, including intentions regarding retention;
- ▶ market intelligence; and
- ▶ criticality to business.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

Report on Remuneration (Unaudited) continued

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading “Link between pay and performance”) may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.’s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual’s role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the “BlackRock Performance Incentive Plan” (“BPIP”). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin⁽¹⁾. Determination of pay-out will be made based on the firm’s achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm’s financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external

evaluators have increasingly viewed more favourably those products where key investors have “skin in the game” through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Management Company, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Management Company or of the funds it manages.

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- ▶ organisational changes;
- ▶ new business initiatives;
- ▶ changes in significant influence function lists;
- ▶ changes in role responsibilities; and
- ▶ revised regulatory direction.

Quantitative Remuneration Disclosure

The Manager is required under UCITS to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock’s interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Manager; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not directly employed by the Manager, are assigned by their employer to carry out services directly for the Manager.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock’s remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals’ services attributable to the Fund is included in the aggregate figures disclosed.

Members of staff and senior management of the Manager typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Manager

⁽¹⁾ As Adjusted Operating Margin: As reported in BlackRock’s external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions. and Organic Revenue Growth⁽²⁾

Report on Remuneration (Unaudited) continued

and across the broader BlackRock group. Therefore, the figures disclosed are a sum of each individual's portion of remuneration attributable to the Manager according to an objective apportionment methodology which acknowledges the multiple-service nature of the Manager. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded by the Manager to its staff which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2019 is USD 109.5 million. This figure

is comprised of fixed remuneration of 9.4 million and variable remuneration of USD 100.1 million. There was a total of 153 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Manager, which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2019, to its senior management was USD 0.5 million, and to other members of its staff whose actions have a material impact on the risk profile of the Fund was USD 109.0 million.

Notes to the Financial Statements

1. Organisation

BlackRock Strategic Funds (the “Company”) is a public limited company (*société anonyme*) established under the laws of the Grand Duchy of Luxembourg as an open-ended variable capital investment company (*société d’investissement à capital variable*). The Company has been authorised by the *Commission de Surveillance du Secteur Financier* (the “CSSF”) as a UCITS pursuant to the provisions of Part I of the 2010 Law and is regulated pursuant to such law.

The Company has appointed BlackRock (Luxembourg) S.A. as its Management Company.

As at 31 May 2020, the Company offered shares in 35 Funds (each a “Fund”, together the “Funds”). The Company is an umbrella structure comprising separate Funds with segregated liability. Each Fund shall have segregated liability from the other Funds and the Company shall not be liable as a whole to third parties for the liabilities of each Fund. Each Fund shall be made up of a separate Portfolio of Investments maintained and invested in accordance with the investment objectives applicable to such Fund. Each Fund is a separate pool of assets and is represented by separate shares of each Fund which are divided into share classes as detailed in Appendix I.

The classes of shares have equivalent rights in the Company but carry different features and charging structures which are more fully described in the Company’s Prospectus.

Share Classes Launched

Share Classes launched during the year are disclosed in Appendix I.

Significant events during the year

- ▶ A new Prospectus was issued on 1 June 2019.
- ▶ Effective 3 June 2019, a new performance fee model was adopted. A related Shareholder notification letter was circulated on 1 May 2019. Further details are disclosed in Note 7.
- ▶ Effective 11 June 2019, BlackRock Fixed Income Credit Strategies Fund, denominated in EUR was launched.
- ▶ An updated Prospectus was issued on 20 June 2019.
- ▶ Effective 21 June 2019, BlackRock ESG Euro Corporate Bond Fund, denominated in EUR was launched.
- ▶ Effective 30 October 2019, BlackRock Sustainable Euro Bond Fund changed name to BlackRock ESG Euro Bond Fund.
- ▶ An updated Prospectus was issued on 30 October 2019.
- ▶ Effective 31 October 2019, Martha Boeckenfeld resigned from the Board.
- ▶ As part of an internal restructuring with the aim to streamline State Street’s banking entity structure across Europe, State Street Bank Luxembourg S.C.A. (the “Depositary and Fund

Accountant”), in their capacity as the Company’s Depositary and Fund Accountant, merged into State Street Bank International GmbH with effect from 4 November 2019 (the “Merger Date”). Since the Merger Date, State Street Bank International GmbH continues to carry out the depositary and central administration agent functions through State Street Bank International GmbH, Luxembourg Branch.

As legal successor of the Depositary and Fund Accountant, State Street Bank International GmbH, Luxembourg Branch has assumed the same duties and responsibilities, and has the same rights under the existing agreements with the Company. Any agreements in place with the Depositary and Fund Accountant have been transferred to State Street Bank International GmbH, Luxembourg Branch by operation of law. State Street Bank International GmbH, Luxembourg Branch, is supervised by the European Central Bank, the German Federal Financial Services Supervisory Authority (“BaFin”) and the German Central Bank and has been authorised to act as depositary and central administration agent by the CSSF in Luxembourg. State Street Bank International GmbH, Luxembourg Branch is registered in the Luxembourg Commercial and Companies’ Register (“RCS”) under number B 148186.

- ▶ An updated Prospectus was issued on 16 January 2020.
- ▶ An updated Prospectus was issued on 7 February 2020.
- ▶ Effective 29 February 2020, Francine Keiser resigned from the Board.
- ▶ An updated Prospectus was issued on 29 April 2020.
- ▶ On 11 May 2020, PNC Financial Services Group Inc. (“PNC Group”) announced its intent to sell its investment in BlackRock, Inc. through a registered offering and related buyback by BlackRock, Inc. Further details on PNC Group are disclosed in Note 10.
- ▶ An updated Prospectus was issued on 13 May 2020.
- ▶ Effective 13 May 2020, BlackRock Impact World Equity Fund changed name to BlackRock Systematic ESG World Equity Fund.
- ▶ Effective 18 May 2020, Denise Voss was appointed as Director of the Board.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in accordance with generally accepted accounting principles in Luxembourg and with the legal and regulatory requirements relating to the preparation of the financial statements as prescribed by the Luxembourg authorities for Luxembourg UCITS and include the following significant accounting policies:

Notes to the Financial Statements continued

(a) Valuation of Investments, Other Assets and Other Liabilities

The Company's investments, other assets and other liabilities are valued as follows:

- ▶ transferable securities which are admitted to an official exchange listing or dealt in on another regulated market, are valued on the basis of the latest available price prevailing on the valuation date. For securities traded on markets closing after the time of the valuation, last known prices as of this time or such other time may be used. Where such securities or other assets are quoted or dealt in, on or by more than one stock exchange or regulated market, the Board may in its discretion select one of such stock exchanges or regulated markets for such purposes. Discrepancies in the value of securities may result, for example, where the underlying markets are closed for business at the time of calculating the NAV of certain Funds or where governments chose to impose fiscal or transaction charges on foreign investment. As a result, the Board have implemented fair value techniques in order to estimate the fair value of these investments. Such securities and derivatives shall be valued at their probable realisation value as determined by the competent persons (the Directors). Because of the inherent uncertainty in the fair value process, these estimated values may significantly differ from the values that would have been used had a ready market for the securities existed, and from the values that may be ultimately recovered;
- ▶ for non-quoted securities or securities not traded or dealt in on any stock exchange or other regulated market (including securities of closed-ended investment funds), as well as quoted or non-quoted securities on such other markets for which no valuation price is available, or securities for which the quoted prices are, in the opinion of the Board, not representative of the fair market value, the value shall be determined prudently and in good faith by the Board on the basis of their expected disposal or acquisition price;
- ▶ if in any case a particular value is not ascertainable by the methods outlined above, or if the Board considers that some other method of valuation more accurately reflects the fair value of the relevant security or other asset for the purpose concerned, the method of valuation of the security or other asset will be such as the Board in their absolute discretion decides. Discrepancies in the value of securities may result, for example, where the underlying markets are closed for business at the time of calculating the NAV of certain Funds. In such cases the Board may set specific thresholds, that, where exceeded, result in an adjustment to the value of these securities to their fair value by applying a specific index adjustment. Additionally, where governments choose to impose fiscal or transaction charges on foreign investment, the Board may adjust the NAV to reflect such charges.

- ▶ as at 31 May 2020, the adjusted fair value applied to certain securities and/or derivatives are disclosed in the table below:

Fund	Currency	Fair value	% of Net Assets
BlackRock Americas Diversified Equity Absolute Return Fund	USD	(1,580,364)	(0.17)
BlackRock Asia Pacific Absolute Return Fund	USD	549,012	1.80
BlackRock Asia Pacific Diversified Equity Absolute Return Fund	USD	83,857	0.32
BlackRock European Absolute Return Fund	EUR	11	0.00
BlackRock European Diversified Equity Absolute Return Fund	EUR	(8,453)	(0.23)
BlackRock European Opportunities Extension Fund	EUR	329,825	0.04
BlackRock Global Event Driven Fund	USD	10,039,520	0.30
BlackRock Global Long/Short Equity Fund	USD	(206)	0.00
BlackRock Style Advantage Screened Fund	USD	34,016	0.12

- ▶ for certain Funds which have terminated operations and held illiquid securities at the termination dates, the market value of the illiquid securities were provided for against the net asset value of each respective Fund. This effectively wrote down the value of the securities to zero, and recognised the loss in the Statement of Operations and Changes in Net Assets within "Net realised gain/(loss) on investments" during the financial year in which the termination occurred. As at 31 May 2020, BlackRock Latin American Opportunities Fund (terminated on 8 March 2019) and BlackRock Multi-Manager Alternative Strategies Fund (terminated on 13 May 2019) held open illiquid positions, which together accounted for less than 1.00% of the net asset value of the Funds as at the last Valuation Point prior to each Fund's date of termination. If the illiquid securities are subsequently disposed of, or a value is realised, this will be distributed to the shareholders of the respective Funds proportionate to each shareholder's holding in the Fund as at the date of termination;
- ▶ investments in open-ended collective investment schemes are valued on the basis of the last available NAV of the units or shares of such collective investment scheme;
- ▶ certain Funds may decide to issue Share Classes which have different valuation points, termed "Snap" and "Close". The "Snap" valuation point takes a value at a time other than at market close, and the "Close" valuation point takes the value based on market closing prices. Consequently, the net asset values and performance per Share of such Share Classes are expected to differ from each other as a result of the application of different valuation points. During the year ended 31 May 2020, X Class non-distributing AUD hedged of BlackRock Style Advantage Fund adopted a dual valuation point. This has resulted in a variation between the Fund's NAVs as calculated under Snap and Close valuation points. The NAV of the Fund presented on the Statement of Net Assets is calculated using the Snap valuation point. As at 31 May 2020, the percentage variation between the Fund's Snap and Close NAVs is 0.15%. As at 31 May 2020, the NAV and NAV per share of X Class non-distributing AUD hedged at the Snap valuation point is AUD 1,568,824,772 and AUD 91.52. As at 31 May 2020, the NAV and NAV per share of X Class non-distributing AUD hedged at the Close valuation point is AUD 1,573,795,917 and AUD 91.81;

Notes to the Financial Statements continued

- ▶ securities lending: securities are delivered to a third party broker in accordance with lending agent instructions and continue to be valued as part of the portfolios of the Funds;
- ▶ liquid assets such as time deposits and money market instruments are valued at amortised cost which approximates their fair value;
- ▶ cash at bank and other assets are valued at their nominal amount;
- ▶ assets which include, in particular, cash owned to bank, interest and dividends receivable, receivable for investments sold and receivable for Fund shares subscribed are valued at nominal value unless it appears unlikely that such nominal amount is obtainable;
- ▶ liabilities which include, in particular, interest and dividends payable, income distribution payable, payable for investments purchased and payable for Fund shares redeemed are valued at their nominal value.

(b) Net realised gains and losses on Investments

Net realised gains and losses on sales of investments have been determined on the basis of the average cost method.

(c) Income/Expense from Investments, Cash Accounts and financial derivatives instruments

The Company takes credit for income from its investments on the following basis:

- ▶ interest income/expense is accrued daily and includes the amortisation on a straight line basis of premiums and accretion on a straight line basis of discounts;
- ▶ bank interest, fixed deposit and money market deposit interest income are recognised on an accrual basis;
- ▶ dividend income is accrued on the ex-dividend date and is shown net of withholding tax;
- ▶ securities lending income is accrued on a weekly basis;
- ▶ negative yield expense on financial assets relating to interest from a negative effective interest rate on assets held is accrued daily and is recognised in the Statement of Operations and Changes in Net Assets over the life of the underlying instrument;
- ▶ when a bond has been identified as being in default, the interest accrual on the defaulted security is stopped. On confirmation of default from relevant parties, the amount receivable is written off;
- ▶ the interest rate of any perpetual bonds in the Portfolio of Investments disclosed under the description is the interest rate applicable at the year end and is for information only as these are bonds with a variable interest rate.

(d) Financial Derivative Instruments

During the year, the Funds have entered into a number of forward foreign exchange transactions and futures contracts. Open forward foreign exchange transactions and futures contracts are valued at the fair market value to close the contracts on the valuation date. Surpluses/deficits arising from

these and unsettled contracts are taken to unrealised appreciation/(depreciation) and are included under assets or liabilities (as appropriate) in the Statement of Net Assets. The net change in unrealised appreciation or depreciation and the net realised gains or losses on settlement or closing transactions of forward foreign exchange transactions and futures contracts are presented in the Statement of Operations and Changes in Net Assets.

The Funds can write covered call and put options or swaptions and purchase call and put options or swaptions. When the Funds write and/or purchase an option or a swaption, an amount equal to the premium received or paid by the Funds is reflected as a liability or an asset. The liability for a written option or swaption and the asset for a purchased option or swaption is subsequently marked to market to reflect the current value of the option or the swaption. When a security is sold or bought through an exercise of an option or a swaption, the premium received (or paid) is deducted from (or added to) the basis of the security sold or bought. When an option or a swaption expires (or the Funds enter into a closing transaction), the Funds realise a gain or loss on the option or the swaption to the extent of the premiums received or paid (or gain or loss to the extent the cost of the closing transactions exceeds premium paid or received). For futures-style options, the Funds do not prepay the premium. The Funds post margin as in a futures contract, and the option premium is marked to market daily. The purchased options/swaptions at market value and written options/swaptions at market value are included under assets or liabilities (as appropriate) in the Statement of Net Assets. The net change in unrealised appreciation or depreciation and the net realised gains or losses on expiration or closing transactions of options or swaptions are presented in the Statement of Operations and Changes in Net Assets.

During the year, the Funds have entered into Contracts for difference ("CFDs"). CFDs allow investors to take synthetic long or synthetic short positions with a variable margin. Unlike shares, with CFDs the buyer is potentially liable for far more than the amount they paid on margin.

CFDs positions are entered into subject to a daily financing charge, applied at a previously agreed rate above or below the applicable benchmark. The related interest income or expense is accrued daily and disclosed as Contracts for difference interest in a net position in the Statement of Operations and Changes in Net Assets. Interest income receivable and expense payable is disclosed in a net position as "Interest and dividends receivable" or "Interest and dividends payable" in the Statement of Net Assets.

CFDs positions are subject to dividend receipts or payments in such cases where a position is held on the day a dividend has been declared. The related dividend income or expense is accrued on the ex-dividend date and disclosed net of withholding tax as Contracts for difference dividends, net of withholding taxes in the Statement of Operations and Changes in Net Assets. Dividend income receivable and expense payable is disclosed in a net position as "Interest and dividends receivable" or "Interest and dividends payable" in the Statement of Net Assets.

Notes to the Financial Statements continued

The fair market value of the CFDs is determined by the traded price on the exchange on which the underlying securities or other assets are traded or admitted for trading. For underlying securities traded on markets closing after the time of the valuation, last known prices as of this time or such other time may be used.

The net unrealised appreciation and net unrealised depreciation on Contracts for difference is included under assets or liabilities (as appropriate) in the Statement of Net Assets.

The change in market value, if any, is recorded as net change in unrealised appreciation or depreciation in the Statement of Operations and Changes in Net Assets. Net realised gains or losses on reset or termination of the CFDs are presented in the Statement of Operations and Changes in Net Assets.

Net realised gains and losses on sales of CFDs have been determined on the basis of the First In First Out ("FIFO") cost method.

The Funds had unsettled CFD transactions as of 31 May 2020, which are included within "Receivable for investments sold" and "Payable for investments purchased" in the Statement of Net Assets. CFDs are separately disclosed after the Portfolio of Investments.

The Funds may enter into Swap transactions ("swaps"), in which the Funds and a counterparty agree to make periodic net payments on a specified notional amount. Swap transactions are privately negotiated in the OTC market and may be entered into as a bilateral contract ("OTC swaps") or centrally cleared ("centrally cleared swaps"). These periodic payments received or made are recorded in the Statement of Operations and Changes in Net Assets as net realised gains or losses, respectively. Swaps are valued utilising quotes received daily by the Funds' pricing service, central clearing houses or brokers, which are derived using daily swap curves and models that incorporate a number of market data factors, such as discounted cash flows, trades and values of the underlying reference instruments. In a centrally cleared swap, immediately following execution of the swap agreement, the swap agreement is novated to a clearing counterparty and the Fund faces the clearing counterparty through a broker. Upon entering into a centrally cleared swap, the Fund is required to deposit initial margin with the broker in the form of cash or certain eligible securities in an amount that varies depending on the size and risk profile of the particular swap. Any upfront payments made or received upon entering a swap contract are treated as part of the swap's net realised gain or loss. The daily change in valuation of centrally cleared swaps is recorded as a receivable or payable for variation margin in "Cash at bank" or "Cash owed to bank" position of the Statement of Net Assets until the centrally cleared swap is terminated at which time a net realised gain or loss is recorded. The net change in unrealised appreciation or depreciation and the net realised gains or losses on Swap transactions are disclosed in Statement of Operations and Changes in Net Assets. Interest income receivable and expense payable on swaps is accrued on a daily basis and disclosed in a net position as "Interest and dividends receivable" or "Interest and dividends payable" in the Statement of Net Assets. The Funds had unsettled swap transactions as of 31 May 2020, which are included within "Receivable for investments sold" and "Payable for investments purchased" in the Statement of Net Assets. Swaps are separately disclosed after the Portfolio of Investments.

Net realised gains and losses on sales of Swaps have been determined on the basis of the First In First Out ("FIFO") cost method.

Funds may purchase "To Be Announced" securities contracts ("TBAs"). This refers to the common trading practice in the mortgage-backed securities market whereby a contract is purchased which entitles the buyer to a security from a mortgage pool for a fixed price at a future date. At the time of purchase the exact security is not known, but its main characteristics are specified. Although the price has been established at the time of purchase, the principal value has not been finalised. As a TBA is not settled at the time of purchase, this may lead to leveraged positions within a Fund. Purchasing a TBA involves a risk of loss if the value of the security to be purchased declines prior to the settlement date. Risks may also arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts. TBAs are separately disclosed at the end of the Portfolio of Investments.

The Funds may dispose of a commitment prior to settlement if it is deemed appropriate to do so. Proceeds of TBA sales are not received until the contractual settlement date. During the time a TBA sale commitment is outstanding, equivalent deliverable securities, or an offsetting TBA purchase commitment (deliverable on or before the sale commitment date), are held as cover for the transaction.

If the TBA sale commitment is closed through the acquisition of an offsetting purchase commitment, the Fund realises a gain or loss on the commitment without regard to any unrealised gain or loss on the underlying security. If the Fund delivers securities under the commitment, the Fund realises a gain or loss from the sale of the securities upon the unit price established at the date the commitment was entered into.

The Funds had unsettled TBA transactions as of 31 May 2020, which are included within "Receivable for investments sold" and "Payable for investments purchased" in the Statement of Net Assets.

The market values of the TBAs are presented in the Statement of Net Assets. The net change in unrealised appreciation or depreciation and the net realised gains or losses on sales of the TBAs are presented in the Statement of Operations and Changes in Net Assets.

Net realised gains and losses on sales of TBA have been determined on the basis of the First In First Out ("FIFO") cost method.

(e) Foreign Exchange

The cost of investments in currencies other than the currency of denomination of the respective Fund has been translated at the rates of exchange ruling at the time of purchase. Investments and other assets and liabilities in currencies other than the currency of denomination of the respective Fund have been translated at the exchange rate prevailing at the Fund's valuation point in Luxembourg on 31 May 2020. The net change in unrealised appreciation or depreciation and the net realised gains or losses on disposal or settlement of other assets or liabilities in currencies other than the currency of denomination of the respective Fund are presented in the Statement of Operations and Changes in Net Assets.

Notes to the Financial Statements continued

Income and expenses in currencies other than the currency of denomination of the respective Fund have been translated at the rates of exchange prevailing on transaction date.

The following exchange rates were used to translate the investments and other assets and other liabilities denominated in currencies for all Funds other than the base currency of the Fund at the respective Fund valuation point at 31 May 2020:

(f) Combined Financial Statements

The accounts of each Fund are expressed in the Fund's base currency. The combined figures of the Company are expressed in USD and include the total of the financial statements of the different Funds, translated if necessary. For the translation of the Statement of Net Assets, the exchange rate prevailing at the Funds' valuation point in Luxembourg as at 31 May 2020 for all Funds expressed in EUR excluding BlackRock Dynamic Diversified Growth Fund is:

EUR	
USD	0.8993

For the BlackRock Dynamic Diversified Growth Fund, the exchange rate prevailing at the Fund's valuation point in Luxembourg as at 31 May 2020 is:

EUR	
USD	0.8990

For the BlackRock UK Emerging Companies Absolute Return Fund and BlackRock UK Equity Absolute Return Fund, the exchange rate prevailing at the Fund's valuation point in Luxembourg as at 31 May 2020 is:

GBP	
USD	0.8097

For the Statement of Operations and Changes in Net Assets, the following exchange rate is the average rate calculated over the year for all Funds expressed in Euros excluding BlackRock Dynamic Diversified Growth Fund:

EUR	
USD	0.9045

For the BlackRock Dynamic Diversified Growth Fund, the following exchange rate is the average rate calculated over the year:

EUR	
USD	0.9044

For the BlackRock UK Emerging Companies Absolute Return Fund and BlackRock UK Equity Absolute Return Fund, the following exchange rate is the average rate calculated over the year:

GBP	
USD	0.7934

The combined figures in the Statement of Operations and Changes in Net Assets have been calculated using the average exchange rates throughout the year. The resulting Foreign exchange adjustment of USD (76,932,073) represents the movement in exchange rates between 1 June 2019 and 31 May 2020. This is a notional amount, which has no impact on the Net Assets of the individual Funds.

Notes to the Financial Statements continued

(g) Income Equalisation

The Company operates Income Equalisation arrangements with a view to ensure that the level of net income accrued within a Fund and attributable to each share is not affected by the issue, conversion or redemption of Fund shares during an accounting year.

The Income Equalisation is included in the Movements in share capital in the Statement of Operations and Changes in Net Assets.

(h) Dilution

The Directors may adjust the NAV per Share for a Fund in order to reduce the effect of “dilution” on that Fund. Dilution occurs when the actual cost of purchasing or selling the underlying assets of a Fund deviates from the carrying value of these assets in the Fund’s valuation, due to factors such as dealing and brokerage charges, taxes and duties, market movement and any spread between the buying and selling prices of the underlying assets. Dilution may have an adverse effect on the value of a Fund and therefore impact Shareholders. By adjusting the NAV per Share this effect can be reduced or prevented and Shareholders can be protected from the impact of dilution. The Directors may adjust the NAV of a Fund if on any Dealing Day the value of the aggregate transactions in Shares of all Share Classes of that Fund results in a net increase or decrease which exceeds one or more thresholds that are set by the Directors for that Fund. The amount by which the NAV of a Fund may be adjusted on any given Dealing Day is related to the anticipated cost of market dealing for that Fund. In such circumstances the NAV of the relevant Fund may be adjusted by an amount not exceeding 1.50%, or 3% in the case of bond Funds, of that NAV. Under exceptional circumstances the Directors may, in the interest of Shareholders, decide to temporarily increase the maximum swing factor indicated above and inform investors thereof. The adjustment will be an addition when the net movement results in an increase in the value of all Shares of the Fund and a deduction when it results in a decrease.

As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, particularly in relation to duties and taxes, the resulting adjustment may be different for net inflows than for net outflows. In addition, the Directors may also agree to include extraordinary fiscal charges in the amount of the adjustment. These extraordinary fiscal charges vary from market to market and are currently expected not to exceed 2.5% of that NAV. Where a Fund invests primarily in certain asset types, such as government bonds or money market securities, the Directors may decide that it is not appropriate to make such an adjustment. In accordance with the Prospectus, such dilution adjustment was applied as at 31 May 2020 to BlackRock Global Real Asset Securities Fund and BlackRock Global Event Driven Fund.

During the financial year from 1 June 2019 to 31 May 2020 dilution adjustments were applied to all Funds except BlackRock Asia Extension Fund and BlackRock Total Advantage Fund.

The published/dealing NAV per share is disclosed in the Three Year Summary of Net Asset Values and may include a dilution adjustment. This adjustment is not recognised in the Statement of Net Assets or the Statement of Operations and Changes in Net Assets.

(i) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of securities and derivatives. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the security. When a security is recognised initially, it is measured at its market value, plus transaction costs that are directly attributable to the acquisition or issue of the security.

Transaction costs excluding depositary transaction fees on purchases or sales of securities are included within net realised gain/(loss) or net change in unrealised appreciation/(depreciation) within the Statement of Operations and Changes in Net Assets of each Fund. Depositary transaction fees are included in Depositary fees in the Statement of Operations and Changes in Net Assets of the Fund. Refer to Note 6 for further information.

(j) Foreign currencies on other transactions

Foreign currencies on other transactions relate to realised and unrealised appreciation or depreciation on cash balances and spot contracts and are disclosed in the Statement of Operations and Changes in Net Assets.

3. Management Company

BlackRock (Luxembourg) S.A. (the “Management Company”) has been appointed by the Company to act as its Management Company. The Management Company is authorised to act as a fund management company in accordance with Chapter 15 of the 2010 Law.

The Company has signed a management company agreement with the Management Company. Under this agreement, the Management Company is entrusted with the day-to-day management of the Company, with responsibility for performing directly or by way of delegation all operational functions relating to the Company’s investment management, administration and marketing of the Funds.

In agreement with the Company, the Management Company has decided to delegate several of its functions as is further described in the Prospectus.

The Management Company is a wholly owned subsidiary within the BlackRock Group. It is regulated by the CSSF.

4. Management and Distribution Fees

During the year, the Company paid management fees to the Management Company.

The Company pays management fees at an annual rate as shown in Appendix F of the Prospectus. The level of management fee varies from 0.30% to 1.80% of the NAV, with the exception of Class X shares, which do not pay a management fee but rather a fee to the Investment Advisers or affiliates under an agreement. The level of management fee varies according to which Fund and Share Class the investor buys. These fees accrue daily, are based on the NAV of the relevant Fund and are paid monthly. Certain costs and fees are paid out of the management fees, including the fees of the Investment Advisers.

Where a Fund invests a substantial proportion of its net assets in other UCITS and other Undertakings for Collective Investment (“UCIs”), the Investment Adviser will ensure that the total

Notes to the Financial Statements continued

management fee (excluding any performance fee, if any) charged to such Fund (including management fees from other UCITS and UCIs in which it invests) shall not exceed 3.75% of the NAV of the Fund.

During the year, the following Funds were subject to management fee rebate linked to investments into target funds managed by BlackRock disclosed in the Statement of Operations and Changes in Net Assets under the caption "Management fee rebate":

BlackRock Dynamic Diversified Growth Fund, BlackRock Emerging Markets Flexi Dynamic Bond Fund, BlackRock European Select Strategies Fund, BlackRock Fixed Income Credit Strategies Fund, BlackRock Fixed Income Strategies Fund, BlackRock Global Absolute Return Bond Fund, BlackRock Macro Opportunities Fund, BlackRock Managed Index Portfolios – Conservative, BlackRock Managed Index Portfolios – Defensive, BlackRock Managed Index Portfolios – Growth and BlackRock Managed Index Portfolios – Moderate.

During the year, all Funds, with the exception of those disclosed below, were subject to fee reimbursement from the Management Company, as disclosed in the Statement of Operations and Changes in Net Assets under the caption "Reimbursement of expenses":

BlackRock Americas Diversified Equity Absolute Fund, BlackRock Asia Extension Fund, BlackRock Dynamic Diversified Growth Fund, BlackRock European Absolute Return Fund, BlackRock European Opportunities Extension Fund, BlackRock European Unconstrained Equity Fund, BlackRock Fixed Income Strategies Fund.

During the year, the Company paid distribution fees to BlackRock Investment Management (UK) Limited who acted as Principal Distributor.

The Company pays annual distribution fees between 1.25% and 1.00% of the NAV for Class C Shares and 0.50% of the NAV for Class E Shares. These fees accrue daily, are based on the NAV of the relevant Fund reflecting, when applicable, any adjustment to the NAV of the relevant Fund, and are paid monthly.

The management and distribution fees per Share Class per Fund are disclosed in detail in the Prospectus and KIID of the Company. Management and distribution fees payable at 31 May 2020 are included in the Statement of Net Assets under the caption "Accrued expenses and other liabilities".

5. Administration Fees

The Company pays an administration fee to the Management Company.

The level of administration fee may vary at the Board's discretion, as agreed with the Management Company, and will apply at different rates across the various Funds and Share Classes issued by the Company. However, it has been agreed between the Board and the Management Company that the administration fee currently paid shall not exceed 0.30% per annum. It is accrued daily, based on the NAV of the relevant Share Class and paid monthly.

The Board and the Management Company set the level of the administration fee at a rate which aims to ensure that the total expense ratio of each Fund remains competitive when compared across a broad market of similar investment products

available to investors in the Funds, taking into account a number of criteria such as the market sector of each Fund and the Fund's performance relative to its peer group.

The administration fee is used by the Management Company to meet all fixed and variable operating and administrative costs and expenses incurred by the Company, with the exception of the depositary fees, distribution fees, securities lending fees, any fees arising from borrowings (including for the avoidance of doubt any commitment fee that may be due to the lender), any professional services costs relating to withholding tax reclaims (plus any taxes or interest thereon), and any taxes at an investment or Company level. Any commitment fees arising from borrowings or professional services costs relating to withholding tax reclaims will be allocated between the relevant Funds on a fair and equitable basis.

These operating and administrative costs and expenses include all third party expenses and other recoverable costs incurred by or on behalf of the Company from time to time, including but not limited to, fund accounting fees, transfer agency fees (including sub-transfer agency and associated platform dealing charges), all professional costs, such as consultancy, legal, tax advisory and audit fees, Directors' fees, travel expenses, reasonable out-of-pocket expenses, printing, publication, translation and all other costs relating to shareholder reporting, regulatory filing and licence fees, correspondent and other banking charges, software support and maintenance, operational costs and expenses attributed to the Investor Servicing teams and other global administration services provided by various BlackRock Group companies.

The Management Company bears the financial risk of ensuring that the Funds' total expense ratio remains competitive. Accordingly the Management Company is entitled to retain any amount of the administration fee paid to it which is in excess of the actual expenses incurred by the Company during any year whereas any costs and expenses incurred by the Company in any year which exceed the amount of administration fee that is paid to the Management Company, shall be borne by the Management Company or another BlackRock Group company.

Administration fees payable at 31 May 2020 are included in the Statement of Net Assets under the caption "Accrued expenses and other liabilities".

Directors of the Company who are not employees of the BlackRock Group received a fee of EUR 30,000 per annum gross of taxation in return for their duties performed during the year ended 31 May 2020. The Chairman receives a fee of EUR 33,500 per annum gross of taxation. Directors who are employees of the BlackRock Group are not entitled to receive a Directors fee.

Directors fee is included in the Statement of Net Assets under the caption "Accrued expenses and other liabilities".

Detailed below are the fees paid to Deloitte Audit, S.à r.l. for the year ended 31 May 2020.

	31 May 2020 EUR
Audit and audit related services (excluding VAT)	443,325
Non-audit services	–

Notes to the Financial Statements continued

6. Depository Fees

The Depository receives a fee in respect of each Fund. These fees are to remunerate the Depository for safekeeping and transaction costs applicable to each Fund.

From 1 June 2019 to 31 December 2019, these fees varied in respect of each Fund depending on the value of assets under management and the volume of trading in that Fund.

For Funds which had a low volume of trading (less than 500 trades per month) the safekeeping fee which accrued daily, ranged from 0.005% to 0.40% per annum and the transaction fees ranged from USD 7 to USD 125 per transaction.

For Funds which engaged in higher trading volumes, the Depository did not charge separate safekeeping and transaction fees. The Depository received a fee which was charged on a sliding scale, based on the value of assets under management and the volume of trading within each Fund. These fees ranged from 1 basis point to 25 basis points per annum of assets under management of each Fund, depending on whether a particular Fund was considered to be a "medium volume trading Fund" (between 501 and 1,500 trades per month), "high volume trading Fund" (greater than 1,500 derivative trades per month) or a "very high trading volume Fund" (greater than 100,000 trades per annum).

Each of the Funds was also subject to a minimum annual fee which was set at either, USD 30,000 for the aggregate of low volume trading Funds, USD 100,000 for each medium volume trading Fund, USD 150,000 for each high volume trading Fund and USD 230,000 for each very high trading volume Fund.

Effective 1 January 2020, safekeeping fees vary based on the value of assets under management and the country in which the assets are held. Transaction fees vary based on the type of transaction and the country in which the transaction occurs.

Trading volumes and asset allocations for each Fund vary according to the investment strategy of each Fund. The combined Depository fee to each Fund depends on its asset allocations and trading activity at any time.

Depository fees payable at 31 May 2020 are included in the Statement of Net Assets under the caption "Accrued expenses and other liabilities".

7. Performance Fees

A performance fee may be payable out of each Share Class of each Fund with the exception of Class X shares which do not pay a performance fee, in addition to other fees and expenses mentioned in the Prospectus. The performance fee accrues on each Valuation Day and is equal to 8%, 15%, 20% or 30% (as applicable to the relevant Fund, as stated in Appendix E of the Prospectus) of the amount by which the NAV per share return exceeds the appropriate benchmark return described in further detail in Appendix E of the Prospectus. Two methods of calculation are used and are referred to as Type A and Type B – the method applicable to each Fund is indicated in Appendix E of the Prospectus. Further details may be obtained from the Local Investor Servicing team and the registered office of the Company.

Crystallisation of the performance fee occurs on the last day of each Performance Period or where a shareholder redeems or converts all or part of his shares before the end of a Performance Period.

During the period from 1 June 2019 to 30 November 2019 the Management Company has applied a 0.00% floor to the EUR 3M LIBOR, SEK 3M LIBOR, CHF 3M LIBOR and JPY 3M LIBOR interest rate performance fee benchmarks used to calculate any out performance as per the calculation methodology outlined in the Prospectus. This floor has been applied to effectively cap the amount of performance fees payable in respect of interest rate performance fee benchmarks currently exhibiting negative interest rates. The Management Company will continue to monitor the interest rate environment and its effect on the management of the Funds and reserves the right to remove the application of the 0.00% floor to the EUR 3M LIBOR, SEK 3M LIBOR, CHF 3M LIBOR and JPY 3M LIBOR interest rate performance fee benchmarks without notice.

Performance fees payable at 31 May 2020 are included in the Statement of Operations and Changes in Net Assets under the caption "Performance fees".

8. Taxes

Luxembourg subscription tax, Belgian tax, realized and unrealized Capital Gain Tax are disclosed in the Statement of Operations and Changes in Net Assets under caption "Taxes". For the year ended 31 May 2020, USD 13,934,673 was charged in relation to Taxes.

Luxembourg

The Company is registered under Luxembourg law as an investment company. Accordingly, no Luxembourg income or capital gains tax is at present payable by the Company. However, it is subject to an annual subscription tax ("*taxe d'abonnement*") calculated at an annual rate of 0.05% of the NAV of each Fund at the end of each quarter, and in the case of all Class I, Class I A, Class J, Class T and Class X Shares, of 0.01% of the NAV of each Fund at the end of each quarter. For the year ended 31 May 2020, USD 7,104,281 was charged in relation to Luxembourg subscription tax.

Belgium

The Company is registered with the financial services and markets authorities in Belgium in accordance with Article 154 of the amended Law of 3 August 2012 relating to financial transactions and the financial markets. Funds registered for public distribution in Belgium are subject to an annual tax of 0.0925% on the NAV of units distributed in Belgium via Belgian intermediaries as at 31 December of the previous year. For the year ended 31 May 2020, USD 328,290 was charged in relation to Belgian tax.

United Kingdom

Reporting Funds

The UK Reporting Funds regime applies to the Company. Under this regime, investors in UK Reporting Funds are subject to tax on the share of the UK Reporting Funds income attributable to their holdings in the Fund, whether or not distributed, but any gains on disposal of their holdings are subject to capital gains tax. A list of the Funds which currently have UK Reporting Fund status is available at: <https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds>.

Other transaction taxes

Other jurisdictions may impose taxes, financial transactions taxes ("FTT") or other transaction taxes on certain assets held by the Funds (for example UK stamp duty, French FTT).

Notes to the Financial Statements continued

FTT are included in the Statement of Operations and Changes in Net Assets under the caption "Net realised gain/(loss) on Contract for difference".

Withholding tax

Dividends, interest and capital gains (if any) received by the Company on its investments may be subject to withholding taxes in the countries of origin which are generally irrecoverable as the Company itself is exempt from income tax. Recent European Union case law may, however, reduce the amount of such irrecoverable tax. Investors should inform themselves of, and when appropriate consult their professional advisers on, the possible tax consequences of subscribing for, buying, holding, redeeming, converting or selling Shares under the laws of their country of citizenship, residence or domicile. Investors should note that the levels and bases of, and reliefs from, taxation can change. The potential of withholding tax charges is further described in the Prospectus.

Withholding tax is included in the Statement of Operations and Changes in Net Assets under the caption "Dividends, net of withholding taxes".

Dividends received by the Company on CFDs may be subject to withholding tax: in particular, withholding tax for CFDs on US equity instruments is regulated pursuant to Section 871(m) of the Internal Revenue Code ("IRC"). Such withholding tax is included in the Statement of Operations and Changes in Net Assets under the caption "Contracts for difference dividends, net of withholding taxes".

9. Investment Advisers and Sub-Investment Advisers

The Management Company, BlackRock (Luxembourg) S.A., has delegated the management and provision of investment advice to the Investment Advisers: BlackRock Financial Management, Inc. (BFM Inc.), BlackRock Institutional Trust Company N.A. (BTC), BlackRock Investment Management LLC (BIMLLC), BlackRock Investment Management (UK) Limited (BIM UK) and BlackRock (Singapore) Limited (BLKSin) as described in the Prospectus.

The Investment Advisers provide advice and management in the areas of stock and sector selection and strategic allocation. BIM UK has sub-delegated some of its functions to BlackRock Japan Co., Ltd. (BLKJap), BlackRock Investment Management (Australia) Limited (BLKAus) and BlackRock Asset Management North Asia Limited (BAMNA). Notwithstanding the appointment of the Investment Advisers, the Management Company accepts full responsibility to the Company for all investment transactions.

10. Transactions with related parties

The ultimate holding company of the Management Company, the Principal Distributor and the Investment Advisers is BlackRock, Inc., a company incorporated in Delaware, USA. During the year, PNC Financial Services Group Inc. ("PNC Group") was a substantial shareholder in BlackRock Inc. When arranging transactions in securities for the Company, companies in the PNC Group may have provided securities, brokerage, foreign exchange banking and other services or may have acted as principal on their usual terms and may benefit therefrom. Commission has been paid to brokers and agents in accordance with the relevant market practice and the benefit of any bulk or other commission discounts or cash commission rebates provided by brokers or agents have been passed on to the Company. The services of PNC Group companies could have been used by the Investment Advisers where it was considered appropriate to do so provided that their commissions and other

Notes to the Financial Statements continued

terms of business are generally comparable with those available from unassociated brokers and agents in the markets concerned, and that this is consistent with the above policy of obtaining best results.

During the year, there have been no significant transactions which were outside the ordinary course of business or which were not on normal commercial terms. There were no transactions of the Company effected through BlackRock companies.

The Company has appointed BlackRock Advisors (UK) Limited (the "Securities Lending Agent"), a related party to the Company, as securities lending agent. The Securities Lending Agent bears all operational costs directly related to securities lending transactions. The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. The Funds which undertake securities lending transactions receive at least 62.5%, while the Securities Lending Agent receives up to 37.5% of such income.

Some of the Funds use cross investment techniques, meaning that the Funds invest into other Funds within the Company's umbrella structure. The combined Statement of Net Asset and the Statement of Operations and Changes in Net Assets have not been adjusted to remove the impact of the cross investments. The commissions on subscriptions and redemptions, as well as the management fees are not applied to the assets of the BlackRock Dynamic Diversified Growth Fund invested in other Funds.

The table below provides the value of those cross-investments in the relevant Fund's Portfolio of Investments as at 31 May 2020:

Fund	Cross Investment Fund	Currency	Market Value	% of Net Asset
BlackRock Dynamic Diversified Growth Fund	Blackrock Strategic Funds - BlackRock Systematic ESG World Equity Fund X2 (GBP)	EUR	45,715,676	4.42

11. Dividends

For the Non-Distributing Share Classes, the Directors' current policy is to retain and reinvest all net income.

For the Distributing Share Classes, the policy is to distribute substantially all the investment income (where available) for the year after deduction of expenses (or gross income in the case of Distributing (G) Shares). The Directors may also determine if and to what extent dividends may include distributions from both net realised and net unrealised capital gains. Where Distributing Share Classes pay dividends that include net realised capital gains or net unrealised capital gains, or, in the case of Funds which distribute income gross of expenses, dividends may include initially subscribed capital. Shareholders should note that dividends distributed in this manner may be taxable as income, depending on the local tax legislation, and should seek their own professional tax advice in this regard.

Where a Fund has UK Reporting Fund status and reported income exceeds distributions made then the surplus shall be treated as a deemed dividend and will be taxed as income, subject to the tax status of the investor.

The Company may operate income equalisation arrangements with a view to ensuring that the level of net income accrued within a Fund (or gross income in the case of Distributing (G) Shares) and attributable to each Share is not affected by the issue, conversion or redemption of those Shares during an accounting year.

12. Securities Lending

The table below provides the value of securities on loan and the related collateral received as at 31 May 2020:

Fund	CCY	Value of securities on loan	Value of collateral received
BlackRock Asia Pacific Absolute Return Fund	USD	1,428,260	1,576,040
BlackRock Dynamic Diversified Growth Fund	EUR	7,457,623	8,227,163
BlackRock Emerging Markets Absolute Return Fund	USD	665,555	722,038
BlackRock Emerging Markets Equity Strategies Fund	USD	19,790,945	21,700,007
BlackRock Emerging Markets Flexi Dynamic Bond Fund	USD	131,568,745	139,541,424
BlackRock Emerging Markets Short Duration Bond Fund	USD	2,438,744	4,004,935
BlackRock ESG Euro Bond Fund ⁽¹⁾	EUR	18,754,172	20,312,452
BlackRock European Absolute Return Fund	EUR	43,328,625	47,530,850
BlackRock European Opportunities Extension Fund	EUR	67,710,494	74,478,327
BlackRock European Select Strategies Fund	EUR	24,547,754	27,618,140
BlackRock European Unconstrained Equity Fund	EUR	989,813	1,061,947
BlackRock Fixed Income Credit Strategies Fund ⁽²⁾	EUR	730,409	763,298
BlackRock Fixed Income Strategies Fund	EUR	134,690,802	142,504,380
BlackRock Global Absolute Return Bond Fund	EUR	97,385	100,159
BlackRock Global Event Driven Fund	USD	25,237,517	27,128,080
BlackRock Global Real Asset Securities Fund	USD	10,522,811	11,625,509
BlackRock Macro Opportunities Fund	USD	38,836	42,984
BlackRock Managed Index Portfolios – Conservative	EUR	1,819,857	4,363,159
BlackRock Managed Index Portfolios – Defensive	EUR	6,823,877	8,119,689
BlackRock Managed Index Portfolios – Growth	EUR	1,846,681	2,048,851
BlackRock Managed Index Portfolios – Moderate	EUR	21,737,742	23,209,433
BlackRock Systematic ESG World Equity Fund ⁽¹⁾	USD	21,436,367	23,658,934
BlackRock Systematic Global Equity Fund	USD	10,517,634	11,627,630

⁽¹⁾ Fund name changed, see Note 1 for further details.

⁽²⁾ New Fund launch, see Note 1 for further details.

Income earned during the year by the Funds from securities lending transactions is disclosed in the Funds' Statement of Operations and Changes in Net Assets under caption "Securities lending". Securities on loan are respectively flagged on Portfolio on Investments.

Notes to the Financial Statements continued

13. Transaction costs

In order to achieve its investment objective, a Fund will incur transactions costs in relation to trading activity on its Portfolio of Investments. Disclosed in the table below are separately identifiable transaction costs incurred by each Fund for the year ended 31 May 2020. These include broker commissions and settlement fees.

Fund	CCY	Transaction Costs
BlackRock Americas Diversified Equity Absolute Return Fund	USD	30,264
BlackRock Asia Extension Fund	USD	-

⁽¹⁾ Fund name changed, see Note 1 for further details.

⁽²⁾ New Fund launch, see Note 1 for further details.

Not all transaction costs are separately identifiable. For CFDs, swaps, forward foreign exchange transactions, futures contracts, options, swaptions and TBAs transaction costs are included in the purchase and sales price of the investment. Whilst not separately identifiable these transaction costs are captured within the performance of each Fund. Market impact costs are not separately identifiable and are therefore also not disclosed in the above table.

14. Credit Facility

The Company entered into a credit facility with JPMorgan Chase Bank, N.A. (“JPMorgan”) whereby JPMorgan, together with other syndicated lenders, will make a portion of a USD 1.225 billion credit facility available to the Luxembourg Funds. The portion of the USD 1.225 billion credit facility will be allocated to the Funds based on the Allocation Notice dated 31 December 2019.

This credit facility will be utilised by the Funds for temporary funding purposes, including, without limitation, the funding of investor redemptions. Any interest and commitment fees in relation to drawdowns from such credit facility are paid out of the assets of the relevant Funds. Any new Funds will not automatically be subject to a credit line and will therefore be required to be added by way of a joinder process. This process includes, inter alia, any necessary due diligence being carried out by the lenders in order to approve the addition of the new Funds. During this for the year ended, such Funds will not be subject to, or able to draw down on, any credit line. Furthermore, there is no guarantee that the addition of any new Funds will be approved by the lenders, or that credit will be available to a Fund since the credit line is subject to availability (on an equitable allocation basis) between the Funds and other BlackRock Funds participating in the credit agreement. As such, certain Funds may not be subject to the credit line and will not incur any fees with respect to same.

A loan commitment fee is charged on a daily basis in relation to this credit facility which is included in the Statement of Operations and Changes in Net Assets under caption “Loan commitment fees”. The loan commitment fee is charged at 0.10% on the outstanding balance.

No portion of the credit facility was used during the year ended 31 May 2020.

15. Amounts due from/to broker

Due from/to broker on the Statement of Net Assets consists of cash collateral and margin paid/received to/from Funds’ clearing brokers and various counterparties.

16. Total Expense Ratio

Total Expense Ratio (“TER”) is calculated as the total of all expenses (excluding bank interest, negative yield expense on financial assets and expense reimbursements), divided by the average net assets of the share classes, expressed as a percentage. All data is annualised.

The Management fees may be used in part to pay remuneration for distribution activities concerning the Company. Reimbursement may be made to institutional investors which from a commercial perspective hold shares of the Company for third parties.

The TERs for the year from 1 June 2019 to 31 May 2020 are as follows:

Notes to the Financial Statements continued

⁽¹⁾ New Share Class launched, see Appendix I for further details.

⁽²⁾ Fund name changed, see Note 1 for further details.

⁽³⁾ New Fund launch, see Note 1 for further details.

⁽⁴⁾ Fund invests in underlying target funds which do not publish a TER in accordance with the SFAMA guidelines.

The TERs were calculated in accordance with the Swiss Funds and Asset Management Association ("SFAMA") guidelines on the calculation and disclosure of the TER for collective investment schemes. The SFAMA guidelines were last amended on 20 April 2015.

Certain Funds, as indicated above, invest a significant portion of their net assets in underlying target funds which do not publish a TER in accordance with the SFAMA guidelines. Therefore, the prorated TER of the underlying target funds has not been included in the TER of the Funds disclosed above. This waiver provision complies with the SFAMA guidelines.

Notes to the Financial Statements continued

17. Subsequent Events

Effective 2 June 2020, the BlackRock European Diversified Equity Absolute Return Fund, denominated in EUR was terminated.

Effective 17 June 2020, the BlackRock Asia Extension Fund, denominated in USD was terminated.

An updated Prospectus was issued on 5 August 2020.

There have been no other events subsequent to the financial year end, and up to the date of the approval of the financial statements, which in the opinion of the Board may have had a material impact on the financial statements for the financial year ended 31 May 2020.

18. Approval date

The financial statements were approved by the Board on 25 September 2020.

To the Shareholders of
BlackRock Strategic Funds

Grand Duchy of Luxembourg

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of BlackRock Strategic Funds (the "Company") and of each of its Funds, which comprise the statement of net assets and the Portfolio of Investments as at 31 May 2020 and the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company and of each of its Funds as at 31 May 2020, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the *Commission de Surveillance du Secteur Financier* (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the *Réviseur d'Entreprises Agréé* for the Audit of the Financial Statements" section of our report. We are also independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our Independent Auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board for the Financial Statements

The Board is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the *Réviseur d'Entreprises Agréé* for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the *Réviseur d'Entreprises Agréé* that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board.
- Conclude on the appropriateness of the Board use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the *Réviseur d'Entreprises Agréé* to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the *Réviseur d'Entreprises Agréé*. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For Deloitte Audit, *Cabinet de Révision Agréé*

Justin Griffiths, *Réviseur d'Entreprises Agréé*

Appendix II – Global Market Risk Exposure (Unaudited)

Global Exposure

In accordance with current BlackRock policy, global exposure is measured using the “Commitment Approach” or the Value at Risk (“VaR”) approach which considers the full constituents of the portfolio.

The Commitment Approach is a methodology that aggregates the underlying market or notional values of financial derivative instruments to determine the degree of global exposure of a Fund to financial derivative instruments.

Pursuant to the 2010 Law, the global exposure for a Fund under the Commitment Approach must not exceed 100% of that Fund’s Net Asset Value.

Below is the list of Funds that follow the Commitment Approach:

- ▶ BlackRock European Unconstrained Equity Fund
- ▶ BlackRock Global Real Asset Securities Fund
- ▶ BlackRock Managed Index Portfolios – Conservative
- ▶ BlackRock Managed Index Portfolios – Defensive
- ▶ BlackRock Managed Index Portfolios – Growth
- ▶ BlackRock Managed Index Portfolios – Moderate
- ▶ BlackRock Systematic ESG World Equity Fund⁽¹⁾
- ▶ BlackRock Systematic Global Equity Fund

⁽¹⁾ Fund changed name, see Note 1 for further details.

VaR is a statistical risk measure that estimates the potential loss from adverse market movements in an ordinary market environment.

The VaR calculations for the BlackRock Strategic Funds, with the exception of the BlackRock Global Event Driven Fund, are based on an adjusted historical simulation model. On 1 January 2018, the VaR model used for the BlackRock Global Event Driven Fund changed from an adjusted historical simulation model to a Monte Carlo simulation model to more appropriately measure the Fund’s exposure to market risk. Both models use a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one day period the Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk.

On 1 September 2015 the VaR model used by BlackRock Risk & Quantitative Analysis (“RQA”) changed from a parametric model to an adjusted historical simulation model to more appropriately measure the Funds exposure to market risk. The previous model used a holding period of 1 month (20 days).

For Funds which use a relative VaR approach RQA determines a reference portfolio as the basis for the relative VaR calculation. The reference portfolio is typically the index benchmark also established as the reference point for performance data in respect of the relevant Fund. This is an index (or composite of indices) constructed by a recognised index provider(s) from relevant securities which are eligible for investment by the Funds. This process gives appropriate consideration to the availability of indices with construction rules which are themselves compliant with diversification rules.

Where a Fund is monitored using VaR, the Investment Advisers will observe the regulatory limit and any internal risk limits which may be appropriate for the portfolio.

The table below details the highest, lowest and average utilisation of the VaR limit, expressed as a percentage of the respective absolute or relative VaR regulatory limit. For relative VaR, the VaR of the respective Fund’s portfolio will not exceed twice the VaR of the reference portfolio. Utilisation refers to the level of risk taken in this context.

Fund	Market Risk Approach	Risk Benchmark	Highest utilisation of the VaR limit %	Lowest utilisation of the VaR limit %	Average utilisation of the VaR limit %
BlackRock Americas Diversified Equity Absolute Return Fund	Absolute VaR	n/a	26.16%	10.73%	15.17%

Leverage

The use of derivatives may expose Funds to a higher degree of risk. In particular, derivative contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on derivatives than on standard bonds or equities. Leveraged derivative positions can therefore increase Funds volatility.

For the purposes of this disclosure, leverage is the investment exposure gained through the use of financial derivative instruments. It is calculated using the sum of the notional values of all of the financial derivative instruments held by the relevant Fund, without netting, and is expressed as a percentage of the NAV.

Disclosed in the table below is the level of leverage employed during the year.

Fund	Average leverage employed during the year
BlackRock Americas Diversified Equity Absolute Return Fund	519.68%
BlackRock Asia Extension Fund	142.37%
BlackRock Asia Pacific Absolute Return Fund	57.79%
BlackRock Asia Pacific Diversified Equity Absolute Return Fund	422.51%

Supplementary Information (Unaudited)

Efficient Portfolio Management Techniques

The Company may, on behalf of each Fund and subject to the conditions and within the limits laid down by the CSSF and the Prospectus, employ techniques and instruments relating to transferable securities, including investments in OTC Financial Derivative Instruments (“FDIs”) provided that such techniques and instruments are used for efficient portfolio management purposes or to provide protection against exchange risk or for direct investment purposes, where applicable.

Securities Lending and Total Return Swaps (including CFDs)

All securities lending transactions entered into by the Funds are subject to a written legal agreement between the Funds and the Securities Lending Agent, BlackRock Advisors (UK) Limited, a related party to the Company, and separately between the Securities Lending Agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Depository on behalf of the Funds. Collateral received is segregated from the assets belonging to the Funds’ Depository or the Securities Lending Agent.

All TRS (including CFDs) are entered into by the Funds under an International Swaps and Derivatives Associations, Inc. Master Agreement (“ISDA Master Agreement”) or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Funds and a counterparty that governs OTC FDIs (including TRS and CFDs) entered into by the parties. The parties’ exposures under the ISDA Master agreement are netted and collateralised together, therefore any collateral disclosures provided in this report are in respect of all OTC FDIs entered into by the Funds under the ISDA Master Agreement, not just TRS and CFDs. All non-cash collateral received/posted by the Funds under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

The following table details the value of securities on loan as a proportion of the Funds’ total lendable assets and NAV and the value of TRS (including CFDs) as a proportion of the Funds’ NAV, as at 31 May 2020 and the income/returns earned for the year ended 31 May 2020. Total lendable assets represent the aggregate value of assets forming part of the Funds’ securities lending programme. The value of TRS (including CFDs) is based on the underlying exposure value on a gross absolute basis.

The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. The Funds receives at least 62.5% while the Securities Lending Agent receives up to 37.5% of such income, with all operational costs borne out of the Securities Lending Agent's share. Income earned during the year ended by the Funds from securities lending transactions is disclosed in the Funds' Statement of Operations and Changes in Net Assets under caption "Securities lending". All returns and costs from TRS (including CFDs) will accrue to the Funds and are not subject to any returns or cost sharing arrangements with the Fund's Management Company or any other third parties.

The following table details the value of securities on loan (individually identified in the relevant Funds' Portfolio of Investments) and associated collateral received and the underlying exposure value on a gross absolute basis for TRS (including CFDs), analysed by counterparty, as at 31 May 2020.

The above maturity tenor analysis has been based on the respective transaction contractual maturity date. Open transactions are those transactions that are callable or terminable on a daily basis and include CFDs.

Collateral

The Funds engage in activities which may require collateral to be provided to a counterparty ("collateral posted") or may hold collateral received ("collateral received") from a counterparty.

The following table provides an analysis by currency of the cash and underlying non-cash collateral received/posted by way of title transfer collateral arrangement by the Funds, in respect of securities lending transactions and OTC FDIs (including TRS and CFDs), as at 31 May 2020.

As at 31 May 2020, part of cash collateral received by the Funds was re-invested in money market funds managed by the affiliates of the Management Company, as disclosed in the Funds' Portfolio of Investments. The Funds are the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. All cash received or posted as collateral has an open maturity tenor as it's not subject to a contractual maturity date.

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending transactions and OTC FDIs, cannot be sold, re-invested or pledged.

The returns earned by the Funds from the reinvestment of cash collateral in money market funds during the year ended 31 May 2020 is summarised below. These returns represent the accumulative total return of the respective money market fund for the 1 year year ended 31 May 2020. These returns do not take into account any interest payable to the counterparty under the relevant collateral arrangements.

Money market fund	Total returns
Institutional Cash Series plc	
- Institutional Euro Liquidity Fund	(0.72)%
- Institutional GBP Liquidity Fund	0.44%
- Institutional US Dollar Liquidity Fund	1.42%

Supplementary Information (Unaudited) continued

The following table provides an analysis of the type, quality and maturity tenor of non-cash collateral received by the Funds by way of title transfer collateral arrangement in respect of securities lending transactions, as at 31 May 2020.

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received or posted as collateral is based on the respective contractual maturity date, while for equity securities, ETFs and money market funds received or posted as collateral are presented as open transactions as they are not subject to a contractual maturity date.

The following table provides an analysis of the amounts of non-cash collateral received by the Fund in respect of securities lending transactions and held by the Funds' Depository (or through its delegates) or through a securities settlement system, as at 31 May 2020.
