For Swiss investors: The prospectus of the Entity, Trust Deed, the Key Investor Information Documents ("KIID"), the latest annual report and audited financial statements and interim report and unaudited financial statements, as applicable and a detailed list of investments purchased and sold for each Fund during the financial year may be obtained on request and free of charge from the representative in Switzerland.

For German investors: The prospectus and KIID are available, free of charge, from the Information Agent in Germany.

The Entity is duly registered with the Comisión Nacional de Mercado de Valores in Spain under number 1504.

BLACKROCK INDEX SELECTION FUND

BACKGROUND

BlackRock Index Selection Fund (the “Entity”) is an open-ended unit trust established on 27 February 1996 as an umbrella fund under the laws of Ireland. The Entity was constituted by the Trust Deed dated 27 February 1996 between BlackRock Asset Management Ireland Limited (the “Manager”) and J.P. Morgan Bank (Ireland) plc (the “Trustee”) and is governed by an amended and restated Trust Deed dated 4 December 2009 and any deeds supplemental thereto. The Entity is authorised as a unit trust with segregated liability between the funds pursuant to the Unit Trusts Act, 1990 (the “Act”). The Entity is authorised and supervised by the Central Bank of Ireland (“CBI”) pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the “UCITS Regulations”).

The Entity is constituted as an umbrella fund and comprises of separate funds (“Fund”) of the Entity. The units of each Fund may be grouped into different classes of units (each a “unit class”). Each Fund will represent a separate portfolio of assets and may consist of one or more unit classes. Each unit class may apply different subscription and redemption provisions, charges, fees or brokerage arrangements. The creation of an additional class of units will be notified to the CBI in advance. The portfolio of assets maintained for each Fund will be invested in accordance with the investment objectives and policies applicable to each Fund as set out in the prospectus and supplement. The assets of each Fund shall belong exclusively to that Fund, shall be segregated from the assets of other Funds, shall not be used to discharge directly or indirectly the liabilities of or claims against any other Fund and shall not be available for any such purpose.

The term “Fund” shall be deemed to mean either a Fund or Funds of the Entity, or if the context so requires, the Manager or its delegate acting for the accounts of the relevant Fund. The term “BlackRock” and “Investment Manager” are used to represent BlackRock Advisors (UK) Limited as appropriate. All references to “redeemable units” shall be deemed to mean redeemable participating units when Fund units are classified as financial liabilities. The term “Directors” means the directors of the Manager.

Further details, including the investment objectives and minimum subscription requirements, are set out in the Entity’s prospectus and supplement.

Changes to the Entity during the financial year

On 9 July 2020, the Sterling (Hedged) D Distributing Class was launched for the iShares Developed Real Estate Index Fund (IE).

On 9 September 2020, an updated prospectus was issued for the Entity to facilitate the following changes:

- iShares Developed World ex Tobacco Index Fund (IE) changed its benchmark index from MSCI World ex Tobacco ex Controversial Weapons Index to MSCI World ESG Screened Index.
- iShares Developed World ex Tobacco Index Fund (IE) changed its name to iShares Developed World ESG Screened Index Fund (IE).

On 24 September 2020, the US Dollar Institutional Distributing Class was relaunched for the iShares Europe Index Fund (IE).

On 9 October 2020, the Singapore Dollar (Hedged) Flexible Accumulating Class was launched for the iShares Developed World Index Fund (IE).

On 2 November 2020, a new supplement was issued for the Entity to facilitate the approval of iShares Emerging Market Screened Equity Index Fund (IE) by the CBI.

On 5 November 2020, Justin Mealy was appointed as an executive Director of the Manager.

On 17 December 2020, an updated prospectus was issued for the entity to incorporate the following changes:

- Inclusion of new hedged share classes across all the Funds except for BlackRock Market Advantage Strategy Fund.
- Inclusion of iShares Emerging Market Screened Equity Index Fund (IE).

On 17 December 2020, an updated supplement was issued for BlackRock Market Advantage Strategy Fund. There were no material changes to be disclosed.

On 20 January 2021, the Sterling Flexible Accumulating Class was fully redeemed for the iShares Developed Real Estate Index Fund (IE).

On 5 March 2021, Enda McMahon was appointed as an executive Director of the Manager.

On 10 March 2021, an updated prospectus and supplement was issued for the Entity to incorporate the following:

- Required elements under Level 1 provisions of the Sustainable Finance Disclosure Regulation (“SFDR”).
- Environmental, Social and Governance (“ESG”) integration.

On 19 March 2021, the Norwegian Kroner (Hedged) Institutional Accumulating Class was launched for the iShares Developed World ESG Screened Index Fund (IE).

On 23 April 2021, an amended credit facility agreement was issued to facilitate an increase in the credit facility available by JPMorgan Chase Bank, N.A. (“JPMorgan”) and the other syndicated lenders to USD 300,000,000.

On 1 May 2021, Adele Spillane resigned as a non-executive Director of the Manager and was appointed as an executive Director of the Manager.

On 5 May 2021, Barry O’Dwyer resigned as a non-executive Director of the Manager and was appointed as an executive Director of the Manager.

On 6 May 2021, iShares Emerging Market Screened Equity Index Fund (IE) commenced trading with the launch of the Euro Flexible Accumulating Class, Sterling Flexible Accumulating Class, US Dollar D Accumulating Class and US Dollar Flexible Accumulating Class.

On 11 May 2021, the Sterling Institutional Accumulating Class was launched for the iShares Developed World ESG Screened Index Fund (IE).

On 18 May 2021, the Class A GBP Dis Units was fully redeemed for the BlackRock Market Advantage Strategy Fund.

BLACKROCK INDEX SELECTION FUND

BACKGROUND (continued)

Changes to the Entity during the financial year (continued)

On 24 May 2021, Patrick Boylan resigned as a non-executive Director of the Manager and was appointed as an executive Director of the Manager.

On 25 May 2021, the Euro (Hedged) D Accumulating Class was launched for the iShares North America Index Fund (IE).

Fund details

The Entity had 15 Funds in operation as at 31 May 2021.

United Kingdom exit from European Union

On 31 January 2020, the United Kingdom (the "UK") formally withdrew and ceased being a member of the European Union (the "EU"). Following this, the UK entered into a transition period which lasted for the remainder of 2020, during which period the UK was subject to applicable EU laws and regulations. The transition period expired on 31 December 2020, and EU law no longer applies in the UK.

On 30 December 2020, the UK and the EU signed an EU-UK Trade and Cooperation Agreement ("UK/EU Trade Agreement"), which applies from 1 January 2021 and sets out the foundation of the economic and legal framework for trade between the UK and the EU. As the UK/EU Trade Agreement is a new legal framework, the implementation of the Agreement may result in uncertainty in its application and periods of volatility in both the UK and wider European markets throughout 2021 and beyond. The UK's exit from the EU is expected to result in additional trade costs and disruptions in this trading relationship. While the UK/EU Trade Agreement provides for the free trade of goods, it provides only general commitments on market access in services together with a "most favoured nation" provision which is subject to many exceptions. Furthermore, there is the possibility that either party may impose tariffs on trade in the future in the event that regulatory standards between the EU and the UK diverge. The terms of the future relationship may cause continued uncertainty in the global financial markets, and adversely affect the performance of the Funds.

Volatility resulting from this uncertainty may mean that the returns of the Funds' investments are affected by market movements, the potential decline in the value of Sterling or Euro, and the potential downgrading of sovereign credit ratings of the UK or an EU member state.

Outbreak of COVID-19

An outbreak of an infectious respiratory illness caused by a novel coronavirus known as COVID-19 has developed into a global pandemic. The impact of this significant event on the Funds' financial risk exposure is disclosed in Note 3.2.3.

The Manager has assessed the impact of market conditions arising from the COVID-19 outbreak on the Funds' ability to meet their investment objectives. Based on the latest available information, the Funds continue to be managed in line with their investment objectives, with no disruption to the operations of the Funds and the publication of Net Asset Values ("NAV").

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT

Investment objective

BlackRock Market Advantage Strategy Fund

The investment objective of the Fund is to seek to provide a total return, taking into account both capital and income returns over the long-term. This objective will be effected through strategic exposure to multiple asset classes which, through diversification, is expected to generate growth with comparatively lower risk than exposure to worldwide equities alone.

iShares Developed Real Estate Index Fund (IE)

The investment objective of the Fund is to provide unitholders with a total return, taking into account both capital and income returns, which reflects the total return of the FTSE EPRA/NAREIT Developed Index, the Fund's Benchmark Index.

iShares Developed World ESG Screened Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the developed world equity markets excluding companies that are involved in or generate a majority of their revenue and income from activities that may have a detrimental impact from the environmental, social and governance ("ESG") perspective.

iShares Developed World Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the developed world equity markets.

iShares Edge EM Fundamental Weighted Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the global emerging equity market.

iShares Emerging Markets Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the global emerging equity market.

iShares EMU Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in the European Economic and Monetary Union (the "EMU").

iShares Europe ex-UK Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in Europe apart from the UK.

iShares Europe Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the European equity market.

iShares Japan Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in Japan.

iShares North America Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in the United States and Canada.

iShares Pacific Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in the Pacific Rim, excluding Japan.

iShares UK Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in the UK.

iShares US Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the equity market in the United States.

iShares Emerging Market Screened Equity Index Fund (IE)

The investment objective of the Fund is to provide a total return, taking into account both capital and income returns, which reflects the total return of the global emerging equity markets excluding companies that are involved in or generate a majority of their revenue and income from activities that may have a detrimental impact from the environmental, social and governance ("ESG") perspective.

Investment management approach

For physically replicating funds, the investment management approach is to buy a portfolio of securities that as far as practicable consist of the securities that make up the benchmark index, in similar proportion to the weights represented in the benchmark index over a defined period of time.

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT (continued)

Investment management approach (continued)

For non-replicating funds, the investment management approach aims to match the main risk characteristics of the benchmark index by investing in a portfolio that is primarily made up of securities that represent the benchmark index. The objective is to generate a return which is as close as practicable to the total return of the benchmark index net of transaction costs and gross of fees and other cost.

Fund name	Benchmark index/Performance measure	Investment management approach
BlackRock Market Advantage Strategy Fund ¹	N/A	Active
iShares Developed Real Estate Index Fund (IE)	FTSE EPRA/NAREIT Developed Index	Index tracking - replicating

¹No performance measure is calculated for this Fund.

²The Fund launched on 6 May 2021.

Performance summary, tracking difference and tracking error

The following table compares the realised Fund performance against the performance of the relevant benchmark index/performance measure during the financial year ended 31 May 2021. It also discloses the anticipated tracking error of the Fund (disclosed in the prospectus on an ex-ante basis) against the actual realised tracking error of the Fund as at 31 May 2021.

Further information on these performance measures and calculation methodologies used is detailed below:

- Fund returns disclosed are the performance returns for the primary unit class for each Fund, net of fees, which has been selected as a representative unit class. The primary unit class represents the class of unit invested in by the majority of investors in the Fund and also takes into account other relevant factors such as the Fund's base currency. The returns disclosed for the comparative are in the same currency as the primary unit class, unless otherwise stated. Performance returns for any other unit class can be made available on request.
- For Funds that commenced trading and/or fully redeemed during the financial year, returns are shown from the date the Fund commenced trading and/or to the date the Fund fully redeemed, and the total expense ratio ("TER") is the effective TER from the date the Fund commenced trading and/or to the date the Fund fully redeemed.
- Fund returns are based on the NAV calculated in accordance with the prospectus for the financial year under review with any dividends reinvested. Where, due to a public holiday, a date relevant to determination of the fund returns would not be a dealing day (such that a NAV would not otherwise be calculated on that day), a NAV may nevertheless be determined and calculated in accordance with the prospectus for the purposes of these disclosures. Additionally, due to Financial Reporting Standard 102 ("FRS 102") requirements which apply to the financial statements, there may be differences between the NAV per unit as recorded in the financial statements and the NAV per unit calculated in accordance with the prospectus.
- Tracking difference measures the difference in returns between a fund and its benchmark index.
- Each Fund's TER is accrued on a daily basis throughout the financial year, which can impact the measurement of a tracking error in a positive or negative manner depending on the performance in the market and the TER rate applied. The extent and magnitude of this effect on performance measurement is subject to the timing of the market performance relative to the performance period of the Fund and can be greater than the headline TER in a positive market and lower than the TER in a negative market. The TER expresses the sum of all fees, operating costs and expenses, with the exception of direct trading costs, charged to each Fund's assets as a percentage of the average Fund assets based on a twelve-month period ended 31 May 2021.
- Anticipated tracking error is based on the expected volatility of differences between the returns of a fund and the returns of its benchmark index.
- Realised tracking error is the annualised standard deviation of the difference in monthly returns between a fund and its benchmark index. Tracking error shows the consistency of the returns relative to the benchmark index over a defined period of time. The realised tracking error is annualised and calculated using data from the preceding 36 month observation period. Where a Fund has not been trading for 36 months, the annualised tracking error since inception has been presented.

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT (continued)

Performance summary, tracking difference and tracking error (continued)

Fund name	Fund return %	Performance measure %	TER %
BlackRock Market Advantage Strategy Fund - Class A GBP Acc Units	15.09	n/a	0.05 ¹

¹TER disclosed is the synthetic TER in line with Swiss Funds & Asset Management Association ("SFAMA") requirements.

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT (continued)

Performance summary, tracking difference and tracking error (continued)

The table and the relevant footnotes also indicate the primary drivers impacting tracking difference gross of the TER, and where the realised tracking error is greater than the anticipated tracking error. Primary drivers impacting tracking difference include cash management, efficient portfolio management techniques including securities lending, transaction costs from rebalancing and currency hedging and sampling techniques. Tax may also impact tracking difference and tracking error due to withholding tax suffered by the Fund on any income received from its investments. The level and quantum of tracking difference/tracking error arising due to withholding taxes depends on various factors such as any reclaims filed on behalf of the Fund with various tax authorities, any benefits obtained by the Fund under a tax treaty or any securities lending activities carried out by the Fund. Importantly, these impacts can be either positive or negative depending on the underlying circumstances.

Fund name	Fund return %	Benchmark index %	TER %	Primary drivers impacting tracking difference						Anticipated tracking error %	Realised tracking error %	Other tracking difference and tracking error drivers

^aThe tracking difference was also driven by a difference in performance between the benchmark index and cash and cash equivalents held in the Fund for liquidity purposes.

^bThe tracking difference was also driven by a difference in performance between the benchmark index and index futures held for efficient portfolio management.

^cThe Fund's performance from commencement of operations is too short to provide a meaningful tracking difference attribution.

^dThe tracking history is too short to provide a statistically significant tracking error.

^eThe Fund breached its tracking error limit primarily due to timing differences between the Fund and benchmark index on the treatment of withholding tax charges applied to corporate actions. Structural differences in tax rates applied to dividends received in the Fund versus the tax rates assumed in the total return calculation of the benchmark index was another contributing factor.

^fThe tracking error of the Fund was primarily driven by a combination of the differing tax rates applied to dividends received in the Fund versus the tax rates assumed in the total return calculation of the benchmark index alongside the receipt of historical reclaims.

^gThe tracking error of the Fund was primarily driven by a difference in performance between the benchmark index and index futures held for efficient portfolio management. Structural differences in tax rates applied to dividends received in the Fund versus the tax rates assumed in the total return calculation of the benchmark index was another contributing factor.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of units. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current prospectus, of which the most recent annual report and audited financial statements and interim report and unaudited financial statements as well as KIIDs form an integral part. Copies of which are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or Distributors.

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview

Global equities, as represented by the MSCI All Country World Index ("ACWI") (in US Dollar terms), posted a return of 41.85% for the twelve months ended 31 May 2021. The reporting period began in the wake of the uncertainty surrounding the spread of COVID-19, which led to steep declines for all classes of equities. Countries around the globe instituted restrictions to slow the progress of the virus, resulting in a sharp economic downturn and a sudden rise in unemployment.

However, equities recovered throughout the reporting period as aggressive policy responses from governments and central banks, the phased reopening of economies around the world, and new treatments for COVID-19 raised hopes for an economic recovery. In November 2020, news that multiple vaccines had shown high effectiveness rates and were ready to be put into production reassured investors and provided a strong boost to equities. As mass vaccination programmes got underway in early 2021, stocks advanced again, with many indices reaching all-time highs. The prospect of a return to normalcy and increased consumer spending due to pent-up demand led investors to increase their expectations for future inflation.

Driven by the COVID-19 outbreak, bond performance diverged significantly based on credit quality. Prior to the beginning of the reporting period, investor caution in the face of uncertainty had driven down the prices of many higher-risk bonds, particularly corporate and emerging market bonds. However, the US Federal Reserve's (the "Fed") implementation of an unprecedented corporate bond purchasing facility provided significant support to US corporate bond prices. Consequently, the reporting period saw a reversal of the flight from risk as investor appetite for corporate bonds, particularly lower-quality bonds, increased substantially. As a result, high-yield corporate bonds advanced strongly, while investment-grade corporate bonds declined slightly.

Investors initially flocked to US Treasuries amid the pandemic's uncertainty, and the yield on the 10-year US Treasury, a benchmark lending rate for the bond market, was near all-time lows near the beginning of the reporting period. However, yields increased notably in early 2021 as investors' inflation expectations picked up, leading to negative US Treasury returns for the twelve month period overall.

Stocks in emerging markets posted a strong advance for the reporting period. The development of successful vaccines for COVID-19 significantly benefited emerging market stocks, as increased optimism led to a risk-on investing environment. China's early return to growth in the second quarter of 2020 also supported emerging market stocks, particularly in Asia. Furthermore, a relatively weak US dollar bolstered emerging markets by lowering borrowing costs for governments and firms with US dollar-denominated debt. Emerging market bond prices recovered due to optimism about the pace of economic recovery, keeping pace with other international bonds for the twelve month period.

In the commodities market, gold prices were volatile, rising sharply to an all-time high in August 2020 before retreating as the global economy rebounded, and then rising again late in the period amid inflation concerns. Oil prices, which had fallen sharply at the beginning of the pandemic, recovered along with the prospects for the global economy, ending the period with a significant gain. Supply and demand shifts induced by the pandemic and subsequent recovery led to a significant rise in the price of some commodities, notably lumber, lithium, and corn.

On the foreign exchanges, the US Dollar declined against most global currencies, reflecting ongoing monetary stimulus and historically low interest rates relative to other developed economies. The Sterling, the Chinese Yuan, the Euro, and the Swiss Franc advanced against the US Dollar, while the Japanese Yen declined slightly.

The disruption caused by the pandemic led to a significant worldwide economic contraction early in the reporting period. The US economy shrank by an annualised record 31.4% in the second quarter of 2020, and the economies of the Eurozone and Japan fell into recession. Signs of recovery appeared later in the year, however, as the Chinese economy returned to growth in the second quarter of 2020 and became the only major economy to post positive growth during calendar year 2020. The US and Japan experienced a significant economic rebound in the third quarter followed by slower gains in the fourth quarter. The US continued to grow in the first quarter of 2021, powered by a rebound in consumer spending. The Eurozone grew in the third quarter of 2020 before contracting again in the fourth quarter and the first quarter of 2021 amid renewed lockdowns in some areas.

The Fed kept interest rates near zero, and along with other influential central banks maintained major bond-buying programmes to stabilise debt markets. The US along with many other countries provided significant fiscal stimulus to offset the economic effects of the pandemic. The Fed further committed to a near-zero interest rate policy through 2023 in a bid to promote longer-term economic expansion, even if inflation were to temporarily rise above its 2% target rate.

Fund performance review and activity

BlackRock Market Advantage Strategy Fund

Over the financial year to 31 May 2021, the Fund's return was 15.09%.

The Fund's managers invest strategically across a broad spectrum of assets (such as shares and bonds) using a 'risk factor' approach. This is based on their view that six macroeconomic (macro) factors drive risk and return in markets: economic growth (captured through developed market stocks, real estate and commodities), real rates (inflation-linked bonds), inflation (break-even inflation rates – a measure of inflation expectations relating to the difference between the yields of inflation-linked and nominal bonds), credit (high yield and investment grade bonds), emerging markets (emerging market stocks and bonds) and liquidity (small-cap stocks).

The Fund's positive performance was driven primarily by exposure to five of the six macro factors: economic growth, real rates, liquidity, credit and emerging markets. As shown by the table below, the inflation factor was the sole negative detractor.

BLACKROCK INDEX SELECTION FUND

INVESTMENT MANAGER'S REPORT (continued)

Fund performance review and activity (continued)

BlackRock Market Advantage Strategy Fund (continued)

During the financial year the following were the largest contributors to and detractors from the Fund's return:

Top contributors		Bottom detractors	
Sector	Effect on Fund return	Sector	Effect on Fund return
Economic	15.40%	Inflation	(9.66%)
Real rates	4.47%		
Liquidity	3.01%		
Credit	1.11%		
Emerging	0.74%		

The economic factor was the top performer with returns coming from equity, commodity and listed real estate exposures. Commodities were the most additive as energy prices recovered to pre-pandemic levels and broader commodities received a further boost as an inflationary hedge in 2021. On the contrary, the inflation factor was the worst performer, break-even rates widened as investors began to price in higher inflation expectations with all the pent-up demand from the closure of major economies at the start of 2020.

The following table details the significant portfolio weightings at 31 May 2021 and 31 May 2020, relative to 100%:

31 May 2021		31 May 2020	
Asset class	Weighting	Asset class	Weighting
Developed market sovereign debt	39.04%	Developed market sovereign debt	31.71%
Emerging market sovereign debt	28.22%	Emerging market sovereign debt	25.13%
Investment grade debt	9.42%	Inflation linked debt	17.05%
Developed equities	5.01%	Investment grade debt	10.24%
Emerging market equities	4.15%	Commodities	3.95%
Commodities	4.05%	Emerging market equities	3.66%
Developed small cap equities	3.80%	High yield debt	2.65%
High yield debt	2.83%	Developed equities	2.13%
Volatility	1.54%	Developed small cap equities	1.91%
Property	1.22%	Volatility	0.81%
Inflation linked debt	0.72%	Property	0.74%

The portfolio currently has a reduced allocation versus its typical strategic positioning to both investment grade and high yield corporate bonds due to their relative expensiveness, favouring other growth assets such as equities instead. The investment team also took action to reduce portfolio duration by cutting exposure to inflation-linked bonds, again driven by the relative expensiveness of real rates and with more volatility across bond markets expected. The aforementioned overweight to growth assets (funded by underweight exposures across corporate bonds and inflation-linked bonds) has been additive to the fund's returns over the period. The overweight positions across equities, commodities and listed real estate have been some of the best performing assets this year.

BlackRock Advisors (UK) Limited
June 2021

BLACKROCK INDEX SELECTION FUND

STATEMENT OF THE MANAGER'S RESPONSIBILITIES

BlackRock Asset Management Ireland Limited (the "Manager"), is responsible for preparing the annual report and the audited financial statements in accordance with applicable Irish law and Financial Reporting Standard 102 ("FRS 102"), the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland issued by the Financial Reporting Council. In preparing these financial statements, the Manager is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the Entity will continue in business.

The Manager is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time, the financial position of the Entity and to enable them to ensure that the financial statements are prepared in accordance with FRS 102 and comply with the provisions of the Unit Trusts Act, 1990. In this regard, the Manager has appointed J.P. Morgan Administration Services (Ireland) Limited for the purpose of maintaining proper accounting records and for preparing the financial statements. Accordingly, the accounting records are kept at the following address:

200 Capital Dock
79 Sir John Rogerson's Quay
Dublin 2, D02 RK57
Ireland

The Manager is also responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities. The assets of the Entity have been entrusted to the Trustee for safekeeping. The Trustee is J.P. Morgan Bank (Ireland) plc. The address at which this business is conducted is as follows:

200 Capital Dock
79 Sir John Rogerson's Quay
Dublin 2, D02 RK57
Ireland

The financial statements for the Entity, and the accompanying notes and unaudited information, are approved by the Directors.

On behalf of the Manager

William Roberts

BLACKROCK INDEX SELECTION FUND

TRUSTEE'S REPORT TO THE UNITHOLDERS

We have enquired into the conduct of BlackRock Asset Management Ireland Limited (the "Manager") in respect of the BlackRock Index Selection Fund (the "Entity") for the year ended 31 May 2021 in our capacity as Trustee to the Entity.

This report, including the opinion, has been provided solely in favour of the investors of the Fund as a body in accordance with the UCITS Regulations – European Communities Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ("the Regulations"). We do not, in the provision of this report, accept nor assume responsibility for any other purpose or to any other person to whom this report is shown.

In accordance with our Trustee obligation as provided for under the Regulations, we have enquired into the conduct of the Entity for the Accounting Period and we hereby report thereon to the Unitholders of the Entity as follows;

We are of the opinion that the Entity has been managed during the Accounting Period, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Manager and the Trustee by the constitutional documents and the Regulations; and

(ii) otherwise in accordance with the provisions of the constitutional documents and the Regulations.

For and on behalf of
J.P. Morgan Bank (Ireland) plc

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF BLACKROCK INDEX SELECTION FUNDS

Report on the audit of the financial statements

Opinion on the financial statements of BlackRock Index Selection Funds (the 'Fund')

In our opinion the Fund's financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Fund as at 31 May 2021 and of the profit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework, the applicable Regulations and the provisions of the Trust Deed

The financial statements we have audited comprise:

- the Income Statement;
- the Statement of Changes in Net Assets attributable to Redeemable Participating Unitholders; and
- the Balance Sheet;
- the related notes 1 to 18, including a summary of significant accounting policies as set out in note 2.

The relevant financial reporting framework that has been applied in their preparation is FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' issued by the Financial Reporting Council ("the relevant financial reporting framework").

The applicable regulations that have been applied in their preparation is the Unit Trusts Act, 1990 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 ("the applicable Regulations").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the "*Auditor's responsibilities for the audit of the financial statements*" section of our report.

We are independent of the Fund in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Fund's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Manager with respect to going concern are described in the relevant sections of this report.

Continued on next page/

/Continued from previous page

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF BLACKROCK INDEX SELECTION FUNDS

Other information

The other information comprises the information included in the Annual Report and Audited Financial Statements, other than the financial statements and our auditor's report thereon. The Manager is responsible for the other information contained within the Annual Report and Audited Financial Statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager is responsible for the preparation and fair presentation of the financial statements in accordance with the relevant financial reporting framework, and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (Ireland), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.

Continued on next page/

/Continued from previous page

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF BLACKROCK INDEX SELECTION FUNDS

- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the entity (or where relevant, the group) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.

Report on other legal and regulatory requirements

Opinion on other matters prescribed by the applicable Regulations

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the Fund were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.

Use of our report

This report is made solely to the Fund's unitholders, as a body, in accordance with the applicable Regulations and the provisions of the Trust Deed. Our audit work has been undertaken so that we might state to the Fund's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS

1. General information

The Entity is an open-ended unit trust domiciled and incorporated under the laws of Ireland as a unit trust. The Entity is authorised by the CBI and is governed by the provisions of the UCITS Regulations.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements are prepared in accordance with Financial Reporting Standard 102 (“FRS 102”) “The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland” issued by the Financial Reporting Council.

The financial statements are prepared on a going concern basis under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The Entity has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a statement of cash flows.

The format and certain wordings of the financial statements have been adapted from those contained in Section 3 of FRS 102, so that, in the opinion of the Directors, they more appropriately reflect the nature of the Entity’s business as an investment fund.

All amounts have been rounded to the nearest thousand, unless otherwise indicated.

2.2 Financial instruments

The Entity has chosen to implement the recognition and measurement provisions of IAS 39 and only the disclosure requirements of Sections 11 and 12 of FRS 102 as they relate to financial instruments.

2.2.1 Classification

The Entity classifies its investments in debt, equity, liquidity instruments and derivatives as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated by the Directors at fair value through profit or loss at inception. All the derivative investments are held for trading purposes. All other financial assets and financial liabilities including cash, cash equivalents, receivables and payables are classified at amortised cost using the effective interest method.

2.2.2 Recognition and derecognition

The Entity recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument. Purchases and sales of investments are recognised on the day the trade takes place.

Realised gains and losses on disposals of financial instruments are calculated using the average cost method. For instruments held long, they represent the difference between the initial carrying amount and disposal amount. For instruments held short, they represent the difference between the proceeds received and the opening value. For derivative contracts, they represent the cash payments or receipts made on derivative contracts (excluding those on collateral or margin accounts for such instruments).

Financial assets are derecognised when the rights to receive cash flows from the asset have expired or the risks and rewards of ownership have all been substantially transferred. Financial liabilities are derecognised when the obligation under the liability is discharged, cancelled or expired.

2.2.3 Measurement

All financial instruments are initially recognised at fair value.

Financial assets and financial liabilities at fair value through profit or loss are subsequently measured at fair value. Transaction costs on purchases or sales of investments and gains and losses arising from changes in the fair value of financial assets or financial liabilities at fair value through profit or loss are presented in the income statement within ‘Net gains/(losses) on financial instruments’, in the period in which they arise.

Financial assets and financial liabilities, other than those classified as at fair value through profit or loss, are subsequently measured at amortised cost.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.4 Fair value estimation

Fair value is the amount for which an asset could be exchanged, a liability settled or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. The estimation of fair value, after initial recognition, is determined as follows:

- Investments in debt and equity instruments, exchange traded funds ("ETFs") and exchange traded derivatives which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices which, for the purposes of the financial statements is in line with the valuation methodology prescribed in the Entity's prospectus. Depending on the nature of the underlying investment, the value taken could be either at the closing price, closing mid-market price or bid price on the relevant market.
- Investments which are a unit of participation in an investee collective investment scheme ("CIS") are valued at the unaudited NAV, and where available the independently audited NAV, on the valuation date of such unit of participation as calculated by the administrator of the investee CIS and in accordance with the requirements of the scheme of which the relevant investment is a unit of participation. The unaudited NAV of the underlying investee CIS is reflected gross of any redemption costs which may potentially arise upon redemption from the underlying CIS.
- Investments in centrally cleared and over-the-counter ("OTC") derivatives are valued using valuation techniques.
- Investments in liquidity instruments are valued at amortised cost, this method is deemed equivalent to the fair value, given the short-term nature of such investments.

In the case of an investment which is not quoted, listed or dealt on a recognised market, or in respect of which a listed, traded or dealt price or quotation is not available at the time of valuation, the fair value of such investment shall be estimated with care and in good faith by a competent professional person, body, firm or corporation (appointed for such purpose by the Directors in consultation with the Investment Manager and approved for the purpose by the Trustee), and such fair value shall be determined using valuation techniques. The Entity uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date.

Valuation techniques used for non-standardised financial instruments such as OTC derivatives include those detailed in the fair value hierarchy note, and those used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

2.2.5 Financial derivative and other specific instruments

2.2.5.1 Futures contracts

A futures contract is a contract, traded on an exchange, to buy or sell a certain underlying instrument at a certain date in the future, at a specified price.

Initial margin deposits are made to relevant brokers upon entering into futures contracts and are included in margin cash.

2.2.5.2 Forward currency contracts

A forward currency contract is an agreement, in the OTC market, between two parties to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

2.2.5.3 Swaps

A swap is an individually negotiated agreement, in the OTC market, between two parties to swap one stream of payments for another. They may be entered into as a bilateral contract ("OTC swaps") or centrally cleared ("centrally cleared swaps").

Upon entering into a centrally cleared swap, the Fund is required to deposit initial margin with the broker in the form of cash of an amount that varies depending on the size and risk profile of the underlying swap contract.

2.2.5.4 Swaptions

Swaptions are financial instruments that grant or buy the right to enter into a previously agreed upon swap agreement at any time before the expiration of the option.

2.2.6 Cash and cash equivalents

Cash in the balance sheet includes cash deposits held on call with banks. Cash equivalents include short-term liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are classified as liabilities in the balance sheet.

2.2.7 Collateral and margin cash

Cash collateral provided by the Fund is identified as an asset on the balance sheet as 'Cash collateral' and is not included as a component of cash and cash equivalents. For collateral other than cash provided by the Fund, if the party to whom the collateral is provided has the right by contract to sell or re-pledge the collateral, the Fund classifies that asset on its balance sheet separately from other assets and identifies the asset as a pledged investment. Where the party to whom the collateral is provided does not have the right to sell or re-pledge, a disclosure of the collateral provided is made in the notes to the financial statements.

Cash balances held as margin with relevant brokers relating to investments in derivatives at the reporting date are identified on the balance sheet as margin cash.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.7 Collateral and margin cash (continued)

Cash collateral provided to the Fund by counterparties is identified on the balance sheet as 'Cash collateral payable'. The Fund may reinvest this cash collateral and the assets purchased are included as 'Cash equivalents' on the balance sheet.

2.2.8 Redeemable units

Each Fund classifies redeemable units issued as financial liabilities or equity in accordance with the substance of the contractual terms of the instruments. Redeemable units are measured at the present value of redemption amounts.

The redeemable units are redeemable at the option of the holders and do not meet the conditions set out in Section 22.4 of FRS 102, to be classified as equity and as a result are classified as financial liabilities.

The redeemable units are accounted for on the day the trade transaction takes place. Subscriptions and redemptions of redeemable units are accounted for on the day the trade transaction takes place. Units are subscribed and redeemed based upon the NAV per unit as of the latest valuation point.

Where duties and charges are applied in the context of a subscription or redemption, they will have an impact on the value of an investment of a subscribing or redeeming investor and as a result are reflected as part of the issue of redeemable units or the redemption of redeemable units in the statement of changes in net assets attributable to redeemable unitholders. Any potential duties and charges are at the discretion of the Directors.

2.3 Foreign currency

2.3.1 Functional and presentation currency

Foreign currency items included in each Fund's financial statements are measured in each Fund's functional currency which is shown for each Fund in the headings of the financial statements.

The Directors consider that these currencies most accurately represent the economic effects of the underlying transactions, events and conditions of each Fund. Each Fund's presentation currency is the same as the functional currency.

2.3.2 Transactions and balances

Transactions in foreign currencies are translated into the functional currency of each Fund at the foreign currency exchange rate in effect at the date of the transaction.

Foreign currency assets and liabilities, including investments, are translated at the exchange rate prevailing at the reporting date.

The foreign exchange gain or loss based on the translation of the investments, as well as the gain or loss arising on the translation of other assets and liabilities, is included in the income statement.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires the Directors to exercise their judgement in the process of applying the Entity's accounting policies. Changes in assumptions may have a significant impact on the financial statements in the period the assumptions changed. The Directors believe that the underlying assumptions are appropriate and that the Entity's financial statements, therefore, present the Entity's financial position and its results fairly. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future years if the revision affects both current and future years. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed below.

2.4.1 Assumptions and estimation uncertainties

2.4.1.1 Fair value of OTC derivative financial instruments

OTC financial derivative instruments ("FDIs") are valued using valuation techniques, as detailed in the fair value hierarchy note to the financial statements. Where valuation techniques (for example, models) are used to determine fair values, they are validated and periodically reviewed and compared to the price provided by an independent pricing service provider, where available.

2.4.1.2 Fair value of financial instruments not quoted in an active market

The fair value of such instruments not quoted in an active market may be determined by the Fund using reputable pricing sources or indicative prices from bond/debt market makers. The Fund would exercise judgement and estimates on the quantity and quality of pricing sources used. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding.

2.4.1.3 Fair value of financial instruments with significant unobservable inputs

The fair value of such instruments is determined using valuation techniques including inputs not based on market data and where significant entity determined adjustments or assumptions are applied, as detailed in the fair value hierarchy note to the financial statements.

2.4.2 Judgements

2.4.2.1 Assessment as investment entities

The Directors are of the opinion that the Entity meets the definition of an investment entity. The following conditions exist:

- a. the Entity has obtained funds for the purpose of providing investors with investment management services; and
- b. the investments held by the Entity are measured and evaluated on a fair value basis and information about those investments are provided to unitholders on a fair value basis through the Entity.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.5 Dividend income

Dividend income is recognised in the income statement when the Fund's right to receive the payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the unitholders approve the payment of a dividend. Dividend income is shown gross of any non-recoverable withholding taxes, which are presented separately in the income statement. CIS and ETF income is recognised when the distributions are declared by the underlying CIS/ETF.

2.6 Interest income and interest expense

Interest income and interest expense for all interest-bearing financial instruments are recognised in the income statement using the effective interest method.

2.7 Securities lending income

Securities lending income is earned from lending securities owned by the Fund to third party borrowers. Securities lending income is recognised in the income statement on an accruals method basis.

2.8 Fees and expenses

Expenses are recognised in the income statement on an accruals basis except for transaction charges relating to the acquisition and realisation of investments which are charged for as incurred.

Expenses directly attributable to a specific class of units are borne directly by such class solely.

2.9 Distributions

Distributions are recognised in the income statement as finance costs where units in the Fund do not meet the conditions to be classified as equity and as a result are classified as financial liabilities.

The Directors may declare distributions on the units of the class in respect of each financial period. Distributions may be paid out of the Fund's net income.

The Directors have implemented income equalisation arrangements to ensure that the level of income derived from investments is not affected by the issue, conversion or redemption of units during the financial year. As part of the distribution payment, the average amount of this equalisation is returned to unitholders who subscribed to or redeemed from the Fund during the year. The equalisation element of the distribution is treated as a repayment of capital.

Distributions will not be made to the unitholders of the accumulating unit classes. The income and other profits will be accumulated and reinvested in the Fund on behalf of these unitholders.

2.10 Adjustment to align to the valuation methodology as set out in the prospectus

Establishment costs are amortised over a period of 5 years for the purpose of calculating the dealing NAV as detailed in the prospectus. However, FRS 102 requires such costs to be expensed when incurred therefore, for the purposes of the financial statements, any unamortised establishment costs have been recognised in full in the income statement in the period in which they were incurred.

Consequently, the differences described above adjust the carrying amount of the net assets attributable to unitholders and the cumulative differences are included in 'Adjustment to align to the valuation methodology as set out in the prospectus' line on the balance sheet.

2.11 Taxation

2.11.1 Current tax

Current tax is recognised for the amount of income tax payable in respect of the overseas taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.11.2 Deferred tax

A provision for deferred tax payable is recognised in respect of material timing differences that have originated but not reversed at the balance sheet date. A deferred tax asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Timing differences are differences between the Fund's overseas taxable profits and its results as stated in the financial statements that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

2.12 Changes in accounting presentation

2.12.1 Nature of change in presentation

Cash equivalents

Investments in low volatility net asset value money market funds, are now classified as "Cash equivalents" on the Balance Sheet rather than "Financial assets at fair value through profit or loss".

2.12.2 Reasons for change in presentation

Cash equivalents

Investments in low volatility net asset value money market funds by their nature are more appropriately classified as a cash equivalent as it more accurately reflects the economic substance of these transactions. The change had no impact on the NAV of the Fund.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.12 Changes in accounting presentation (continued)

2.12.2 Reasons for change in presentation (continued)

The application of this change in presentation has resulted in a reclassification which increased the value of “Cash equivalents” and decreased the value of “Financial assets at fair value through profit or loss” on the Balance Sheet as per the table below:

Fund name	Currency	Balance Sheet amount reclassified '000	
		31 May 2021	31 May 2020
BlackRock Market Advantage Strategy Fund	EUR	313,278	359,517

3. Financial risks

Each Fund’s investment activities expose them to the various types of risk which are associated with the financial instruments and markets in which it invests. The following information is not intended to be a comprehensive summary of all risks and investors should refer to the prospectus for a more detailed discussion of the risks inherent in investing in each Fund.

3.1 Risk management framework

The Directors review quarterly investment performance reports and receive semi-annual presentations from the Investment Manager covering the Entity’s performance and risk profile during the financial year. The Directors have delegated the day-to-day administration of the investment programme to the Investment Manager. The Investment Manager is also responsible for ensuring that the Entity is managed within the terms of its investment guidelines and limits set out in the prospectus. The Directors reserve to themselves the investment performance, product risk monitoring and oversight and the responsibility for the monitoring and oversight of regulatory and operational risk for the Entity. The Manager has appointed a risk manager who has responsibility for the daily risk management process with assistance from key risk management personnel of the Investment Manager, including members of the BlackRock Risk and Quantitative Analysis Group (“RQA Group”) which is a centralised group which performs an independent risk management function. The RQA Group independently identifies, measures and monitors investment risk. The RQA Group tracks the actual risk management practices being deployed across each Fund. By breaking down the components of the process, the RQA Group has the ability to determine if the appropriate risk management processes are in place across each Fund. This captures the risk management tools employed, how the levels of risk are controlled, ensuring risk/return is considered in portfolio construction and reviewing outcomes.

3.2 Market risk

Market risk arises mainly from uncertainty about future values of financial instruments influenced by currency, interest rate and price movements. It represents the potential loss each Fund may suffer through holding market positions in the face of market movements.

Each Fund is exposed to market risk by virtue of their investment in equities and derivatives.

A key metric used by the RQA Group to measure market risk is Value-at-Risk (“VaR”) which encompasses currency, interest rate and price risk.

VaR is a statistical risk measure that estimates the potential portfolio loss from adverse market movements in an ordinary market environment. VaR analysis reflects the interdependencies between risk variables, unlike a traditional sensitivity analysis.

The VaR calculations are based on an adjusted historical simulation model with a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one-day period each Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk.

It is noted that the use of VaR methodology has limitations, namely that the use of historical market data as a basis for estimating future events does not encompass all possible scenarios, particularly those that are of an extreme nature and that the use of a specified confidence level (e.g. 99%) does not take into account losses that occur beyond this level. There is some probability that the loss could be greater than the VaR amounts. These limitations and the nature of the VaR measure mean that each Fund can neither guarantee that losses will not exceed the VaR amounts indicated, nor that losses in excess of the VaR amounts will not occur more frequently.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.2 Market risk (continued)

The one-day VaR based on 99% confidence level is outlined in the table below:

Fund Name	2021 %	2020 %

iShares Emerging Market Screened Equity Index Fund (IE) ¹	2.82	n/a

¹The Fund launched during the financial year, hence no comparative data is available.

3.2.1 Market risk arising from foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to foreign currency risk

Each Fund may invest in financial instruments denominated in currencies other than its functional currency. Consequently, each Fund is exposed, directly and/or indirectly, to risks that the exchange rate of its functional currency relative to other currencies may change in a manner which has an adverse effect on the value of the portion of each Fund's assets which are denominated in currencies other than its own currency.

The details of the open forward currency contracts in place to hedge foreign currency risk at the financial year end date are disclosed in the schedules of investments.

In addition, each Fund issued unit classes denominated in currencies other than the functional currency of each Fund.

Management of foreign currency risk

Each Fund may engage in foreign currency hedging to minimise the effect of currency movements between the currencies of the investments held by the Fund and the Fund's functional currency and the Fund's currency hedged unit classes.

The Investment Manager monitors foreign currency risk exposure against pre-determined tolerances and determines when a currency hedge should be reset and the gain or loss arising from such hedge reinvested or settled, while taking into consideration the frequency and associated transaction and reinvestment costs of resetting the currency hedge.

3.2.2 Market risk arising from interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Exposure to interest rate risk

Each Fund is exposed to interest rate risk through its cash and cash equivalent holdings including margin cash held with brokers and through its investments in interest bearing financial instruments which are disclosed in the schedules of investments.

Each Fund also has indirect exposure to interest rate risk through its investments into CIS, ETF and interest rate FDIs, whereby the value of an underlying asset may fluctuate as a result of a change in interest rates.

Management of interest rate risk

Interest rate risk exposure is managed by constantly monitoring the position for deviations outside of a pre-determined tolerance level and, when necessary, rebalancing back to the original desired parameters.

Cash and cash collateral is invested into money market funds to generate a return to protect the Fund against unfavourable movements in interest rates.

3.2.3 Market risk arising from price risk

Price risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar financial instruments traded in the market. Local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issue, recessions, or other events could have a significant impact on each Fund and market prices of its investments.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.2 Market risk (continued)

3.2.3 Market risk arising from price risk (continued)

An outbreak of an infectious respiratory illness caused by a novel coronavirus known as COVID-19 has developed into a global pandemic and has resulted in travel restrictions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, prolonged quarantines, cancellations, supply chain disruptions, and lower consumer demand, as well as general concern and uncertainty. The impact of COVID-19 has adversely affected the economies of many nations across the entire global economy, individual issuers and capital markets, and could continue to extents that cannot necessarily be foreseen. In addition, the impact of infectious illnesses in emerging market countries may be greater due to generally less established healthcare systems. Public health crises caused by the COVID-19 outbreak may exacerbate other pre-existing political, social and economic risks in certain countries or globally. The duration of the COVID-19 outbreak and its effects cannot be determined with certainty.

Exposure to price risk

Each Fund is exposed to price risk arising from its investments in financial instruments. The exposure of each Fund to price risk is the fair value of the investments held as shown in the schedules of investments of each Fund.

Management of price risk

By diversifying the portfolio, where this is appropriate and consistent with each Fund's objectives, the risk that a price change of a particular investment will have a material impact on the NAV of each Fund is minimised.

There is a risk that the valuation of each Fund may not fairly reflect the value of the investments held at a specific time due to events outside the control of the Directors, which could result in significant losses or inaccurate pricing for each Fund. To mitigate this risk the Directors may temporarily suspend the determination of the NAV of any Fund until a fair or reasonable valuation of the investments held can be determined.

The price risk inherent in the CIS holdings is monitored by the Investment Manager by understanding the investment objectives of the underlying funds as well as their internal control policies and regular risk and performance reporting. The investments into other CIS include investments into related party funds. Such CIS are subject to the same control procedures the Investment Manager employs for each Fund.

3.3 Liquidity risk

Liquidity risk is the risk that each Fund will encounter difficulties in meeting obligations associated with financial liabilities.

Exposure to liquidity risk

Each Fund's principal liquidity risks arise from the ability of investors to effect redemption requests and the liquidity of the underlying investments each Fund has invested in.

Each Fund's unitholders may redeem their units on the close of any daily dealing deadline for cash equal to a proportionate share of each Fund's NAV, excluding any duties and charges where applicable. Each Fund is therefore potentially exposed to the liquidity risk of meeting the unitholders' redemptions and may need to sell assets at prevailing market prices to meet liquidity demands.

Each Fund may invest in CIS which can impose notice periods or other restrictions on redemptions and this may increase the liquidity risk of each Fund. Each Fund is also exposed to liquidity risk associated with daily margin calls on FDIs.

The expected settlement dates can be more than three months based on the analysis of the remaining period at the reporting date to the maturity date and are outlined in the schedules of investments.

Management of liquidity risk

Liquidity risk is minimised by holding sufficient liquid investments which can be readily realised to meet liquidity demands. Asset disposals may also be required to meet redemption requests. However, timely sale of trading positions can be impaired by many factors including trading volume and increased price volatility. As a result, each Fund may experience difficulties in disposing of assets to satisfy liquidity demands.

Each Fund's liquidity risk is managed by the Investment Manager in accordance with established policies and procedures in place. The portfolio managers review daily forward-looking cash reports which project cash obligations. These reports allow them to manage their cash obligations. If redemption requests from all holders of units in a Fund exceed more than 10% of the NAV of each Fund on any particular dealing day, the Directors shall be entitled, at their discretion, to refuse to redeem such excess numbers of units in issue from each Fund. The units which are not redeemed at any given dealing day shall be redeemed on each subsequent dealing day on a pro-rata basis in priority to any requests received thereafter.

None of the assets of the Funds are subject to special liquidity arrangements.

The Manager may temporarily suspend the determination of the NAV of any Fund and the issue and redemption of units of any Fund:

(i) during the whole or any part of any period when any of the principal markets or stock exchanges on which any significant portion of the Investments of the relevant Fund from time to time are quoted, listed, traded or dealt in is closed (otherwise than for customary weekend or ordinary holidays) or during which dealings therein are restricted or suspended or trading on any relevant futures exchange or market is restricted or suspended;

(ii) during the whole or any part of any period when, as a result of political, economic, military or monetary events or any other circumstances outside the control, responsibility and power of the Manager, any disposal or valuation of Investments of the relevant Fund is not, in the opinion of the Manager, reasonably practicable without this being seriously detrimental to the interests of owners of units in general or the owners of units of the relevant Fund or if, in the opinion of the Manager, the Redemption Price cannot fairly be calculated or any such disposal would be materially prejudicial to the owners of units in general or the owner of units of the relevant Fund;

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.3 Liquidity risk (continued)

Management of liquidity risk (continued)

(iii) during the whole or part of any period during which any breakdown occurs in the means of communication normally employed in determining the price of any of the Investments of the Fund or when for any other reason the value of any of the Investments or other assets of the relevant Fund cannot reasonably or fairly be ascertained;

(iv) during the whole or any part of any period when the Manager is unable to repatriate funds required for the purpose of making redemption payments or when such payments cannot, in the opinion of the Manager, be effected at normal prices or normal rates of exchange or during which there are difficulties or it is envisaged that there will be difficulties, in the transfer of monies or assets required for subscriptions, redemptions or trading; or

(v) during any period following service of a notice of a meeting of the unitholders at which a resolution is to be proposed to wind up the Fund or a resolution has been passed for the winding up of the Fund. The Manager may also postpone the payment of a redemption payment (or portion thereof) in circumstances where Investments of the relevant Fund cannot be liquidated in a timely fashion to meet redemption requirements without having a significant adverse effect on the relevant Fund, but only to the extent that the Fund has not received funds in respect of the liquidation of Investments. Any such postponement will terminate at the latest thirty days following the date of declaration of the postponement.

3.4 Counterparty credit risk

Counterparty credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Exposure to counterparty credit risk

Each Fund is exposed to counterparty credit risk from the parties with which it trades and will bear the risk of settlement default.

Each Fund's exposure is limited to the contracts in which it currently has a financial asset position reduced by any collateral received from the counterparty, or to counterparties who have received collateral from each Fund. The carrying value of financial assets together with cash held with counterparties best represents each Fund's gross maximum exposure to counterparty credit risk at the reporting date, before including the effect of any International Swaps and Derivatives Associations, Inc. Master Agreement ("ISDA Master Agreement") or similar agreement, and netting, which would reduce the overall counterparty credit risk exposure. Each Fund only transacts with counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. Cash held as security by the counterparty to FDI contracts is subject to the credit risk of the counterparty.

All transactions in listed securities are settled/paid for upon delivery of securities, using approved brokers. Risk relating to unsettled transactions is considered low due to the short settlement period involved and the high credit quality of the brokers used.

Management of counterparty credit risk

Counterparty credit risk is monitored and managed by BlackRock's RQA Counterparty & Concentration Risk Team. The team is headed by BlackRock's Chief Counterparty Credit Officer who reports to the Global Head of RQA. Credit authority resides with the Chief Counterparty Credit Officer and selected team members to whom specific credit authority has been delegated. As such, counterparty approvals may be granted by the Chief Counterparty Credit Officer, or by identified RQA Credit Risk Officers who have been formally delegated authority by the Chief Counterparty Credit Officer.

The BlackRock RQA Counterparty & Concentration Risk Team completes a formal review of each new counterparty, monitors and reviews all approved counterparties on an ongoing basis and maintains an active oversight of counterparty exposures and the collateral management process.

There were no past due or impaired balances in relation to transactions with counterparties as at 31 May 2021 or 31 May 2020.

3.4.1 FDIs

Each Fund's holdings in exchange traded, centrally cleared and OTC FDIs expose the Fund to counterparty credit risk.

3.4.1.1 Exchange traded and centrally cleared FDIs

The exposure is limited by trading contracts through a clearing house. Each Fund's exposure to credit risk on contracts in which it currently has a gain position is reduced by such gains received in cash from the counterparty under the daily mark-to-market mechanism on exchange traded contracts and centrally cleared swaps (variation margin). Each Fund's exposure to credit risk on contracts in which it currently has a loss position is equal to the amount of margin posted to the counterparty which has not been transferred to the exchange under the daily mark-to-market mechanism.

A party to a cleared FDI transaction is subject to the credit risk of the clearing house through which it holds its cleared position, rather than the credit risk of its original counterparty to the FDI transaction. All funds received by a clearing broker are generally held in a clearing brokers' customer accounts. While clearing brokers are required to segregate customer margin from their own assets, in the event that a clearing broker becomes insolvent or goes into bankruptcy and at that time there is a shortfall in the aggregate amount of margin held by the clearing broker for all its clients, typically the shortfall would be allocated on a pro-rata basis across all the clearing broker's customers, potentially resulting in losses to each Fund.

3.4.1.2 OTC FDIs

The risk in relation to OTC FDIs arises from the failure of the counterparty to perform according to the terms of the contract as these FDI transactions are traded bilaterally and not through a central clearing counterparty.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.1 FDIs (continued)

3.4.1.2 OTC FDIs (continued)

All OTC FDI transactions are entered into by each Fund under an ISDA Master Agreement or similar agreement. An ISDA Master Agreement is a bilateral agreement between each Fund and a counterparty that governs OTC FDI transactions entered into by the parties.

The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore, any collateral disclosures provided are in respect of all OTC FDI transactions entered into by each Fund under the ISDA Master Agreement. All cash collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

Each Fund is the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. If the counterparty fulfils its obligations in relation to the investment, each Fund will return an equal amount of cash to the counterparty on maturity or sale of the investment. When each Fund return securities collateral to the counterparty, it must be of the same type, nominal value, description and amount as the securities that were transferred to each Fund. Trading in OTC FDIs which have not been collateralised give rise to counterparty exposure.

Each Fund's maximum exposure to counterparty credit risk from holding forward currency contracts will be equal to the notional amount of the currency contract and any net unrealised gains as disclosed in the relevant Fund's schedule of investments.

Forward currency contracts do not require variation margins and the counterparty credit risk is monitored through the BlackRock RQA Counterparty & Concentration Risk Team who monitor the creditworthiness of the counterparty.

Securities pledged as collateral have been annotated on the schedules of investments and separately disclosed on the balance sheets. Collateral received in the form of securities is not reflected on the balance sheets but is reflected in the notes to the financial statements.

Each Fund has the right to reinvest cash collateral received. Cash collateral pledged by each Fund is separately identified on the balance sheets as cash collateral and is not included as a component of cash and cash equivalents. Inbound cash collateral received by each Fund is reflected on the balance sheets as cash collateral payable. Each Fund is also exposed to counterparty risk of rehypothecation of pledged collateral. The value of inbound cash collateral and cash collateral pledged is reflected on the balance sheets of each Fund.

The fair value of inbound securities collateral and securities collateral pledged is reflected in the table below:

As at 31 May 2021	Currency	Pledged Collateral		Inbound Collateral	
		2021 EUR '000	2020 EUR '000	2021 EUR '000	2020 EUR '000
BlackRock Market Advantage Strategy Fund	EUR '000	2,137	6,182	904	292

The following tables detail the total number of OTC FDI counterparties each Fund is exposed to, the maximum exposure to any one counterparty which is calculated on a net basis and the lowest long-term credit rating of any one counterparty (or its ultimate parent, if it is unrated):

As at 31 May 2021	Currency	Total number of counterparties	Maximum exposure to any one counterparty '000	Collateral received from any one counterparty '000	Lowest credit rating of any one counterparty
BlackRock Market Advantage Strategy Fund	EUR	12	7,175	7,000	BBB+
iShares Developed Real Estate Index Fund (IE)	USD	1	9	–	A

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.2 Trustee

The majority of the investments are held by the Trustee at the financial year end. Investments are segregated from the assets of the Trustee, with ownership rights remaining with each Fund. Bankruptcy or insolvency of the Trustee may cause the Funds' rights with respect to its investments held by the Trustee to be delayed or limited. The maximum exposure to this risk is the amount of long investments disclosed in the schedules of investments, plus any unsettled trades.

Substantially all of the cash of each Fund is held with the Trustee's affiliate, JPMorgan Chase Bank, N.A. in its capacity as banker ("the Trustee's affiliate").

In respect of the cash held by the Trustee's affiliate it appoints, each Fund will be exposed to counterparty credit risk of the Trustee's affiliate. In the event of the insolvency or bankruptcy of the Trustee's affiliate, each Fund will be treated as a general creditor of the Trustee's affiliate.

To mitigate each Fund's exposure to the Trustee, the Investment Manager employs specific procedures to ensure that the Trustee is a reputable institution and that the counterparty credit risk is acceptable to each Fund. Each Fund only transacts with Trustee's that are regulated entities subject to prudential supervision, or with "high credit ratings" assigned by international credit rating agencies.

The long-term credit rating of the parent company of the Trustee as at 31 May 2021 is A+ (31 May 2020: A+) (Standard & Poor's rating).

In order to further mitigate each Fund's counterparty credit risk exposure to the Trustee's affiliate, each Fund may enter into additional arrangements such as placing of residual cash in a money market fund.

3.4.3 Securities lending

Each Fund's engagement in securities lending activities expose the Fund to counterparty credit risk. The maximum exposure of each Fund is equal to the value of the securities loaned.

All securities lending transactions entered into by each Fund are subject to a written legal agreement between each Fund and the securities lending agent, BlackRock Advisors (UK) Limited, a related party to the Entity, and separately between the securities lending agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Trustee on behalf of each Fund. Collateral received is segregated from the assets belonging to each Fund's Trustee or the securities lending agent.

The collateral is registered and held in the name of Trustee on behalf of each Fund in any or all of the following central securities depositories; J.P. Morgan Chase, Euroclear or Bank of New York Mellon, depending on the type of collateral the counterparty has to give in order to cover the required value of exposure. The collateral provided by these counterparties consists of shares admitted to dealing on a regulated market.

The Funds outlined below engaged in securities lending activities during the financial year. The value of securities on loan and collateral held at the financial year end are shown below:

Fund name	Currency	Value of securities on loan	Value of collateral received	Value of securities on loan	Value of collateral received
		31 May 2021 '000	'000	31 May 2020 '000	'000
iShares Developed Real Estate Index Fund (IE)	USD	284,465	317,225	314,364	354,048
iShares Developed World ESG Screened Index Fund (IE)	USD	88,115	98,238	82,893	92,542

To mitigate this risk, each Fund receives either cash or securities as collateral equal to a certain percentage in excess of the fair value of the securities loaned. The Investment Manager monitors the fair value of the securities loaned and additional collateral is obtained, if necessary.

As at 31 May 2021 and 31 May 2020, all collateral received consists of securities admitted to or dealt on a regulated market.

Each Fund also benefits from a borrower default indemnity provided by BlackRock, Inc. The indemnity allows for full replacement of securities lent. BlackRock, Inc. bears the cost of indemnification against borrower default.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.4 Issuer credit risk relating to debt instruments

Issuer credit risk is the default risk of one of the issuers of any debt instruments held by each Fund. Debt instruments involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated. A number of the Funds invest into sovereign debt and corporate debt which expose them to the default risk of the issuer with regards to interest or principal payments.

The following tables detail the credit rating profile of the debt instruments held by the Fund:

As at 31 May 2021	Currency	Investment grade % of debt instruments	Non-investment grade % of debt instruments	Not rated % of debt instruments	Total % of debt instruments
BlackRock Market Advantage Strategy Fund	EUR	78.34	21.66	–	100.00
iShares Emerging Markets Index Fund (IE)	USD	–	–	100.00	100.00
iShares US Index Fund (IE)	USD	100.00	–	–	100.00
iShares Emerging Market Screened Equity Index Fund (IE)	USD	–	–	100.00	100.00

As at 31 May 2020, the credit rating for all debt securities held was investment grade.

To manage this risk, the Investment Manager, where appropriate and consistent with each Fund's objectives, invests in a wide range of debt instruments. The ratings of debt instruments are continually monitored by the BlackRock Portfolio Management Group ("PMG") and for non-rated or securities with subordinated or lower credit ratings, additional specific procedures are employed to ensure the associated credit risk is acceptable to each Fund.

4. Fair value hierarchy

Each Fund classifies financial instruments measured at fair value using a fair value hierarchy. The fair value hierarchy has the following categories:

Level 1: The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability. This category includes all instruments where the valuation techniques used include inputs not based on market data and these inputs could have a significant impact on the instrument's valuation. This category also includes instruments that are valued based on quoted prices for similar instruments where significant entity determined adjustments or assumptions are required to reflect differences between the instruments and instruments for which there is no active market.

Specific valuation techniques used to value financial instruments classified as level 2 and/or level 3 include:

- (i) for debt and equity instruments, the use of quoted market prices or dealer quotes for similar instruments;
- (ii) for foreign equities, using independent fair value adjustment factors to reflect the difference between the last market close and the valuation point of each Fund;
- (iii) for defaulted debt instruments, the use of recent transactions and defaulted equity instruments for which market data is unavailable;
- (iv) for interest rate swaps, the present value of the estimated future cash flows based on observable yield curves;
- (v) for total return swaps, the value of the estimated cash flows based on the market value of the underlying reference asset or index at the balance sheet date;
- (vi) for foreign currency forwards, present value of future cash flows based on the forward exchange rates at the balance sheet date;
- (vii) for foreign currency options, option pricing models; and
- (viii) for other financial instruments, discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, a contingent consideration receivable and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' inputs requires significant judgement. The Directors consider observable inputs to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Management fees (inclusive of investment management fees):

The Manager is entitled to charge a fee (the "Management Fee") calculated as a percentage per annum of the NAV of the relevant unit class as set out in the "Table of Fees and Expenses". The expenses of the Manager shall be included in this Management Fee. Different percentages may be charged to different unit classes of the same Fund and in this respect the Management Fees payable in respect of a particular unit class may be higher or lower than the fees charged to other unit classes. The fees payable to the Manager and Investment Manager are accrued on a daily basis and payable monthly in arrears.

Credit administration fees

JPMorgan, as administrative agent to the credit agreement, together with other syndicated lenders, made a portion of a USD 300,000,000 credit facility available to all of the Funds, with the exception of iShares Emerging Market Screened Equity Index Fund (IE). A loan commitment fee is charged at the rate of 0.10% per annum, payable by the Funds, on the daily outstanding balance. The fee is payable quarterly in arrears. There was no credit administration fee charged during the financial year. Further details on the credit facility agreement, are set out in note 15.

Irish tax

Under current law and practice, the Entity qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the occurrence of a 'chargeable event'. A chargeable event includes any distribution payments to unitholders or any encashment, redemption, cancellation or transfer of units and the holding of units at the end of each eight year period beginning with the acquisition of such units.

No Irish tax will arise on the Entity in respect of chargeable events in respect of:

- A unitholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Entity; or the Entity has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- Certain exempted Irish tax resident unitholders who have provided the Entity with the necessary signed annual declarations.

Overseas tax

Dividends, interest and capital gains (if any) received on investments made by the Entity may be subject to withholding taxes imposed by the country from which the investment income/gains are received, and such taxes may not be recoverable by the Entity or its unitholders.

For financial reporting purposes, and in accordance with FRS 102, the Entity must recognise a provision for deferred tax payable arising from material timing differences between the taxation of unrealised gains in the financial statements and actual realisable taxable profits.

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

14. Related party transactions

Parties are considered to be related if one party has the ability to control the other party or is able to exercise significant influence over the other party, in making financial or operational decisions.

The following entities were related parties to the Entity during the financial year ended 31 May 2021:

Manager: Promoter, Investment Manager, Distributor and Securities Lending Agent: Sub-Investment Manager: Representative in Switzerland:	BlackRock Asset Management Ireland Limited BlackRock Advisors (UK) Limited BlackRock Institutional Trust Company, N.A. BlackRock Asset Management Switzerland Limited
--	--

The ultimate holding company of the Manager, Investment Manager, Promoter, Distributor, Securities Lending Agent, Sub-Investment Manager and Representative in Switzerland is BlackRock, Inc. a company incorporated in Delaware USA.

The Investment Manager has sub-delegated certain portfolio management functions to the Sub-Investment Manager presented in table below:

Fund name	Sub-Investment Manager
BlackRock Market Advantage Strategy Fund	BlackRock Institutional Trust Company, N.A.

The Investment Manager will arrange for the fees and expenses of the Sub-Investment Manager to be paid out of the Investment Manager's own fees.

Fees paid to the Manager and Investment Manager during the financial year, the nature of these transactions and balances outstanding at the financial year end are disclosed in note 6 and note 11 respectively.

The Directors as at 31 May 2021 are presented in the table below:

Directors	Employee of the BlackRock Group	Director of BlackRock affiliates and/or other funds managed by BlackRock
William Roberts	No	Yes
Patrick Boylan	Yes	Yes
Paul Freeman	No	Yes
Enda McMahon	Yes	No
Justin Mealy	Yes	No
Barry O'Dwyer	Yes	Yes
Adele Spillane	Yes	Yes
Catherine Woods	No	No

The Directors who are also employees of the BlackRock Group are not entitled to receive Directors' fees.

The Entity reimburses the Manager for the portion of fees paid to the Directors on its behalf.

Holdings in other funds managed by BlackRock

Investments in funds managed by BlackRock, Inc. and BlackRock affiliates are listed below and marked on the relevant Funds' schedules of investments. For underlying funds which are subject to investment management or performance fees, these have been rebated back to the Fund.

The Entity invested in the following funds which are also managed by the Manager. For income earned on these related party funds please refer to the operating income. Further information on the fees charged from investing in these underlying funds is presented in the table below. These disclosed fees are the maximum charges capped as per the prospectus of the underlying funds and actual fees charged may be lower:

Investments	Fee paid by Fund
Investment Company - UCITS authorised in Ireland by CBI	
BlackRock ICS Euro Liquid Environmentally Aware Fund - Agency (Acc T0) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS Euro Liquidity Fund - Agency (Acc T0) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS Sterling Government Liquidity Fund - Agency (Acc T0) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS Sterling Liquidity Fund - Agency (Dis) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS US Dollar Liquidity Fund - Agency (Dis) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS US Treasury Fund - Agency (Dis) Shares	Annual expense capped at 0.03% of NAV ¹
iShares Core EURO STOXX 50 UCITS ETF EUR (Dist)	Annual expense capped at 0.10% of NAV ²
iShares Core MSCI Europe UCITS ETF	Annual expense capped at 0.12% of NAV ²
iShares MSCI Brazil UCITS ETF (DE)	Annual expense capped at 0.33% of NAV ²
iShares MSCI Europe ex-UK UCITS ETF	Annual expense capped at 0.40% of NAV ²

¹The Manager of these investments will be responsible for discharging from its fee the annual expenses of the Funds. Where actual fees and costs incurred exceed the amount paid to the Manager, the excess will be discharged by the Manager from its own assets.

²The underlying funds employ an "all in one" fee structure. Each fund pays all of its fees, operating costs and expenses as a single flat fee (TER).

BLACKROCK INDEX SELECTION FUND

NOTES TO THE FINANCIAL STATEMENTS (continued)

14. Related party transactions (continued)

Holdings in other funds managed by BlackRock (continued)

All related party transactions were carried out at arm's length in the ordinary course of business. The terms and returns received by the related parties in making the investments were no more favourable than those received by other investors investing into the same unit classes.

The following investments held by the Fund are considered related parties:

Fund name	Investments	As at 31 May 2021 % of NAV	As at 31 May 2020 % of NAV
iShares Developed World ESG Screened Index Fund (IE)	BlackRock, Inc.	0.25	0.20

NOTES TO THE FINANCIAL STATEMENTS (continued)

14. Related party transactions (continued)

Significant holdings (continued)

Fund name	Total % of units held by Related BlackRock Funds	Total % of units held by Significant Investors who are not affiliates of BlackRock Group or BlackRock, Inc.	Number of Significant Investors who are not affiliates of BlackRock Group or BlackRock, Inc.
iShares UK Index Fund (IE)	3.48	Nil	Nil
iShares US Index Fund (IE)	– ¹	Nil	Nil

¹Investments which are less than 0.005% have been rounded to zero.

Securities lending

The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. The Funds which undertake securities lending transactions receive at least 62.5%, while the Securities Lending Agent receives up to 37.5% of such income, with all operational costs borne out of the Securities Lending Agent's share. Income earned during the financial year by the Funds from securities lending transactions is disclosed in the income statement.

No provisions have been recognised by the Funds against amounts due from related parties at the financial year end date (31 May 2020: Nil).

No amounts have been written off during the financial year in respect of amounts due to or from related parties (31 May 2020: Nil).

No commitments secured or unsecured or guarantees have been entered into with related parties during the financial year (31 May 2020: Nil).

15. Credit facility

The Funds entered into a credit facility with JPMorgan whereby JPMorgan, together with other syndicated lenders, made a portion of a USD 200,000,000 credit facility available to all the Funds, with the exception of iShares Emerging Market Screened Equity Index Fund (IE). The portion of the USD 200,000,000 credit facility will be allocated to the Funds based on the credit facility agreement dated 24 April 2020. On 23 April 2021, an amended credit facility agreement was issued to facilitate an increase in the credit facility available by JPMorgan and the other syndicated lenders to USD 300,000,000. This credit facility will be utilised by the Funds for temporary funding purposes, including, without limitation, the funding of investor redemptions. Any interest and commitment fees in relation to drawdowns from such credit facility are paid out of the assets of the Fund. Any new Fund will not automatically be subject to a credit line and will therefore be required to be added by way of a joinder process. This process includes, inter alia, any necessary due diligence being carried out by the lenders in order to approve the addition of the new Fund. During this year, such Funds will not be subject to, or able to draw down on, any credit line. Furthermore, there is no guarantee that the addition of any new Fund will be approved by the lenders, or that credit will be available to a Fund since the credit line is subject to availability (on an equitable allocation basis) between the Fund and other BlackRock Funds participating in the credit agreement. As such, certain Funds may not be subject to the credit line and will not incur any fees with respect to same.

A loan commitment fee is charged on a daily basis in relation to this credit facility which is included in the income statement under caption "Credit administration fee". The loan commitment fee is charged at 0.10% on the outstanding balance.

The credit facility was not used during the year.

16. Commitments and contingent liabilities

There were no significant commitments or contingent liabilities as at 31 May 2021 and 31 May 2020.

17. Subsequent events

On 11 June 2021, the JPY S Accumulating Class was launched for the iShares Japan Index Fund (IE).

Other than the above, there have been no events subsequent to the financial year end, which, in the opinion of the Directors, may have had an impact on the financial statements for the financial year ended 31 May 2021.

18. Approval date

The financial statements were approved by the Directors on 19 August 2021.

¹A related party to the Fund.

²Security fully or partially on loan.

³These securities were valued in consultation with the Manager. These securities were fair valued, priced per corporate action terms or suspended at period end and valued using the last traded price.

⁴Forward currency contracts held with one counterparty that have the same buy currency, sell currency and maturity date are presented on an aggregate basis where applicable. There is no netting of asset and liability positions.

⁵Investments which are less than EUR 500 have been rounded down to zero.

⁶Prior year percentage of net asset value rounds to 0.00%.

^{*}Investments which are less than 0.005% of total assets are rounded down to zero.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial period. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial period and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial period. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial period and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

BLACKROCK INDEX SELECTION FUND

CALENDAR YEAR PERFORMANCE (UNAUDITED)

The following table summarises the performance on a calendar year basis for each Fund registered for distribution in Switzerland.

The Fund performance figures are based on the NAV calculated in accordance with the prospectus for the calendar year under review with any dividends reinvested. Due to FRS 102 requirements which apply to the financial statements, there may be differences between the NAV per unit as recorded in the financial statements and the NAV per unit calculated in accordance with the prospectus.

The returns disclosed are the performance returns for the primary unit class for each Fund, net of fees, which has been selected as a representative unit class. The primary unit class represents the class of unit invested in by the majority of investors in the Fund and also takes into account other relevant factors such as the Fund's base currency. Performance returns for any other unit class can be made available on request.

TRANSACTIONS WITH CONNECTED PERSONS (UNAUDITED)

In accordance with the requirements of the CBI, the Manager shall ensure that any transactions carried out between each Fund and the Manager or Trustee to a Fund, the delegates or sub-delegates of the Manager or Trustee (excluding any non-group company sub-custodians appointed by a Trustee) and any associated or group company of the Manager, Trustee, delegate or sub-delegate ("Connected Persons") must be conducted at arm's length and in the best interests of the unitholders.

The Directors are satisfied that there are arrangements in place, as evidenced by written procedures, to ensure that the obligations set out above are applied to all transactions with Connected Persons and that transactions with Connected Persons entered into during the financial year complied with this obligation.

TRANSACTION COSTS (UNAUDITED)

Disclosed in the table below are separately identifiable transaction costs incurred by each Fund for the financial year ended 31 May 2021. These include all brokers' commission, settlement fees, stamp duties and broker fees charges on equities, exchange traded futures contracts and certain debt instruments.

Fund	Currency	Value '000
BlackRock Market Advantage Strategy Fund	EUR	172
iShares Developed Real Estate Index Fund (IE)	USD	261
iShares Developed World ESG Screened Index Fund (IE)	USD	182
iShares Developed World Index Fund (IE)	USD	614

iShares UK Index Fund (IE)	GBP	70
iShares US Index Fund (IE)	USD	272
iShares Emerging Market Screened Equity Index Fund (IE)	USD	47

Not all transaction costs are separately identifiable. For certain debt instruments, transaction costs will be included in the purchase and sales price of the investment and are not separately disclosed.

SOFT COMMISSIONS (UNAUDITED)

There were no soft commission arrangements entered into by the Investment Manager on behalf of each Fund during the financial year ended 31 May 2021.

GLOBAL EXPOSURE (UNAUDITED)

The Directors are required by regulation to employ a risk management process, which enables it to monitor accurately and manage the global exposure from FDIs which each Fund gains as a result of its strategy ("global exposure").

The Directors uses one of two methodologies, the "commitment approach" or the "value-at-risk approach" ("VaR"), in order to measure the global exposure of each Fund and manage the potential loss to them due to market risk.

Commitment approach

The commitment approach is a methodology that aggregates the underlying market or notional value of FDI to determine the global exposure of each Fund to FDI.

Pursuant to the relevant regulations, global exposure for a Fund utilising the commitment approach must not exceed 100% of the Fund's NAV.

VaR approach

VaR is a statistical risk measure that estimates the potential loss from adverse market movements in an ordinary market environment.

Please refer to the financial risks note to the financial statements for further details on the measure of VaR.

BLACKROCK INDEX SELECTION FUND

GLOBAL EXPOSURE (UNAUDITED) (continued)

VaR approach (continued)

The Directors use Absolute VaR as set out below. For Absolute VaR, the monthly VaR will not exceed 20% of the Fund's NAV. Where a VaR calculation is performed using a horizon other than the one-month regulatory limit, this 20% limit shall be rescaled to reflect the appropriate risk horizon period as directed by the relevant regulatory guidelines. Utilisation refers to the level of risk taken in this context.

The table below details the highest, lowest and average utilisation of the VaR limit, expressed as a percentage of the respective Absolute VaR regulatory limit.

Fund	Global exposure approach	Reference portfolio	Highest utilisation of the VaR limit %	Lowest utilisation of the VaR limit %	Average utilisation of the VaR limit %
BlackRock Market Advantage Strategy Fund	Absolute VaR	N/A	67.34	31.32	43.88

LEVERAGE (UNAUDITED)

The use of FDIs may expose a Fund to a higher degree of risk. In particular, FDI contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on FDIs than on standard bonds or equities. Leveraged FDI positions can therefore increase a Fund's volatility.

Pursuant to its regulatory obligations, the Directors are required to express the level of leverage employed in a Fund where VaR is being used to measure global exposure. For the purposes of this disclosure, leverage is the investment exposure gained through the use of FDIs. It is calculated using the sum of the notional values of all the FDI held by the relevant Fund, without netting, and is expressed as a percentage of the NAV.

Disclosed in the table below is the level of leverage employed by each relevant Fund during the financial year ended 31 May 2021.

Fund	% Average leverage employed
BlackRock Market Advantage Strategy Fund	448.67

BLACKROCK INDEX SELECTION FUND

REPORT ON REMUNERATION (UNAUDITED)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock Asset Management Ireland Limited (the "Manager"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive.

The Manager has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and (b) the Manager's board of directors (the "Manager's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies.

(a) MDCC

The MDCC's purposes include:

- providing oversight of:
 - BlackRock's executive compensation programmes;
 - BlackRock's employee benefit plans; and
 - such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- reviewing, assessing and making reports and recommendations to the BlackRock, Inc. Board of Directors (the 'BlackRock, Inc. Board') as appropriate on BlackRock's talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulations.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 9 meetings during 2020. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

(b) The Manager's Board

The Manager's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

The Manager's Board (through independent review by the relevant control functions) remains satisfied with the implementation of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

BLACKROCK INDEX SELECTION FUND

REPORT ON REMUNERATION (UNAUDITED) (continued)

Decision-making process (continued)

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of preincentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the Manager.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- appropriately balance BlackRock's financial results between shareholders and employees;
- attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- control fixed costs by ensuring that compensation expense varies with profitability;
- link a significant portion of an employee's total compensation to the financial and operational performance of the business as well as its common stock performance;
- discourage excessive risk-taking; and
- ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

BLACKROCK INDEX SELECTION FUND

REPORT ON REMUNERATION (UNAUDITED) (continued)

Link between pay and performance (continued)

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business;
- the management of risk within the risk profiles appropriate for BlackRock's clients;
- strategic business needs, including intentions regarding retention;
- market intelligence; and
- criticality to business.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading "Link between pay and performance") may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.'s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual's role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the "BlackRock Performance Incentive Plan" ("BPIP"). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin¹ and Organic Revenue Growth². Determination of pay-out will be made based on the firm's achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm's financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have "skin in the game" through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Manager, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Manager or of the funds it manages.

¹As Adjusted Operating Margin: As reported in BlackRock's external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

²Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in dollars).

BLACKROCK INDEX SELECTION FUND

REPORT ON REMUNERATION (UNAUDITED) (continued)

Identified Staff (continued)

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- organisational changes;
- new business initiatives;
- changes in significant influence function lists;
- changes in role responsibilities; and
- revised regulatory direction.

Quantitative Remuneration Disclosure

The Manager is required under UCITS to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Manager; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not directly employed by the Manager, are assigned by their employer to carry out services directly for the Manager.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the Fund is included in the aggregate figures disclosed.

Members of staff and senior management of the Manager typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Manager and across the broader BlackRock group. Therefore, the figures disclosed are a sum of each individual's portion of remuneration attributable to the Manager according to an objective apportionment methodology which acknowledges the multiple-service nature of the Manager. Accordingly the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded by the Manager to its staff which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2020 is USD 14.35 million. This figure is comprised of fixed remuneration of USD 5.61 million and variable remuneration of USD 8.74 million. There were a total of 91 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Manager, which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2020, to its senior management was USD 0.83 million, and to other members of its staff whose actions have a material impact on the risk profile of the Fund was USD 13.52 million.

BLACKROCK INDEX SELECTION FUND

EFFICIENT PORTFOLIO MANAGEMENT AND SECURITIES FINANCING TRANSACTIONS (UNAUDITED)

Efficient portfolio management techniques

The Directors may, on behalf of each Fund and subject to the conditions and within the limits laid down by the CBI and the prospectus, employ techniques and instruments relating to transferable securities, including investments in OTC FDIs provided that such techniques and instruments are used for efficient portfolio management purposes or to provide protection against exchange risk or for direct investment purposes, where applicable.

The underlying exposure obtained through FDI and at the identity of the counterparties to these FDIs at the financial year end are disclosed on the relevant Fund's schedule of investments.

Securities lending and total return swaps

All securities lending transactions entered into by each Fund are subject to a written legal agreement between each Fund and the securities lending agent, BlackRock Advisors (UK) Limited, a related party to the Entity, and separately between the securities lending agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Trustee on behalf of each Fund. Collateral received is segregated from the assets belonging to each Fund's Trustee or the securities lending agent.

All OTC FDIs and total return swaps (including CFDs) are entered into by each Fund under an International Swaps and Derivatives Associations, Inc. Master Agreement ("ISDA Master Agreement") or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Fund and a counterparty that governs OTC FDIs (including total return swaps and CFDs) entered into by the parties. The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore any collateral disclosures provided are in respect of all OTC FDIs entered into by a Fund under the ISDA Master Agreement, not just total return swaps and CFDs.

All collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

The collateral received/posted by each under the ISDA Master Agreement in respect of variation margin is transferred bilaterally under a title transfer arrangement. Collateral received by each Fund in respect of variation margin is held in an account in the name of the Trustee on behalf of each Fund. Collateral received is segregated from the assets belonging to the Fund's Trustee. The collateral posted by the Fund under the ISDA Master Agreement that constitutes the Independent Amount (sometimes referred to as initial margin) is posted by the Fund under a security interest arrangement.

The following table details the value of securities on loan as a proportion of each Fund's total lendable assets and NAV and the value of total return swaps as a proportion of the Fund's NAV, as at 31 May 2021 and the income/returns earned for the period ended 31 May 2021. Total lendable assets represent the aggregate value of assets forming part of a Fund's securities lending programme. This excludes any assets held by the Fund that are not considered lendable due to any market, regulatory, investment or other restriction. The value of total return swaps is based on the underlying exposure value on a gross absolute basis.

Fund	Currency	Securities on loan		Total Return Swaps (including CFDs)		Total returns earned '000
		% of lendable assets	% of NAV	% of NAV

Income earned during the year by the Funds from securities lending transactions is disclosed in the Fund's notes to the financial statements.

The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. Each Fund's receives at least 62.5% while securities lending agent receives up to 37.5% of such income with all operational costs borne out of the securities lending agent's share.

All returns and costs from total return swaps will accrue to each Fund's and are not subject to any returns or costs sharing arrangements with the Fund's Manager or any other third parties.

All securities on loan have an open maturity tenor as they are callable or terminable daily.

The following table details the underlying exposure value for total return swaps, analysed by counterparty as at 31 May 2021.

Counterparty	Underlying exposure
BlackRock Market Advantage Strategy Fund	EUR '000
Bank of America Merrill Lynch International Ltd.	98,570
J.P. Morgan Chase Bank NA	77,473
Citibank NA	23,442
Goldman Sachs International	5,029

The following table provides an analysis of the maturity tenor of total return swaps as at 31 May 2021.

Fund	Currency	Maturity Tenor		Total
		8-30 days '000	91-365 days '000	
BlackRock Market Advantage Strategy Fund	EUR	25,486	179,028	204,514

The above maturity tenor analysis has been based on the respective transaction contractual maturity date. Open transactions are those transactions that are callable or terminable daily and included contracts for difference.

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received or posted as collateral is based on the respective contractual maturity date, while for equity securities, ETFs received or posted as collateral are presented as open transactions as they are not subject to a contractual maturity date.

All cash received or posted as collateral has an open maturity tenor as it is not subject to a contractual maturity date.

BLACKROCK INDEX SELECTION FUND

EFFICIENT PORTFOLIO MANAGEMENT AND SECURITIES FINANCING TRANSACTIONS (UNAUDITED) (continued)

Reuse of collateral received

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending transactions and OTC FDIs, cannot be sold, re-invested or pledged.

As at 31 May 2021, all cash collateral received in respect of OTC derivative transactions by each Fund was re-invested in money market funds managed by the Manager or its affiliates, as disclosed in the Fund's schedule of investments. Each Fund is the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default.

The following table summarises the returns earned by each Fund's during the financial year ended 31 May 2021 from the re-investment in money market funds of cash collateral received in respect of OTC derivative transactions. These returns represent the accumulative total return of the representative money market fund for the twelve month period ended 31 May 2021. These returns do not take into account any interest payable to the counterparty under the relevant collateral arrangements.

Money market fund	Total return %
Institutional Cash Series plc	
BlackRock ICS Euro Liquid Environmentally Aware Fund - Agency (Acc T0) Shares	(0.56)
BlackRock ICS Sterling Government Liquidity Fund - Agency (Acc T0) Shares	0.02
BlackRock ICS Sterling Liquidity Fund - Agency (Dis) Shares	0.09
BlackRock ICS US Dollar Liquidity Fund - Agency (Dis) Shares	0.23
BlackRock ICS US Treasury Fund - Agency (Dis) Shares	0.11

Safekeeping of collateral received

As at 31 May 2021, all non-cash collateral received by each Fund in respect of securities lending transactions and OTC derivative transactions is held by the Fund's Trustee (or through its delegates).

Concentration of collateral received

The following table lists the ten largest issuers by value of non-cash collateral received by each Fund's by way of title transfer collateral arrangement across securities lending transactions and OTC FDIs (including total return swaps), as at 31 May 2021.

DISCLAIMERS

Disclaimer for Reference to Benchmark Index and Index Provider Website

In accordance with Central Bank requirements, the Manager, on behalf of the Funds, is required to provide details of the relevant index provider's website ("Website") to enable unitholders obtain further details of the relevant Fund's Benchmark Index (including the index constituents). The Manager has no responsibility for each Website and is not involved in any way in sponsoring, endorsing or otherwise involved in the establishment or maintenance of each Website or the contents thereof. Furthermore, the Manager has no responsibility for the index provider's Benchmark Index nor for the quality, accuracy or completeness of data in respect of their Benchmark Indices nor that the published indices will be managed in line with their described index methodologies.

S&P 500 Index

The units in the BlackRock Index Selection Fund ("Units") are not sponsored, endorsed, sold or promoted by Standard & Poor's, a division of The McGraw – Hill Companies, Inc. ("S&P"). S&P makes no representation or warranty, express or implied, to the owners of the Units or any member of the public regarding the advisability of investing in securities generally or in the Units particularly or the ability of the S&P 500 Index to track general stock market performance. S&P's only relationship to the Investment Manager is the licensing of certain trademarks and trade names of S&P and of the S&P 500 Index which is determined, composed and calculated by S&P without regard to the Investment Manager or Units.

S&P has no obligation to take the needs of the Investment Manager or the investors in the Units into consideration in determining, composing or calculating the S&P 500 Index. S&P is not responsible for and has not participated in the determination of the prices and amount of the Units or the timing of the issuance or sale of the Units or in the determination or calculation of the equation by which the Units are to be converted into cash. S&P has no obligation or liability in connection with the administration, marketing or trading of the Units.

S&P does not guarantee the accuracy and/or the completeness of the S&P 500 Index or any data included therein and S&P shall have no liability for any errors, omissions, or interruptions therein. S&P makes no warranty, express or implied, as to results to be obtained by the Investment Manager, investors in the Units or any other person or entity from the use of the S&P 500 Index or any data included therein. S&P makes no express or implied warranties, and expressly disclaims all warranties, of merchantability or fitness for a particular purpose or use with respect to the S&P Index or any data included therein. Without limiting any of the foregoing, in no event shall S&P have any liability for any special, punitive, indirect, or consequential damages (including lost profits), even if notified of the possibility of such damages.

"Standard & Poor's®", "S&P®", "S&P 500®", "Standard & Poor's 500" and "500" are trademarks of The McGraw-Hill Companies, Inc. and have been licensed for use by the Investment Manager. The Units are not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard & Poor's makes no representation regarding the advisability of investing in the Units.

MSCI Indices ("MSCI Indices")

The Fund/account is not sponsored, endorsed, sold or promoted by MSCI, any of its affiliates, any of its information providers or any other third party involved in, or related to, compiling, computing or creating any MSCI Index (collectively the "MSCI Parties"). The MSCI Indexes are the exclusive property of MSCI. MSCI and the MSCI Index names are service mark(s) of MSCI or its affiliates and have been licensed for use for certain purposes by the Investment Manager. None of the MSCI parties makes any representation or warranty, express or implied, to the issuer or owners of this Fund/account or any other person or entity regarding the advisability of investing in Funds/accounts generally or in this Fund/account particularly or the ability of any MSCI Index to track corresponding stock market performance. MSCI or its affiliates are the licensors of certain trademarks, service marks and trade names and of the MSCI Indexes which are determined, composed and calculated by MSCI without regard to this Fund/account or the issuer or owners of this Fund/account or any other person or entity into consideration in determining, composing or calculating the MSCI Indexes. None of the MSCI parties is responsible for or has participated in the determination of the timing of, prices at, or quantities of this Fund/account to be issued or in the determination or calculation of the equation by or the consideration into which this Fund/account is redeemable. Further, none of the MSCI parties has any obligation or liability to the issuer or owners of this Fund/account or any other person or entity in connection with the administration, marketing or offering of this Fund/account.

Although MSCI shall obtain information for inclusion in or for use in the calculation of the MSCI Indexes from sources that MSCI considers reliable, none of the MSCI parties warrants or guarantees the originality, accuracy and/or the completeness of any MSCI Index or any data included therein. None of the MSCI parties make any warranty, express or implied, as to the results to be obtained by the issuer of the Fund/account, owners of the Fund/account, or any other person or entity, from the use of the MSCI Index or any data included therein. None of the MSCI parties shall have any liability for any errors, omissions or interruptions of or in connection with any MSCI Index or any data included therein. Further, none of the MSCI parties makes any express or implied warranties of any kind, and the MSCI parties hereby expressly disclaim all warranties of merchantability and fitness for a particular purpose, with respect to each MSCI Index and any data included therein. Without limiting any of the foregoing, in no event shall any of the MSCI parties have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.

No purchaser, seller, owner or holder of this security, account, product or fund, or any other person or entity, should use or refer to any MSCI trade name, trademark or service mark to sponsor, endorse, market or promote this security, account product or fund without first contacting MSCI to determine whether MSCI's permission is required. Under no circumstances may any person or entity claim any affiliation with MSCI without the prior written permission of MSCI.
