CHAIRMAN'S STATEMENT

The Board of Directors of iShares II public limited company (the "Board") considers corporate governance matters and adherence to codes of best practice to be of the utmost importance. As Chairman of the Board, I believe that it has operated effectively throughout the financial year and that its role and its composition are well defined, appropriate and support the long-term development of the Entity.

Overview of the Entity

iShares II public limited company (the "Entity") is an open-ended investment company with variable capital. The Entity was incorporated in Ireland on 16 December 1999 with limited liability and segregated liability between its Funds and is organised under the laws of Ireland as a Public Limited Company ("plc") pursuant to the Companies Act 2014 (as amended) (the "Companies Act") and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulation 2011 (as amended) (the "UCITS Regulations") and is regulated by the Central Bank of Ireland (the "CBI").

The Entity is structured as an umbrella fund and is comprised of separate Funds ("Funds") of the Entity.

The term "Fund" shall be deemed to mean a Fund of the Entity. The term "BlackRock" is used to represent BlackRock Advisors (UK) Limited. The investment objectives and policies of each Fund are set out in the prospectus and supplements.

The Funds pursue strategies of either tracking or replicating the performance of a benchmark index in order to deliver the objectives of each Fund.

The Manager has delegated the administration of the Entity and its Funds to State Street Fund Services (Ireland) Limited (the "Administrator") including the calculation of the daily net asset value ("NAV"), and the preparation of the financial statements of the Entity subject to the overall supervision of the Board and the Manager. State Street Fund Services (Ireland) Limited (the "Registrar") has also been appointed as the registrar of the Entity. The Entity has appointed State Street Custodial Services (Ireland) Limited (the "Depositary") as Depositary of the assets with responsibility for the safe keeping of such assets, pursuant to the UCITS Regulations. As part of its fiduciary responsibility to the Entity, the Depositary provides a certain level of ongoing oversight of the Entity, as well as reporting on the conduct of the Entity in each annual accounting period as set out in the Statement of the Depositary's Responsibilities.

In accordance with Guidance Note 4/07 on the Organisation of Management Companies issued by the CBI, the Board of Directors of the Manager has identified personnel who monitor and control the management functions as outlined therein. These personnel report to the Manager and the Board on a regular basis. The management functions delegated by the Manager are subject to appropriate reporting and ratification procedures, which are designed to ensure that the appropriate reports are received in a timely fashion such that the Manager and the Board can discharge their duties, as part of the governance framework put in place by the Manager and the Entity. The Board reviews risk reporting on a regular basis together with an annual review of internal controls and risk management from the Manager.

The Board

The Board currently comprises seven non-executive Directors, five of whom are deemed to be independent. The members of the Board were chosen for their range of skills and experience. Paul McGowan has extensive experience in the areas of tax, financial services and corporate governance, Barry O'Dwyer has extensive knowledge and experience in corporate governance, Jessica Irschick has considerable experience in Exchange Traded Funds ("ETFs"), index investments, trading, financing, securities lending and foreign exchange, Ros O'Shea has considerable experience in governance and accountancy, Deirdre Somers has extensive experience in markets regulation, listings and financial services, as well as a background in tax, and I have over thirty years' experience in the banking and finance, fund management and securities processing industries.

Teresa O'Flynn resigned as a non-executive Director on 9 March 2021.

William McKechnie was appointed as non-executive Director on 30 December 2021.

Matters relating to the Entity during the financial year

There were 48 Funds in operation at 31 October 2021.

CHAIRMAN'S STATEMENT (continued)

Matters relating to the Entity during the financial year (continued)

It is the opinion of the Board that all Funds have performed in line with their objectives and that any tracking differences have been explained in the Investment Manager's report. Additional information on the Funds' performance can be found in the Investment Manager's report.

The coronavirus (COVID-19) pandemic is sweeping the globe leaving almost no community or economy untouched. The impact of this coronavirus could affect the economies of many nations, individual companies and the market in general in ways that cannot necessarily be foreseen at the present time. Since the start of the coronavirus outbreak, the Manager has been moving promptly and deliberately to assure full operational capabilities as well as employee health and safety. Portfolio management teams are fully resourced and engaged in their markets and strategies. The Manager, Investment Manager and service providers have full capabilities even as the vast majority of employees work from home. As the global economy, governments and society weather this situation, we will continue to monitor the outbreak and the impact on the Entity.

iSHARES II PLC

BACKGROUND

The Entity is an open-ended investment company with variable capital. The Entity was incorporated in Ireland on 16 December 1999 with limited liability and segregated liability between its Funds and is organised under the laws of Ireland and is regulated by the CBI as a public limited company pursuant to the Companies Act and the UCITS Regulations.

The Entity is structured as an umbrella fund and comprises of separate Funds of the Entity. The shares of each Fund may be grouped into different classes of shares (each a “share class”). Each Fund will represent a separate portfolio of assets and may consist of one or more share classes. Each share class may apply different subscription and redemption provisions, charges, fees or brokerage arrangements. The creation of an additional class of shares will be notified to the CBI in advance. The portfolio of assets maintained for each Fund will be invested in accordance with the investment objectives and policies applicable to each Fund as set out in the prospectus.

While assets and liabilities that are specific to a share class within a Fund would be attributable to (and should be borne by) only that share class, there is no segregation of liabilities between share classes as a matter of Irish law. Due to the lack of segregation of liabilities as a matter of law, there is a risk that the creditors of a share class may bring a claim against the assets of the Fund notionally allocated to other share classes.

The term “Fund” shall be deemed to mean either a Fund or Funds of the Entity, or if the context so requires, BlackRock Asset Management Ireland Limited (the “Manager”) or its delegate acting for the accounts of the relevant Fund. The term “BlackRock” and “Investment Manager” are used to represent BlackRock Advisors (UK) Limited as appropriate. All references to “redeemable shares” shall be deemed to mean redeemable participating shares when Fund shares are classified as financial liabilities. The term “Directors” means the directors of the Entity.

Further details, including the investment objectives and minimum subscription requirements, are set out in the Entity’s prospectus.

Changes to the Entity during the financial year

On 21 December 2020, the total expense ratio (“TER”) reductions were applied for Funds listed in the following table.

Fund/Share Class	Existing TER (%)	Updated TER (%)
iShares \$ TIPS UCITS ETF USD (Acc)	0.25%	0.10%
iShares \$ TIPS UCITS ETF EUR Hedged (Acc)	0.27%	0.12%
iShares \$ TIPS UCITS ETF GBP Hedged (Dist)	0.27%	0.12%

On 9 March 2021, Teresa O’Flynn resigned as a non-executive Director.

On 10 March 2021, an updated prospectus was issued by the Entity to facilitate new disclosures requirements in accordance with the Sustainable Finance Disclosure Regulation (“SFDR”). The updated prospectus also reflects updates to risk factors with the impact of natural or man-made disasters, disease epidemics and pandemics, London Interbank Offered Rate (“LIBOR”) and other reference rates risk.

On 18 March 2021, iShares EURO STOXX 50 ex-Financials UCITS ETF ceased operations.

On 25 March 2021, iShares € Green Bond UCITS ETF commenced trading.

On 29 April 2021, an updated prospectus was issued by the Entity to facilitate the resignation of Teresa O’Flynn and change in investment policy of iShares Global Clean Energy UCITS ETF.

On 27 July 2021, iShares MSCI Europe Paris-Aligned Climate UCITS ETF commenced trading.

Fund details

The Entity had 48 Funds in operation as at 31 October 2021.

These Funds are ETFs, which provide the flexibility of a share with the diversification of a Fund. They can be bought and sold like any other share listed on a stock exchange but provide instant exposure to many companies or various financial instruments relevant to the Fund and its benchmark index.

United Kingdom exit from the European Union

On 31 January 2020, the United Kingdom (the "UK") formally withdrew and ceased being a member of the European Union (the "EU"). Following this, the UK entered into a transition period which lasted for the remainder of 2020, during which period the UK was subject to applicable EU laws and regulations. The transition period expired on 31 December 2020, and EU law no longer applies in the UK.

On 30 December 2020, the UK and the EU signed an EU-UK Trade and Cooperation Agreement ("UK/EU Trade Agreement"), which applies from 1 January 2021 and sets out the foundation of the economic and legal framework for trade between the UK and the EU. As the UK/EU Trade Agreement is a new legal framework, the implementation of the UK/EU Trade Agreement may result in uncertainty in its application and periods of volatility in both the UK and wider European markets throughout 2021 and beyond. The UK's exit from the EU is expected to result in additional trade costs and disruptions in this trading relationship. While the UK/EU Trade Agreement provides for the free trade of goods, it provides only general commitments on market access in services together with a "most favoured nation" provision which is subject to many exceptions. Furthermore, there is the possibility that either party may impose tariffs on trade in the future in the event that regulatory standards between the EU and the UK diverge. The terms of the future relationship may cause continued uncertainty in the global financial markets, and adversely affect the performance of the Entity.

Volatility resulting from this uncertainty may mean that the returns of the Entity's investments are affected by market movements, the potential decline in the value of Sterling or Euro, and the potential downgrading of sovereign credit ratings of the UK or an EU member state.

Outbreak of COVID-19

The infectious respiratory illness caused by a novel coronavirus known as COVID-19 has had a profound impact on all aspects of society in recent years. The impact of this significant event on the Funds' financial risk exposure is disclosed in Note 3.2.3.

The Manager has assessed the impact of market conditions arising from the COVID-19 outbreak on the Funds' ability to meet their investment objectives. Based on the latest available information, the Funds continue to be managed in line with their investment objectives, with no disruption to the operations of the Funds and the publication of NAV.

INVESTMENT MANAGER'S REPORT

Investment objective

The investment objective of the Funds is to provide investors with a total return, taking into account the capital and income returns, which reflect the total returns of the respective benchmark listed in the below table.

Investment management approach and environmental, social and governance (“ESG”) policy

The following table outlines the investment management approach adopted for each Fund. It also identifies which Funds promote environmental or social characteristics (“Article 8 Funds”) or have sustainable investments as an objective (“Article 9 Funds”), under the EU Sustainable Finance Disclosure Regulation (“SFDR”). Further detail around how Article 8 and Article 9 Funds have achieved these characteristics and objectives is included in the SFDR Review section of this Investment Manager's Report for the period under review.

The Technical Screening Criteria (“TSC”) of the EU Taxonomy Regulation (“Taxonomy”) were finalised only on 9 December 2021 (i.e., in respect of the first two Taxonomy environmental objectives of climate change mitigation and climate change adaptation) or have not yet been developed (i.e., for the other four Taxonomy environmental objectives). These detailed criteria will require the availability of multiple, specific data points regarding each investment. During the reporting period, there was insufficient reliable, timely and verifiable data available for the Investment Manager to be able to assess investments using the TSC.

In addition, the Regulatory Technical Standards (“RTS”) under the SFDR, which define the methodology for the calculation of the share of environmentally sustainable investments and the templates for these disclosures are not yet in force. During the reporting period, the Investment Manager was not able to provide standardised and comparable disclosures on the Taxonomy alignments of the Funds.

While there may be investments held by each Fund that are in economic activities that contribute to an environmental objective and may be eligible to be assessed against the TSC, the Investment Manager is not currently in a position to describe:

1. the extent to which the investments of each Fund are in economic activities that qualify as environmentally sustainable and are aligned with the Taxonomy Regulation;
2. the proportion, as a percentage of each Fund's portfolios, of investments in environmentally sustainable economic activities which are aligned with the Taxonomy Regulation; or
3. the proportion, as a percentage of each Fund's portfolios, of enabling and transitional activities (as described in the Taxonomy Regulation).

The Investment Manager is keeping this situation under active review and where, in its discretion, it has assessed that it has sufficient reliable, timely and verifiable data on each Fund's investments, the Investment Manager will provide the descriptions referred to above, in which case the Fund's prospectus or the relevant supplement will be updated. For further information please refer to <https://www.blackrock.com/corporate/literature/prospectus/eu-taxonomy.pdf>

For any other Funds that does not meet the SFDR criteria for Article 8 or 9 Funds, the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

¹ The Fund launched on 25 March 2021.

² The Fund ceased operations on 18 March 2021.

³ The Fund launched on 27 July 2021.

Further information on the index investment strategies used is detailed below:

For physically replicating funds, the investment management approach is to buy a portfolio of securities that as far as practicable consist of the securities that make up the benchmark index, in similar proportion to the weights represented in the benchmark index over a defined period of time.

For non-replicating funds, the investment management approach aims to match the main risk characteristics of the benchmark index by investing in a portfolio that is primarily made up of securities that represent the benchmark index. The objective is to generate a return which is as close as practicable to the total return of the benchmark index net of transaction costs and gross of fees and other cost.

INVESTMENT MANAGER'S REPORT (continued)

Performance summary, tracking difference and tracking error

The following table compares the realised Fund performance against the performance of the relevant benchmark index measure during the financial year ended 31 October 2021. It also discloses the anticipated tracking error of the Fund (disclosed in the prospectus on an ex-ante basis) against the actual realised tracking error of the Fund as at 31 October 2021.

Further information on these performance measures and calculation methodologies used is detailed below:

- Fund returns disclosed are the performance returns for the primary share class for each Fund, net of fees, which has been selected as a representative share class. The primary share class represents the class of share invested in by the majority of investors in the Fund and also takes into account other relevant factors such as the Fund's base currency. The returns disclosed for the comparative are in the same currency as the primary share class, unless otherwise stated. Performance returns for any other share class can be made available on request.
- For Funds that commenced trading and/or fully redeemed during the financial year, returns are shown from the date the Fund commenced trading and/or to the date the Fund fully redeemed, and the TER is the effective TER from the date the Fund commenced trading and/or to the date the Fund fully redeemed.
- Fund returns are based on the NAV calculated in accordance with the prospectus for the financial year under review with any dividends reinvested. Where, due to a public holiday, a date relevant to determination of the fund returns would not be a dealing day (such that a NAV would not otherwise be calculated on that day), a NAV may nevertheless be determined and calculated in accordance with the prospectus for the purposes of these disclosures. Additionally, due to Financial Reporting Standard 102 ("FRS 102") requirements which apply to the financial statements, there may be differences between the NAV per share as recorded in the financial statements and the NAV per share calculated in accordance with the prospectus.
- Tracking difference is defined as the difference in returns between a Fund and its benchmark index.
- Each Fund's TER is accrued on a daily basis throughout the financial year, which can impact the measurement of a tracking error in a positive or negative manner depending on the performance in the market and the TER rate applied. The extent and magnitude of this effect on performance measurement is subject to the timing of the market performance relative to the performance period of the Fund and can be greater than the headline TER in a positive market and lower than the TER in a negative market. The TER expresses the sum of all fees, operating costs and expenses, with the exception of direct trading costs and performance fees, charged to each Fund's assets as a percentage of the average Fund assets based on a twelve-month period ended 31 October 2021.
- Anticipated tracking error is based on the expected volatility of differences between the returns of a fund and the returns of its benchmark index.
- Realised tracking error is the annualised standard deviation of the difference in monthly returns between a fund and its benchmark index. Tracking error shows the consistency of the returns relative to the benchmark index over a defined period of time. The realised tracking error is annualised and calculated using data from the preceding 36 month observation period. Where a Fund has not been trading for 36 months, the annualised tracking error since inception has been presented.

Performance summary, tracking difference and tracking error (continued)

The table and the relevant footnotes also indicate the primary drivers impacting tracking difference gross of the TER, and where the realised tracking error is greater than the anticipated tracking error. Primary drivers impacting tracking difference include cash management, efficient portfolio management techniques including securities lending, transaction costs from rebalancing and currency hedging and sampling techniques. Tax may also impact tracking difference and tracking error due to withholding tax suffered by the Fund on any income received from its investments. The level and quantum of tracking difference arising due to withholding taxes depends on various factors such as any reclaims filed on behalf of the Fund with various tax authorities, any benefits obtained by the Fund under a tax treaty or any securities lending activities carried out by the Fund. Importantly, these impacts can be either positive or negative depending on the underlying circumstances.

¹ Comprising of withholding tax rate differential, tax reclaims and income timing differences between the Fund and the benchmark index.

² The Fund commenced trading during the financial year. Returns are shown from launch date to the end of the financial year and the TER is annualised.

³ The Fund fully redeemed during the financial year. Returns are shown from the beginning of the financial year to the date of the Fund fully redeemed.

^a As a newly launched fund, there is a higher level of sampling versus the index, than would be expected for a strategy that has been in operation for a longer period.

^b The tracking error was driven by the impact of fund holidays, whereby the Fund was closed but the benchmark index continued to be calculated for these days.

^c The realised tracking error was driven by the income received from the class action payout in November 2019 and March 2020.

^d The realised tracking error was driven by the difference in tax rate applied to dividends received in the Fund versus the tax rate assumed in the total return calculation of the benchmark index.

^e The tracking error was also driven by the difference in performance between the benchmark index and index futures held for efficient portfolio management.

^f The realised tracking error was driven by the regulatory rules and restrictions that were imposed on the investors as a holding limit on certain equity positions.

^g The tracking error was primarily driven by a difference in performance between the benchmark and cash and cash equivalents held in the fund for liquidity purposes; and due to tax reimbursements received by the Fund.

^h The realised tracking error was driven by exceptional market illiquidity and volatility specifically experienced by the Fund during March 2020.

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview

Global equities, as represented by the MSCI All Country World Index ("ACWI"), posted a return of 37.28% (in US Dollar terms) for the twelve months ended 31 October 2021. Continued growth in consumer spending and the development of COVID-19 vaccinations led to strong economic growth and significant gains for all equity classes during the twelve-month period. However, renewed consumer spending and imbalances between supply and demand drove significant global inflation.

The reporting period began in the wake of the remarkable resurgence of economic growth in the third quarter of 2020, as easing pandemic restrictions led to a significant rebound. Global economic growth continued at a slower pace during the reporting period, albeit with significant geographic variation. The US, powered by a rebound in consumer spending, continued to grow at a brisk pace in the fourth quarter of 2020 and the first half of 2021 before slowing in the third quarter. However, Japanese growth stalled despite a rise in exports. The UK economy contracted again in the first quarter of 2021, before returning to growth in the second and third quarters amid a surge in COVID-19 vaccinations. The Eurozone briefly entered a mild recession in the first quarter of 2021 but grew modestly in the second and third quarters.

Growth faltered in most emerging markets, including India, Brazil, and Taiwan, while Russia's economy benefited from rising oil and gas prices. The Chinese economy slowed amid regulatory shifts, concerns about the heavily-indebted property sector, and restrictions on industrial power usage.

Renewed economic growth was supported by action from global central banks, a key catalyst for the global equity rally. The US Federal Reserve ("the Fed") kept interest rates near zero and maintained major bond-buying programmes to stabilise US Treasury and agency debt markets. The Fed indicated that it would begin tapering asset purchases in late 2021 but remained committed to a near-zero interest rate policy, even if inflation were to temporarily remain above its 2% target rate.

The Bank of England ("BoE") also maintained its near-zero interest rate policy and a significant quantitative easing programme (monetary policy used as a way to introduce new money into the economy). However, inflation near the end of the period reached or topped the BoE's inflation target of 2%, and several monetary policy committee members indicated support for tighter monetary policy. Inflation pressure late in the reporting period also affected the Eurozone, and the European Central Bank indicated that it would begin slowing its own bond-buying programme.

Global equities rose throughout most of the reporting period as aggressive policy responses from governments and central banks, the continued reopening of economies around the world, and new treatments for COVID-19 raised hopes for an economic recovery. In November 2020, news that multiple COVID-19 vaccinations had shown high effectiveness rates and were ready to be put into production reassured investors and provided a strong boost to equities. However, the spread of the delta variant of COVID-19 and continued inflation pressure amid supply-chain constraints and rising energy costs pressured equities late in the reporting period.

Driven by the COVID-19 outbreak, corporate bond performance diverged notably based on credit quality. Prior to the beginning of the reporting period, investor caution in the face of uncertainty had driven down the prices of many higher-risk bonds, particularly lower-rated corporate bonds. However, Fed support and lower solvency concerns due to the improving economy provided tailwinds for higher-yielding corporate bonds, leading to a continued reversal of flight from risk. As a result, high-yield corporate bonds posted a solid advance, while investment-grade corporate bonds declined slightly.

Yields on the 10-year US Treasury, a benchmark lending rate for the global bond market, were near historic lows at the beginning of the reporting period, but an increase in investors' inflation expectations drove yields higher (and prices lower). Japan government bond yields were relatively flat overall, while UK gilt yields and government bond yields from the Euro area ended higher.

Stocks in emerging markets advanced overall, particularly during the first third of the reporting period. The development of successful vaccinations for COVID-19 significantly benefited emerging market stocks, as increased optimism led to a risk-on investing environment. China's early return to growth also supported emerging market stocks, particularly in Asia. However, China's abrupt shift in its regulatory regime late in the reporting period, particularly towards companies in the tech, education, and gaming industries, weighed on equities. Emerging market bond prices recovered due to optimism about vaccinations and the continued economic recovery, outpacing other international bonds for the twelve-month period.

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview (continued)

In the commodities market, supply and demand shifts induced by the pandemic and subsequent recovery led to a notable rise in many commodity prices. Energy commodities, which had fallen sharply at the beginning of the pandemic, rebounded due to higher demand amid a rise in industrial output, and Brent crude oil, natural gas, and coal prices all rose substantially. Strong demand for batteries to power electric vehicles drove lithium prices to all-time highs. Gold prices were down overall despite the rise in investors' inflation expectations, as the prospect of higher future interest rates weighed on gold.

On the foreign exchanges, the US Dollar was mixed against other global currencies. The Chinese Yuan advanced against the US Dollar, driven by a surge in exports, and the Pound Sterling rose along with an improved economic outlook in the UK. The Canadian Dollar and the Australian Dollar also gained, boosted by surging commodity prices. However, the Japanese Yen and the Euro both declined relative to the US Dollar.

SFDR Review

iShares € Green Bond UCITS ETF (Article 9 – non-replicating)

From the date of application of SFDR on 25 March 2021 to 31 October 2021, the sustainable investment objective being promoted by the Fund was met through the Fund's investments in a portfolio that is primarily made up of securities that represent the Fund's benchmark index. The Fund has invested only in securities of issuers that comply with the index provider's SRI requirements and/or ESG ratings as outlined in the benchmark index and investment policy sections of the Fund's prospectus. The Investment Manager remains satisfied that the index methodology continues to maintain the good governance criteria set out in the Fund's prospectus.

From the date of application of SFDR on 10 March 2021 to 31 October 2021, the Fund was 99% invested in securities of issuers that comply with the index provider's SRI requirements and/or ESG ratings, excluding at the same time issuers producing alcohol, tobacco, genetically modified organisms, civilian firearms or military weapons, as well as any company from the gambling or adult entertainment sectors.

The table below shows the alignment of the Fund with regards to the percentage of green bonds held within the composition of the benchmark index and the broader parent index of the benchmark index, Bloomberg Euro Aggregate Bond Index (the "parent index"). The benchmark index represents a subset of the parent index focusing on green bonds only. The benchmark index defines green bonds as fixed income securities the proceeds of which are exclusively applied to projects or activities that promote climate or other environmental sustainability purposes.

31 October 2021	Fund	Benchmark	Parent index
% Green bonds held as a % of Total assets	99%	100%	3.20%

All holdings within the Fund were deemed to do no significant harm to environmental or social factors, as determined by the Investment Manager. The Investment Manager assesses this according to an internal methodology (as amended from time to time) which considers a representative sub-set of principal adverse sustainability impact indicators. Further information is outlined in the Fund's prospectus.

iShares MSCI Europe Paris-Aligned Climate UCITS ETF (Article 9 – replicating)

Following the application of SFDR on 10 March 2021, for the period from 27 July 2021 to 31 October 2021, the carbon emissions reduction objective being promoted by the Fund was met through the Fund's investments in a portfolio that was primarily made up of securities that represent the Fund's benchmark index. The benchmark index of the Fund aims to exceed the minimum standards for EU Paris-aligned benchmarks set out in the Commission Delegated Regulation (EU) 2020/1818 for the methodology of benchmark indices that would be aligned with the objectives of the Paris Agreement. The 'Paris Agreement' was adopted under the United Nations Framework Convention on Climate Change on 12 December 2015 and was approved by the European Union on 5 October 2016 with the aim of holding the increase in the global average temperature to well below 2°C above pre-industrial levels and pursuing efforts to limit the temperature increase to 1.5°C above pre-industrial levels.

CORPORATE GOVERNANCE STATEMENT

Introduction

The Board is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Entity's affairs. The Entity is subject to the United Kingdom Listing Authority Listing Rules (the "UKLA Listing Rules") as they apply to overseas open-ended investment funds under Chapter 16 of the UKLA Listing Rules, and applicable chapters of the Financial Conduct Authority ("FCA") Disclosure and Transparency Rules; available at <http://www.fca.org.uk> (the "DTR Rules"). The Entity is subject to the governance standards set out in the UK Corporate Governance Code 2018 (the "Code") issued by the Financial Reporting Council ("FRC"), which is applicable to accounting periods beginning on or after 1 January 2019.

The Code is published by the FRC and is available to download from - <http://www.frc.org.uk>. The Entity has also voluntarily adopted the Irish Funds Industry Association Corporate Governance Code for Collective Investment Schemes and Management Companies (Dec 2011) (the "IFIA Code") and, in addition, refers to this Code for the period under review. The IFIA Code can be obtained from the IFIA website at <https://files.irishfunds.ie/1432820468-corporate-governance-code-for-collective-investment-schemes-and-management-companies.pdf>.

The Entity is also subject to corporate governance practices imposed by the UCITS Regulations which can be obtained from the CBI website at <http://www.centralbank.ie/regulation/industry-sectors/funds/ucits/Pages/default.aspx> and are available for inspection at the registered office of the Entity.

The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes both adheres to best practice and is appropriate for the Entity, given the nature of its structure as an investment company.

The sole objective of the Entity is the collective investment in transferable securities and/or other liquid financial assets referred to in Regulation 68 of the UCITS Regulations of capital raised from the public and which operates on the principle of risk spreading. The Articles of Association of the Entity provide that the Entity may offer separate classes of shares, each representing interests in a Fund comprising a distinct portfolio of investments. The specific investment objectives and policies of each Fund are formulated by the Board at the time of the creation of the Fund and any change to a Fund's investment objective and/or material change to the investment policy of a Fund is subject to the prior consent of shareholders evidenced by either a majority vote at a meeting of shareholders of a Fund or by written consent of all the shareholders.

This statement summarises the corporate governance structure and processes in place for the Entity for the year under review.

Complying with the code

The Board has made the appropriate disclosures in this report to ensure the Entity meets its obligations pursuant to the code. The Entity has no employees and the Directors are all non-executive. The Board recognises that the shareholders of the Entity invest into a regulated investment company and considers that the governance structure and operational processes in place for the Entity are suitable for an investment company.

The Board considers that the Entity has complied with the relevant provisions contained within the code throughout this accounting period except, as explained below, where departure from the code is considered appropriate given the Entity's position as an investment company. This Corporate Governance Statement, together with the Statement of Directors' Responsibilities, describes how the main principles of the code are applied to the Entity.

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Complying with the code (continued)

The Entity confirms that it applied the principles and complied with all the provisions of the code throughout the year except in relation to the following:

- (i) the appointment and role of the Chief Executive (provision 14 of the code);
- (ii) executive Directors' remuneration (part 5 of the code on remuneration);
- (iii) the gender balance of those in the senior management and their direct reports (provision 23 of the code), as there is no employees and an external company secretary has been appointed, which is a corporate; the need to establish a Remuneration Committee;
- (iv) the need for an internal audit function (provision 25 and 26 of the code);
- (v) the need to establish a Remuneration Committee (provision 32 of the code). Please see the "Report on Remuneration" on page 654 for details of remuneration governance for the BlackRock Group;
- (vi) the need to assess and monitor culture and the approach to investing in and rewarding the workforce (provision 2 of the code); and
- (vii) a method for "workforce" engagement (principle E of the code).

Due to the nature of its structure as an investment company which has no workforce, the Board does not consider the above provisions appropriate to the Entity. In relation to provisions of the code on executive Directors' remuneration, there are no executive Directors on the Board and BlackRock employees who are also Directors do not receive remuneration for their role as Directors. Therefore the Entity was not compliant with these provisions during and post the period under review.

The code also includes provisions for the re-election of Directors by shareholders with which the Entity was in compliance during the period under review. Additionally the Articles of Association provide that each Director will retire from office on the date which is three years from the date of the Director's appointment or last re-appointment and that such retiring Directors are eligible for re-appointment by the other Directors.

The Board considers that the Entity has been in full compliance with the IFIA Code during the period under review.

Board composition

The Board currently consists of seven non-executive Directors, five of whom are deemed to be independent. The Board is committed to maintaining an appropriate balance of skills, experience, independence and knowledge amongst its members.

As part of the 2021 succession planning process the Nominations Committee and the Board assessed the composition of the Board, having regard to the tenure of the current Directors of the Company, and identified the need for an independent non-executive director, which resulted in the appointment of Mr William McKechnie.

In accordance with the code, the Board has carried out an assessment based on the independence requirements set out therein and has determined that, in its judgement, Mr Paul McNaughton, Mr Paul McGowan, Ms Ros O'Shea, Mr William McKechnie and Ms Deirdre Somers are independent within the meaning of those requirements. They are independent of the Manager, the Investment Manager and other third party service providers such as the Administrator and Depositary. The Board has also considered and is satisfied that the presence of four non-executive independent Directors (including the Chairman) is an appropriate balance for the Board. The Board has appointed Mr Paul McGowan as the senior independent Director.

The Directors' biographies, collectively demonstrate a breadth of investment knowledge, business and financial skills which enables them to provide effective strategic leadership, oversight and proper governance of the Entity.

Delegation of responsibilities

The Directors of the Entity have delegated the following areas of responsibility:

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Delegation of responsibilities (continued)

Management and Administration

The Directors of the Entity have delegated the investment management, distribution and administration of the Entity and its Funds to the Manager. The Manager has delegated the management of the investment portfolio and distribution of the Entity's shares to the Investment Manager. The Investment Manager operates under guidelines determined by the Manager and as detailed in the Entity's prospectus and the various supplementary prospectuses relating to the Entity's Funds. The Investment Manager has direct responsibility for the decisions relating to the day-to-day running of the Entity's Funds and is accountable to the Board of the Manager and the Entity for the investment performance of the Funds.

The Board has established a Nominations Committee and an Audit Committee. The Directors have delegated certain functions to these committees. Please see the "Committees of the Board" section in this Corporate Governance Statement for further details.

Insurance

The Entity has maintained appropriate Directors' and Officers' liability insurance cover throughout the year.

Culture

The Board has an open culture where there is regular communication and discussion is encouraged. As the Entity is a fund company, with no employees and operating under a delegated model, the approach to culture is different to that of a company with employees, being more of an oversight model than one of direct engagement. In a delegated model, the oversight and monitoring role is a key element of cultural governance and the Board receive presentations from key service providers, such as the Manager, on how they manage and monitor culture within their organisations, to ensure their approach is aligned with the Board's. The Board has a specific responsibility to ensure that the Funds are managed in the best interests of investors and the decisions of the Board are focused on this responsibility. It is also the Board's responsibility to set the tone from the top and lead by example in boardroom discussion and interactions, in line with the Board's core values. These qualities and commitments are reflected in the director recruitment process, together with the principles of diversity and inclusion. A presentation on culture is provided to the board on an annual basis, and it was also a topic of discussion at the last Board evaluation.

Board's responsibilities

The Board meets monthly and also on an ad hoc basis as required. All Directors are expected to attend each meeting and the attendance at board and committee meetings during the financial year is set out on the following pages. Directors are provided with relevant papers in advance of each Board meeting. In addition, electronic copies of meeting papers and other relevant information are available to Directors. If a Director is unable to attend a meeting, they will still receive the papers. During the financial year, ad hoc Board meetings were arranged at short notice and it was not always possible for all Directors to attend.

The Board reserves to itself decisions relating to the determination of investment policy and objectives of the Funds and any change in investment strategies of the Funds, the appointment and removal of the Company Secretary and entering into any material contracts. The Board also approves the prospectus, circulars to shareholders, listing particulars and other relevant legal and fund documentation. A formal schedule of matters specifically reserved for decision by the Board is maintained.

Any Director who resigns his/her position is obliged to confirm to the Board and the CBI that the resignation is not connected with any issues with, or claims against, the Entity. Furthermore, any Director who has concerns about the running of the Entity or a proposed course of action may provide a written statement to the Chairman outlining his/her concerns for circulation to the Board or alternatively may have his/her concerns formally recorded in the minutes of a Board meeting.

The Board has responsibility for ensuring that the Entity keeps adequate accounting records which disclose with reasonable accuracy at any time the financial position of the Entity and which enable it to ensure that the financial statements comply with the Companies Act and relevant accounting standards. It is the Board's responsibility for preparing the annual report and accounts, and to present a fair, balanced and understandable assessment of the Entity's financial position, which extends to interim financial statements and other reports, which provides the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Board is also responsible for safeguarding the assets of the Entity and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Board's responsibilities (continued)

The Directors have access to the advice and services of the Company Secretary, external counsel and the resources of the Investment Manager should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice.

Directors' induction and training

Prior to their appointment, each new Director receives a full and formal tailored induction incorporating relevant information regarding the Entity and their duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of the Manager and Investment Manager so that the new Director will become familiar with the various processes which the Investment Manager considers necessary for the performance of his/her duties and responsibilities to the Entity.

The Entity's policy is to encourage Directors to keep up to date with developments relevant to the Entity. The Directors have attended and will continue to attend updates and briefings run by the Investment Manager and which are relevant to the Entity. The Directors also receive regular briefings from, amongst others, external auditors, investment strategists, depositaries and legal advisors regarding any proposed product developments or changes in laws or regulations that could affect the Entity. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The training needs of the Directors are evaluated as part of the annual performance evaluation of the Board. Further information in respect of performance evaluation is provided below.

Performance evaluation

The Board formally reviews its performance on an annual basis and an appraisal system has been implemented for the Board, its supporting Committees and the individual Directors, including the Chairman. This evaluation process assists in identifying individual Directors' training and development needs. The Board is satisfied with the robustness of the appraisal system and considers the current review and evaluation process adequate. The Board evaluation for 2020 was completed in October 2021, the Board evaluation for 2021 will take place in 2022.

Diversity Report

The Nominations Committee, together with the Board, acknowledges the importance of diversity to enhance its operation. During the selection process the Board and Nominations Committee are committed to selecting those with a diversity of business skills, experience and gender and candidates for appointment are considered based on these attributes. The Board's principle is that each member of the Board must have the skills, experience, knowledge and overall suitability that will enable each Director to contribute individually, and as part of the Board team, to the effectiveness of the Board. Subject to that overriding principle, the Board believes that diversity of experience and approach, including educational and professional background, gender, age and geographical provenance, amongst Board members is of great value when considering overall Board balance in making new appointments to the Board. The Board's priority is to ensure that it continues to have strong leadership and the relevant skills to deliver the business strategy. The implementation of the Board's diversity policy is monitored by the Nominations Committee which reviews the balance of skills, knowledge, experience and diversity on the Board and leads succession planning for appointments to the Board. The Nominations Committee will ensure that all selection decisions are based on merit and that recruitment is fair and non-discriminatory. The Board's policy is to have women make up at least 30% of the Board's membership and the Board composition is currently 43%. The current Board composition reflects diverse age, gender, educational and professional backgrounds.

Committees of the Board

Nominations Committee

The Board has established a Nominations Committee comprising a majority of independent Directors. The Nominations Committee comprises of Mr Paul McNaughton (Chairman), Mr Paul McGowan, Mr Barry O'Dwyer, Ms Ros O'Shea, Ms Deirdre Somers and Mr William McKechnie. The key objective of the Nominations Committee is to ensure the Board comprises individuals with the appropriate balance of skills, experience, independence and knowledge appropriate to the Entity to ensure that it is effective in discharging its responsibilities and oversight of all matters relating to corporate governance.

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Committees of the Board (continued)

Nominations Committee (continued)

The Nominations Committee is responsible for evaluating and nominating for the approval of the Board candidates to fill Board vacancies as and when they arise. Before a proposal is made to the Board, the Committee members will ensure that the capabilities required for a particular appointment have been considered. They will also ensure that on appointment to the Board, non-executive Directors receive a formal letter of appointment setting out clearly what is expected of them in terms of time commitment, committee service and involvement outside Board meetings.

There is continued focus on succession planning, building on work undertaken in previous years. The Committee continues to keep under review, on an ongoing basis, the structure, size and composition of the Board and its Committees, making recommendations to the Board as appropriate. Consideration is given to the tenure of the Board and anticipated retirements over the next few years, together with the need to ensure the appropriate mix of knowledge, skills and experience, and diversity. The Committee also considered the Entity's Diversity Policy and the Directors Selection, Re-appointment and Removal Policy both of which were recommended to, and subsequently approved by, the Board.

The process of identifying potential candidates gives due regard to the Company's Diversity Policy, the Company's Director Selection, Reappointment and Removal Policy and the need to ensure that the Board and its Committee has the appropriate mix of knowledge, skills and experience. Following, due consideration and formal Committee meetings, the Nominations Committee provides recommendations to the Board in respect of any proposed new Directors. The Board is ultimately responsible for the approval and appointment of any new Directors and the membership of the Nominations Committee and Audit Committee. Any appointment approved by the Board is subject to the approval of the proposed individual by the Central Bank of Ireland.

When considering succession planning the Nominations Committee gives due consideration to the applicable regulations and legislations applicable to the Company, including the requirements of the UK Corporate Governance Code. This includes monitoring the length of tenure of Directors and consideration of the ongoing independence of Directors where applicable.

Based on its assessment for 2021, the Committee is satisfied that, throughout the year, all independent non-executive directors remained independent, as to both character and judgement. The Committee, and the Board gave specific consideration to any director who had served over 6 years. In recommending directors for re-election, the Committee reviews the performance of each non-executive director and their ability to continue meeting the time commitments required, taking into consideration individual capabilities, skills and experiences and any relationships that have been disclosed. All directors were considered to have appropriate roles.

The Board carry out an annual evaluation of its effectiveness every year. This is an internal evaluation, which is facilitated by the Fund Board Governance team.

Annually, as part of the Board effectiveness review, the Committee also undertakes a review of its own effectiveness. The Board discussed the results of Board Evaluation Results, Culture and succession planning. The findings of this review were considered by the Committee at its meeting in December 2021.

The Nominations Committee met on 27 October 2021 and on 20 December 2021 in order to review the Committee's terms of reference and its own performance and to review the structure, size and composition of the Board.

The terms of reference of the Nominations Committee are available upon request.

Audit Committee

The Entity has established an Audit Committee which reports directly to the Board and meets regularly throughout the financial year in order to discharge its duties. Further information on how the Audit Committee carried out its duties during the financial year under review is contained in the Audit Committee report.

Internal Control and Risk Management

The Board is responsible for the risk management and internal controls of the Entity and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Entity. Particular responsibilities have been delegated to the Audit Committee as outlined in the Audit Committee report. The system is designed to manage rather than eliminate the risk of failure to achieve the Entity's business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss and relies on the operating controls established by the service providers. The Board is also responsible for overseeing the management of the most significant risks through the regular review of risk exposures and related key controls.

The Board reviews the Entity's principal and emerging risks and the control processes over the risks identified. The control processes cover financial, operational, compliance and risk management, and are embedded in the operational procedures of the Manager, the Investment Manager and other third party service providers including the Administrator and the Depositary. There is a monitoring and reporting process to review these controls, which has been in place throughout the financial year under review and up to the date of this report. The Board can confirm that they have carried out a robust assessment of the principal and emerging risks facing the Entity, including those that would threaten its business model, future performance, solvency and liquidity, the principal risks are identified and explored in greater detail within the section 'Financial Instruments and Risks' which forms part of the financial statements. This section also explains how these risks are being managed and mitigated. The emerging risks are detailed later in this section.

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Internal Control and Risk Management (continued)

The Manager considers emerging risks in numerous forums and the BlackRock Risk and Quantitative Analysis team produces an annual risk survey. Any material risks of relevance to the Entity through the annual risk survey will be communicated to the Board. The Board will continue to assess these risks on an ongoing basis. In relation to the 2018 UK Corporate Governance Code, the Board is confident that the procedures that the Entity has put in place are sufficient to ensure that the necessary monitoring of risks and controls has been carried out throughout the reporting period.

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Entity in relation to the financial reporting process. The Entity has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Administrator to maintain the accounting records of the Entity independently of the Investment Manager and the Depositary. The annual and half-yearly financial statements of the Entity are required to be approved by the Board and filed with the CBI and the LSE. The financial statements are prepared in accordance with accounting standards generally accepted in Ireland, the Companies Act and the UCITS Regulations. The financial statements are required to be audited. The External Auditors' report, including any qualifications, is reproduced in full in the annual report of the Entity.

Monitoring and review activities

There are procedures designed for monitoring the system of internal control and risk management and to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

During the financial year under review the Depositary reported to the Board on a quarterly basis.

The Depositary and the Administrator provides an annual Service Organisational Control Reports outlining an overview of the controls environment adopted and applied by the Depositary and the Administrator to the Manager. The Manager reports annually on it to the Audit Committee of the Entity. The Manager receives a report from the Administrator on the internal controls of the administrative operations of the Entity and the Administrator reports to the Board on an annual basis.

Review of effectiveness

The Board has reviewed the effectiveness of the internal control and risk management systems (including financial, operational and compliance controls) in accordance with the Code for the financial year under review and up to the date of approval of the financial statements. The Board is not aware of any significant failings or weaknesses in internal control arising during this review. Had there been any such failings or weaknesses, the Board confirms that necessary action would have been taken to remedy them.

Emerging Risks

Impact of Natural or Man-Made Disasters: Disease Epidemics

Certain regions are at risk of being affected by natural disasters or catastrophic natural events. Considering that the development of infrastructure, disaster management planning agencies, disaster response and relief sources, organised public funding for natural emergencies, and natural disaster early warning technology may be immature and unbalanced in certain countries, the natural disaster toll on an individual portfolio Entity or the broader local economic market may be significant. Prolonged periods may pass before essential communications, electricity and other power sources are restored and operations of the portfolio Entity can be resumed. The Fund's Investments could also be at risk in the event of such a disaster. The magnitude of future economic repercussions of natural disasters may also be unknown, may delay the Fund's ability to invest in certain companies, and may ultimately prevent any such investment entirely.

Investments may also be negatively affected by man-made disasters. Publicity of man-made disasters may have a significant negative impact on overall consumer confidence, which in turn may materially and adversely affect the performance of the Fund's Investments, whether or not such investments are involved in such man-made disaster.

The potential implications of Brexit and the COVID-19 outbreak which could impact the Entity's business are included in the Background section.

CORPORATE GOVERNANCE STATEMENT (continued)

Going Concern and Viability Statement

The going concern and viability statements are set out in the Directors' Report.

Remuneration

The Entity is an investment company and has no employees or executive Directors. The Board believes that the principles of Section 5 of the Code relating to remuneration do not apply to the Entity, except as outlined below, as the Entity has no executive Directors. No Director past or present has any entitlement to pensions, and the Entity has not awarded any share options or long-term performance incentives to any of them. No element of Directors' remuneration is performance-related or includes share options.

Those Directors who are also employees of the BlackRock group are not entitled to receive a Director's fee. All other Directors have fees paid to them which are set out in their letter of appointment with the Entity. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the time commitment and responsibilities of their roles. The maximum amount of remuneration payable to the Directors is determined by the Board and is set out in the prospectus of the Entity.

The level of remuneration for the Chair and all independent non-executive directors reflects the time commitment and responsibilities of the role. The terms of the aforementioned service contracts are for one financial year and include an assessment of the time commitment expected of each Director. The Directors also have a continuing obligation to ensure they have sufficient time to discharge their duties. The detail of each Director's, including the Chairman's, other appointments and commitments are made available to the Board for inspection and all new appointments or significant commitments require the prior approval of the Investment Manager. The Directors, who are employees of the BlackRock group, have executed letters of appointment which include an assessment of the time commitment expected. Extracts of the service contracts as they relate to the Entity and letters of appointment are available for inspection on request and at each Annual General Meeting ("AGM").

Communication with Shareholders

The Entity is an investment company and the shareholders invest in its range of Funds in order to, inter alia, gain exposure to the expertise of the Investment Manager and its investment strategies. Given the nature of the Entity, it is not necessary or desirable for the Chairman or any of the other Directors to discuss investment strategy with shareholders. Furthermore, the Manager has appointed the Investment Manager as distributor and it is this entity which is tasked with actively managing the relationship between the Entity and its shareholders.

The Board reviews monthly reports on shareholder communications and in addition, the Board reviews reports from the Manager's compliance function which include updates on shareholder complaints. How the Board understands the views and interests of the Entity's key stakeholders and how the views and interests of the key stakeholders have been considered in board discussions and decision-making is described in the section "Engagement with Stakeholders". The Entity keeps engagement mechanisms with stakeholders under review so that they remain effective.

The Board is responsible for convening the AGM and all other general meetings of the Entity. All shareholders have the opportunity to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Companies Act and the Articles of Association of the Entity and notice of the AGM is sent out at least 20 working days in advance of the meeting, and any item not of an entirely routine nature is explained in a covering circular. For all other general meetings the notice is sent at least 14 working days in advance. All substantive matters put before a general meeting are dealt with by way of separate resolution, in accordance with the Articles of Association of the Entity.

Proxy voting figures are noted by the chairman of the general meeting and the results of each general meeting, including the number of votes withheld, will be announced and made available on the iShares website shortly after the meeting. When it is the opinion of the Board that a significant proportion of votes have been cast against a resolution at any general meeting, the Board will explain when announcing the results what actions it intends to take to investigate and understand the reasoning behind the result.

General meetings are managed and run by the Company Secretary. Strategic issues and all operational matters of a material nature are determined by the Board. If the shareholders wish to engage on matters relating to the management of the Entity, then invariably they will wish to discuss these matters or meet with the Investment Manager.

iSHARES II PLC

CORPORATE GOVERNANCE STATEMENT (continued)

Communication with Shareholders (continued)

However, the Board will accept requests to make individual Directors available to shareholders. One of the independent Directors is always available to attend general meetings. The Chairman of the Audit and Nominations Committees will be available to attend general meetings and to answer questions, if required, while the senior independent Director will be also available to liaise with shareholders, where required.

Every holder of participating shares present in person or by proxy who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present in person or by proxy is entitled to one vote in respect of each share held by him. The poll shall be taken in accordance with the Articles of Association.

Engaging with Stakeholders – Section 172 Statement

Building positive relationships with stakeholders is important to us and working together towards shared goals assists us in delivering sustainable success. Throughout the year the Board considered the wider impact of strategic and operational decisions on the Entity's stakeholders. Engaging, consulting and acting on the needs of different stakeholders is critical for the development of a culture and strategy that achieves long-term sustainable success. The needs of different stakeholders are always considered as well as the consequences of any decision in the long-term and the importance of our reputation for high standards of business conduct. It may not always be possible to provide a positive outcome for all stakeholders and the Board frequently has to make difficult decisions based on competing priorities. However, comprehensive engagement enables informed decision making taking into account the consequences for different stakeholders. To enable and ensure stakeholder considerations are at the heart of all corporate decision making, a wide range of papers relating to different stakeholder groups are presented and discussed regularly by the Board. We engage in many different ways and this section outlines our key stakeholder groups, how we are interacting with them and how they inform strategic decision making. It also provides examples of key strategic decisions made during the year and the Board engagement involved. This section acts as our Section 172(1) statement in accordance with the UK Companies Act 2006, which applies to non-UK companies that report on their compliance with the Code.

- Our people: The Entity has no workforce, but an open and honest dialogue is actively encouraged within the Board of Directors. The Board of Directors carry out an annual Board Evaluation, where feedback is sought from the whole Board on any improvements and enhancements that are necessary, and an action plan is put in place.
- Our shareholders: The support and engagement of our shareholders is imperative to the future success of our business. The shareholder is at the core of what the Entity does, and the interests of shareholders is foremost in all decision making. The Board have ensured that it acted fairly with regard to shareholders at all times. The Investment Manager has productive ongoing dialogue with our shareholders and any material complaint received from a shareholder is reported to the Board. The Board have also received a presentation from the Client Experience Management team, to gain a better understanding of the shareholders needs and experience when investing in the Entity. The Board aims to understand the views of its shareholders and always to act in their best interests. In order to provide better access to all investors, we provide easy access for our shareholders to the Entity's AGM information, results and investor information, via our website. All Entity announcements are available on the London Stock Exchange.
- Our service providers: We build strong relationships with our service providers to develop mutually beneficial and lasting partnerships. The day to day management of the Entity is delegated to the Manager and engagement with other service providers is facilitated through the Manager. The service providers also regularly report to the Board. The Board recognises that relationships with service providers are important to the Entity's long-term success.
- Regulators: We have ongoing communication with the Irish regulator which is facilitated through the Manager and the Investment Manager. All regulatory engagements are reported to the Board. The Board is updated on legal and regulatory developments and takes these into account when considering future actions.
- Community, the environment and human rights issues: As a Entity with no employees, the Entity has no direct social or community responsibilities or impact on the environment. The Funds of the Entity track or replicate the constituents of a Benchmark Index.

BlackRock as a group were a founding member of the Financial Accounting Standards Board ("FASB") Task Force on Climate-related Financial Disclosures ("TCFD") and a member of the Sustainability Accounting Standards Board ("SASB"). It is also a signatory to the United Nations Principles for Responsible Investment and signed the Vatican's 2019 statement advocating carbon pricing regimes which BlackRock believe are essential to combating climate change. It is BlackRock's belief that enhanced, meaningful disclosures are an important step towards building an understanding of the impact of climate risks on individual companies, sectors and investment strategies. Given climate risk is a systemic issue, disclosure standards should be developed and implemented at the market-level. BlackRock are therefore supportive of the need for greater transparency and disclosure on climate related issues.

AUDIT COMMITTEE REPORT

The Board has established an Audit Committee whose roles and responsibilities are detailed below.

Roles and Responsibilities

The main responsibilities of the Audit Committee include considering and recommending to the Board for approval the contents of the interim and annual financial statements, and providing an opinion as to whether the annual financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Audit Committee also reviews related information presented within the financial statements, including statements concerning internal controls and risk management. In addition, the Audit Committee is responsible for approving the audit fees of the External Auditor, conducting a review of the External Auditors' report on the annual financial statements and reviewing and forming an opinion on the effectiveness of the external audit process and audit quality. Other duties include reviewing the appropriateness of the Entity's accounting policies and reporting to the Board on how it has discharged its responsibilities.

There are formal terms of reference in place for the Audit Committee. The terms of reference of the Audit Committee are available to shareholders on request.

The Audit Committee has met thirteen times during the financial year. These meetings were to consider various items including updates in the regulatory environment as they relate to the financial statements of the Entity, updates on the Entity's accounting policies and progress reports on the audit. The significant issues considered by the Audit Committee in relation to the financial statements are discussed below and overleaf.

Financial Statements

The Audit Committee reviewed the interim financial statements, annual financial statements and the audit findings presentation from the External Auditors.

Significant issues considered in relation to the financial statements

During the financial year, the Audit Committee considered a number of significant issues and areas of key audit risk in respect of the Annual Report and Financial Statements. The Committee reviewed the external audit plan at an early stage and concluded that the appropriate areas of audit risk relevant to the Entity had been identified in the audit plan and that suitable audit procedures had been put in place to obtain reasonable assurance that the financial statements as a whole would be free of material misstatements. Below sets out the key areas of risk identified and also explains how these were addressed by the Committee.

1. Valuation

The Board has in place a hierarchical structure for the pricing of every asset class of the Entity which details the primary, secondary and tertiary pricing sources (the "Pricing Hierarchy"). The Administrator has been appointed for the purposes of valuing each asset class of the Entity. The Administrator follows the Pricing Hierarchy in this regard. During the year under review, monthly reporting was provided by the Investment Manager in which any exceptions to this process were identified and investigated and referred to the Board. The Audit Committee considers that the procedures that the Board has in place to monitor the Administrator and Investment Manager are adequate and appropriate. The Audit Committee discussed with the external auditor the results of the year end audit procedures over the valuation of investments. No significant exceptions to valuation of the assets were noted during the year under review.

2. Existence

In order to gain comfort on the existence of the assets of the Entity, a daily reconciliation of all asset classes is performed by the Administrator between their records and the separate records held by counterparties, the Depositary and the Investment Manager. During the financial year under review, any material exceptions identified by these reconciliations were reported on a monthly basis by the Investment Manager and quarterly by the Administrator and Depositary. The Depositary also provided a report in relation to the oversight of its global sub-custodian and global custody network and any exceptional items regarding existence of assets of the Entity were referred for consideration by the Audit Committee. The Audit Committee considers that the procedures that the Board has in place to monitor the Administrator and Investment Manager are adequate and appropriate. The Audit Committee discussed with the external auditor the results of the year end audit procedures over the existence of investments. No material exceptions to the existence of the assets were noted during the financial year under review.

iSHARES II PLC

AUDIT COMMITTEE REPORT (continued)

Roles and Responsibilities (continued)

Significant issues considered in relation to the financial statements (continued)

3. Risk of Management Override

The Depositary and Administrator provided reports to the Manager on an annual basis on the controls in place to minimise the risk of management override. In addition to this, the Manager has reviewed the Statement on Service Organisational Control (the "SOC1") prepared by the Depositary and Administrator to further ensure that the relevant control procedures were in place to minimise the risk of management override. The SOC1 of the Investment Manager is also presented annually for review. Any exceptions noted were referred to the Audit Committee for further review. No significant exceptions in respect of the risk of management override were noted during the financial year under review.

Fair, Balanced and Understandable

The production and audit of the financial statements is a comprehensive process requiring input from a number of different contributors. Following the adoption of the Code by the Entity, the Board requested that the Audit Committee advises on whether it believes the financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position and performance, business model and strategy. In doing so the Audit Committee has given consideration to the following:

- The comprehensive reviews that are undertaken at different levels in the production process of the financial statements, by the Manager and the Administrator;
- The comprehensive review also undertaken during the production process by the Investment Manager;
- The comprehensive review undertaken by the Audit Committee that aimed to ensure consistency, overall balance and appropriate disclosure;
- The controls that are in place at the Investment Manager, the Administrator and Depositary, to ensure the completeness and accuracy of the Entity's financial records and the security of the Entity's assets;
- The existence of satisfactory SOC1 control reports reviewing the effectiveness of the internal controls of the Investment Manager, the Administrator and the Depositary; and
- The timely identification and resolution of any significant audit risks, process errors or control breaches that may have impacted the Entity's NAV and accounting records and how successfully any issues in respect of areas of accounting judgement were identified and resolved.

As a result of the work performed, the Audit Committee has concluded that the financial statements for the financial year ended 31 October 2021, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Audit Committee has reported on these findings to the Board and recommended the approval of the financial statements to the Board. The Board's conclusions in this respect are set out in the Statement of Directors' Responsibilities.

External Auditor

To assess the effectiveness of the external audit, members of the Audit Committee work closely with the Investment Manager and the Manager to obtain a good understanding of the progress and efficiency of the external audit.

In relation to the audit process, feedback on the role of the Investment Manager and the Manager, is sought from relevant parties involved, notably the audit partner and audit team. The External Auditor is invited to attend the Audit Committee meetings at which the annual financial statements are considered.

Deloitte Ireland LLP ("Deloitte") were appointed as independent auditors of the Entity on 12 April 2019 and the lead audit partner rotates every five years to assure independence. To form a conclusion with regard to the independence of the External Auditor, the Audit Committee considers whether their skills and experience make them a suitable supplier of non-audit services and whether there are safeguards in place to ensure that there is no threat to their objectivity and independence in the conduct of the external audit resulting from the provision of such services. The external audit and assurance services fees are disclosed in note 17 of the financial statements of the Entity.

iSHARES II PLC

AUDIT COMMITTEE REPORT (continued)

External Auditor (continued)

On an annual basis, the External Auditor reviews the independence of its relationship with the Entity and reports this to the Board. The Audit Committee also receives information about policies and processes for maintaining independence and monitoring compliance with relevant requirements from the Entity's External Auditors, including information on the rotation of external audit partners and staff, details of any relationships between the external audit firm and its staff and the Entity as well as an overall confirmation from the External Auditors of their independence and objectivity.

As a result of its review, the Audit Committee has concluded that Deloitte Ireland LLP, as External Auditor, is independent of the Entity. The Audit Committee has conducted a review of independence of the External Auditor and has in place a pre-approval policy on the engagement of the External Auditor to supply non-audit services.

Internal Audit

The Board considers it appropriate for the Entity not to have its own internal audit function as all of the management and administration of the Entity is delegated to the Manager, Investment Manager, Administrator and Depositary.

Audit Committee Effectiveness

The performance of the Audit Committee is reviewed at least annually. The Audit Committee evaluation for 2021 was completed in 2021.

DIRECTORS' REPORT

The Directors present their report and audited financial statements for the financial year ended 31 October 2021.

Statement of Directors' responsibilities

The Directors are responsible for preparing the annual report and the audited financial statements in accordance with applicable Irish law and FRS 102 "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council, and in compliance with the Irish Companies Act and the UCITS Regulations and the Listing Rules of the LSE.

Under Irish law, the Directors shall not approve the audited financial statements unless they are satisfied that they give a true and fair view of the Entity's assets, liabilities and financial position as at the end of the financial year and the profit or loss of the Entity for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Entity will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the audited financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Entity;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Entity to be determined with reasonable accuracy; and
- enable the Directors to ensure that the financial statements comply with the Companies Act 2014 (as amended) and enable those financial statements to be audited.

The measures taken by the Directors to secure compliance with the Entity's obligation to keep adequate accounting records are the appointment of State Street Fund Services (Ireland) Limited for the purpose of maintaining adequate accounting records. Accordingly, the accounting records are kept at the following address on behalf of the Administrator:

State Street Fund Services (Ireland) Limited
78 Sir John Rogerson's Quay
Dublin 2
Ireland

The Directors are also responsible for safeguarding the assets of the Entity to prevent and detect fraud and other irregularities. The Directors have entrusted the assets of the Entity to the Depositary for safekeeping in accordance with the Memorandum and Articles of Association of the Entity. In this regard the Directors have appointed State Street Custodial Services (Ireland) Limited as Depositary pursuant to the terms of the Depositary Agreement. The address at which this business is conducted is as follows:

State Street Custodial Services (Ireland) Limited
78 Sir John Rogerson's Quay
Dublin 2
Ireland

The audited financial statements are published on the iShares website. The Directors, together with the Manager and the Investment Manager are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the presentation and dissemination of the financial statements may differ from legislation in other jurisdictions.

iSHARES II PLC

DIRECTORS' REPORT (continued)

Statement of Directors' responsibilities (continued)

The Code also requires Directors to ensure that the annual report and audited financial statements are fair, balanced and understandable and provide the information necessary for shareholder to assess the Entity's position and performance, business model and strategy. In order to reach a conclusion on this matter, the Directors have requested that the Audit Committee advise on whether they consider that the financial statements fulfil these requirements. The process by which the Audit Committee has reached these conclusions is set out in the Audit Committee report. As a result of a comprehensive review, the Directors have concluded that the financial statements for the financial year ended 31 October 2021, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholder to assess the Entity's position, performance, business model and strategy.

Directors' Compliance Statement

In accordance with Section 225 of the Companies Act 2014 (as amended), the Directors acknowledge that they are responsible for securing the Entity's compliance with its relevant obligations and confirm that:

1. A compliance policy has been prepared setting out the Entity's procedures (that, in the Directors' opinion, are appropriate to the Entity) for ensuring compliance by the Entity with its relevant obligations;
2. An adequate structure is in place, that in the Directors' opinion, is designed to secure material compliance with the Entity's relevant obligations; and
3. An annual review procedure has been put in place to review the Entity's relevant obligation and ensure a structure is in place to comply with these obligations.

Results and dividends

The results and dividends for the financial year of the Entity are set out in the income statement.

The Manager has made a successful application for "Reporting Fund" status to apply to certain share classes under the Statutory Instrument 2009/3001 (The Offshore Funds (Tax) Regulations 2009) of the UK. A list of the share classes which currently have 'reporting fund' status is available at <https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds>.

Review of business and future developments

The specific investment objectives and policies, as set out in the prospectus of the Entity are formulated by Directors at the time of the creation of the Fund. Investors in a Fund are expected to be informed investors who have taken professional advice, are able to bear capital and income risk, and should view investment in a Fund as a medium to long term investment. A description of the Fund, its performance review and a market review can be found in the Background section and the Investment Manager's report. The performance review encompasses tracking error and tracking difference disclosures which are key metrics as to how well the Fund has been managed against their benchmark indices.

A review of the potential implications of Brexit which could impact the Entity's business are included in the Background section.

A review of the potential implications of the COVID-19 outbreak which could impact the Entity's business are included in the Background section and Note 3.2.3.

Risk management objectives and policies

The financial instruments and risks facing the Entity are set out in the notes to the financial statements. The Entity's corporate governance statement is set out on pages 26 to 35.

Subsequent events after the financial year end

The subsequent events which have occurred since the balance sheet date are set out in the note 18 to the financial statements of the Entity.

iSHARES II PLC

DIRECTORS' REPORT (continued)

Directors' and Company Secretary's interests and transactions

The Directors and Company Secretary had no interest in the shares of the Entity during the year ended 31 October 2021 other than those disclosed in the related party transactions note of the financial statements of the Entity.

The Directors and Company Secretary had no interests in the debentures of the Entity during or at the end of the financial year (2020: Nil).

No Director had at any time during the year, a material interest in any contract of significance, during or at the end of the year in relation to the business of the Entity (2020: Nil).

All related party transactions are set out in note 15 of the notes to the financial statements of the Entity.

Going concern

The financial statements of the Entity have been prepared on a going concern basis with the exception of iShares EURO STOXX 50 ex-Financials UCITS ETF which has been prepared on basis other than that of a going concern as this Fund closed during the financial year. The Entity is able to meet all of its liabilities from its assets. The performance, marketability and risks of the Fund are reviewed on a regular basis throughout the financial year. Therefore, the Directors believe that the Entity will continue in operational existence for the foreseeable future and is financially sound. The Directors are satisfied that, at the time of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the financial statements of the Entity.

Viability statement

The Code includes a provision for companies to include a "Viability Statement" addressed to shareholders with the intention of providing an improved and broader assessment of long term solvency and liquidity. The Code does not define "long term" but expects the period to be longer than 12 months with individual companies choosing a financial period appropriate to the nature of their own business. The Directors conducted this review for the financial period up to the AGM in 2024, being a three year period from the date that this annual report will be approved by Shareholders. The reason the Directors consider three years to be an appropriate financial period to review is that they do not expect there to be any significant change in the Entity's current principal risks and adequacy of the mitigating controls during that financial period. Furthermore, the Directors do not envisage any change in the objective of the Entity, as disclosed in the Background section of the annual report and audited financial statements, or any other events that would prevent the Entity from continuing to operate over that financial period as the Entity's assets are sufficiently liquid and the Entity intends to continue to operate as an Investment Entity. This financial period has been chosen, as a financial period longer than three years creates a level of future uncertainty for which a Viability Statement cannot, in the Directors' view, be made meaningfully. In making this assessment the Directors have considered the following factors:

- the Entity's principal risks as set out in the Financial Risks section of the financial statements;
- the ongoing relevance of the Entity's objective in the current environment; and
- the level of investor demand for the Funds offered by the Entity.

The Board has also considered a number of financial metrics in its assessment, including:

- the level of ongoing charges, both current and historic;
- the level of capital activity, both current and historic;
- the level of income generated; and
- the liquidity, tracking error and tracking difference of each Fund.

iSHARES II PLC

DIRECTORS' REPORT (continued)

Viability statement (continued)

The Board has concluded that the Entity would be able to meet its ongoing operating costs as they fall due as a consequence of:

- a diverse product offering that meets the needs of investors; and
- overheads which comprise a small percentage of net assets.

Based on the results of their analysis, the Directors have a reasonable expectation that the Entity will be able to continue in operation and meet its liabilities as they fall due over the financial period of their assessment.

Independent auditor

The Board is not aware, of any relevant audit information that the Entity's auditors are unaware of. The Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Entity's auditors are aware of that information.

Deloitte were appointed as independent auditors of the Entity on 12 April 2019. and have expressed its willingness to remain as auditors to the Entity. The Directors recommend the re-appointment of the auditors, in accordance with section 383 of the Companies Act.

DEPOSITARY'S REPORT TO THE SHAREHOLDERS

We have enquired into the conduct of iShares II plc (the "Entity") for the year ended 31 October 2021, in our capacity as Depositary to the Entity.

This report including the opinion has been prepared solely for the shareholders in the Entity, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations, and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Entity in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Entity has been managed in that financial period in accordance with the provisions of the Entity's Constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Entity to comply with these provisions. If the Entity has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Entity has been managed:

- (i) In accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Entity's Constitution and the UCITS Regulations; and
- (ii) Otherwise in accordance with the Entity's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Entity has been managed during the financial year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Entity by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and
- (ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

Independent auditor’s report to the shareholders of iShares II PLC

Report on the audit of the financial statements

Opinion on the financial statements of iShares II PLC (the ‘entity’)

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the entity as at financial year ended 31 October 2021 and of the profit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework, the applicable Regulations and, in particular, with the requirements of the Companies Act 2014.

The financial statements we have audited comprise:

- the Income statement;
- the Statement of changes in net assets attributable to redeemable participating shareholders;
- the Balance sheet; and
- the related notes 1 to 19, including a summary of significant accounting policies as set out in note 2.

The relevant financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 “The Financial Reporting Standard applicable in the UK and Republic of Ireland” issued by the Financial Reporting Council (“the relevant financial reporting framework”).

The applicable regulations that have been applied in their preparation is the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 (“the applicable Regulations”).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the “*Auditor’s responsibilities for the audit of the financial statements*” section of our report.

We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), as applied to public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Summary of our audit approach

Key audit matters	The key audit matters that we identified in the current year were: <ul style="list-style-type: none"> • Valuation of financial assets and liabilities at fair value through profit or loss • Existence of financial assets and liabilities at fair value through profit or loss
Materiality	The materiality that we used in the current year was 0.5% of the average net assets for each Fund.

Scope	The entity is incorporated as an open-ended investment company with variable capital and is organised under the laws of Ireland as a public limited company pursuant to the Companies Act 2014 and engages BlackRock Asset Management Ireland Limited (the “Manager”) to manage certain duties and responsibilities with regards to the day-to-day management of the entity. Our audit is a risk based approach taking into account the structure of the entity, types of investments, the involvement of the third parties service providers, the accounting processes and controls in place and the industry in which the entity operates.
Significant changes in our approach	There have been no significant changes in our approach from the prior year.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors’ use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the Directors’ assessment of the entity’s ability to continue to adopt the going concern basis of accounting included:

- As part of our risk assessment procedures, we obtained an understanding of the relevant controls in place regarding going concern.
- Challenged the reasonableness of the key assumptions applied by the Directors in their assessment.
- Held discussions with management on the Directors’ going concern assessment, the future plans for the entity and the feasibility of those plans.
- Reviewed all board meeting minutes during the period up to the date of approval of the financial statements, for evidence of any discussions and/or decisions that could impact the entity’s ability to continue as a going concern.
- Reviewed the capital activity and Net Asset Value movements subsequent to the financial year end.
- Assessed the adequacy of the relevant going concern disclosures made in the financial statements.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the entity’s ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In relation to the reporting on how the group has applied the UK Corporate Governance Code, we have nothing material to add or draw attention to in relation to the Directors’ statement in the financial statements about whether the Directors considered it appropriate to adopt the going concern basis of accounting.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current financial year and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Financial Assets and Liabilities at Fair Value Through Profit or Loss	
<p>Key audit matter description</p> 	<p>For the financial year ended, the financial assets and liabilities at fair value through profit or loss of the entity is €78,152m representing 99% of total net assets €78,899m. The valuation of financial assets and liabilities at fair value through profit or loss are considered a key audit matter as financial assets and liabilities at fair value through profit or loss represents a significant balance on the Balance Sheet.</p> <p>There is a risk that financial assets and liabilities at fair value through profit or loss are valued incorrectly, inappropriate valuation methodologies are applied and the use of inappropriate assumptions could result in the valuation being materially misstated.</p> <p>Refer also to note 3 and 4 in the financial statements.</p>
<p>How the scope of our audit responded to the key audit matter</p> 	<p>We have performed the following procedures to address the key audit matter:</p> <ul style="list-style-type: none"> • We obtained the State Street Administration Services (Ireland) Limited SOC 1 Report in order to gain an understanding and evaluate the design, implementation and operating effectiveness of key controls over the valuation process for financial assets and liabilities at fair value through profit or loss; • We independently valued equities, bonds, rights, and futures by using independent market feeds. We compared the prices published by independent pricing sources to the investment portfolio; and • We independently valued forward currency contracts by obtaining forward rates from third party pricing vendors and comparing these rates to the forwards rates recorded in the investment portfolio.
Existence of Financial Assets and Liabilities at Fair Value Through Profit or Loss	
<p>Key audit matter description</p> 	<p>For the financial year ended the financial assets and liabilities at fair value through profit or loss of the entity is €78,152m representing 99% of total net assets €78,899m. The existence of financial assets and liabilities at fair value through profit or loss are considered a key audit matter as financial assets and liabilities at fair value through profit or loss represents a significant balance on the Balance Sheet.</p> <p>The existence of financial assets and liabilities at fair value through profit or loss is crucial to ensuring the financial statements are free from material misstatement.</p> <p>Refer also to note 3 and 4 the financial statements.</p>
<p>How the scope of our audit responded to the key audit matter</p>	<p>We have performed the following procedures to address the key audit matter:</p> <ul style="list-style-type: none"> • We obtained the State Street Administration Services (Ireland) Limited SOC 1 Report in order to gain an understanding and evaluate the design, implementation and operating effectiveness of key controls over the reconciliation process for financial assets and liabilities at fair value through profit or loss; and • We obtained independent confirmations from the depository and counterparties at the financial year end and agreed the amounts held to the investment portfolio.

Our audit procedures relating to these matters were designed in the context of our audit of the financial statements as a whole, and not to express an opinion on individual accounts or disclosures. Our opinion on the financial statements is not modified with respect to any of the risks described above, and we do not express an opinion on these individual matters.

Our application of materiality

We define materiality as the magnitude of misstatement that makes it probable that the economic decisions of a reasonably knowledgeable person, relying on the financial statements, would be changed or influenced. We use materiality both in planning the scope of our audit work and in evaluating the results of our work.

We determined materiality for each Fund to be 0.5% of average net assets. We have considered the average net assets to be the critical component for determining materiality because the main objective of each Fund is to provide investors with a total return. We have considered quantitative and qualitative factors such as understanding the entity and its environment, history of misstatements, complexity of the entity and reliability of control environment.

We agreed with the Audit Committee that we would report to them any audit differences in excess of 10% of materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds. We also report to the Audit Committee on disclosure matters that we identified when assessing the overall presentation of the financial statements.

An overview of the scope of our audit

Our audit is a risk based approach taking into account the structure of the entity, types of investments, the involvement of the third parties service providers, the accounting processes and controls in place and the industry in which the entity operates. The entity is incorporated as an open-ended investment company with variable capital and is organised under the laws of Ireland as a public limited company pursuant to the Companies Act 2014. The entity is authorised by the Central Bank of Ireland (“the Central Bank”) as a UCITS (Undertakings for Collective Investment in Transferable Securities) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011. The entity is organised as an umbrella fund with segregated liability between each Fund. We assess the risks of each Fund separately. We have conducted our audit based on the books and records maintained by the administrator State Street Administration Services (Ireland) Limited at 78 Sir John Rogerson’s Quay, Grand Canal Dock, Dublin 2.

Other information

The other information comprises the information included in the Annual report and audited financial statements, other than the financial statements and our auditor’s report thereon. The Directors are responsible for the other information contained in the Annual report and audited financial statements.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the Companies Act 2014, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (Ireland), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.

For listed entities and public interest entities, the auditor also provides those charged with governance with a statement that the auditor has complied with relevant ethical requirements regarding independence, including the Ethical Standard for Auditors (Ireland) 2016, and communicates with them all relationships and other matters that may be reasonably be thought to bear on the auditor's independence, and where applicable, related safeguards.

Where the auditor is required to report on key audit matters, from the matters communicated with those charged with governance, the auditor determines those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. The auditor describes these matters in the auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, the auditor determines that a matter should not be communicated in the auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

Opinion on other matters prescribed by the Companies Act 2014

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the entity were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the Directors' report is consistent with the financial statements and the Directors' report has been prepared in accordance with the Companies Act 2014.

Corporate Governance Statement required by the Companies Act 2014

We report, in relation to information given in the Corporate Governance Statement on pages 26 to 35 that:

- In our opinion, based on the work undertaken during the course of the audit, the information given in the Corporate Governance Statement pursuant to subsections 2(c) of section 1373 of the Companies Act 2014 is consistent with the entity's statutory financial statements in respect of the financial year concerned and such information has been prepared in accordance with the Companies Act 2014. Based on our knowledge and understanding of the entity and its environment obtained in the course of the audit, we have not identified any material misstatements in this information.
- In our opinion, based on the work undertaken during the course of the audit, the Corporate Governance Statement contains the information required by Regulation 6(2) of the European Union (Disclosure of Non-Financial and Diversity Information by certain large undertakings and groups) Regulations 2017 (as amended); and
- In our opinion, based on the work undertaken during the course of the audit, the information required pursuant to section 1373(2)(a),(b),(e) and (f) of the Companies Act 2014 is contained in the Corporate Governance Statement.

Corporate Governance Statement

The Listing Rules and ISAs (Ireland) require us to review the Directors' statement in relation to going concern, longer-term viability and the part of the Corporate Governance Statement relating to the group's compliance with the provisions of the UK Corporate Governance Code specified for our review.

Based on the work undertaken as part of our audit, we have concluded that each of the following elements of the Corporate Governance Statement is materially consistent with the financial statements and our knowledge obtained during the audit:

- the Directors' statement with regards the appropriateness of adopting the going concern basis of accounting and any material uncertainties identified set out on page 41;
- the Directors' explanation as to its assessment of the entity's prospects, the period this assessment covers and why the period is appropriate set out on page 41;
- the Directors' statement on fair, balanced and understandable set out on page 40;
- the board's confirmation that it has carried out a robust assessment of the emerging and principal risks and the disclosures in the annual report that describe the principal risks and the procedures in place to identify emerging risks and an explanation of how they are being managed or mitigated set out on page 30;
- the section of the annual report that describes the review of effectiveness of risk management and internal control systems set out on page 31 and 32; and
- the section describing the work of the audit committee set out on pages 36 to 38.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the entity and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' report.

We have nothing to report in respect of the provisions in the Companies Act 2014 which require us to report to you if, in our opinion, the disclosures of Directors' remuneration and transactions specified by law are not made.

Other matters which we are required to address

We were appointed by the directors on 12th April 2019 to audit the financial statements for the financial period end date 31 October 2019 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 3 years, covering the years ending 31 October 2019 to 31 October 2021.

The non-audit services prohibited by IAASA's Ethical Standard were not provided and we remained independent of the entity in conducting the audit.

Our audit opinion is consistent with the additional report to the directors we are required to provide in accordance with ISA (Ireland) 260.

Use of our Report

This report is made solely to the entity's shareholders, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the entity's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the entity and the entity's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS

1. General information

The Entity is an open-ended investment company domiciled and incorporated under the laws of Ireland as a public limited company. The Entity is authorised by the CBI and is governed by the provisions of the UCITS Regulations with its registered office at J.P Morgan, 200 Capital Dock, 79 Sir John Rogerson's Quay, Dublin 2, D02 RK57, Ireland.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements are prepared in accordance with FRS 102, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council.

The financial statements are prepared on a going concern basis under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The financial statement of iShares EURO STOXX 50 ex-Financials UCITS ETF have been prepared on a basis other than that of a going concern as this Fund ceased operations during the financial year. For the Fund prepared on a non-going concern basis, assets are recorded at recoverable amounts and liabilities are recorded all contractual settlement amounts, in addition liquidation costs are included where material.

The Entity has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a statement of cash flows.

The format and certain wordings of the financial statements have been adapted from those contained in Section 3 of FRS 102, so that, in the opinion of Directors, they more appropriately reflect the nature of the Entity's business as an investment fund.

All amounts are rounded to nearest thousand, unless otherwise indicated.

2.2 Financial instruments

The Entity has chosen to implement the recognition and measurement provisions of IAS 39 and only the disclosure requirements of Sections 11 and 12 FRS 102 as they relate to financial instruments.

2.2.1 Classification

The Entity classifies its investments in debt instruments, equity instruments and derivatives as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated by the Directors at fair value through profit or loss at inception. All the derivatives investments are held for trading purposes. All other financial assets and financial liabilities including cash, cash equivalents, receivables and payables are classified at amortised cost using the effective interest method.

2.2.2 Recognition and derecognition

The Entity recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument. Purchases and sales of investments are recognised on the day the trade takes place.

Realised gains and losses on disposals of financial instruments are calculated using the average cost method. For instruments held long, they represent the difference between the initial carrying amount and disposal amount. For instruments held short, they represent the difference between the proceeds received and the opening value. For derivative contracts, they represent the cash payments or receipts made on derivative contracts (excluding those on collateral or margin accounts for such instruments).

Financial assets are derecognised when the rights to receive cash flows from the asset have expired or the risks and rewards of ownership have all been substantially transferred. Financial liabilities are derecognised when the obligation under the liability is discharged, cancelled or expired.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.3 Measurement

All financial instruments are initially recognised at fair value.

Financial assets and financial liabilities at fair value through profit or loss are subsequently measured at fair value. Transaction costs on purchases or sales of investments and gains and losses arising from changes in the fair value of financial assets or financial liabilities at fair value through profit or loss are presented in the income statement within 'Net gains/(losses) on financial instruments', in the period in which they arise.

Financial assets and financial liabilities, other than those classified as at fair value through profit or loss, are subsequently measured at amortised cost.

2.2.4 Fair value estimation

Fair value is the amount for which an asset could be exchanged, a liability settled or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. The estimation of fair value, after initial recognition, is determined as follows:

- Investments in debt and equity instruments, ETFs, exchange traded derivatives and To-Be-Announced ("TBA") contracts which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices which, for the purposes of the financial statements is in line with the valuation methodology prescribed in the Entity's prospectus. Depending on the nature of the underlying investment, the value taken could be either at the closing price, closing mid-market price or bid price on the relevant market.
- Investments which are a unit of participation in an investee collective investment scheme ("CIS") are valued at the unaudited NAV, and where available the independently audited NAV, on the valuation date of such unit of participation as calculated by the administrator of the investee CIS and in accordance with the requirements of the scheme of which the relevant investment is a share/unit of participation. The unaudited NAV of the underlying investee CIS is reflected gross of any redemption costs which may potentially arise upon redemption from the underlying CIS.
- Investments in centrally cleared and over-the-counter ("OTC") derivatives are valued using valuation techniques.

In the case of an investment which is not quoted, listed or dealt on a recognised market, or in respect of which a listed, traded or dealt price or quotation is not available at the time of valuation, the fair value of such investment shall be estimated with care and in good faith by a competent professional person, body, firm or corporation (appointed for such purpose by the Directors in consultation with the Investment Manager and approved for the purpose by the Depositary), and such fair value shall be determined using valuation techniques. The Entity uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date.

Valuation techniques used for non-standardised financial instruments such as OTC derivatives include those detailed in the fair value hierarchy note, and those used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

2.2.5 Financial derivative and other specific instruments

2.2.5.1 Futures contracts

A futures contract is a contract, traded on an exchange, to buy or sell a certain underlying instrument at a certain date in the future, at a specified price.

Initial margin deposits are made to relevant brokers upon entering into futures contracts and are included in margin cash.

2.2.5.2 Forward currency contracts

A forward currency contract is an agreement, in the OTC market, between two parties to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.5 Financial derivative and other specific instruments (continued)

2.2.5.3 Swaps

A swap is an individually negotiated agreement, in the OTC market, between two parties to swap one stream of payments for another. They may be entered into as a bilateral contract ("OTC swaps") or centrally cleared ("centrally cleared swaps").

Upon entering into a centrally cleared swap, the Fund is required to deposit initial margin with the broker in the form of cash of an amount that varies depending on the size and risk profile of the underlying swap contract.

2.2.5.4 TBA contracts

TBA securities are purchased and sold on a forward commitment basis with an approximate principal amount and maturity date. With TBA transactions, the specific securities to be delivered are not identified at trade date, however, delivered securities must meet specified terms. The actual principal amount and maturity date will be determined upon settlement when the specific mortgage pools are assigned. During the time a TBA sale commitment is outstanding, the Fund holds equivalent deliverable securities or an offsetting TBA purchase commitment (deliverable on or before the sale commitment date), as cover for the transaction.

2.2.6 Cash and cash equivalents

Cash in the balance sheet includes cash deposits held on call with banks. Cash equivalents include short-term liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are classified as liabilities in the balance sheet.

2.2.7 Collateral and margin cash

Cash collateral provided by the Fund is identified as an asset on the balance sheet as 'Cash collateral' and is not included as a component of cash and cash equivalents. For collateral other than cash provided by the Fund, if the party to whom the collateral is provided has the right by contract to sell or re-pledge the collateral, the Fund classifies that asset on its balance sheet separately from other assets and identifies the asset as a pledged investment. Where the party to whom the collateral is provided does not have the right to sell or re-pledge, a disclosure of the collateral provided is made in the notes to the financial statements.

Cash balances held as margin with relevant brokers relating to investments in derivatives at the reporting date are identified on the balance sheet as margin cash.

Cash collateral provided to the Fund by counterparties is identified on the balance sheet as 'Cash collateral payable'. The Fund may reinvest this cash collateral and the assets purchased are included as 'Cash equivalents' on the balance sheet.

2.2.8 Redeemable shares

Each Fund classifies redeemable shares issued as financial liabilities in accordance with the substance of the contractual terms of the instruments. Redeemable shares are measured at the present value of redemption amounts.

The redeemable shares are redeemable at the option of the holders and meet the conditions set out in Section 22.4 of FRS 102, to be classified as equity and as a result are classified as financial liabilities.

The redeemable shares are accounted for on the day the trade takes place. Subscriptions and redemptions of redeemable shares are accounted for on the day the trade transaction takes place. Shares are subscribed and redeemed based upon the NAV per share as of the latest valuation point.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.8 Redeemable shares (continued)

Where duties and charges are applied in the context of a subscription or redemption, they will have an impact on the value of an investment of a subscribing or redeeming investor and as a result are reflected as part of the issue of redeemable shares or the redemption of redeemable shares in the statement of changes in net assets attributable to redeemable share. Any potential duties and charges are at the discretion of the Directors.

2.3 Foreign currency

2.3.1 Functional and presentation currency

Foreign currency items included in each Fund's financial statements are measured in each Fund's functional currency which is shown for each Fund in the headings of the financial statements.

The Directors consider that these currencies most accurately represent the economic effects of the underlying transactions, events and conditions of each Fund. Each Fund's presentation currency is the same as the functional currency.

The presentation currency of the Entity's financial statements is Euro.

2.3.2 Transactions and balances

Transactions in foreign currencies are translated into the functional currency of each Fund at the foreign currency exchange rate in effect at the date of the transaction.

Foreign currency assets and liabilities, including investments, are translated at the exchange rate prevailing at the reporting date.

The foreign exchange gain or loss based on the translation of the investments, as well as the gain or loss arising on the translation of other assets and liabilities, is included in the income statement.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires the Directors to exercise its judgement in the process of applying the Entity's accounting policies. Changes in assumptions may have a significant impact on the financial statements in the period the assumptions changed. The Directors believe that the underlying assumptions are appropriate and that the Entity's financial statements, therefore, present the Entity's financial position and its results fairly. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future years if the revision affects both current and future years. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed below.

2.4.1 Assumptions and estimation uncertainties

2.4.1.1 Fair value of OTC derivative financial instruments

OTC financial derivative instruments are valued using valuation techniques, as detailed in the fair value hierarchy note to the financial statements. Where valuation techniques (for example, models) are used to determine fair values, they are validated and periodically reviewed and compared to the price provided by an independent pricing service provider, where available.

2.4.1.2 Fair value of financial instruments not quoted in an active market

The fair value of such instruments not quoted in an active market may be determined by the Fund using reputable pricing sources or indicative prices from bond/debt market makers. The Fund would exercise judgement and estimates on the quantity and quality of pricing sources used. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.4 Critical accounting estimates and judgements (continued)

2.4.1 Assumptions and estimation uncertainties (continued)

2.4.1.3 Fair value of financial instruments with significant unobservable inputs

The fair value of such instruments is determined using valuation techniques including inputs not based on market data and where significant entity determined adjustments or assumptions are applied, as detailed in the fair value hierarchy note to the financial statements.

2.4.2 Judgements

2.4.2.1 Assessment as investment entities

The Directors are of the opinion that the Entity meets the definition of an investment company. The following conditions exist:

- a) The Entity has obtained funds for the purpose of providing investors with investment management services; and
- b) The investments held by the Entity are measured and evaluated on a fair value basis and information about those investments are provided to shareholders of a fair value basis through the Entity.

2.5 Dividend income

Dividend income is recognised in the income statement when the Fund's right to receive the payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the share approve the payment of a dividend. Dividend income is shown gross of any non-recoverable withholding taxes, which are presented separately in the income statement. CIS income is recognised when the distributions are declared by the underlying CIS. ETF income is recognised on the ex-dividend date.

2.6 Interest income and interest expense

Interest income and expense for all interest-bearing financial instruments are recognised in the income statement using the effective interest method.

2.7 Securities lending income

Securities lending income is earned from lending securities owned by the Fund to third party borrowers. Securities lending income is recognised in the income statement on an accrual method basis.

2.8 Fees and expenses

Expenses are recognised in the income statement on an accrual basis except for transaction charges relating to the acquisition and realisation of investments which are charged for as incurred.

Expenses directly attributable to a specific class of shares are borne directly by such class solely.

2.9 Negative yield on financial assets

Negative yield on financial assets relating to interest from a negative effective interest rate on a financial asset is accreted daily and is recognised in the income statement over the life of the underlying instrument.

2.10 Distributions

Distributions are recognised in the income statement as finance costs where shares in the Fund do not meet the conditions to be classified as equity and as a result are classified as financial liabilities.

The Directors may declare distributions on the shares of the class in respect of each financial period. Distributions may be paid out of the Fund's net income.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.10 Distributions (continued)

The Directors have implemented income equalisation arrangements to ensure that the level of income derived from investments is not affected by the issue, conversion or redemption of shares during the financial period. As part of the distribution payment, the average amount of this equalisation is returned to shareholders who subscribed to or redeemed from the Fund during the year. The equalisation element of the distribution is treated as a repayment of capital.

Distributions will not be made to the shareholders of the accumulating unit classes. The income and other profits will be accumulated and reinvested in the Fund on behalf of these shareholders.

2.11 Taxation

2.11.1 Current tax

Current tax is recognised for the amount of income tax payable in respect of the overseas taxable profit for the current or past reporting periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.11.2 Deferred tax

A provision for deferred tax payable is recognised in respect of material timing differences that have originated but not reversed at the balance sheet date. A deferred tax asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Timing differences are differences between the Fund's overseas taxable profits and its results as stated in the financial statements that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

2.12 Change in accounting standards

2.12.1 Change in presentation – OTC derivatives: Contracts for difference (“CFDs”)

Reason for change in presentation

Investments in certain OTC derivatives, namely CFDs, by their nature and characteristics meet the key criteria of a swap and are more appropriately classified as swaps.

Impact of change in presentation

The change had no impact on the NAV of the Fund or the presentation on the Balance Sheet. Investments in these OTC derivatives continue to be classified as “Financial assets at fair value through profit or loss” or “Financial liabilities at fair value through profit or loss” on the Balance Sheet. The change also had no numerical impact on the Income Statement or the Notes to the Financial Statements, certain elements of these OTC derivatives will now be presented within the Notes to the Financial Statements as opposed to the face of the Income Statement.

2.12.2 Amendments to FRS 102 adopted during the financial year

Interest rate benchmark reform (Phase 1)

The amendment to FRS 102 provides certain reliefs, which apply to all hedging relationships that are directly affected by interest rate benchmark reform (“IBOR reform”). A hedging relationship is affected if the IBOR reform gives rise to uncertainty about the timing and/or amount of benchmark-based cash flows of the hedged item or the hedging instrument. These amendments had no impact on the financial statements of the Entity as it does not have any interest rate hedge relationships.

3. Financial risks

Each Fund's investment activities expose them to the various types of risk which are associated with the financial instruments and markets in which it invests. The following information is not intended to be a comprehensive summary of all risks and investors should refer to the prospectus for a more detailed discussion of the risks inherent in investing in each Fund.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.1 Risk management framework

The Directors review quarterly investment performance reports and receive semi-annual presentations from the Investment Manager covering the Entity's performance and risk profile during the financial year. The Directors have delegated certain duties and responsibilities to the Manager with regard to the day-to-day management of the Entity. The Manager has in turn delegated the day-to-day administration of the investment programme to the Investment Manager. The Investment Manager is also responsible for ensuring that the Entity is managed within the terms of its investment guidelines and limits set out in the prospectus. The Directors reserve to themselves the investment performance, product risk monitoring and oversight and the responsibility for the monitoring and oversight of regulatory and operational risk for the Entity. The Directors have appointed a risk manager who has responsibility for the daily risk management process with assistance from key risk management personnel of the Investment Manager, including members of the BlackRock Risk and Quantitative Analysis Group ("RQA Group") which is a centralised group which performs an independent risk management function. The RQA Group independently identifies, measures and monitors investment risk. The RQA Group tracks the actual risk management practices being deployed across each Fund. By breaking down the components of the process, the RQA Group has the ability to determine if the appropriate risk management processes are in place across each Fund. This captures the risk management tools employed, how the levels of risk are controlled, ensuring risk/return is considered in portfolio construction and reviewing outcomes.

3.2 Market risk

Market risk arises mainly from uncertainty about future values of financial instruments influenced by currency, interest rate and price movements. It represents the potential loss each Fund may suffer through holding market positions in the face of market movements.

The Funds are exposed to market risk by virtue of their investments in equities and derivatives.

A key metric used by the RQA Group to measure market risk is Value-at-Risk ("VaR") which encompasses currency, interest rate and price risk. The RQA Group is a centralised group which performs an independent risk management function. The group independently identifies, measures and monitors investment risk.

VaR is a statistical risk measure that estimates the potential portfolio loss from adverse market movements in an ordinary market environment. VaR analysis reflects the interdependencies between risk variables, unlike a traditional sensitivity analysis.

The VaR calculations are based on an adjusted historical simulation model with a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one-day period each Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk.

It is noted that the use of VaR methodology has limitations, namely that the use of historical market data as a basis for estimating future events does not encompass all possible scenarios, particularly those that are of an extreme nature and that the use of a specified confidence level (e.g. 99%) does not take into account losses that occur beyond this level. There is some probability that the loss could be greater than the VaR amounts. These limitations and the nature of the VaR measure mean that each Fund can neither guarantee that losses will not exceed the VaR amounts indicated, nor that losses in excess of the VaR amounts will not occur more frequently.

The one-day VaRs based on 99% confidence level are outlined in the table below:

Fund name	2021 %	2020 %
iShares \$ Corp Bond 0-3yr ESG UCITS ETF	0.06	0.06
iShares \$ Corp Bond ESG UCITS ETF	0.71	0.75

¹ The Fund launched during the financial year, hence no comparative data is available.

² The Fund ceased operations during the financial year.

3.2.1 Market risk arising from foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to foreign currency risk

Each Fund may invest in financial instruments denominated in currencies other than its functional currency. Consequently, each Fund is exposed, directly and/or indirectly, to risks that the exchange rate of its functional currency relative to other currencies may change in a manner which has an adverse effect on the value of the portion of each Fund's assets which are denominated in currencies other than its own currency.

The details of the open forward currency contracts in place to hedge foreign currency risk at the financial year end date are disclosed in the schedules of investments.

In addition, some of the Funds have issued share classes denominated in currencies other than the functional currency of the Fund.

Management of foreign currency risk

Some of the Funds engage in foreign currency hedging to minimise the effect of currency movements between the currencies of the investments held by the Fund and the Fund's functional currency and the Fund's currency hedged share classes.

The Investment Manager monitors foreign currency risk exposure against pre-determined tolerances and determines when a currency hedge should be reset and the gain or loss arising from such hedge reinvested or settled, while taking into consideration the frequency and associated transaction and reinvestment costs of resetting the currency hedge.

3.2.2 Market risk arising from interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Exposure to interest rate risk

Each Fund is exposed to interest rate risk through its cash and cash equivalent holdings including margin cash held with brokers and through its investments in interest bearing financial instruments which are disclosed in the schedules of investments.

Each Fund also has indirect exposure to interest rate risk through its investments into CIS, ETF, and interest rate financial derivative instruments ("FDIs"), whereby the value of an underlying asset may fluctuate as a result of a change in interest rates.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.2 Market risk (continued)

3.2.2 Market risk arising from interest rate risk (continued)

Exposure to interest rate risk (continued)

Each Fund invests in debt instruments that have exposure to interbank offered rates ("IBORs") that will be replaced or reformed as part of the market-wide initiative. The main risks to which each Fund is exposed as a result of IBOR reform are operational resulting from the updating of systems that use IBOR curves and the revision of operational controls related to the reform. Financial risk is predominantly limited to interest rate risk.

Management of interest rate risk

Interest rate risk exposure is managed by constantly monitoring the position for deviations outside of a pre-determined tolerance level and, when necessary, rebalancing back to the original desired parameters.

Cash and cash collateral is invested into money market funds to generate a return to protect the Fund against unfavourable movements in interest rates.

Each Fund monitors the progress of transition from IBORs to new benchmark rates by reviewing the total amounts of contracts that have yet to transition to an alternative benchmark rate and the amounts of such contracts that contain an appropriate fallback clause.

The Entity classifies its investments in debt instruments, equity instruments and derivatives as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated by the Directors at fair value through profit or loss at inception. All the derivative investments are held for trading purposes. All other financial assets and financial liabilities including cash, cash equivalents, receivables and payables are classified at amortised cost using the effective interest method.

3.2.3 Market risk arising from price risk

Price risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar financial instruments traded in the market. Local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issue, recessions, or other events could have a significant impact on each Fund and the market price of its investments.

The coronavirus outbreak has had a profound impact on all aspects of society in recent years. While there is a growing consensus in developed economies that the worst of the impact is now over, there is an expectation that travel restrictions, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, cancellations, supply chain disruptions, and lower consumer demand will create ongoing challenges. While widescale vaccination programmes are now in place in many countries and are having a positive effect, the impact of COVID-19 continues to adversely affect the economies of many nations across the globe and this impact may be greater where vaccination rates are lower, such as in certain emerging markets. Although it is difficult to make timing predictions, it is expected that the economic effects of COVID-19 will continue to be felt for a period after the virus itself has moved from being pandemic to endemic in nature, and this in turn may continue to impact investments held by each Fund.

Exposure to price risk

Each Fund is exposed to price risk arising from its investments in financial instruments. The exposure of each Fund to price risk is the fair value of the investments held as shown in the schedules of investments of each Fund.

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.2 Market risk (continued)

3.2.3 Market risk arising from price risk (continued)

Management of price risk

By diversifying the portfolio, where this is appropriate and consistent with each Fund's objectives, the risk that a price change of a particular investment will have a material impact on the NAV of each Fund is minimised.

There is a risk that the valuation of each Fund may not fairly reflect the value of the investments held at a specific time due to events outside the control of the Directors, which could result in significant losses or inaccurate pricing for each Fund. To mitigate this risk the Directors may temporarily suspend the determination of the NAV of any Fund until a fair or reasonable valuation of the investments held can be determined.

The price risk inherent in the CIS holdings is monitored by the Investment Manager by understanding the investment objectives of the underlying funds as well as their internal control policies and regular risk and performance reporting. The investments into other CIS are all investments into related party funds. Such CIS are subject to the same control procedures the Investment Manager employs for each Fund.

3.3 Liquidity risk

Liquidity risk is the risk that each Fund will encounter difficulties in meeting obligations associated with financial liabilities.

Exposure to liquidity risk

Each Fund's principal liquidity risk arises from the ability of investors to effect redemption requests and the liquidity of the underlying investments each Fund has invested in.

Each Fund's shareholders may redeem their shares on the close of any daily dealing deadline for cash equal to a proportionate share of each Fund's NAV, excluding any duties and charges where applicable. Each Fund is therefore potentially exposed to the liquidity risk of meeting the shareholders' redemptions and may need to sell assets at prevailing market prices to meet liquidity demands.

Each Fund may invest in CIS which can impose notice periods or other restrictions on redemptions and this may increase the liquidity risk of each Fund. Each Fund is also exposed to liquidity risk associated with daily margin calls on FDIs.

All of the Fund's financial liabilities, based on contractual maturities, fall due within three months. The expected settlement dates can be more than three months based on the analysis of the remaining period at the reporting date to the maturity date and are outlined in the schedules of investments.

Management of liquidity risk

Liquidity risk is minimised by holding sufficient liquid investments which can be readily realised to meet liquidity demands. Asset disposals may also be required to meet redemption requests. However, timely sale of trading positions can be impaired by many factors including trading volume and increased price volatility. As a result, each Fund may experience difficulties in disposing of assets to satisfy liquidity demands.

Each Fund's liquidity risk is managed by the Investment Manager in accordance with established policies and procedures in place. The portfolio managers review daily forward-looking cash reports which project cash obligations. These reports allow them to manage their cash obligations. If redemption requests from all holders of shares in a Fund exceed more than 10% of the NAV of each Fund on any particular dealing day, the Directors shall be entitled, at their discretion, to refuse to redeem such excess numbers of shares in issue from each Fund. The shares which are not redeemed at any given dealing day shall be redeemed on each subsequent dealing day on a pro-rata basis in priority to any requests received thereafter.

None of the assets of the Funds are subject to special liquidity arrangements.

3.4 Counterparty credit risk

Counterparty credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Exposure to counterparty credit risk

Each Fund is exposed to counterparty credit risk from the parties with which it trades and will bear the risk of settlement default.

Each Fund's exposure is limited to the contracts in which it currently has a financial asset position reduced by any collateral received from the counterparty, or to counterparties who have received collateral from each Fund. The carrying value of financial assets together with cash held with counterparties best represents each Fund's gross maximum exposure to counterparty credit risk at the reporting date, before including the effect of any International Swaps and Derivatives Associations, Inc. Master Agreement ("ISDA Master Agreement") or similar agreement, and netting, which would reduce the overall counterparty credit risk exposure. Each Fund only transacts with counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. Cash held as security by the counterparty to FDI contracts is subject to the credit risk of the counterparty.

All transactions in listed securities are settled/paid for upon delivery of securities, using approved brokers. Risk relating to unsettled transactions is considered low due to the short settlement period involved and the high credit quality of the brokers used.

Management of counterparty credit risk

Counterparty credit risk is monitored and managed by BlackRock's RQA Counterparty & Concentration Risk Team. The team is headed by BlackRock's Chief Counterparty Credit Officer who reports to the Global Head of RQA. Credit authority resides with the Chief Counterparty Credit Officer and selected team members to whom specific credit authority has been delegated. As such, counterparty approvals may be granted by the Chief Counterparty Credit Officer, or by identified RQA Credit Risk Officers who have been formally delegated authority by the Chief Counterparty Credit Officer.

The BlackRock RQA Counterparty & Concentration Risk Team completes a formal review of each new counterparty, monitors and reviews all approved counterparties on an ongoing basis and maintains an active oversight of counterparty exposures and the collateral management process.

There were no past due or impaired balances in relation to transactions with counterparties as at 31 October 2021 and 31 October 2020.

3.4.1 FDIs

Each Fund's holdings in exchange traded and OTC FDIs expose the Fund to counterparty credit risk.

3.4.1.1 Exchange traded FDIs

The exposure is limited by trading contracts through a clearing house. Each Fund's exposure to credit risk on contracts in which it currently has a gain position is reduced by such gains received in cash from the counterparty under the daily mark-to-market mechanism on exchange traded contracts and centrally cleared swaps (variation margin). Each Fund's exposure to credit risk on contracts in which it currently has a loss position is equal to the amount of margin posted to the counterparty which has not been transferred to the exchange under the daily mark-to-market mechanism.

3.4.1.2 OTC FDIs

The risk in relation to OTC FDIs arises from the failure of the counterparty to perform according to the terms of the contract as these FDI transactions are traded bilaterally and not through a central clearing counterparty.

All OTC FDI transactions are entered into by each Fund under an ISDA Master Agreement or similar agreement. An ISDA Master Agreement is a bilateral agreement between each Fund and a counterparty that governs OTC FDI transactions entered into by the parties.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.1 FDIs (continued)

3.4.1.2 OTC FDIs (continued)

The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore, any collateral disclosures provided are in respect of all OTC FDI transactions entered into by each Fund under the ISDA Master Agreement. All cash collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

Each Fund is the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. If the counterparty fulfils its obligations in relation to the investment, each Fund will return an equal amount of cash to the counterparty on maturity or sale of the investment. When each Fund return securities collateral to the counterparty, it must be of the same type, nominal value, description and amount as the securities that were transferred to each Fund. Trading in OTC FDIs which have not been collateralised give rise to counterparty exposure.

Each Fund's maximum exposure to counterparty credit risk from holding forward currency contracts will be equal to the notional amount of the currency contract and any net unrealised gains as disclosed in the relevant Fund's schedule of investments.

Each Fund has the right to reinvest cash collateral received. Cash collateral pledged by each Fund is separately identified on the balance sheets as cash collateral and is not included as a component of cash and cash equivalents. Inbound cash collateral received by each Fund is reflected on the balance sheets as cash collateral payable. Each Fund is also exposed to counterparty risk of rehypothecation of pledged collateral. The value of inbound cash collateral and cash collateral pledged is reflected on the balance sheets of each Fund.

The following tables detail the total number of OTC FDI counterparties each Fund is exposed to, the maximum exposure to any one counterparty which is calculated on a net basis and the lowest long-term credit rating of any one counterparty (or its ultimate parent, if it is unrated):

As at 31 October 2021	Currency	Total number of counterparties	Lowest credit rating of any one counterparty	Maximum exposure to any one counterparty '000	Total collateral received in relation to the maximum exposure '000
iShares Global Clean Energy UCITS ETF	USD	2	A+	749	600
iShares Listed Private Equity UCITS ETF	USD	3	A-	50	-

As at 31 October 2020	Currency	Total number of counterparties	Lowest credit rating of any one counterparty	Maximum exposure to any one counterparty '000	Total collateral received in relation to the maximum exposure '000
iShares Listed Private Equity UCITS ETF	USD	3	A-	2,322	-

For total return swaps held by each Fund, the risk is further mitigated as cash movements take place on a monthly basis with the gain or loss being realised in the relevant Fund.

3.4.2 Depositary

The majority of the investments are held by Depositary at financial year end. Investments are segregated from the assets of the Depositary, with ownership rights remaining with the Fund. Bankruptcy or insolvency of the Depositary may cause the Funds' rights with respect to its investments held by the Depositary to be delayed or limited. The maximum exposure to this risk is the amount of long investments disclosed in the schedule of investments, plus any unsettled trades.

iSHARES II PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.2 Depository (continued)

The Depository has appointed State Street Bank and Trust Company (the "Sub-Custodian") as its global Sub-Custodian. Substantially all of the cash of the Fund is held with the Sub-Custodian in its account together with its own cash balances and with those cash balances that are held on behalf of other clients. The Fund's cash balances are separately identifiable within the records of the Sub-Custodian.

In respect of the cash held by the Sub-Custodian or other depositaries it appoints, the Funds will be exposed to counterparty credit risk of the Sub-Custodian or those depositaries. In the event of the insolvency or bankruptcy of the Sub-Custodian or other depositaries, the Fund will be treated as a general creditor of the Sub-Custodian or the depositaries.

To mitigate each Fund's exposure to the Depository, the Investment Manager employs specific procedures to ensure that the Depository is a reputable institution and that the counterparty credit risk is acceptable to each Fund. Each Fund only transacts with Depository's that are regulated entities subject to prudential supervision, or with "high credit ratings" assigned by international credit rating agencies.

The long term credit rating of the parent company of the Depository and Sub-Custodian, State Street Corporation, as at 31 October 2021 is A (31 October 2020: A) (Standard and Poor's rating).

In order to further mitigate each Fund's counterparty credit risk exposure to the Sub-Custodian or depository banks, each Fund may enter into additional arrangements such as the placing of residual cash in a money market fund.

3.4.3 Securities lending

Each Fund's engagement in securities lending activities expose such Funds to counterparty credit risk. The maximum exposure to each Fund is equal to the value of the securities loaned.

All securities lending transactions entered into by each Fund are subject to a written legal agreement between each Fund and the Securities Lending Agent, BlackRock Advisors (UK) Limited, a related party to the Entity, and separately between the Securities Lending Agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Depository on behalf of each Fund. Collateral received is segregated from the assets belonging to each Funds' Depository or the Securities Lending Agent.

The collateral is registered and held in the name of Depository on behalf of each Fund in any or all of the following central securities depositories; Bank of NY Europe, Euroclear, J.P Morgan Chase Bank N.A., depending on the type of collateral the counterparty has to give in order to cover the required value of exposure. The collateral provided by these counterparties consists of shares admitted to dealing on a regulated market.

The Funds outlined below engaged in securities lending activities during the financial year. The value of securities on loan and collateral held at the financial year end are shown below:

To mitigate this risk, each Fund receives either cash or securities as collateral equal to a certain percentage in excess of the fair value of the securities loaned. The Investment Manager monitors the fair value of the securities loaned and additional collateral is obtained, if necessary.

As at the 31 October 2021 and 31 October 2020, all collateral received consists of securities admitted to or dealt on a regulated market.

Each Fund also benefits from a borrower default indemnity provided by BlackRock, Inc. The indemnity allows for full replacement of securities lent. BlackRock, Inc. bears the cost of indemnification against borrower default.

3.4.4 Issuer credit risk relating to debt instruments

Issuer credit risk is the default risk of one of the issuers of any debt instruments held by each Fund. Debt instruments involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated. A number of the Funds invest into sovereign debt/corporate debt which expose them to the default risk of the issuer with regards to interest or principal payments.

The following tables detail the credit rating profile of the debt instruments held by each Fund:

To manage this risk, the Investment Manager, where appropriate and consistent with each Fund's objectives, invests in a wide range of debt instruments. The ratings of debt instruments are continually monitored by the BlackRock Portfolio Management Group ("PMG") and for non-rated or securities with subordinated or lower credit ratings, additional specific procedures are employed to ensure the associated credit risk is acceptable to each Fund.

4. Fair value hierarchy

Each Fund classifies financial instruments measured at fair value using a fair value hierarchy. The fair value hierarchy has the following categories:

Level 1: The unadjusted quoted price in an active market for identical assets or liabilities that the Entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly. This category includes instruments valued using: quoted prices in active markets for similar instruments; quoted prices for similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability. This category includes all instruments where the valuation techniques used include inputs not based on market data and these inputs could have a significant impact on the instrument's valuation. This category also includes instruments that are valued based on quoted prices for similar instruments where significant Entity determined adjustments or assumptions are required to reflect differences between the instruments and instruments for which there is no active market.

Specific valuation techniques used to value financial instruments classified as level 2 and level 3 include:

- (i) for debt and equity instruments, the use of quoted market prices or dealer quotes for similar instruments;
- (ii) for foreign equities, using independent fair value adjustment factors to reflect the difference between the last market close and the valuation point of each Fund;
- (iii) for defaulted debt instruments, the use of recent transactions and/or defaulted equity instruments for which market data is unavailable;
- (iv) for interest rate swaps, the present value of the estimated future cash flows based on observable yield curves;
- (v) for total return swaps, the value of the estimated cash flows based on the market value of the underlying reference asset/s or index at the balance sheet date;
- (vi) for foreign currency forwards, present value of future cash flows based on the forward exchange rates at the balance sheet date;
- (vii) for foreign currency options, option pricing models; and
- (viii) for other financial instruments, discounted cash flow analysis.

NOTES TO THE FINANCIAL STATEMENTS (continued)

4. Fair value hierarchy (continued)

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, a contingent consideration receivable and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' inputs requires significant judgement. The Directors consider observable inputs to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables provide an analysis of each Fund's financial assets and financial liabilities measured at fair value as at 31 October 2021 and 31 October 2020:

6. Operating expenses

The Entity employs an "all in one" fee structure for its Funds, with each Fund paying all of its fees, operating costs and expenses (and its due proportion of any costs and expenses allocated to it) as a single flat fee (the TER). Where a Fund has multiple share Classes, any fees, operating costs and expenses which are attributable to a particular share Class (rather than the entire Fund) will be deducted from the assets notionally allocated by each Fund to that share Class. The TER is calculated in accordance with the European Securities and Markets Authority ("ESMA") guidelines on the methodology for calculation of the ongoing charges figure in the KIID or the product page of the website at www.ishares.com.

The Manager is responsible for discharging all operational expenses, including but not limited to fees and expenses of the Directors, Investment Manager, Depository, Administrator, Transfer Agent and Registrar from the amounts received by the Manager from the TER. Such operational expenses include regulatory and audit fees but exclude transaction costs and extraordinary legal costs. In the event a Fund's costs and expenses in connection with the operation of the Fund exceed the stated TER, the Manager will discharge any excess amount out of its own assets.

Management fees (inclusive of investment management fees)

The Manager is entitled to an annual fee at rates not exceeding those set out on the following table. These rates are the maximum fee rates as at 31 October 2021:

¹ Where a Fund has multiple share classes, any fees, operating costs and expenses which are attributable to a particular share class (rather than the entire Fund) will be deducted from the assets notionally allocated by the Fund to that share class.

² As this Fund/share class launched during the financial year, the fees, operating costs and expenses used to calculate the TER have been annualised.

³ This charge can be up to 1.00%. Any increase in this charge will be subject to prior share holder approval.

Whilst it is anticipated that the TER borne by a Fund or share class shall not exceed the amounts set out above during the life of each Fund or share class (respectively) such amounts may need to be increased. Any such increase will be subject to the prior shareholder approval of the relevant Fund or share class evidenced either by a majority vote at a meeting of shareholders or by a written resolution of all of the shareholders.

As disclosed, no commissions, discounts, brokerages or other special terms have been granted or are payable by the Entity in connection with the issue or sale of any capital of the Entity.

9. Taxation (continued)

Irish tax

Under current law and practice, the Entity qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the occurrence of a "chargeable event". A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the Entity in respect of chargeable events in respect of:

- a) A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Entity; or the Entity has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- b) Certain exempted Irish tax resident shareholders who have provided the Entity with the necessary signed annual declarations; and
- c) Any transaction (which might otherwise be a chargeable event) in relation to shares held in a recognised clearing system as designated by order of the Irish Revenue Commissioners (such as CREST) will not constitute a chargeable event. It is the current intention of the Directors that all the shares in the Entity will be held in CREST or another recognised clearing system.

Overseas tax

Dividends, interest and capital gains (if any) received on investments made by the Entity may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Entity or its shareholders.

For financial reporting purposes, and in accordance with FRS 102, the Entity must recognise a provision for deferred tax payable arising from material timing differences between the taxation of unrealised gains in the financial statements and actual realisable taxable profits.

The Investment Manager will arrange for the fees and expenses of any Sub-Investment Manager to be paid out of the Investment Manager's own fees.

Fees payable to the Manager and Investment Manager during the financial year are paid out of the TER charged to the Funds. The TER forms part of the operating expenses which are included in the income statement.

The Directors as at 31 October 2021 are presented in the table below:

Director	Employee of the BlackRock Group	Director of BlackRock affiliates and/or other funds managed by BlackRock
Paul McNaughton	No	Yes
Paul McGowan	No	Yes
Barry O'Dwyer	Yes	Yes
Jessica Irschick	Yes	Yes
Ros O'Shea	No	Yes
Deirdre Somers	No	Yes

Directors fees are disclosed in the statutory information note to the financial statements. The aggregate emolument of the Directors relate to services provided as directors. The Directors who are also employees of the BlackRock Group are not entitled to receive Directors' fees.

Holdings in other funds managed by BlackRock

Investments in funds managed by BlackRock, Inc. and BlackRock affiliates are listed below and marked on the relevant Funds' schedules of investments. For underlying funds which are subject to investment management fees, these have been rebated back to the Fund.

The Entity invested in the following funds which are also managed by the Manager. For income earned on these related party funds please refer to the operating income. Further information on the fees charged from investing in these underlying funds is presented in the table below. These disclosed fees are the maximum charges capped as per the prospectus of the underlying funds and actual fees charged may be lower:

All related party transactions were carried out at arm's length in the ordinary course of business. The terms and returns received by the related parties in making the investments were no more favourable than those received by other investors investing into the same share classes.

Significant investors

As at 31 October 2021 and 31 October 2020, each Fund has a single shareholder which is a nominee of the common depository for the International Central Securities Depositories ("ICSDs") in which the shares of the Funds are cleared and settled. However, the beneficial ownership of such shares, and the voting rights in relation to such shares, are passed from the common depository to the ICSDs and onwards to the participants of the ICSDs.

Securities lending

The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. The Funds which undertake securities lending transactions receive at least 62.5%, while the Securities Lending Agent receives up to 37.5% of such income, with all operational costs borne out of the Securities Lending Agent's share. Income earned during the financial year by the Funds from securities lending transactions is disclosed in the income statement.

No provisions have been recognised by the Funds against amounts due from related parties at the financial year end date (31 October 2020: Nil).

No amounts have been written off in the financial year in respect of amounts due to or from related parties (31 October 2020: Nil).

No commitments secured or unsecured or guarantees have been entered into with related parties during the financial year (31 October 2020: Nil).

16. Commitments and contingent liabilities

There were no significant commitments or contingent liabilities at the financial years ended 31 October 2021 and 31 October 2020.

17. Statutory information

The CBI requires a Schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial year is available, upon request, at no cost from the Administrator.

SCHEDULE OF MATERIAL PURCHASES AND SALES (UNAUDITED) (continued)

For the financial year ended 31 October 2021

iSHARES \$ TIPS 0-5 UCITS ETF (continued)

The CBI requires a Schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial year is available, upon request, at no cost from the Administrator.

The CBI requires a Schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial year is available, upon request, at no cost from the Administrator.

The CBI requires a Schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial year is available, upon request, at no cost from the Administrator.

SHARI'AH COMPLIANT FUNDS

iShares II plc has 3 Shari'ah compliant funds, namely:

- iShares MSCI EM Islamic UCITS ETF;
- iShares MSCI USA Islamic UCITS ETF;
- iShares MSCI World Islamic UCITS ETF.

These Funds are the subject of additional controls and procedures that enable them to achieve their investment objective as set out below. The Funds aim to reflect the performance of emerging markets, US equities and global equities respectively, screening the individual constituents of the relevant stock indices for compliance with Shari'ah investment principles.

RISK FACTORS

The benchmark index and its constituent holdings will be retrospectively determined as being Shari'ah compliant by the MSCI Shari'ah Board. The performance of the Funds is measured against the specific benchmark index which is stated by this index provider to be compliant with Shari'ah. The Funds will gain exposure to the component securities of the benchmark index in accordance with the guidance and advice provided by the Shari'ah Panel. As a consequence, this may mean that the Funds underperform other investment funds with comparable investment objectives that do not seek to adhere to Islamic investment criteria (for example the inability to invest in interest bearing securities or participate in securities lending).

Neither the Funds, the Manager nor the Investment Manager makes any representation or warranty either expressly or implied, with respect to the fairness, correctness, accuracy, reasonableness or completeness of such determination. In the event that the status of such Shari'ah compliance should change, neither the Funds, the Manager nor the Investment Manager accepts liability in relation to such change, but will endeavour to inform each investor as soon as reasonably practicable following such change.

Although the Funds intend to observe Shari'ah at all times, no such assurance can be given as, for example, there may be occasions when the Funds' Investments do not fully comply with such criteria for factors outside the control of the Shari'ah Funds.

Compliance with Shari'ah may result in the benchmark index changing its component securities with limited notice, in which case the Investment Manager may be required to dispose of investments in circumstances that are less advantageous than might otherwise be the case. Similarly, cash balances held by the Shari'ah Funds from time to time may be deposited on terms which shall grant no return on the sum deposited for the benefit of the Funds.

INVESTMENT AND BORROWING RESTRICTIONS

Shari'ah investment principles do not allow investment in companies which are directly active in, or derive more than 5% of their revenue (cumulatively) from, the following activities:

- alcohol: distillers, vintners and producers of alcoholic beverages, including producers of beer and malt liquors, owners and operators of bars and pubs;
- tobacco: cigarettes and other tobacco products manufacturers and retailers;
- pork related products: companies involved in the manufacture and retail of pork products;
- financial services: commercial banks involved in retail banking, corporate lending, investment banking; companies involved in mortgage and mortgage related services; providers of financial services, including insurance, capital markets and specialised finance; credit agencies; stock exchanges; specialty boutiques; consumer finance services, including personal credit, credit cards, lease financing, travel related money services and pawn shops; financial institutions primarily engaged in investment management, related custody and securities fee based services; companies operating mutual funds, closed-end funds and unit investment trusts; financial institutions primarily engaged in investment banking and brokerage services, including equity and debt underwriting, mergers and acquisitions; securities lending and advisory services institutions; and insurance and reinsurance brokerage firms, including companies providing property, casualty, life disability, indemnity or supplemental health insurance;
- defence/weapons: manufacturers of military aerospace and defence equipment, parts or products, including defence electronics and space equipment;

Shari'ah Investment Manager's report (unaudited) (continued)

INVESTMENT AND BORROWING RESTRICTIONS (continued)

- (f) gambling/casino: owners and operators of casinos and gaming facilities, including companies providing lottery and betting services;
- (g) music: producers and distributors of music, owners and operators of radio broadcasting systems;
- (h) hotels: owners and operators of hotels;
- (i) cinema: companies engaged in the production, distribution and screening of movies and television shows, owners and operators of television broadcasting systems and providers of cable or satellite television services; and/or
- (j) adult entertainment: owners and operators of adult entertainment products and activities.

The Shari'ah Funds will also not invest in any company:

- (a) having a ratio of interest-bearing debt to equity (book value of interest-bearing debt to market value of equity) of more than 33.33%;
- (b) whose cash (including balances with banks) and interest-bearing securities is more than 33.33% of total market capitalisation;
- (c) whose receivables are equal to or greater than 70% of total assets; and/or
- (d) whose total assets are made up solely of cash, including balances with banks, non-tangible assets and/or accounts receivables.

In addition, the Shari'ah Funds will not make use of any of the following financing methods and instruments:

- (a) fixed income instruments such as bonds;
- (b) interest-based instruments or accounts;
- (c) derivatives;
- (d) short selling; or
- (e) securities lending.

SHARI'AH PANEL

Compliance with Shari'ah in the operations of the Shari'ah Funds shall be determined by the Shari'ah Panel. The Shari'ah Panel consists of Shari'ah scholars with expertise in Islamic investment. The Shari'ah Panel's primary duties and responsibilities are to:

- (i) advise on the Shari'ah aspects of the Shari'ah Funds,
- (ii) issue an opinion, by way of a Fatwa, ruling or guidelines as to whether the activities of the Shari'ah Funds comply with Shari'ah and
- (iii) make recommendations or issue guidance as to how the Shari'ah Funds could be made Shari'ah compliant. The Investment Manager may also, from time to time, utilise alternative methods for gaining exposure to the component securities of the Benchmark Index (e.g. ADRs/GDRs or other collective investment schemes) and may request the Shari'ah Panel to assess the proposed method of investment for compliance with Shari'ah law. The Investment Manager relies on the Shari'ah Panel's advice and guidance in ensuring that the Shari'ah Funds operate in a manner which is Shari'ah compliant.

The Shari'ah Panel will not be responsible for matters relating to:

- (i) the management and supervision of the Company and its Funds, operations or vendors (not pertaining to Shari'ah),
- (ii) the application of Irish or other jurisdictional law,
- (iii) determining which securities form the underlying constituents of any index which acts as the benchmark of the Shari'ah Funds or any other Fund of the Company,
- (iv) determining what is the appropriate method to calculate dividend purification of the underlying securities in any such index and
- (v) determining in individual cases what form of security is appropriate to be held in order to match the return of the underlying securities in any such index (equity, depository or otherwise) provided always that the MSCI Shari'ah Board has determined generally that such form of security is compliant with Shari'ah.

Following guidance of the Shari'ah Panel, the Investment Manager will ensure that any provisions or references to investment methods or techniques in the prospectus, which would otherwise be available to the Shari'ah Funds in pursuing their investment policies, are not availed of to the extent they are not Shari'ah compliant. The Shari'ah Panel will advise on alternative investment techniques for the Shari'ah Funds which comply with the Shari'ah Funds' investment policies and are Shari'ah compliant.

iSHARES II PLC

Shari'ah Investment Manager's report (unaudited) (continued)

SHARI'AH PANEL (continued)

The Shari'ah Panel has issued a Fatwa in respect of the Shari'ah Funds. The Shari'ah Panel has issued an annual Shari'ah compliance certificate for the Shari'ah Funds.

Conflicts of interest relating to the investment of the Shari'ah Funds' assets may arise between members of the Shari'ah Panel and the Shari'ah Funds. In the event that a conflict of interest does arise, members of the Shari'ah Panel will endeavour, so far as they are reasonably able, to ensure that it is resolved fairly and that investment opportunities are allocated on a fair and equitable basis. Subject to this, members of the Shari'ah Panel may effect transactions where those conflicts arise and shall not be liable to account for any profit, commission or other remuneration arising.

Remuneration of the Shari'ah Panel is paid by the Investment Manager of the Shari'ah Funds.

PURIFICATION OF DIVIDENDS

Investors are responsible for ensuring the purification of dividends received from the Shari'ah Funds where such dividends include prohibited income (e.g. interest earnings). Investors shall be notified on the dividend declaration date of the percentage of prohibited income in any dividend to be paid to them which will require purification. Pure and impure dividend amounts reported to investors will be based on MSCI's calculation to ensure consistency with the Benchmark Index. Neither the Shari'ah Funds, the Manager nor the Investment Manager is responsible for MSCI's calculation of the pure and impure dividend amounts.

Annual Shari'ah Pronouncement given to BlackRock Advisors (UK) Limited by the panel of Shariah scholars with regard to the iShares Funds

In the name of Allah, the Most Gracious, the Most Merciful

All praise is due to Allah, the Cherisher of the Worlds

Peace and blessings be upon the Prophet of Allah, on his Family and all his companions

1. Introduction

1.1 The panel of independent Shariah scholars appointed by BlackRock Advisors (UK) Limited have conducted the annual review of the iShares funds (Products). The Products were initially approved by the Shariah scholars on 14 November 2007, and launched on the London Stock Exchange on 10 December 2007.

1.2 The Products are designed to offer investors a long-term return by tracking closely the performance of: (i) the MSCI World Islamic Index, (ii) the MSCI EM (Emerging Markets) Index; or (iii) the MSCI USA Islamic Index (each an "Index", together, "the Indices") by investing in a portfolio of Shariah compliant equities that as far as practicable mirrors the component constituents of the relevant index.

2. The Products

The Products reflect the fact that the constituents of the Indices are likely to change from time to time. Potential investors may obtain a breakdown of the constituents of the Products from the official iShares website (www.ishares.net) or from BlackRock Advisors (UK) Limited (as Investment Manager). The securities held by the Products are traded from time to time for efficient portfolio management and to maintain replication of the respective indices.

3. Limitations

3.1 The purpose of this Annual Shariah Pronouncement is to confirm the on-going Shariah compliance of the Products only, the names of which are:

- a. iShares MSCI World Islamic UCITS ETF;
- b. iShares MSCI Emerging Markets Islamic UCITS ETF; and
- c. iShares USA Islamic UCITS ETF.

3.2 This annual Shariah Pronouncement does not approve the structure of any underlying fund other than those named in section 3.1 - any such fund which intends to utilise the Product must obtain its own Shariah pronouncement as to the overall compliance of its establishment and the principles and methods by which it will operate.

iSHARES II PLC

Shari'ah council certification (unaudited) (continued)

4. Pronouncement

The Shariah Panel, having conducted the annual review of the Products as set out above and having deliberated on such matters as the Shariah Panel considered material, hereby rules that the Products which aim to achieve a long-term return by tracking the performance of the Indices by investing in a portfolio of Shariah compliant equities within a Shariah compliant framework are in compliance with Shariah.

And Allah knows best.

GLOBAL EXPOSURE (UNAUDITED)

The Management Company is required by regulation to employ a risk management process, which enables it to monitor accurately and manage the global exposure from FDIs which each Fund gains as a result of its strategy ("global exposure").

The Management Company uses the methodology known as the "commitment approach" in order to measure the global exposure of each Fund and manage the potential loss to them due to market risk.

The commitment approach is a methodology that aggregates the underlying market or notional value of FDI to determine the global exposure of each Fund to FDI.

Pursuant to the relevant regulations, global exposure for a Fund utilising the commitment approach must not exceed 100% of the Fund's NAV.

iSHARES II PLC

LEVERAGE (UNAUDITED)

The use of FDIs may expose a Fund to a higher degree of risk. In particular, FDI contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on FDIs than on standard bonds or equities. Leveraged FDI positions can therefore increase a Fund's volatility.

REPORT ON REMUNERATION (UNAUDITED)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock Asset Management Ireland Limited (the "Manager"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive.

The Manager has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and all of its subsidiaries, including the Manager); and (b) the Manager's board of directors (the "Manager's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies.

a) MDCC

The MDCC's purposes include:

- providing oversight of:
 - BlackRock's executive compensation programmes;
 - BlackRock's employee benefit plans; and
 - such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator.
- reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- reviewing, assessing and making reports and recommendations to the BlackRock, Inc. board of directors (the "BlackRock, Inc. Board") as appropriate on BlackRock's talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- supporting the boards of the Entity's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulation. The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 8 meetings during 2020. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

b) The Manager's Board

The Manager's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

The Manager's Board (through independent review by the relevant control functions) remains satisfied with the implementation of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

Decision making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established, and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of preincentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the Manager.

iSHARES II PLC

REPORT ON REMUNERATION (UNAUDITED) (continued)

Control functions (continued)

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- appropriately balance BlackRock's financial results between shareholders and employees;
- attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- control fixed costs by ensuring that compensation expense varies with profitability;
- link a significant portion of an employee's total compensation to the financial and operational performance of the business as well as its common stock performance;
- discourage excessive risk-taking; and
- ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- factors relevant to an employee individually, relationships with clients and colleagues, teamwork, skills, any conduct issues and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business);
- the management of risk within the risk profiles appropriate for BlackRock's clients;
- strategic business needs, including intentions regarding retention;
- market intelligence; and
- criticality to business.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

iSHARES II PLC

REPORT ON REMUNERATION (UNAUDITED) (continued)

Link between pay and performance (continued)

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading “Link between pay and performance”) may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.’s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual’s role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the “BlackRock Performance Incentive Plan” (“BPIP”). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin¹ and Organic Revenue Growth². Determination of pay-out will be made based on the firm’s achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm’s financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have “skin in the game” through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Manager, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Manager or of the funds it manages.

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- organisational changes;
- new business initiatives;
- changes in significant influence function lists;
- changes in role responsibilities; and
- revised regulatory direction.

¹As Adjusted Operating Margin: As reported in BlackRock’s external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

²Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in Dollars).

REPORT ON REMUNERATION (UNAUDITED) (continued)

Quantitative Remuneration Disclosure

The Manager is required under UCITS to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Manager; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not directly employed by the Manager, are assigned by their employer to carry out services directly for the Manager.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the Fund is included in the aggregate figures disclosed.

Members of staff and senior management of the Manager typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Manager and across the broader BlackRock group. Therefore, the figures disclosed are a sum of each individual's portion of remuneration attributable to the Manager according to an objective apportionment methodology which acknowledges the multiple-service nature of the Manager. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded by the Manager to its staff which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2020 is EUR 11.72 million. This figure is comprised of fixed remuneration of EUR 4.58 million and variable remuneration of EUR 7.14 million. There was a total of 91 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Manager, which has been attributed to the Manager's UCITS-related business in respect of the Manager's financial year ending 31 December 2020, to its senior management was EUR 0.68 million, and to other members of its staff whose actions have a material impact on the risk profile of the Fund was EUR 11.05 million.

Efficient Portfolio Management Techniques

The Entity may, on behalf of each Fund and subject to the conditions and within the limits laid down by the CBI, employ techniques and instruments relating to transferable securities for efficient portfolio management purposes. Transactions for the purposes of efficient portfolio management may be undertaken with a view to achieving a reduction in risk, a reduction in costs or the generation of additional capital or income for the Fund with an appropriate level of risk, taking into account the risk profile of the relevant Fund and the general provisions of the Directive. These techniques and instruments may include investments in FDI such as interest rate and bond futures (which may be used to manage interest rate risk), index futures (which may be used to manage cash flows on a short term basis), options (which may be used to achieve cost efficiencies, for example where the acquisition of the option is more cost effective than purchasing of the underlying asset), swaps (which may be used to manage currency risk) and investments in money market instruments and/or money market collective investment schemes. New techniques and instruments may be developed which may be suitable for use by the Entity and the Entity (subject to the Central Bank's requirements) may employ such techniques and instruments.

A Fund may enter into securities lending, repurchase and/or reverse repurchase agreements for the purposes of efficient portfolio management subject to the conditions and limits set out in the Central Bank UCITS Regulations and in accordance with the requirements of the CBI.

The underlying exposure obtained through FDI and at the identity of the counterparties to these FDIs at the financial year end are disclosed on the relevant Fund's schedule of investments.

Securities lending and total return swaps

All securities lending transactions entered into by each Fund are subject to a written legal agreement between each Fund and the securities lending agent, BlackRock Advisors (UK) Limited, a related party to the Entity, and separately between the securities lending agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Depositary on behalf of each Fund. Collateral received is segregated from the assets belonging to each Fund's Depositary or the securities lending agent.

All total return swaps are entered into by each Fund under an International Swaps and Derivatives Associations, Inc. Master Agreement ("ISDA Master Agreement") or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Fund and a counterparty that governs OTC FDIs (including total return swaps) entered into by the parties. The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore any collateral disclosures provided are in respect of all OTC FDIs entered into by a Fund under the ISDA Master Agreement, not just total return swaps.

All collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

The following table details the value of securities on loan as a proportion of each Fund's total lendable assets and NAV and the value of total return swaps as a proportion of the Fund's NAV, as at 31 October 2021 and the income/returns earned for the period ended 31 October 2021. Total lendable assets represent the aggregate value of assets forming part of a Fund's securities lending programme. This excludes any assets held by the Fund that are not considered lendable due to any market, regulatory, investment or other restriction. The value of total return swaps is based on the underlying exposure value on a gross absolute basis.

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received or posted as collateral is based on the respective contractual maturity date, while for equity securities, ETFs and money market funds received or posted as collateral are presented as open transactions as they are not subject to a contractual maturity date.

All cash received or posted as collateral has an open maturity tenor as it's not subject to a contractual maturity date.

Reuse of collateral received

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending cannot be sold, re-invested or pledged.

The following table summarises the returns earned by each Fund's during the financial year ended 31 October 2021 from the reinvestment in money market funds of cash collateral received in respect of OTC derivative transactions. These returns represent the accumulative total return of the representative money market fund for the twelve month period ended 31 October 2021. These returns do not take into account any interest payable to the counterparty under the relevant collateral arrangements.

Regulatory Information

In the UK and Non-European Economic Area (EEA) countries: this is Issued by BlackRock Advisors (UK) Limited, which is authorised and regulated by the Financial Conduct Authority. Registered office: 12 Throgmorton Avenue, London, EC2N 2DL, Tel: +44 (0)20 7743 3000. Registered in England and Wales No. 00796793. For your protection, calls are usually recorded. Please refer to the Financial Conduct Authority website for a list of authorised activities conducted by BlackRock.

iShares plc, iShares II plc, iShares III plc, iShares IV plc, iShares V plc, iShares VI plc and iShares VII plc (together 'the Companies') are open-ended investment companies with variable capital having segregated liability between their funds organised under the laws of Ireland and authorised by the Central Bank of Ireland.

Further information about the Fund and the Share Class, such as details of the key underlying investments of the Share Class and share prices, is available on the iShares website at www.ishares.com or by calling +44 (0)845 357 7000 or from your broker or financial adviser. The indicative intra-day net asset value of the Share Class is available at <http://deutsche-boerse.com> and/or <http://www.reuters.com>. A UCITS ETF's units / shares that have been acquired on the secondary market cannot usually be sold directly back to the UCITS ETF itself. Investors who are not Authorised Participants must buy and sell shares on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees and additional taxes in doing so. In addition, as the market price at which the Shares are traded on the secondary market may differ from the Net Asset Value per Share, investors may pay more than the then current Net Asset Value per Share when buying shares and may receive less than the current Net Asset Value per Share when selling them.
