Unless otherwise stated, Performance, Portfolio Breakdowns and Net Asset information as at: 28-Feb-2025. All other data as at 10-Mar-2025.

**This document is marketing material.** For Investors in the UK. Investors should read the KIID/PRIIPs document and prospectus prior to investing, and should refer to the prospectus for the funds full list of risks.

#### FUND OVERVIEW

- The Fund aims to provide an income return on your investment that is above average when compared to the income produced by global equity markets (as defined by the MSCI All Countries World Index), without sacrificing capital growth (i.e. the value of the assets held by the Fund) over the long term (5 years or more).
- The Fund invests at least 70% of its total assets in equity securities (e.g. shares) of companies domiciled in, or the main business of which is in, developed markets.
- The Fund has the flexibility to invest outside of the asset class and sector set out above, including in developing markets.

#### RISK INDICATOR

##### Lower Risk

Potentially Lower Rewards

##### Higher Risk

Potentially Higher Rewards

**CAPITAL AT RISK:** The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

#### KEY RISKS:

- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
