Unless otherwise stated, Performance, Portfolio Breakdowns and Net Asset information as at: 31-Dec-2024. All other data as at 10-Jan-2025.

This document is marketing material. For Investors in the UK. Investors should read the KIID/PRIPs document and prospectus prior to investing, and should refer to the prospectus for the funds full list of risks.

FUND OVERVIEW

- The Fund aims to provide a return on your investment (generated through an income received from Fund assets) with an above average and growing income compared to the income produced by UK equity markets (as defined by the FTSE All Share Index) without sacrificing the benefits of capital growth (i.e. the value of the assets held by the Fund) over the long term (5 or more consecutive years beginning at the point of investment).
- The Fund invests at least 70% of its total assets in the equity securities (e.g. shares) of companies incorporated, or listed on a stock exchange, in the United Kingdom.
- The Fund has the flexibility to invest outside of the asset class set out above.

CAPITAL AT RISK: The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

KEY RISKS:

- Investment risk is concentrated in specific sectors, countries, currencies or companies. This means the Fund is more sensitive to any localised economic, market, political, sustainability-related or regulatory events.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
