### FUND OVERVIEW

- The Fund aims to achieve a return on your investment, through a combination of capital growth and income on the Fund's assets, which reflects the return of the developed world equity markets excluding companies that are involved in or generate a majority of their revenue and income from activities that may have a detrimental impact from the environmental, social and governance (ESG) perspective
- The Fund is passively managed and aims to invest in equity securities (e.g. shares) that, so far as possible and practicable, make up the MSCI World ESG Screened Index (the "Index").
- The Fund's investments will, at the time of purchase, comply with the ESG requirements of the Index. The Fund may hold securities which do not comply with the ESG requirements of the Index until such time as the relevant securities cease to form part of the Index and it is possible and practicable (in the investment manager's view) to liquidate the position.
