10 March 2025

To: iShares Bloomberg Enhanced Roll Yield Commodity Swap UCITS ETF, a sub-fund of iShares VI plc (the “**Fund**”)
ISIN(s): IE00BZ1NCS44

Dear Shareholder,

The Directors of iShares VI plc (the “**Company**”) wish to advise you of certain changes that will be made by the index provider, Bloomberg, to the Bloomberg Enhanced Roll Yield Total Return Index (the “**Index**”), the benchmark index of the Fund. In addition and as a result of the changes to the Index, the Fund’s offering documents will be changed (as described below).

The changes to the Index outlined in this letter have been implemented on 3rd February 2025. The changes to the Fund’s offering documents are anticipated to take effect on 24 March 2025 (the “**Effective Date**”) subject to regulatory approval.

The changes being made are not expected to have a material effect on the manner in which your investment is managed. You are not required to do anything as a result of this notification.

Changes to the Fund’s Index methodology

Bloomberg has amended the total return calculation from using US Treasury Bills to using Secured Overnight Financing Rate (SOFR) as the underlying rate. With the continued expansion and maturation of the SOFR market, alongside continued adoption and increased liquidity, Bloomberg evaluated that moving the underlying rate from US Treasury Bills to SOFR would align with prevailing market practices.

Further details regarding the Index and its current methodology are available on the index provider’s website at: <https://assets.bbhub.io/professional/sites/27/BERY-Fact-Sheet-060421.pdf>
